BEAM CLAY®

Champro Fast Pitch Softballs

WHOLESALE PRICE LIST
 EFFECTIVE: JULY 1, 2021

KNOW YOUR SOFTBALL

We manufacture a complete range of softballs to ensure that we have a ball that meets the durability and performance standards required by any league and any budget. Our high performance polyurethane cores are pressure molded to provide maximum durability and adhere to prescribed performance metrics of ASA, USSSA and Little League. Our leather and durahide covers offer the best, longest lasting grip in the field. Our fast pitch softballs feature our raised "High M" seam with the feel that players prefer.

CHAMPRO softballs are coded on the center panel to instantly identify the construction of each ball.

The first letter is always "T" for Tournament, "G" for Game, or "R" for Recreation.

The second and third letters are either "FP" to indicate fast pitch or "SP" to indicate slow pitch.

T (Tournament) - Leather cover & polyurethane core, high performance
 G (Game) - Durahide cover & polyurethane core, all levels of play
 R (Recreation) - Durahide cover & practice core; not recommended for heavy hitting

FP (Fast Pitch) - Raised Seams
 SP (Slow Pitch) - Flat Seams
 The two digit number at the end of the name indicates the coefficient of restitution (COR) of the softball (USSSA Specifications prohibit marking the COR and compression specifications on the ball)

BEAM CLAY®

Baseball Rubbing Mud & Drying Agent

WHOLESALE PRICE LIST
EFFECTIVE: JULY 1, 2021

DRI-BALL® Within 30 seconds turn any water-soaked ball into a perfectly dry ball! **DRI-BALL®** is quick and easy to use for games and practice! For baseball, softball, football, soccer, tennis, volleyball or any other sport with a ball that gets damp, wet or even soaking wet!

- Simply place the ball into an air-tight container with the **DRI-BALL®** compound.
- Shake the container - 30 seconds later, remove your ball and it will be completely dry and ready to use, and without any residue.
- **DRI-BALL®** also extends the life of balls, which reduces replacement costs.

One **DRI-BALL** kit contains 2 (1¼ lb.) packages of the **DRI-BALL** compound.

One to two kits should last one season, including practices:

DB-KIT **\$75/Kit**

- For baseball after wet practices, place 8-10 balls in 3-gallon container with 1 package of **DRI-BALL**. Shake for 30 seconds. All of the balls will be dry, will not rot, and will not get heavy. The entire kit should last for a 25-game season if you use **DRI-BALL** 2 to 3 days per week and keep **DRI-BALL** containers air-tight at all times.
- For football & soccer, dunk muddy balls into water to wash off mud. Place in 5-gallon container with 1 package of **DRI-BALL** and shake for 30 seconds. Your ball will be clean and dry! Nothing else is this easy! Keep **DRI-BALL** air-tight at all times.
