TECHNOLOGY & FABRICS

Perfect Fit Performance

ProFlex® gives you the look and feel of a fitted cap with the comfort and flexibility of a stretchable sweatband.

Cool and Dry

Quick-Wick: Wicks moisture away fast
Quick-Cool: Lets hot air out & cool air in
Quick-Dry: Evaporates fast

Cooling Technology

Orech™ wicks moisture to provide a rapid cooling sensation that reduces temperature by 5°F and eliminates odor-causing bacteria.

Preserve. Endure. Sustain.

Each eco3® cap is made with an environmentally friendly feature.

On-Field, In Style

This lightweight, breathable performance fabric is just like the caps the pros wear on-field. It's sharp and clean look, and moisture-wicking properties keep you cool and dry during the most intense games.

Engineered for Athletes

ProTech Mesh is engineered for athletes. It has a lightweight, breathable fit with a stretchy, smooth texture and moisture-wicking properties.

Perform and Preserve

As part of our eco3® effort, this player-accepted and in-demand performance fabric is a great fit with any baseball uniform.

Tradition Meets Performance

Wool is the traditional fabric for baseball caps. It's natural wicking attributes combined with our Q3™ wicking sweatband give players the look and performance associated with professional baseball.

HIGHLIGHT REEL

NEW FABRIC: CAGE MESH

This lightweight, breathable performance fabric is the same fabric worn on field by the pros. It has a sharp, clean look with moisture-wicking properties to keep you cool and dry during the most tense of games.

STAY COOL WITH PERFORATION

The new AIR25 has perforated side panels to help keep you looking and feeling cool on the field.

TREND CHECK: VINTAGE IVORY

We've added ivory to the PFX-450 for a classic, vintage throwback look.

This cap is made of a stretch mesh with a **ProFlex® Q3® moisture-wicking sweatband**. It has an **extra-flexible visor** that is thinner than most. It comes slightly pre-curved, but you can shape it any way you want, as many times as you want without compromising the integrity of the visor.
