# To Our Valued Customer,

*My sister started this company because she was passionate about serving athletes and establishing relationships in the community. That was more than 40 years ago, and that legacy is still what drives us today.*

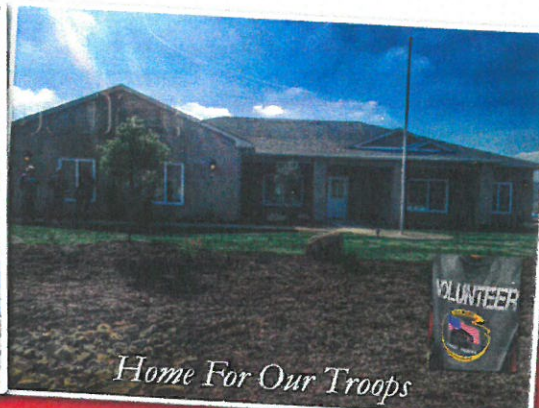

*This year, we're shaking things up a bit—I don't want to reveal too much, but we've got some exciting changes in the works for 2017. We're prouder than ever of the work we're doing both in our factory and in the community, and we can't wait to share it with you.*

*There are a couple of amazing products we can tell you about right now. With this catalog, we're debuting our first line of uniforms designed for women. We're also proud to announce that Score Sports will be one of the few suppliers of the new regulation referee uniforms in both men's and women's styles for 2017. Along with new turf-only and high-visibility soccer balls, we're confident that we can remain your one-stop shop for all things soccer.*

*We will also continue to support community initiatives such as Homes for Our Troops, the Whitaker Peace and Development Initiative, the Keep a Breast Foundation, the U.S. Soccer Foundation, Operation U.S.A. and many more, because we believe that through the beautiful game we can contribute to those in need. And as always, we're here to listen, to learn about your needs, and to find an on-time solution for your league, no matter where you play.*

*Thank you, and Happy 2017,*

*Rosa Cursage  
President, Score Sports*
