# WHAT'S

We all have a defining moment when the sport we play becomes the sport we love, the moment the game becomes a part of who we are. The passion and desire from that point is embedded in our spirit to achieve and compete at the highest level possible. Every morning practice, every ounce of sweat spilled defines who we are as athletes striving for the ultimate goal of championships and golden cups.

**This focus on the game is the driving force behind MIKASA USA.**

## What's Your Game?

Our game is supplying you with the highest quality equipment, and we'll prove it right here.

# YOUR GAME

## THE SERIES

# INDOOR VOLLEYBALL

## MVA200

MSRP: \$69.99

**DESCRIPTION:**  
**Official FIVB Game Ball**

The MVA200 changed the way we all look at volleyballs. The unique 8 panel design and aerodynamic dimpling offers better stability and ball control. Never has there been a more highly engineered ball with such worldwide acceptance. The MVA200 has become the ball of choice for all nations and the FIVB.

- Unique 8 panel design
- Advanced aerodynamic engineering
- Embossed and dimpled surface
- Exclusive soft micro-fiber cover
- Nylon wound center
- Retail package available
- Size 5 - Official

**CONSTRUCTION:**

- Rubber Layer**  
By coating the natural rubber, it improves the touch and decreases the impact power of the ball.
- Nylon Winding Layer**  
By winding the highly flexible nylon thread, the ball is kept durable and at the same time round at sphericity.
- Bladder**  
To lessen the permeability of the air, the butyl rubber is applied to the bladder.

## VLS300

MSRP: \$74.99

### DESCRIPTION:

- Official FIVB Game Ball
- Soft composite cover
- Improved control when passing and hitting
- Double cloth backing for best shape retention
- Curved 10 panel design for easy recognition
- Improved water resistance
- Retail package available
- Size 5 - Official

### CONSTRUCTION:

#### Soft Composite Cover

Provides tolerance against sweat, water and heat. In addition, by filling the space in-between the sponged polyurethane and by adding water repellent finishing inside, low water absorption is achieved.

#### Backing

Provides water proofing.

#### Bladder

#### TwinSTLock™

"TwinSTLock" is a hook and wring system (Perfect Stitching plus Hitch Stitching) that prevents stitched panels from opening up and losing shape.
