ONE HUNDRED YEARS

Harry Gill, an unknown athlete, became an overnight sensation when he won the American All-Around Championship in 1900. Impressively, this was Gill's first ever All-Around competition and his competitors became spectators as his performance led to a record setting score. Gill collected many medals and set world class marks in 5 events, but more importantly he acquired invaluable insight that fueled his next endeavor:

In 1904, Gill began his legendary coaching career at the University of Illinois. There he established a coaching career so successful it was without equal and his reputation in the track and field world was unimpeachable. Gill authored the book, *Track and Field Athletics: For Coach and Contestant* that for years served as the sports standard coaching manual. In this book he wrote "a great deal of care should be taken in selecting the equipment used by track and field athletes. Their performance depends on the implements they have in

which and with which to compete - and good equipment helps considerably in making the best performances."

Unsatisfied with the quality of track equipment available, it was in 1918 that he crafted the first piece of his own track equipment, the ash javelin. In four short years, the company bearing his name was the first to manufacture a complete line of track and field equipment. The most enduring of all of Gill's accomplishments is his line of track and field equipment. Gill's company is responsible for a long list of innovative equipment that has been instrumental in elevating the sport and performance of track athletes worldwide.

100 years later we have never wavered from Coach Gill's vision and consider it a great honor to be stewards of his legacy.

100 Years of Quality.
100 Years of Dependability.
100 Years of Innovation.

Harry L. Gill

SINCE 1918
GILL
ATHLETICS

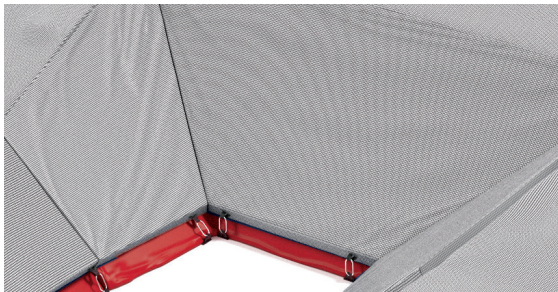

LANDING SYSTEMS

For 100 years, Gill Athletics has been the leader of innovation in the sport of track & field. Our pole vault and high jump landing systems are engineered by collegiate athletes, professionals and coaches. We are honored that the NCAA® and NFHS® have both partnered with us as we work together to elevate each athlete's journey and deliver a first-class experience.

SIDE CARBINER CONNECTION:

Top Pad is connected to base pads with carbiner side attachments, eliminating any obstruction on top of the pit. This exclusive attention to detail provides an obstruction-free landing area with athletes' safety in mind.

OPTIMAL PIT ENTRY ANGLE:

An ASTM approved vault box collar changes the slope of the tri-slant area when vaulting poles rotate. Gill's thoughtful pit entry design accounts for the box collar's effect by featuring a vaulter friendly angle.

GILL LANDING AREA FEATURES

Top Pads

EDGE-TO-EDGE TOP PAD: Aesthetic and functional design eliminates spike contact with base units and unevenness at the edge of the pit. This Gill exclusive feature will increase the life of your new pit and improve safety near the edges.

TUFMESH PLUS CASING: Using exclusive 17 x 11 1000 denier material increases the life of your top pad and stands up to repeated use better than any on the market.

2" DURALIFE FOAM: Soft and durable foam creates confidence in every practice. Coaches can teach with assurance because of this industry leading design.

V-LOOP VINYL STRAP: Designed to evenly distribute the force from the athlete's landing, V-Loop straps eliminate tears compared to traditionally designed pits that put undue stress on the seams.

REVERSIBLE: Extend the life of your pit, Gill's top pads are designed to use either side safely and easily.

Vinly Base Units

ALL VINYL BASE: Exclusive to Gill landing systems, this unique design keeps water out of your pit better than old-school mesh top units used by the competition. To extend the life of your pit you keep water out of the foam. Gill's all-vinyl design gets results.

COMPLETE INTERCHANGEABILITY: NEW design provides reversible sections for maximum interchangeability. This adds years to the life of your pit by maximizing the usage and size of the athlete's landing area.

QUADRUPLE DURALIFE LAYER FOAM: Athletes need to know they are landing safely and comfortably. Gill's new QUADRUPLE Duralife foam is 25% softer than others yet with firmness necessary for the safest landings.

DUAL COATED VINYL: Evenly distributed 1000 x 1000 denier polyester fabric is bonded on both sides with 18oz knife-coated PVC vinyl. This exclusive fabric design eliminates vinyl delamination seen in other pits after years of use. This creates the most durable casing on the market that is lighter than the other pits.

STITCHING: Gill's entire landing system is stitched with the industry's strongest 210 bonded polyester thread. Simply put, your new Gill pit comes triple stitched with the toughest thread in the industry to hold up to high volume practices.

GRIP STRIP FASTENING SYSTEM: A pit is safest when constructed as an integrated system. Gill's Grip Strip Fastening System will keep your base sections functioning as one unit season after season.

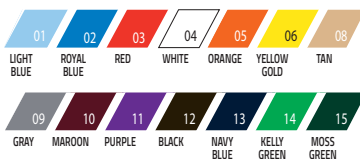

ECO-SMART COMPRESS PACKS: Gill Athletics cares about the environment and your budget. All landing systems are expertly packed and shipped utilizing Compress-Pack shipping, reducing freight volume lowering fuel consumption and shipping costs. Pits restore to original size and shape minutes after unpacking.

12 YEAR WARRANTY: A long-term warranty is only as dependable as the company standing behind it. And after 100 years, you can count on Gill to stand behind your landing system for years to come. If any failure occurs in the first 12 years, under normal use and care, we will repair or replace the damaged part. Essentials™ line includes 5 year warranty.

CUSTOM COLOR AND GRAPHICS: Choose from over 100 unique vinyl casing and top pad color combinations offered at NO EXTRA CHARGE! Select your vinyl casing (xx) and top pad (yy) color combination. Add distinction with multi-color graphics on the top pad, weather cover, or both.

CUSTOMIZABLE LANDING SYSTEMS

Casing (XX)

Top Pad (YY)

WATER SHED INSERT

- Guaranteed to increase the life of your HJ and PV pits
- Prevents water pooling on your pit which destroys your foam

709 \$72

GILL RAISED RUNWAYS

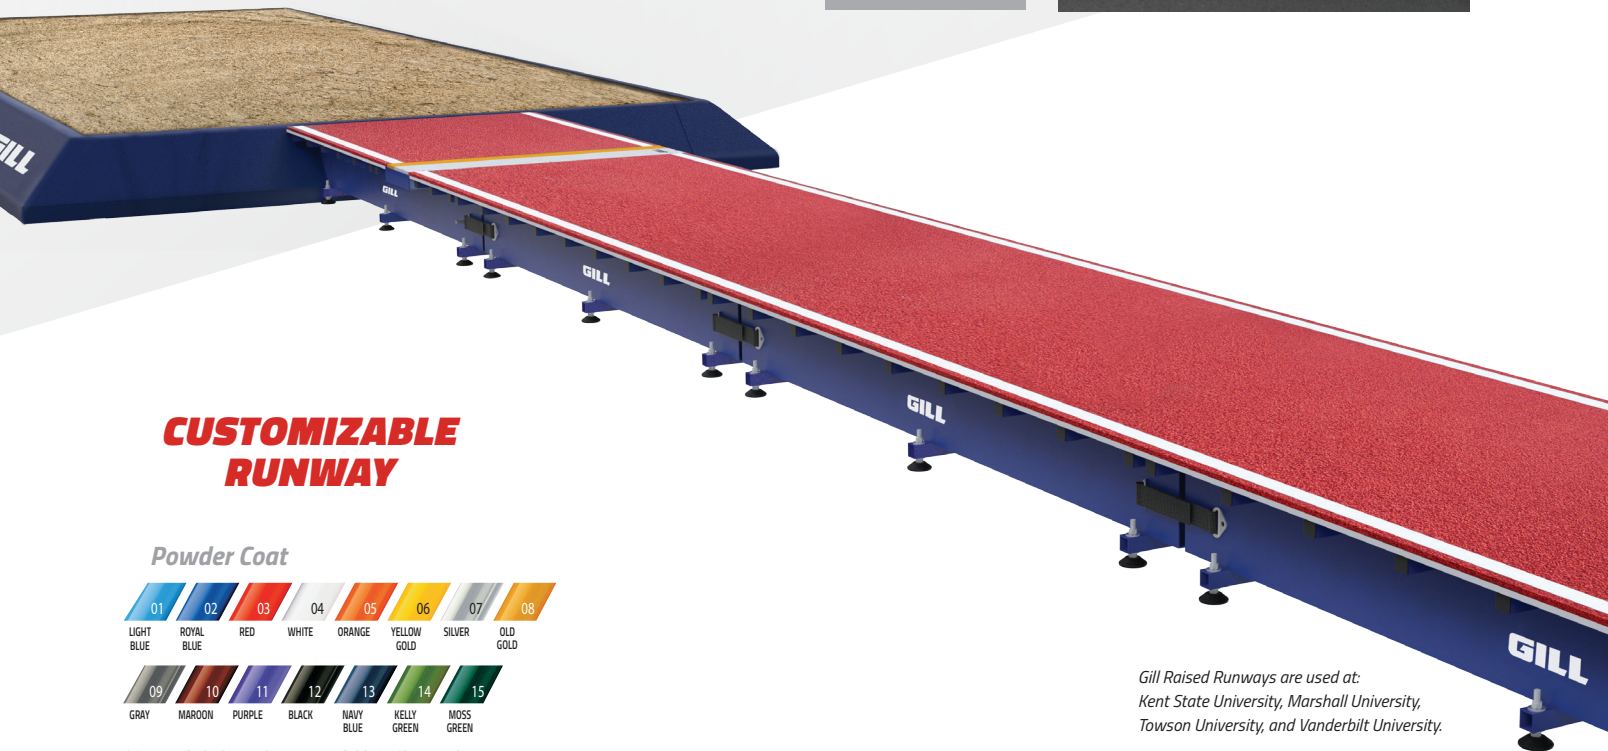

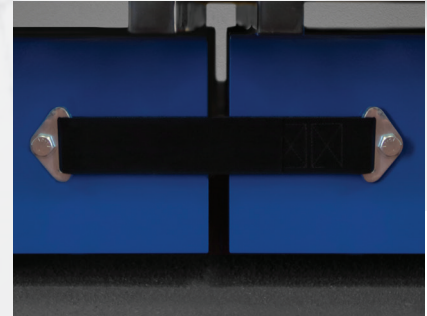

In the past, these types of runway systems have been priced upwards to \$75k! You can now have this product at a fraction of that price. The Gill Raised Runway allows for the flexibility to design runways that will accommodate the pole vault, long jump and triple jump for all levels of competition and practice.

The basic unit is an 8' x 4' general runway section. Specialized sections incorporate a vault box or take-off board trays and blanking lids. The construction of each section is welded aluminum, with 1/2" plywood decking. Track surfacing is not included, so you can have your preference on surfacing.

Adjunct products for the Raised Runway include the Soft Shell Sand Pit Form for the long and triple jump (sand not included), and a pole vault pit elevating system.

CALL TODAY!

LET US HELP YOU PIECE TOGETHER THE **RAISED RUNWAY** SYSTEM THAT BEST FITS YOUR NEEDS.

CUSTOMIZABLE RUNWAY

Powder Coat

*Gray and Black powder coat available in Gloss or Flat

Gill Raised Runways are used at:
Kent State University, Marshall University,
Towson University, and Vanderbilt University.

GILL PIT GARAGES

PROTECT YOUR
INVESTMENT

PIT GARAGES

- Protect your PV or HJ investment from the elements
- Keep rain, snow, and vandals away
- Easily moves on and off position with the help of a few people
- Use the two-digit number of your color selection to replace XX in the item number
- **Factory Installation required**

881018CXX	10' X 18' Pits or Smaller	\$8465

GILLINSTALLPVG	Pole Vault Pit Garage Factory Installation	\$4000

COLORS

CROSSBARS

AGX™ CROSSBARS

- Exclusive half moon profile ends lower the center of gravity of the bar
- Heaviest crossbar the rules allow
- Shorter, more stable, end pieces redesigned for improved performance
- Features durable thick-walled pulltruded fiberglass rod
- Meets NFHS, NCAA and IAAF specifications, IAAF certified

529	High Jump		\$130
530	Pole Vault		\$136

3-PIECE CROSSBARS

- Crossbar kit that ships by UPS instead of truck
- Reduced shipping charges
- Can be shipped UPS overnight
- Utilizes same durable thick-walled pulltruded fiberglass as International Crossbars
- Meets NFHS and NCAA specifications

INSPECT CROSSBARS FOR
VISIBLE AND CONCEALED DAMAGE
BEFORE ACCEPTING DELIVERY

CROSSBARS ARE NOT
GUARANTEED AGAINST BREAKAGE

531	High Jump		\$133
532	Pole Vault		\$133

GILL® INTERNATIONAL CROSSBARS

- Features durable thick-walled pulltruded fiberglass rod
- Minimum sag
- Order sets of three to help offset expensive shipping costs
- Meets NFHS, NCAA and IAAF specifications, IAAF certified

525	High Jump		\$99/ea
5253	High Jump (3)		\$288/set
526	Pole Vault		\$99/ea
5263	Pole Vault (3)		\$288/set
52113	Replacement Crossbar End		\$12

ESSENTIALS™ CROSSBARS

- Features durable pulltruded fiberglass rod
- Excellent choice for high school competitions
- Order sets of three to help offset expensive shipping costs
- Meets NFHS specifications

522	High Jump		\$65/ea
5223	High Jump (3)		\$189/set
523	Pole Vault		\$65/ea
5233	Pole Vault (3)		\$189/set
52116	Replacement Crossbar End		\$12

E73705

E73710

PV/HJ MEASURING STICK

- Remove guesswork of manual measuring devices with scientific laser device
- Ergonomic 59" tall measuring stick brings laser readout closer to eye level
- Use for both High Jump and Pole Vault events
- Simple to use: Utilize viewfinder to line up crossbar and press the button
- Measure in either English or Metric units
- Minimum measurement is 1.54m (5' 1/8"), No maximum measurement

ELASTIC CROSSBAND

- Training crossbar for PV and HJ
- Bright fluorescent orange elastic tubing
- 1" diameter foam sections

528 \$20

E73705	Stick and Laser	\$957
E73706	Stick Only	\$96
E73710	Laser Only	\$885

PUTTER UPPER

- Simplest crossbar placer ever made
- Fits over the end of any vaulting pole

710390 \$18

TELESCOPING CROSSBAR PLACER

- Facilitate easy placement of crossbars at all heights
- Telescoping pole extends 6' to 12' in 6" increments
- Thumb lock and release mechanism allows for quick adjustment

950 \$124

HIGH JUMP MEASURING ROD

- English scale side has 1/8" resolution
- Metric scale side has 1cm resolution
- Unit folds down to 49" long and weighs 4 1/2 lb

722 \$170

VAULTING POLES

PACERFXV™

Gill's flagship vaulting pole is made from an S-fiberglass and is designed to be consistent through the series of poles. This creates a smooth transition for a vaulter moving from one pole to the next. The PacerFXV is the only pole on the market with a **one year warranty**, and performs well for all styles of jumpers.

POLE BAGS & ACCESSORIES

CUSTOM POLE BAG

- Customize for your school's personality!
- Holds up to five vaulting poles
- Shoulder strap for ease of transportation
- Heavy duty vinyl and leather reinforced ends for long life
- Made to fit 6" corrugated drain tube (not included)
- Use the two-digit number of your vinyl color selection (Page 9) to replace the XX in the item number

8008##CXX 10'-18' Custom Pole Bag \$499

*Use two-digit number of desired pole bag length to replace '##' in part number. 10'-18' lengths available.

800801

800802

8008##CXX

700717

PACER DELUXE TEAM POLE BAG

- Holds up to 20 vaulting poles (10 sleeved, 10 unsleeved)
- Heavy duty nylon outer with a dense inner 1/2" thick foam fused with a hard plastic shell for strength
- 10 durable sewn-in pole sleeves
- Soft rubber handles and seams

700714 14' Team Pole Bag \$689

700715 15' Team Pole Bag \$769

700716 16' Team Pole Bag \$829

700717 17' Team Pole Bag \$869

ESSENTIALS™ POLE BAG

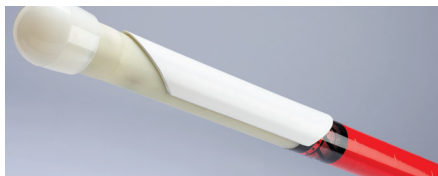

- Holds up to five vaulting poles
- Heavy duty polyester for long life
- Maximum length is 15'
- Made to fit 6" corrugated drain tube (not included)

800801 \$109

ELITE POLE BAG

- Holds up to five vaulting poles
- Heavy duty vinyl and leather reinforced ends for long life
- Adjustable from 14' 6" to 17' 6"
- Made to fit 6" corrugated drain tube (not included)

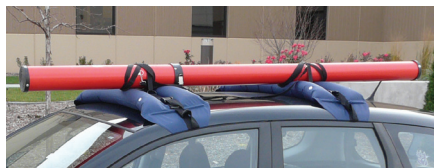

800802 \$199

POLE PROTECTOR SLEEVE

Slips on easily to provide maximum protection against damage caused by pole contact with the upper edges of the vault box

700255 \$7.30

HANDIRACK™ INFLATABLE ROOF RACK

- Can be used to transport vaulting poles and/or javelins
- Economical alternative to installing a permanent after market roof rack
- Includes 2-HandiRack twin tubes with 5 metal D-ring anchor points, 2x3m webbing tie-downs, air pump and travel bag

700800 \$149

PACER® GIZMO

- Practice vaulting while safely on the ground
- Allows athlete to mimic complex movements that occur in the air while firmly on your feet
- Three cord system to accommodate your specific level of strength and coordination
- Vault specific training device designed to take you to the next level

700231 Small Grip \$238

700232 Large Grip \$238

VAULT TRAINER SYSTEM

- Unique device for beginner and intermediate vaulters
- Allows athlete to acclimate the body to positions occurring during peak vault height
- Strengthens muscle groups for effective push off
- Helps to coordinate grip and pole positions while rotating around pole for push off

TA190 \$309

INTERNATIONAL POLE CART

- Built to hold all the vaulting poles you own
- Made of sturdy steel with high end design
- Dual purposed wheels switch from swivel to locked position in a snap

733180	<i>Cart</i>	\$926
735	<i>Tow Bar Kit</i>	\$143

CHALK STAND

- Store chalk during practice and competition
- Lightweight stand features a wide opening for hands, a pocket for extra chalk, and rungs for hanging accessories or resting vaulting poles

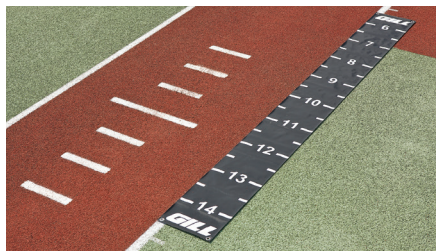

WE305	<i>Chalk Stand</i>	\$257
700250	<i>1 lb Sports Chalk</i>	\$15

PORTABLE POLE RACK

- Convenient way to store and protect your poles during meets and practice
- Free standing pole rack made of heavy duty steel with durable powder coat finish

725	\$161
------------	--------------

PV TAKEOFF INDICATOR

- Large easy to read numbers
- Easily identify the take-off step placement

TA189	\$22
--------------	-------------

VAULT BOX POWER PUMP

- Battery powered by 3 "D" cell batteries (not included)
- Pump fully submersible
- Empties a water filled vault box in less than five minutes

72001	\$132
--------------	--------------

GILL® PR SLIDING VAULT BOX

- Sliding vault box allows vaulters to perfect the run, plant, and take-off
- Pole carriage, run mechanics, tempo, and step placement are more effectively learned using this training tool
- Tip proof design has a built in handle, a zero mark molded into the side for placement accuracy
- Constructed of a high-impact thermoplastic

2531	\$519
-------------	--------------

GRRRIP PLUS LOTION & SPRAY

- Scientifically formulated mixture developed to enhance hand-grip up to 75% better
- Fluid mixes with natural skin oils to create a moisture barrier yet still allows the skin to breathe
- More convenient and cleaner than chalk

700253	<i>Lotion</i>	\$10
700254	<i>Spray</i>	\$10

POLE VAULT GRIP TAPE

- 12 ½ yard roll of colored adhesive tape
- 1 ½" width

GRAPHIC POLE VAULT GRIP TAPE

- 20 yard roll of adhesive design tape
- Camo/flag designs come in 2" width
- Jolly Roger design comes in 1" width

700273	<i>USA Flag</i>	\$16
700271	<i>Pink Camo</i>	\$16
700272	<i>Winter Camo</i>	\$16
700274	<i>Jolly Roger</i>	\$16

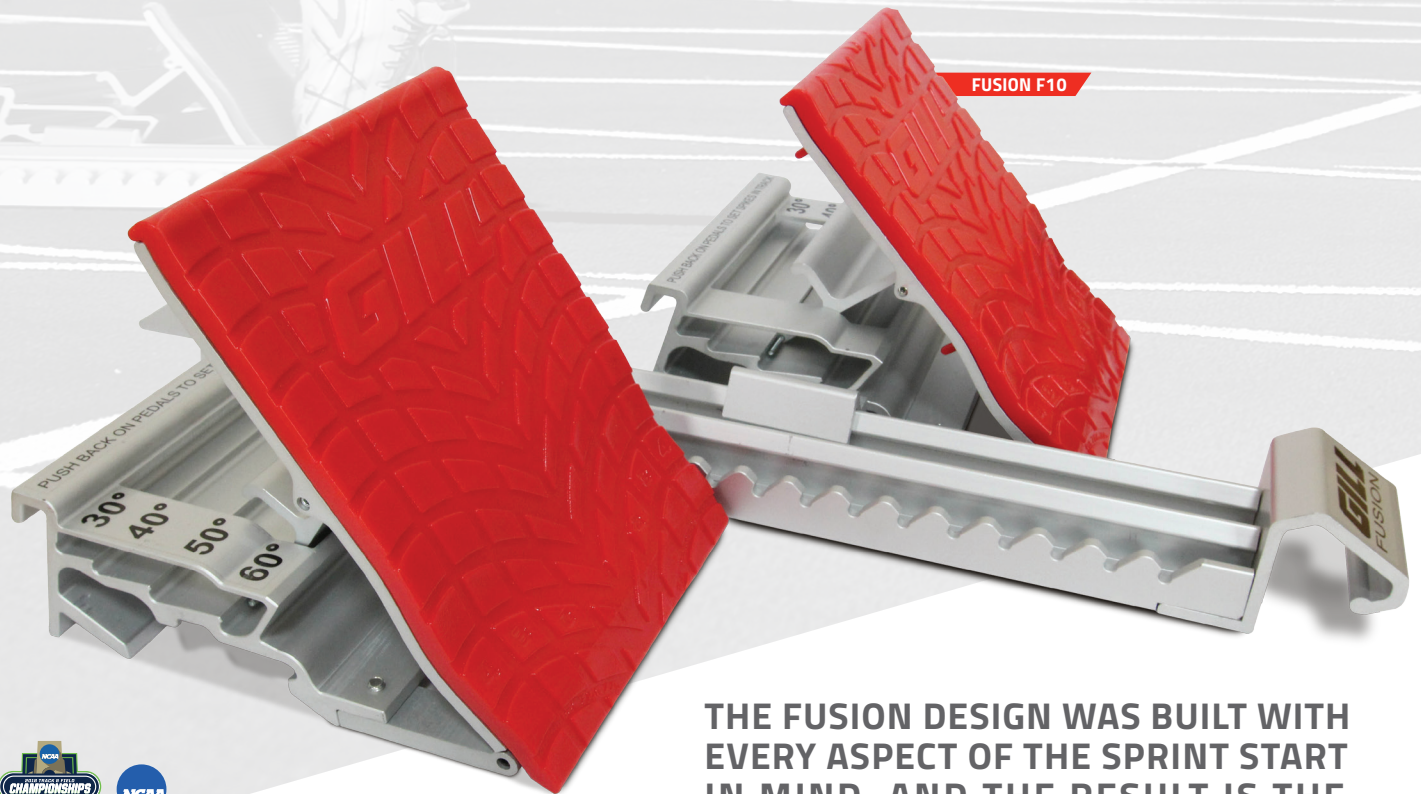

NINJA ELITE POLE VAULT GRIP TAPE

- Lab-designed with thousands of gripping 'fingers'
- Grip lighter and hold tighter
- No additional substances needed (chalk, sticky spray, etc)
- Slip resistant, vibration dampening and easy release properties
- Water and oil resistant

700281	<i>9' x 1"</i>	\$20
---------------	----------------	-------------

FUSION™

FASTER STARTS THROUGH ADVANCED TECHNOLOGY

FUSION F10

THE FUSION DESIGN WAS BUILT WITH EVERY ASPECT OF THE SPRINT START IN MIND, AND THE RESULT IS THE BEST STARTING BLOCK IN EXISTENCE.

OFFICIAL EQUIPMENT SUPPLIER TO THE
2018 TRACK & FIELD CHAMPIONSHIPS

FUSION™ F10 STARTING BLOCK

- Exclusive 8" x 10" pedal allows full heel support for the best starts
- Precise and consistent foot placement is ensured using integrated pedal markings
- Angled spikes in base of pedals guarantee no slipping
- Built in handle allows for easy carriage between locations
- Pedals adjustable to 30°, 40°, 50°, 60°
- Meets NFHS, NCAA and IAAF specifications, IAAF certified

730183C02	Royal Blue		\$483
730183C03	Red		\$483
730183C05	Orange		\$483
730183C12	Black		\$483
730183C15	Dark Green		\$483

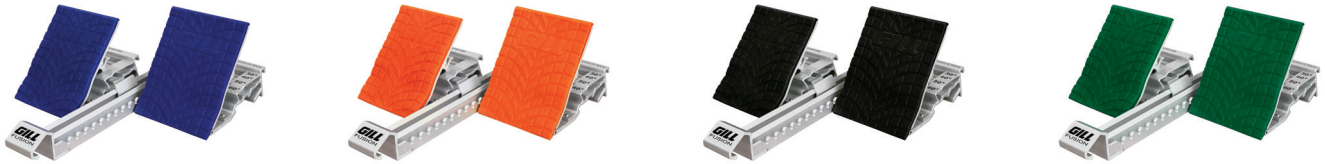

Adjust Fusion pedals to four different angles to fit your starting style.

Handle provides easy transport.

MORE FUSION COLOR OPTIONS

FUSION™ F8 STARTING BLOCK

- Exclusive 8" x 8" pedals designed for a more aggressive acceleration pattern
- Meets NFHS, NCAA and IAAF specifications, IAAF certified

730182C02	Royal Blue		\$452
730182C03	Red		\$452
730182C05	Orange		\$452

730181C15	Dark Green		\$380

MOYE™ PEDAL ADAPTER

Converts any Fusion block into a Moyer style block

730168 \$65

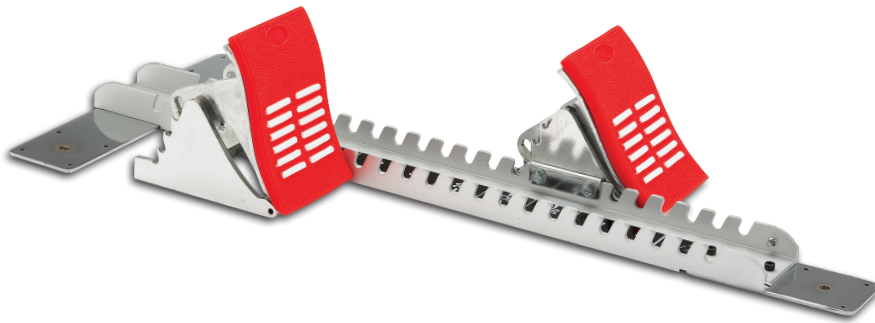

NATIONAL STARTING BLOCK

- Aircraft aluminum rail with cast aluminum pedals
- Pedals adjust to 45°, 55°, 65°, 75°
- Ruled decal in rail allows quick, easy, repeatable pedal set-up
- Includes ½" needle spikes for synthetic tracks
- *Meets NFHS, NCAA and IAAF specifications, IAAF certified*

730155  \$300

COLLEGIATE STARTING BLOCK

- Aircraft aluminum construction for maximal lifespan
- Pedals adjust to 45°, 55°, 65°, 75°
- Ruled decal in rail allows quick, easy, repeatable pedal set-up
- Includes ½" needle spikes for synthetic tracks
- *Meets NFHS and NCAA specifications*

410 \$191

SCHOLASTIC STARTING BLOCK

- Polished steel rail with cast aluminum pedals
- Pedals adjust to 45°, 55°, 65°, 75°
- Ruled decal in rail allows quick, easy, repeatable pedal set-up
- Includes ½" needle spikes for synthetic tracks
- *Meets NFHS and NCAA specifications*

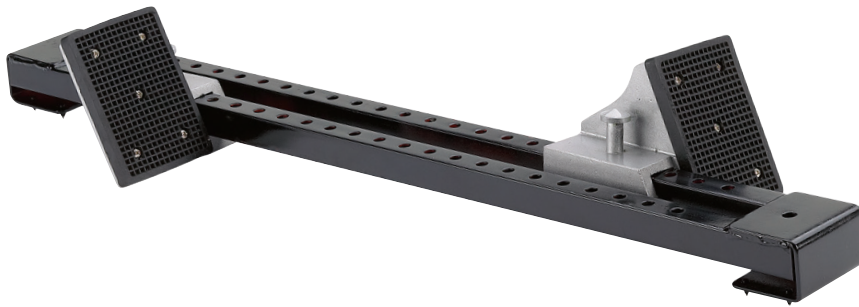

412 \$129

ALL SURFACE STARTING BLOCK

- One piece, sixteen gauge steel with no loose parts
- Slightly wider pedals allow for a wider stance
- Fixed angle pedals with rubber pads
- Change pedal positions with simple Pedal Snap Lock
- Sixteen needle spikes eliminate slipping
- *Meets NFHS specifications*

414 \$95

ESSENTIALS™ STARTING BLOCK

- One piece, all steel construction with durable black powder coat finish
- Standard width pedals with rubber pads
- Change pedal positions with simple Spring Lock Adjustment
- Features built in spikes to eliminate slipping
- *Meets NFHS specifications*

416 \$76

VP416 \$844

INCLUDED: (1) Essentials Block Cart, (8) Essentials Starting Blocks

INDOOR STARTING BLOCK

- No nails, pins or holes needed to hold in place
- Foot pressure on the flaps provide a non-slip start

417 \$32

GILL® INTERNATIONAL STARTING BLOCK CART

- Holds up to 10 starting blocks horizontally
- Handle is included for easy transport
- Includes a storage shelf for loose pedals and accessories
- Steel construction with durable, architectural gray powder coat finish

733190 \$1500

GILL® TRANSPORTER STARTING BLOCK CART

- Holds up to 16 starting blocks; any style
- Large wheels make transportation easy
- Steel construction with durable black powder coat finish

9311 \$699

ESSENTIALS™ BLOCK CART

- Holds up to 10 starting blocks; any style
- Steel construction with durable black powder coat finish

923 \$267

CONTINUUM™

THE WORLD'S FASTEST HURDLE IS ALSO THE WORLD'S SAFEST

OFFICIAL EQUIPMENT SUPPLIER TO THE 2018 TRACK & FIELD CHAMPIONSHIPS

CONTINUUM™ C4 AUTOMATIC HURDLES

The Continuum™ hurdle is designed to be the safest, fastest, and most unobtrusive hurdle that the rules will allow, all accomplished by placing the gateboard directly over the pivot point (tip-over-fulcrum).

- Internal leg weight from Continuum looping mechanism creates the most reliable hassle-free automatic hurdle on the market
- Redesigned robust frame features reinforced gusseted elbows for unparalleled strength
- Exclusive extrusion gatetubes allow for graphic customization
- Unique inner leg height indicator for no-mistake height settings (30", 33", 36", 39", 42")
- Internalized height mechanism creates whole-unit hurdle reducing maintenance and upkeep
- *Meets NFHS, NCAA and IAAF specifications*

1041CXX	41" Continuum C4	\$514
1047CXX	47" Continuum C4	\$514

CONTINUUM™ C4 MANUAL HURDLES

Includes all high-end features from the Auto C4 except with manual weight adjustments.

1141CXX	41" Continuum C4 Manual	\$390
1147CXX	47" Continuum C4 Manual	\$390

Easy trigger mechanism creates zero-click continuous transitions from height to height.

GILL 5 YEAR LIMITED WARRANTY

On all Hurdles (excludes Essentials). Call for Details.

Automatic Hurdle U.S. Patent #9,486,714
Manual Hurdle U.S. Patent #9,427,677

JAVELINS

The choice of elite throwers worldwide! OTE javelins are handmade in the USA by the master artisans who are following in the tradition of the world's greatest name in javelin development: Dick Held. The performance potential of OTE javelins is unsurpassed, being used for numerous championship wins and world records.

CHOOSING A JAVELIN

STEP 1 Decide if you are purchasing a Rubber Tipped, 600g women's, or 800g men's javelin.

STEP 2 Consider the technical proficiency of the athlete. Javelin throwers who are skilled at flying the javelin will get farther throws when they throw through the point using OTE javelins. Throwers who occasionally miss accurate flights should switch between OTE and Pacer to help learn the fine points of flying the javelin. Beginners will learn quicker with the Gill or Tru-Flight javelins, and if possible, should occasionally try an OTE to see if they understand how to really make it fly.

STEP 3 Once you have decided which javelin will best maximize your athlete's potential, choose a light, medium, or max relative flex javelin. Generally speaking; the stiffer the javelin, the longer the throw, assuming it is thrown precisely through the point.

Use this chart for help on how to choose the best javelin. Call our experts at 800.637.3090 for more details.

Nordic Sport javelins are a trademark among throwers worldwide. The Nordic javelins have been seen at the highest level, winning World Championship and Olympic medals. The materials and construction of the javelins is of the utmost importance. The Nordic Sport javelins are all manufactured with the famous Nordic finish and Nordic quality. Gill Athletics is proud to be the exclusive North American distributor of all Nordic javelins. Gill manufactures the elite OTE javelins, as well as the championship level Pacer javelins. Both Gill and Nordic provide different level javelins as well as rubber tipped javelins.

Built by the same master craftsmen that make the OTE javelins, Pacer javelins are built to slightly more generous tolerances. These javelins are built for performance and durability, and are suitable for high level competition. Pacer is the brand of choice for coaches seeking great value.

This lower price point line of javelins is recommended for high school level competition offering unsurpassed value. The best quality javelin for a budget-conscious program, Tru-Flight javelins allow athletes to have more efficient practice sessions by purchasing multiple javelins at nearly the same price as a singular higher-priced javelin!

CARBON 1

**WORLD'S
FIRST
ONE-PIECE
CARBON
JAVELIN**

Gill Athletics is proud to introduce the world's first one-piece carbon javelin. The revolutionary **OTE Carbon 1** is designed after the iconic Legend Tailwind javelin, which was used by current world record holder Jan Zelezny, who threw 98.48 meters in 1996.

The Carbon 1 is our stiffest javelin yet with a flex of 4.4 but still allows the right amount of forgiveness for the athlete to throw. This javelin has the quickest dampening rate on the market, allowing for a longer flight with little to no vibration.

THE FUTURE IN JAVELIN TECHNOLOGY IS HERE

THE **ONLY** SINGLE-PIECE
CARBON JAVELIN IN THE WORLD

HEADWIND VS. TAILWIND

HEADWIND (H) A headwind version of an OTE javelin describes a streamlined tip designed to help cut through the wind. This javelin tip, because of its small surface area, will have self-correcting characteristics when a thrower misses the point, adding valuable distance to a missed throw. The headwind version is ideal for 'power' throwers who lack perfect technique but make up for it with strength and torque.

TAILWIND (T) A tailwind version of an OTE javelin describes a thicker, more blunted tip that increases the surface area in front of the javelin. When a thrower hits the point with a tailwind version of an OTE javelin, it will mimic the old rules style javelins, with a beautiful floating flight and greater distances. This tailwind version is ideal for 'finesse' throwers who lack high outputs of power, yet throw at a high technical level.

JOJO SELF MARKING TRAINING DISCUS

- Economical training discus that marks the distance thrown
- Patented chamber emits self-marking chalk at landing
- Comes complete with discus, marking chalk, and chamber engagement tool

82610	1.0K	\$103
82616	1.6K	\$107
82620	2.0K	\$113

SCHOLASTIC SHOT CARRIER

- Heavy woven polyethylene rope with plastic handle
- Holds 1 shot put

928 \$9

TRAINING DISCUS

- Customize your training with variable weight
- Easy and quick transition from weight to weight
- **Not competition legal, for training only**

812	0.85K-1.20K	\$109
811	1.40K-1.80K	\$123
810	1.75K-2.20K	\$149

2-SHOT CARRIER

- High quality vinyl shot carrier
- Features a plastic handle and convenient shoulder strap
- Snap top closure
- Holds 2 shot puts with room to spare

929 \$16

DISCUS CARRIER

- High quality vinyl discus carrier
- Features a plastic handle and convenient shoulder strap
- Holds 2 discuses or shot puts

931 \$14

DELUXE UNIVERSAL IMPLEMENT CARRIER

- Holds any of the three standard throwing implements
- Stores and protects: Shot Put (1), Discus (2), or Hammer (1)
- Great value to protect your throwing investment

9282 \$40

IMPLEMENT CARTS

ADD ON WEIGHT

- Use for either hammer or indoor throwing weights
- Economical way to add variable weight to your training without buying more implements
- Adjustable from .5 lb to 2.5 lb

3603	Add on Weight	\$24
------	---------------	------

HAMMER HANDLE (ALUMINUM GRIP)

32020	IAAF Approved	\$20
-------	---------------	------

SPORTS CHALK

- 1 lb box
- Eight 2 ounce blocks

700250	\$15
--------	------

TRACK WAGON™

- Conveniently haul a variety of track equipment from storage to the track
- Gates fold down for added convenience
- Large pneumatic tires for rugged terrain travel
- 500 lb capacity to haul even the heaviest of track equipment
- 48" long x 24" wide x 12" deep x 25" tall

937	Track Wagon	\$257
-----	-------------	-------

JAVEE JAVELIN TRAINER

- Excellent training aid to develop javelin specific strength, flexibility, range of motion
- Use for static and dynamic stretching and warm up routines
- Improve functional length limits for reduced chance of muscle and tendon injuries
- Variable resistance provided by three strong elastic cords
- Grip diameter specific to 600g and 800g sizes

TA1820	600g	\$71
TA1821	800g	\$71

OTE™ DELUXE JAVELIN BAG

- Holds up to six javelins
- Two hardshell inserts wrapped in 1/4" lightweight closed cell foam to protect your investment
- Soft rubber handles and seams held with strong 2" webbing
- Men's length 9'; Women's length 8'

700706	600g Bag	\$499
700708	800g Bag	\$529

PACER® ADJUSTABLE BAG

- Holds three to five javelins
- Heavy duty Cordura nylon for durability
- Universal fit adjusts between 600g and 800g javelins

700801	\$118
--------	-------

HARDSHELL JAVELIN TUBE

- Holds five to seven javelins
- ABS plastic material gives piece of mind when transporting valuable javelins
- Universal fit adjusts between 600g and 800g javelins

700804	\$109
--------	-------

JAVELIN BACK BRACE

- Used by javelin throwers around the world
- Supports throwers and helps them throw far and safe

93015

93021

ESSENTIALS™ IMPLEMENT SCALE

- Large 55 lb capacity scale with 'easy press' buttons
- Includes digital auto calibration and full range tare/zero function
- Read out in English or Metric system

93010 Essentials™ Implement Scale \$100

GILL® IMPLEMENT SCALES

- Quickly, easily and accurately measure the weight of any track implement
- Works for javelin, discus, hammer, shot, and indoor weight
- Easy zero reset for calibration prior to weighing
- Read out in English or Metric system

93015	Up to 15K/33 lb	\$399
93020	Up to 20K/44 lb	\$686
93021	Scale Ring	\$21

IMPLEMENT CERTIFICATION KITS

- Official-friendly redesign assures each implement meets specifications
- Each gauge is laser cut stainless steel for extreme accuracy and permanency
- Labeled tabs on each gauge helps organize the process
- Redesigned hammer gauge is easier to use and more durable
- Javelin diameter gauge will not damage javelins like old-style javelin gauges from competitors
- Self-contained unit packaged in one convenient wheeled case; including hammer gauge

93050	High School Certification Kit (1K, 1.6K discuses; 4K, 12 lb shot put)	\$1260
93065	Javelin Certification Kit (all javelin competitions)	\$999
93075	NCAA Certification Kit (1K, 2K discuses; 4K, 16 lb shot put; 4K, 16 lb hammer; all javelin competitions)	\$3270
93080	IAAF Certification Kit (1K, 1.5K, 1.75K, 2K discuses; 4K, 5K, 6K, 16 lb shot put and hammer; all javelin competitions)	\$3645

INDOOR THROWING WEIGHT GAUGE

- Easily check the length of indoor weight throw implements
- Adjustable knob assists in the quick calibration of the gauge before each use

93035 \$279

SHOT/HAMMER RETRIEVER

- Ideal for quick, painless pick-up of shots and hammers
- Multi-adjustment height for ergonomic use

940 \$51

SHOT AND DISCUS MARKERS

- Large three square-inch writing surface
- Ample room to write athlete's name or number
- Extra strong pointed base for fast placement
- 7 1/2" long
- 18 gauge steel

932W	Marker	\$5/ea
932W12	Markers (12)	\$30/set

ELECTRONICS & INDICATORS

OFFICIAL EQUIPMENT SUPPLIER TO THE 2018 TRACK & FIELD CHAMPIONSHIPS

TIMER AND DISPLAY

- Lightweight with rugged rubber bumpers for increased durability
- Countdown timer has various pre-programmed times
- Three brightness intervals adjust to your specific needs
- Also used as an elapsed time clock for CC, road races, and the track
- Countdown can be set for durations up to 99 minutes
- Anti-glare 6" x 3" digits
- Includes tripod, 120V adapter plug, and 12V internal battery
- External battery can be connected if needed
- Connect to Gill Ultrasonic Wind Gauge to display wind reading continuously or at 10 second intervals

E49821	Single Sided	\$1030
E49822	Double Sided	\$1390
E39820B	Optional External Battery	\$75
E39824	Replacement Tripod	\$76

ULTRASONIC WIND GAUGE 2.0

- Redesigned for ultimate ease and accuracy
- Highly visible backlit display improved for officials accuracy
- Use as standalone, or designed for smooth interface with Lynx systems
- Special cable from Lynx required for Lynx interface
- Includes tripod, AC adapter, and padded protective case
- IAAF: ultrasonic wind gauges shall be used at all International Competitions (Rule 1.1 (a) through (h))

E49810 **\$2315**

COMPACT WIND GAUGE KIT

- When interface with timing system is not required, Compact Wind Gauge Kit is a cost friendly alternative
- Meets requirements for NFHS and NCAA wind gauge rules
- Includes tripod and carry case

E39815 **\$370**

COMPACT WIND INDICATOR

- Designed to indicate relative strength of wind at point of use
- Unintrusive economical design, gets the job done without breaking the budget
- Guides athletes to jump safer (pole vault) and farther (long jump/triple jump)

726 **\$154**

2 DIGIT ELECTRONIC DISPLAY

- Multi-use electronic display upgrades your facility and saves your budget!
- Use as a PV standard indicator, wind reading indicator unit, or lap counter.
- 6" digits with 3 stage dimming feature
- Quality carry/storage case included
- Lap Counter Display Stand sold separately

E49872	2 Digit Electronic Display	\$514
728	Lap Counter Display Stand	\$299

PERFORMANCE INDICATORS

- 9" numerals
- Rotates 360° for visibility
- 5' 9" tall
- Aluminum construction with 18" square steel roll away base
- Powder coated black

727	2 Digit Lap Counter w/ Bell	\$559
724	2 Digit Pole Vault Display	\$589
729	4 Digit Scholastic Performance Indicator	\$749
730210	5 Digit National Performance Indicator	\$889

LED SCROLLING DISPLAY

- Displays event standings, upcoming races and more
- Update information easily with provided software
- Software is designed to run in background when using Lynx, scrolls track event times/places as Lynx System files results
- Sixteen 4" tall characters maximum displayed at one time
- Power options: 120V power cord (included) or 12V battery (sold separately)
- Carrying case included

E39860	Scrolling Display	\$2080
E39820B	12V Battery	\$75
E39855	Replacement Tripod for Single Unit	\$267

GILL 9" DIGIT RACE CLOCKS

- Six digit race clocks in 9" digit options
- Count-up/count-down capability in seconds or hundredths of seconds
- Features end-mounted controls for direct operation
- Power options: 120V AC (included) or external 12V battery (sold separately)
- *Optional carrying case available (sold separately)*
- *Tripod and remote control included*

E39851	Race Clock	\$1600
E39853	Double-Sided Race Clock	\$2250
E39858	Carrying Case	\$483
E39820B	12V Battery	\$75

MEASURING DEVICES

865

SECTOR LINE MARKING TAPE

- Makes sector setup quick and easy
- Rolls out using dispensing spool and secures to grass with ground staples
- Kit includes: 2 rolls of white tape, 2 dispensing spools, and 20 ground staples

865	Complete Kit	\$123
8651	Dispensing Spool	\$16
8652	Staples (10)	\$12
8653	130 yds. White Tape	\$44
8654	130 yds. Orange Tape	\$44
8655	130 yds. Yellow Tape	\$44

971

STEEL MEASURING TAPES

- Coated with durable epoxy finish
- C = closed reel; O = open reel

980	50' (15m)	C	\$29
981	100' (30m)	C	\$38
983	300' (90m)	O	\$119
971	330' (100m)	O	\$120

MEASURING TAPE KIT

For all your measuring needs, includes:

- 988 (1)
- 985 (2)
- 984 (1)

982	Measuring Tape Kit	\$96
-----	--------------------	------

985

FIBERGLASS MEASURING TAPES

- Vinyl coated fiberglass tape with high tensile strength for durability
- More flexible than cloth tapes and won't kink or break when twisted or stepped on
- Measures in both English and Metric units
- C = closed reel; O = open reel

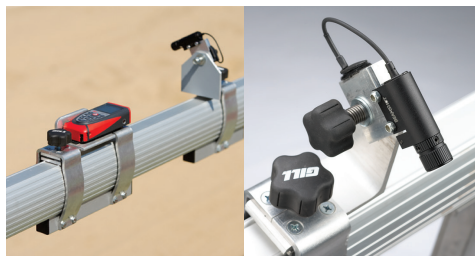

984	50' (15m)	C	\$11
985	100' (30m)	C	\$18
987	165' (50m)	C	\$26
986	200' (60m)	O	\$35
988	300' (90m)	O	\$51
989	330' (100m)	O	\$55

LASER LJ/TJ MEASURING DEVICE

- Simply align the targeting laser with landing, push the button, and read the measurement
- Improved green targeting laser for improved visibility on sunny days
- Measures in English or Metric units
- Rail is aluminum with sturdy steel wheeled bases

E73730 \$3000

LASER DISTANCE MEASURING SYSTEM

- Accurate laser measuring device for horizontal and vertical jumps as well as throws
- Center the mounted laser after each attempt and aim at the target
- Accurate readings to the nearest 1/8"
- Fully compliant with NFHS, NCAA and IAAF specifications

E737 \$3090

EVERYTHING YOU NEED IN ONE SIMPLE PACKAGE

ETHERLYNX VISION™ CAMERA PACKAGES BY LYNX

- **All packages contain everything you need.** Each package is a complete photofinish and timing solution for your track meets. All you add are the athletes and a computer!
- **All systems can run on any Windows computer** equipped with an Ethernet connection
- **All systems include the new FinishLynx EASYALIGN™ technology** that shows a full-frame video view of the finish line for fast and accurate camera placement
- **All systems take full color pictures** for easier athlete identification
- **All systems use power-over-Ethernet**, so no dedicated AC power is required at the camera location. A single Ethernet cable transfers all data AND provides camera power
- **All packages include LYNXPAD Meet Management software** - this integrates with multiple online meet entry websites, including Athletics.net and DirectAthletics.com

THE SCHOLASTIC SOLUTION

- 5L510 EtherLynx™ Camera
- 600 Standard Frame Rate
- 6mm fixed lens

INCLUDES:

All camera connection and power cables

Custom FinishLynx Carrying Case

Tech Support & 1-year renewable warranty

Camera Tripod and mounting hardware

FinishLynx Lite software with support for RadioLynx Wireless Start (E39916)

E39905 \$5000

THE BRONZE SOLUTION

- 5L500 Vision EtherLynx™ Camera
- 1000 Standard Frame Rate
- Manual Zoom lens

INCLUDES EVERYTHING FROM THE SCHOLASTIC SOLUTION, PLUS:

Full FinishLynx32 software with support for RadioLynx Wireless Start (E39916), Lynx Software Plug-in(s), multiple FinishLynx Cameras, IdentiLynx 2-D video camera, scoreboard interface for display of running time & results, and wind gauge interface for automatic wind reading data import

E39906 \$7500

THE SILVER SOLUTION

- 5L500 Vision EtherLynx™ Camera
- 2000 Standard Frame Rate
- Motorized Zoom lens

INCLUDES EVERYTHING FROM THE BRONZE SOLUTION, PLUS:

Automatic capture & virtual photocell plug-in

High resolution (2000 fps) images

Remote positioner (remote camera adjustment)

Motorized lens (remote lens adjustment)

E39903 \$11300

THE GOLD SOLUTION

- 5L500 Vision EtherLynx™ Camera
- 2000 Standard Frame Rate
- Motorized Zoom lens

INCLUDES EVERYTHING FROM THE SILVER SOLUTION, PLUS:

RadioLynx Wireless Start System

Power over Ethernet network switch

IdentiLynx full frame video camera

9-digit alphanumeric scoreboard

E39901 \$17000

THE MVP SOLUTION

- 5L500 Vision EtherLynx™ Camera
- 2000 Standard Frame Rate
- Motorized Zoom lens

INCLUDES EVERYTHING FROM THE GOLD SOLUTION, PLUS:

IAAF approved sonic wind gauge

A second 1000 fps 5L500 Vision EtherLynx™ camera (reverse angle/alternate finish line)

E39920 \$25000

* FinishLynx Systems are licensed and cannot be returned.

TRACK ACCESSORIES

LJ & TJ TAKE OFF BOARD MARKERS

- Guides athletes to the horizontal jumps take-off board
- Made of safe collapsible plastic material

730310 \$99/set

GILL® LANE MARKERS

- Lightweight markers are easy to stack and carry
- Stable 3-sided design provides great visibility
- Convenient hand hole for quick set up
- 28" tall

35W MEGAPHONE

35W Megaphone with range of up to 500 meters.
Requires 10 "C" batteries (not included).

E39847 \$103

ELECTRONIX STARTING DEVICE

- Battery operated starting pistol eliminates the need for blanks
- Pistol comes with auxiliary cable and case
- Strobe light tip flashes when the gun is fired to offer a visual signal for hand timing
- Uses three "AA" batteries (not included)
- Connects to a megaphone or speaker to sound (not included)
- *FinishLynx and Eagle Eye compatible!*

E39846 \$219

ALPHA COMPETITION STARTING PISTOLS

- Zinc-aluminum frame finished in rust resistant nickel
- High strength heat-treated steel parts promise trouble free usage
- Bright orange grips and barrel cap eliminate confusion with a firearm
- Rugged and reliable with swing out cylinder for easy load and unload
- Holds 6 rounds
- *Lifetime warranty*
- *Special overnight shipping required for all pistols*

425	.22 Cal. Pistol	\$339
426	.32 Cal. Pistol	\$349

GILL® COMPETITION STARTING PISTOLS

- Inexpensive yet durable starting pistols
- Feature free spinning cylinder necessitating to cock the hammer before firing
- Holds 8 rounds
- *Special overnight shipping required for all pistols*

Maintain your starting gun with this 7 piece cleaning kit in a plastic storage box.

42320 \$41

STARTERS SLEEVE

Highly visible from any part of the track. Bright orange with elastic at both ends for a sure fit.

423 \$12

EAR PROTECTION FOR OFFICIALS

Ear protection for starting officials.

42330 \$28

TIMEKEEPING FOR ANY SIZE EVENT

SEIKO S149 STOPWATCH WITH PRINTER

- 300 dual split memory
- Saves multiple events into memory
- Large-sized 3 line display
- Auto start function
- Prints 13 digits per line at 1.5 per second
- Battery life indicator
- Includes 2 rolls of paper
- **3 year warranty**

37801	<i>Stopwatch and Printer</i>	\$514
37805	<i>Paper Refills (5)</i>	\$12

ULTRAK L10 MULTI-LANE TIMER

- Compatible with Hytek Meet Management Software
- Times races with up to 10 lanes
- Times road races with up to 8,000 participants
- Prints bib number, lane, place, and time
- Includes linkgate, eliminating tangled cords to L10
- Includes Windows interface and 2 rolls of paper
- **2 year warranty**

37932	<i>8-Lane Timer</i>	\$751
37934	<i>Extra Button</i>	\$24
37935	<i>Paper Refills (3)</i>	\$27

ULTRAK 310

- Functions: start, stop, reset
- Measures 10 hours
- **3 year warranty**

33106	<i>Set of Six</i>	\$54
--------------	-------------------	-------------

ROBIC SILVER 2.0

- Event, lap or split timing
- 1/100 second precision to 10 hours
- Two finish time memory recall
- **1 year warranty**

37923	\$19
--------------	-------------

ULTRAK 350 SOLAR

- Cumulative split and time out capabilities
- Measures to 24 hours
- **3 year warranty**

380	\$24
------------	-------------

ROBIC SC-505W

- Twelve (12) memory recall
- Lap, split or single event timing
- 1/100 second resolution to 24 hours
- **1 year full factory warranty**

37603	<i>Single</i>	\$29
37604	<i>Set of Six</i>	\$168

ROBIC SC-606W

- 50 dual split memory recall
- Lap, split or dual split timing
- Multi-function countdown timer; stop, repeat or count-up modes
- **1 year full factory warranty**

37602	\$39
--------------	-------------

ULTRAK 830 HEAT INDEX

- Accurately calculates temperature, humidity, heat index and dew point
- 30 dual split recallable memory
- Measures to 10 hours with 1/100 second resolution
- Solar powered with back-up lithium battery
- **5 year warranty**

3830	\$43
-------------	-------------

BEST SELLER!

ULTRAK 495

- 100 dual split recallable memory
- Measures up to 10 hours
- Continuous display of event time
- Allow for split in recall mode
- Water resistant
- **5 year warranty**

37904	<i>Black</i>	\$47
37904Y	<i>Yellow</i>	\$47

ROBIC SC-899

- Up to 540 memory recall
- 3 fully loaded time keeping modes
- 1/100 second precision to 1 hour
- Speed timer in mph/kph
- On-demand EL backlight for low light or no light use
- Lithium battery
- **1 year warranty**

37611	\$66
--------------	-------------

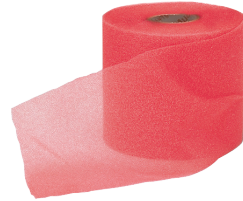

ULTRAK BTS - BLUETOOTH STOPWATCH

- Compatible with both Apple and Android smartphones
- 750 dual split memory recall, measuring to 10 hours in 1/100 second precision
- Countdown timer, pacer, stroke frequency and calendar functions
- **5 year warranty**

37912	\$103

TRACK ACCESSORIES

FINISH LINE TAPE

- Lightweight and easy to break
- 50 yd roll

974 \$5

INTERNATIONAL FINISH POSTS

- Heavy duty steel with folded square bases
- Wheeled bases for easy mobility
- Big, bold letters indicate finish for clear visibility

721 \$519

STARTER'S ROSTRUM

- Provides starting official with enough height to view all lanes
- Stable design for safety

857 \$1555

CAMERA MOUNT POLE

- No pre-determined heights for custom settings

E39917 *Portable* \$974

E39918 *Ground Sleeve* \$974

TAPE STAKE KIT

- Handy tool attaches to end of measuring tape for convenient use
- Used for all throwing events and all horizontal jumping events
- Set of 4

970 \$54/set

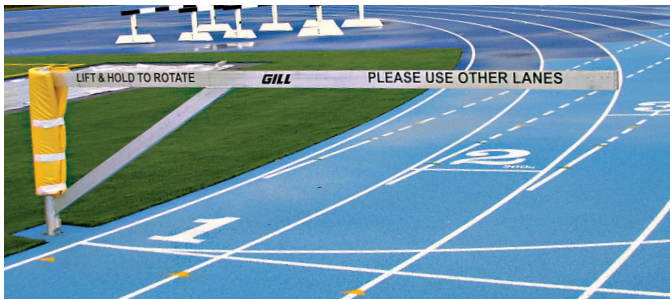

TIMERS AND JUDGES STAND

- Holds 10 people seated or 20 standing
- Five rows of 48" long steps
- Rail support along back for safety
- Red enamel finish with galvanized seats, footrests and backrest
- Easy mobility provided by 8" diameter wheels on back

995 \$1399

TRACK MAINTENANCE

3-LANE TRACK GATE

- Discourage joggers from using three inside lanes causing premature and uneven wear
- Easy lift and rotate to allow training on inside lanes
- Locks into place
- Includes ground sleeve
- Available in custom color, see chart on page 84

8540	3-Lane Track Gate	\$1290
8540CXX	3-Lane Track Gate; color	\$1420
8540P	Track Gate Post Padding	\$116

CROSSOVER ZONE®

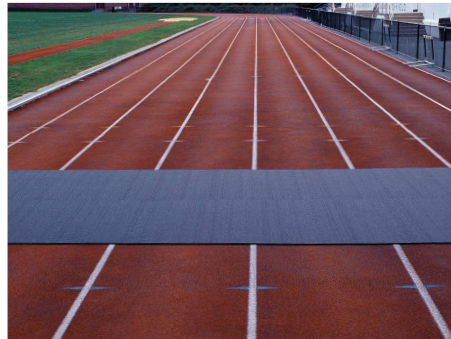

- Lighter and easier to handle than other 'conveyor belt rubber' systems
- Protects against steel tipped cleats, shoes and equipment wheels
- Rain drains through

493667	7.5' x 30'	\$949
493668	7.5' x 40'	\$1050
493663	15' x 30'	\$1130
493664	15' x 40'	\$1250
493651	15' x 75'	\$1565
493652	15' x 100'	\$1600
493653	15' x 125'	\$1800

TRACK REPAIR KITS

- Repair worn areas of track or field event area
- Includes 18.5 lb of rubber granules and 1 gallon of single-solution, no-mix polyurethane adhesive
- Approximate 11 sq ft coverage

8700	Black Repair Kit	\$493
8701	Red Repair Kit	\$493
8702	Royal Blue Repair Kit	\$493
8703	Green Repair Kit	\$493

INDOOR/OUTDOOR RUNWAY SURFACE

- Install quickly over worn runway or create a runway where none exists
- No bonding necessary, but can be done if required
- Custom Length (25' minimum) (no returns)

49036	10mm x 36"	\$7/ln ft
49048	10mm x 48"	\$9/ln ft
49136	12mm x 36"	\$8/ln ft
49148	12mm x 48"	\$10/ln ft

SURFACE ROLLER

CROSS COUNTRY KIT

Includes: 24 chute posts, 2-110' lengths of chute rope with pennants, 9 directional flags (3 red, 3 blue, 3 yellow) and 9 flag poles.

960	Complete Kit	\$524
961	4' Chute Post	\$11/ea
962	Chute Rope and Pennants (110')	\$28
9650	Flag Pole, Red Flag (Left Turn)	\$36
9660	Flag Pole, Blue Flag (Straight)	\$36
9670	Flag Pole, Yellow Flag (Right Turn)	\$36
96501	Replacement Red Flag (Left Turn)	\$11
96601	Replacement Blue Flag (Straight)	\$11
96701	Replacement Yellow Flag (Right Turn)	\$11

TURF CHUTE POST

- 12 lb non-invasive chute posts are ideal for turf or golf course

968	Turf Chute Post	\$50/ea
962	Chute Rope and Pennants (110')	\$28

CROSS COUNTRY FINISH LINE BANNER

- Heavy duty vinyl banner attaches to fiberglass uprights
- Width is adjustable from 6'-12'
- Clearance height is 7'

969 \$288

CC PACE WHEEL

- Find your athlete's recent race/time trial in the 'Current Fitness' window and that's it!
- Pace wheel reveals aerobic base training pace, marathon race pace, lactate threshold pace, Vo2 max development intervals, and running economy repetitions

998 \$20

DISTANCE MEASURING WHEELS

- Lightweight durable construction
- Wheel has rubber tread for accurate measurement on any surface
- Measures up to 10,000 units

977	English Units	\$99
978	Metric Units	\$99

ELECTRONIC MEASURING WHEEL

- Durable long-lasting steel frame
- Electronic 7-digit LCD readout is backlit for low light usage
- Patent-pending 'thumb-up' grip ensures less wrist strain and superior control

9701 \$299

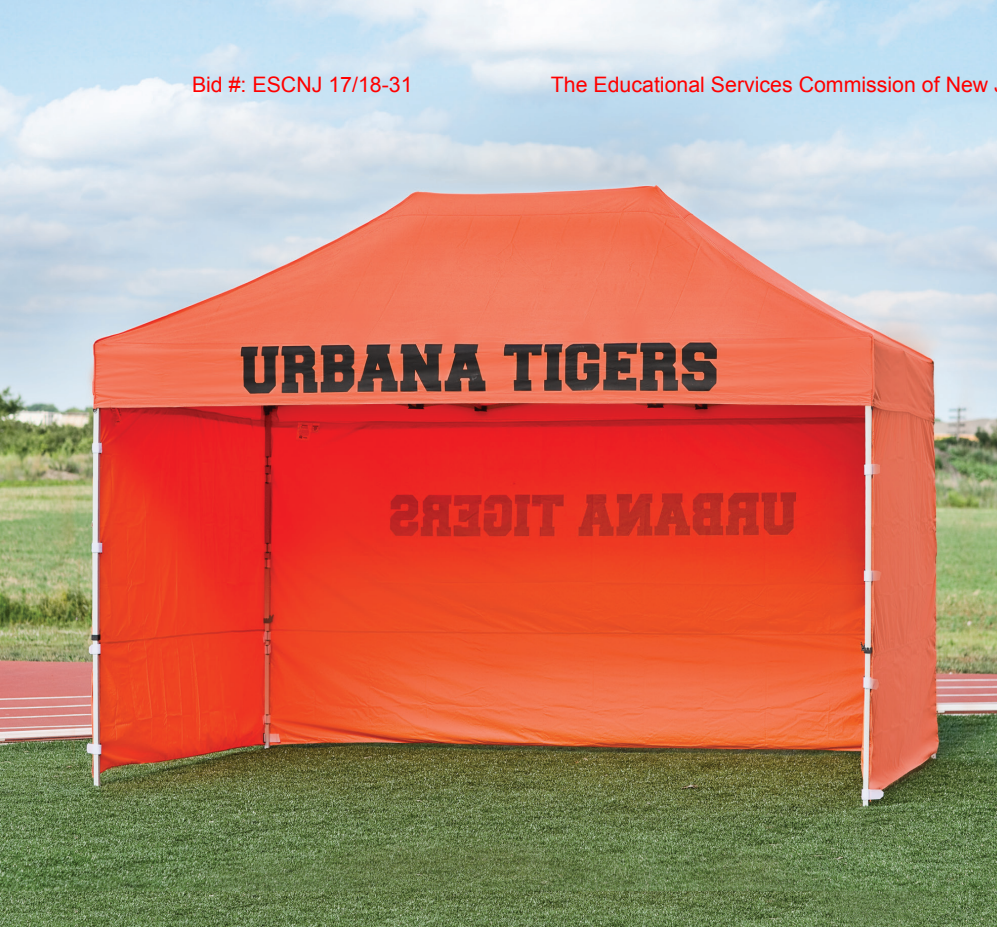

DUAL XC MEASURING WHEEL & COURSE MARKER

- Measure and mark simultaneously
- Lightweight tool features a trigger under the pistol grip
- Trigger activates spray paint (not included)
- English units only

9702 \$176

IMPACT TENTS

- Commercial grade steel frame
- 500 denier polyester canopy and walls
- Water, UV light, and fire resistant
- Roller bag: 600 denier polyester with scuff resistant and waterproof finish
- Tent stake kit and dust coverbag included
- Sidewalls, roller bags, and graphics sold separately

TA300	6pc. Plyobox Set (12", 18", 24", 30", 36" & 42")	\$839

LAUNCH PAD

- Allows for more jumps per session
- Steel construction with welded support braces
- Synthetic track material on jump surface
- Track spikes can be installed to ensure no slipping if needed

TA1921 \$699

PLYO RUNWAY MAT

Surface reduces stress of impact on joints and muscles during explosive training sessions.

TA303 3'W x 6'L x 1/2" thick \$89

ARCHED JUMP BOX

- Convex jumping box made of lightweight steel that is easy to carry to and from practices
- Covered in synthetic track material to simulate the same feelings as your track and runways
- 8" high in the middle by 30" wide and 47" long

TA193 \$617

SOFT PLYOBXES

- Standard 28" x 28" blocks
- 3" block is built with 2.2# density polyethylene foam, other sizes with 1.8# which provides stability, shock attenuation, and performance
- Secured for stacking with industrial strength Velcro®
- Durable vinyl cover with two reinforced handles for portability
- Each box weighs less than 28 lb

TA203	3" Soft Plyobox	\$107
TA206	6" Soft Plyobox	\$146
TA212	12" Soft Plyobox	\$207
TA218	18" Soft Plyobox	\$296
TA224	24" Soft Plyobox	\$356
TA225	Set of 5, 1 of Each Size	\$1020

POWER PAD

- A truly innovative training tool
- Sprint, jump, hop, and rehab all within the confines of the low-impact, energy absorbing power pad

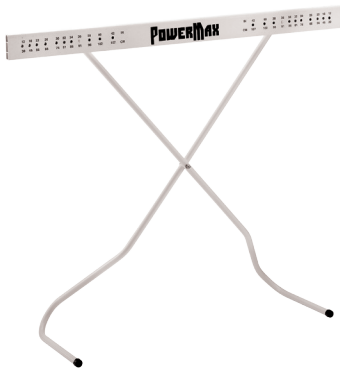

TA194 \$772

FLAT JUMP PLATFORM

- Made of lightweight aluminum and covered with synthetic track material
- Easy to transport between practices
- Track spikes can be installed to ensure no slipping if needed
- Platform is 5" x 34" x 19"

TA198 \$411

POWERMAX® VERSA-HURDLE

- Built-in safety feature causes the hurdles to collapse upon impact
- Adjustable from 12" to 42"
- 18 gauge tube steel with durable gate board

100	Hurdle	\$40/ea
101	Versa-Hurdle Bag	\$22

FOAM TRAINING HURDLE

- Ideal training hurdle made of forgiving foam
- Heavy enough to remain upright, yet light enough to be completely portable
- Durable vinyl covering allows for indoor and outdoor use
- Heights: 30", 33", 36", & 39"

409 \$159

SMART HURDLE

Smart Hurdles have a three point base for superior stability on all surfaces. Smart Hurdles are durable, lightweight, and easy to carry.

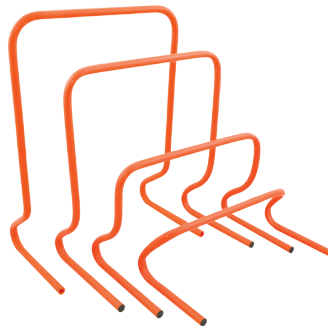

TA18544	21-36" Adjustable Hurdle	\$73
TA18545	27-42" Adjustable Hurdle	\$82

AGILITY ROCKER HURDLES

Weighted base allows hurdles to rock back into the starting position.

TA1676	6" Hurdle	\$20/ea
TA1678	8" Hurdle	\$20/ea
TA16710	10" Hurdle	\$21/ea
TA16712	12" Hurdle	\$21/ea

STEP HURDLES

Constructed of durable, lightweight PVC tubing

TA167	6" Hurdle	\$11/ea

POWERMAX® DRILL MAT

- Press the squares in place to customize the PowerMax Drill Mat
- Create a variety of simple or challenging patterns for the performance of agility drills
- Nine 50cm squares included.

TA142 \$103

BASIC DOT DRILL MAT

- Economical alternative to TA142 drill mat
- Measures 3' x 4' x ¾"
- 5 integrated rubber dots

TA1425 \$92

POWERMAX® WEB LADDER

- Sewn nylon ladder is 16' L x 18" W
- Slats every 18"
- Includes storage bag and 4 ground stakes

TA1696 \$26

POWERMAX® AGILITY LADDERS

- 15' ladder comes in two 7' 6" sections with 10 slats total
- 30' ladder comes in four 7' 6" sections
- Easily connect with other ladders
- 20" wide with 18" between slats, not adjustable
- Includes 1 agility ladder & carry bag

TA1691	15' Agility Ladder	\$50
TA1681	30' Agility Ladder	\$83
TA1682	15' Double Ladder	\$42

POWERMAX® AGILITY DOMES

- Multicolored Domes Are Ideal To Mark An Agility Course
- Durable Impact Resistant Polyethylene
- Includes 40 Domes (10 In Each Color) And Storage Rack

TA1852 \$71

SMART INDOOR LADDER

- 15' Ladder
- Non-slip rubber, great for gym floors
- Rolls up for storage

TA1685 \$75

POWERMAX® ACCELERATION LADDER

- Incrementally increase stride length and frequency
- Increasing stride spacing from 12" to 69"
- All red rungs, black sides, and a carry bag

TA168 37'6" X 20" \$72

AGILITY POLES

- 5' tall poles force athletes to maintain posture
- Includes 4 bases and 4 poles
- Add sand or water to base for additional stability

TA1850 \$90

AGILITY RINGS

- Create patterns to challenge footwork or set a pattern of acceleration
- Can be used on a variety of surfaces, ideal on textured surfaces

TA1693 Set of 12 \$49

AGILITY DOTS

- Dots are easy to store and transport
- Easy to see bright colors

TA1694 Set of 6 \$25

TA128

SPEED ROPES

- Stainless steel cable encased in plastic
- Ball bearing in handles for quick turnover
- Fixed length
- Includes carry bag for easy storage
- Padded handles for comfort

TA128 9' Speed Rope \$15

TA1281 10' Speed Rope \$17

BEGINNER SPEED ROPES

- These PVC ropes feature lightweight plastic handles and high-spin swivels

SPEED DEVELOPMENT

MAX BELT

- Features a 3" wide padded heavy-duty Cordura nylon
- Reinforced stitching
- Multiple nylon attachment loops
- Stainless steel hardware

TA1500	S-M (24" - 32" waist)	\$28
TA1501	L-XL (33" - 42" waist)	\$30
TA1503	XXL (43" - 52" waist)	\$31

BULLET BELT™ SYSTEM

- For resistance to improve starting and acceleration mechanics
- Hook & loop closure for easy release giving a contrast workout from resistance to free running
- Adjustable belt

TA138	Bullet Belt System	\$109
TA1382	Extra Belt	\$53

POP BELT™

- The Bullet Belt "Pop" release is the basic design in the Bullet Belt series
- Used to train explosive sport-specific skills

TA1383	\$65
--------	------

BULLET BELT SPEED PULLEY

This two-person over-speed trainer features a unique safety release if towed athlete cannot maintain pace. Comes with 30m of cord and a Bullet Belt universal web belt.

TA1381	Bullet Belt Speed Pulley	\$179
--------	--------------------------	-------

RESISTANCE TETHER

- Improve speed with resistance running
- Harness attaches to 10' long nylon web cord with handle
- Includes nylon cord and a 3" wide hook & loop closure belt adjustable to 42" waist, and carry bag

TA150	\$42
-------	------

DUAL RESISTANCE TETHER

- One athlete runs while the other provides resistance
- Includes nylon strap attached to two 3" wide hook & loop closure belts adjustable to 42" waist, and carry bag

TA1521	\$44
--------	------

TIRE TETHER

- Can be used to drag tires of different sizes for varied workouts
- Includes nylon strap and hardware to attach tire, 3" wide hook & loop closure belt adjustable to 42" waist, and carry bag
- Tire not included

TA1384	\$49
--------	------

SPRINT START SLED

- Unique design provides for clearance over and around virtually all starting blocks
- Olympic style weight plates may be added to increase resistance. Includes sled, 11' leads, and 3" wide hook & loop closure belt adjustable up to 42" waist
- Designed by University of Idaho head coach Tim Cawley

TA1541 \$308

POWERMAX® SLED

Provides lower body resistance that develops speed and strength for all athletes in all sports. Add the desired weight to determine resistance. Load up to 200 lb. 15" tall post fits 4 Olympic bumper plates. Includes sled, 11' leads, 3" wide hook & loop closure belt adjustable to 42" waist, and instructions. **Weights not included.**

TA154	<i>Sled w/Belt</i>	\$157
TA156	<i>Sled and Shoulder Harness</i>	\$162
TA15401	<i>Additional Waist Belt</i>	\$28
TA15402	<i>Additional Pair of Leads</i>	\$32
TA156H	<i>Shoulder Harness and Leads</i>	\$35

LOW DRAG SPEED SLED

- Ideal sled to add incremental resistance to your athletes
- Easy storage
- Weighs less than 7 lb each
- Includes waist belt, nylon leads, carabiners and sled

TA157 \$99

POWERMAX® VARIABLE RESISTANCE CHUTE

The PowerMax VR Chute features a hook & loop closure baffle panel that can be opened or closed to achieve desired resistance. Open the baffle for reduced resistance or close to increase it.

TA163M	<i>S/M</i>	<i>Gray</i>	\$59
TA163XL	<i>L/XL</i>	<i>Black</i>	\$72

TC-TIMER SYSTEM

The TC-Timer is a wireless timing device that enables athletes and coaches to measure time, speed, count repetitions, input test data and save it all in the TC-Timer memory.

- Sends radio transmissions up to 1,000 feet
- Accurate to the 100th of a second
- Equipped with 5 different radio frequencies allowing multiple systems to be used in the same area
- All components fit neatly into a small lumbar pack

E38720	<i>TC Timer System</i>	\$1955
E38721	<i>Pair, Additional TC Gates</i>	\$823
E38724	<i>Replacement Tripod</i>	\$82
E38726	<i>Replacement Remote</i>	\$936
E38710	<i>Speed-Trap 1 Timing System</i>	\$813

POWERMAX® PUSH/PULL SLED

The PowerMax Push/Pull Sled is great for versatility and adjustability in speed training.

- USA made 11 gauge steel frame sled
- Space-saving design that is less than 7" high when folded
- Replaceable/removable runners for use on a variety of surfaces
- Quick release pins for fast set-up and breakdown
- Adjustable width push posts (12-21" W x 32" H) and multiple push/pull options
- Sled weighs 45 lb (empty)
- Holds up to 300 lb, center post fits four 45 lb bumper plates

TA155C12 *Sled w/Belt + Harness*
24" W x 35" L x 35" H (w/post) **\$449**

SPEED DEVELOPMENT

DYNAMIC TRAINER

- Develop maximum strength and power for running
- Keeps resistance around the hips or torso
- 10' elastic tube is covered with nylon webbing, can stretch up to 30'

TA158 \$132

DUAL SPEED TRAINER

This two-person assisted overspeed and resistance running kit is very effective for speed gains. The overspeed training provided to the rear athlete increases both stride length and frequency. *Includes 20' latex tubing, two 3" wide hook & loop closure belts adjustable to 42" waist, and carry bag.*

TA164	20' Medium Tubing	\$117
TA165	20' Heavy Tubing	\$123

POWERMAX® HIP FLEXOR

- Strengthen hip flexors and upper quadriceps
- Offers resistance to muscle groups during any training session and maintains athlete's pure running form
- Up to three ¾ lb weight bars attached to thigh belts
- Includes thigh belts, six ¾ lb weight bars, 3" wide hook & loop closure belt adjustable to 42" waist, and carry bag

TA1511 \$79

WALL BALL TARGET

- Helps avoid damaging the wall while exercising
- Target is powder coated steel with slightly angled surface

TA1300 20" X 20" \$132

POWERMAX® SAND BAG SET

- Leak proof inner bags hold 20 lb of sand securely (sand not included)
- Inner bags are pre-marked for easy measurement
- Five strategically placed padded handles
- Set includes inner and outer bags, holds up to 80 lbs

TA12241 \$105

SINGLE-SIDED RACK

- Powder-coated steel rack holds up to 5 balls

TA129 52" x 11" x 14" (7 lb) \$112

DOUBLE-SIDED RACK

- Powder-coated steel rack holds up to 10 balls

TA1292 63" x 22.5" x 9" (27 lb) \$151

Fits Powermax® V2 Medicine Balls

PORTABLE POWER JUMPER

- Increases explosive power
- Provides resistance with all plyometric jumps and runs
- Includes 2 resistance cables (5') with foam cushioned padding (24") and 2 multi-way cable pocket handles

TA1605 \$50

CORE STRENGTH

POWERMAX® MED BALLS V2

- 18 oz. flexible moisture resistant polyurethane shell textured for grip
- Hand-sewn casing design and expert ball construction
- Dimensionally stable, balanced, and maintains the impact absorbing properties
- **One year warranty**

HEMP CLIMBING ROPES

This 1-1/2" rope contains 12-18% mineral oil lubricant by weight for long life and is securely attached within a heavy-duty steel fitting for years of durability. Optional rubber knots attached every 12". Collegiate ropes are finished with a vinyl boot.

SOFT DACRON ROPES

Soft Dacron ropes are ideal for elementary physical education programs. The no-twist spun Dacron material is easier on hands than hemp ropes and will wear better than cotton. Hypoallergenic.

ROPE ATTACHMENT METHODS

3 1/2" OD PIPE CLAMP

10970000 \$15

15 KG TRAINING BAR

- 79" Black oxide steel
- 15 Kg / 33 lb weight
- 25 Mm grip diameter
- 170,000 Psi tensile strength
- 22 Needle bearing
- One year warranty

WT1215 \$93

CAMBERED SQUAT BAR

This bar allows squats to be done in a more vertical posture, producing intensified quadriceps involvement. Cambered end design relieves much of the lower back stress normally associated with a back squat. All steel design with padded shoulder harness.

WT129	Cambered Squat Bar	\$379
WT1291	Replacement Neck Pad	\$15
WT1292	Replacement Shoulder Pad	\$8

PRO BAR WRAP PAD

- Protects shoulders and back during lifting exercises.
- Black nylon cover with high quality foam insert
- 14" Long

WE310 \$15

MANTA RAY

- Prevents painful pressure points during back squats.
- Durable polyurethane material
- Quickly snaps onto the bar
- Distributes weight over a larger area

WE3111 \$56

STING RAY

- Use the sting ray during front squats to relieve pressure on the shoulders.
- Durable polyurethane material
- Quickly snaps onto the bar
- Distributes weight over a larger area

WE3112 \$56

STEEL SPRING COLLARS

Traditional, functional steel spring collar

WT131 \$13

SOLID RUBBER BUMPER PLATES

Bumper plates are the ideal tools for any lift from a standing position. Designed to impact the ground without creating damage to the floor, these new plates are thinner for those who wish to lift larger loads.

- 100% Rubber plates with solid steel insert
- Fit any olympic-style bar
- Colored plates feature colors to help guide weight selection
- Plates are sold in pairs
- Standard plate size 18" diameter

ROLLING BUMPER STAND

- Rugged casters allow for easy transport
- Stores up to ten 45 lb bumper plates
- Removable center post for easy load/unload
- Laser cut 1/2" steel base

WE528 36"H x 24"W x 24"D, 25 lb \$170

FLAT UTILITY BENCH

- Constructed of 11 gauge, 2" welded sq-uare steel tubing. Fixed uprights
- Firm Foam Padding On 3/4" Plywood With Durable Stitch Seamed Vinyl
- Assembly Required

WE100 18"H x 16"W x 48"L, 32 lb \$166

WRIST STRAPS

Provides support for Olympic lifts, overheadwork, and bench presses.

WE31912 12" Wrist Straps \$17/pr
WE31924 24" Wrist Straps \$24/pr

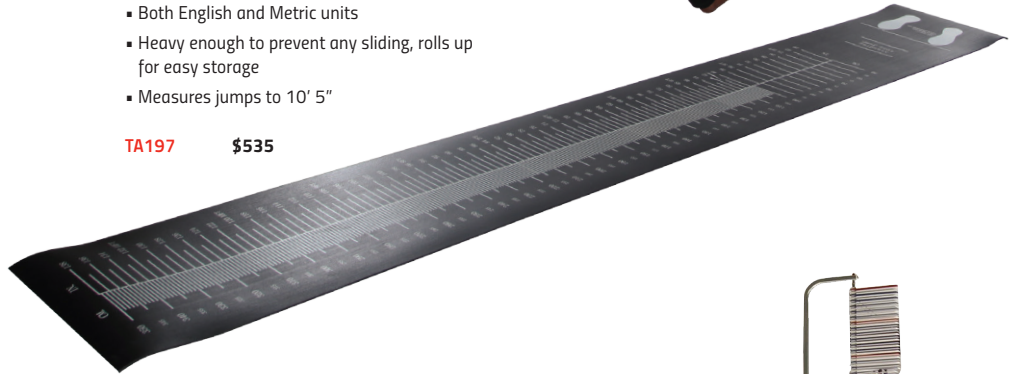

JUMP TRAINING & TESTING

STANDING LONG JUMP TEST MAT

- Non slip mat provides a soft landing surface that makes marking the distance of the jump easy
- Both English and Metric units
- Heavy enough to prevent any sliding, rolls up for easy storage
- Measures jumps to 10' 5"

TA197 \$535

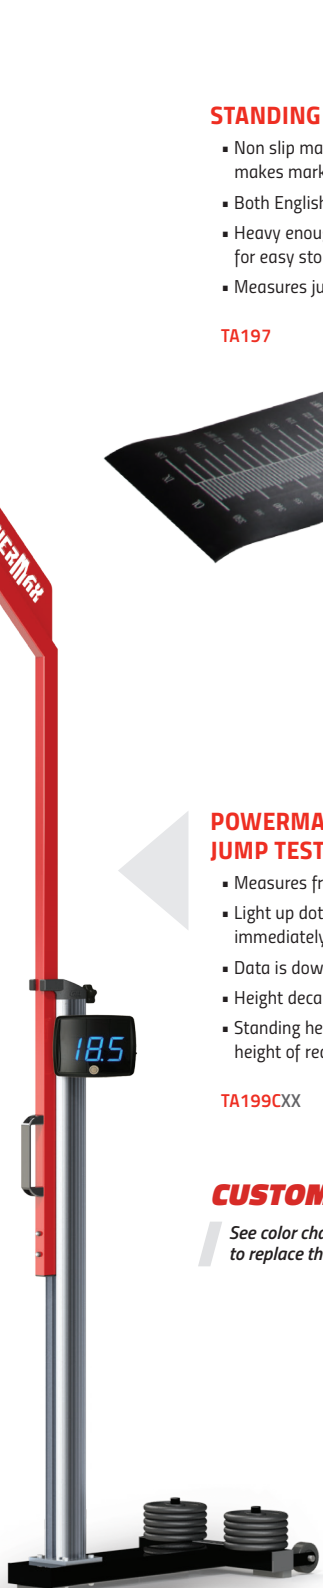

POWERMAX® ELECTRONIC VERTICAL JUMP TESTER

- Measures from 7' to 12' in ½" increments
- Light up dots on the height scale and digital display immediately show the exact jump height
- Data is downloadable to any computer
- Height decal offers quick "zero" marking
- Standing height measuring strip helps establish base height of reach prior to jump

TA199CXX \$1400

CUSTOMIZABLE

See color charts on page 79 to replace the XX in the item number.

VERTEC MEASURING DEVICE

- An effective, easy-to-use jump training tool
- Measures from 6-12'
- Height scale and color coded vanes offer half-inch measurement for immediate feedback
- Handy, attachable rod to align or reset vanes

TA195 \$674

STRIDE CHECKER

- Improve stride length and frequency
- 30M long with segmented markings
- Usable on most surfaces
- Includes storage bag

TA1695 \$45

PRO WRIST ROLLER

- Most effective way to strengthen hands, forearms, and wrists
- Heavy 12" long ø1.25" Pipes
- Clip on attachment for standard plates

WE312 \$47

COACH BEEPER

- Digital electronic cadence beeper
- Helps a coach to work more exclusively with additional athletes
- Enhances athlete's ability to train more effectively
- Enables athletes to concentrate on several critical training techniques to enhance speed and strength

TA145 \$999

VERTICAL JUMP TEST MAT

- Gives a true vertical height measurement
- Waist belt attaches to measuring tape (included) and to mat
- Fast, accurate, and easy to use

TA196 \$319

EXPLOSIVE CALVES

- Train while you play
- Adds resistance to movement involving contraction of the calf muscle
- Includes two knee straps and two 6" light elastic cords

TA16560 \$55

POWERWHEEL

Challenging unique exercises for your abs, obliques, back, hips and glutes

TA364 \$71

POWERMAX® ADJUSTABLE ANKLE WEIGHTS

Made of the same stretchable neoprene as our PowerMax Weight Vest these ankle weights can be adjusted to fit anyone.

TA1861 1 Pair, 5 lb Ankle Weights \$39

TA1862 1 Pair, 10 lb Ankle Weights \$48

FLEXIBILITY & REHAB

POWERMAX® BALANCE PAD

- Soft eva foam material
- Great for balance & coordination activities

TA1803 17"L x 10"W x 23/8"H \$31

ROLL-UP EXERCISE MAT

- Soft, durable foam with textured surface
- Roll-up for portability and storage

TA304 24"W x 70"L x .125"H \$22

TRIGGER POINT GRID ROLLERS

The grid foam roller features distrodensity™ zones, matrix technology, and an environmentally friendly design.

TA1835 13"L x 5"D \$44

AEROBIC FLOOR MAT

- Use for low impact situations
- Great for ab/floor workouts
- 3P compliant (California)

TA30826 42"W x 72"L x 2"H \$91

VAULT BOXES

ALUMINUM VAULT BOX

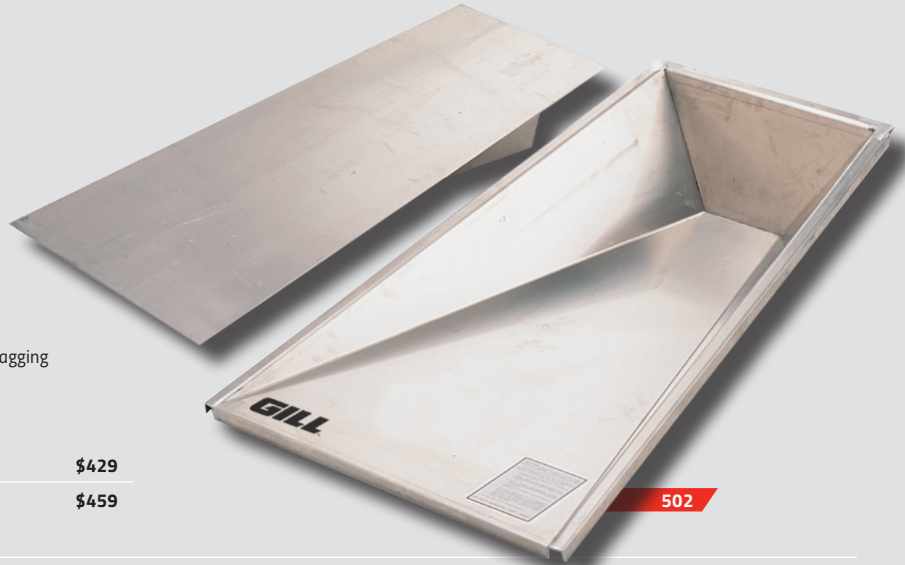

- Welded aluminum construction
- Reinforced backstop for prolonged life
- Once installed you will never have to remove it
- *Meets NFHS, NCAA and IAAF specifications, IAAF certified*

502  \$489

ALUMINUM VAULT BOX LID

- Compatible with all Gill vault boxes
- Reinforced with two 1/2" angled vertical supports to prevent sagging
- 50201: Recessed design for 1/2" (12mm) track surface
- 50202: Flush design with no added track surface

50201	Lid-Recessed Mount	\$429
50202	Lid-Flush Mount	\$459

STEEL VAULT BOX

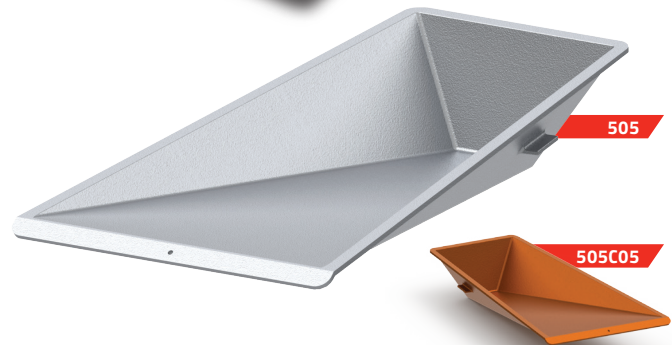

- Twelve gauge steel with fold and weld construction
- Flanged edges and flared sides for secure installation
- Finished with durable white powder coat
- *Meets NFHS, NCAA and IAAF specifications, IAAF certified*

500  \$359

UNIVERSAL VAULT BOX LID

- Compatible with all Gill vault boxes
- Constructed of 11 gauge hot rolled steel
- Features anti-slip designed surface
- Finished with durable white powder coat

503 \$309

STAINLESS STEEL VAULT BOX AND LID

- Box: Stainless steel alloy fold and weld construction for corrosion resistance
- Lid: 12 gauge 304 stainless steel plate with 2 angled vertical supports to prevent sag
- Lid: Recessed design for 1/2" (12mm) track surface
- Lid intended for use with stainless steel vault box for best corrosion resistance
- *Meets NFHS and NCAA specifications*

504	Vault Box	\$759
50401	Vault Box Lid	\$549

CAST ALUMINUM VAULT BOX

- 100% cast aluminum construction with a wall thickness of 3/8"
- Standard durable white powder coat finish; Orange powder coat option available
- Inside corners rounded for unhindered pole rotation
- Guaranteed against cracking or warping
- *Meets NFHS, NCAA and IAAF specifications, IAAF certified*

505	White 	\$799
505C05	Orange 	\$869

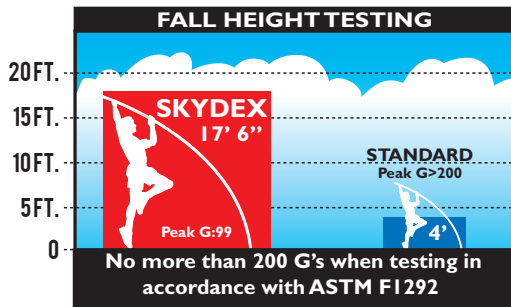

SOFTER IS SAFER

SKYDEX™ SOFT VAULT BOX

PATENTED SKYDEX MATERIAL

SKYDEX VAULT BOX VS STANDARD VAULT BOX

SKYDEX™ SOFT VAULT BOX

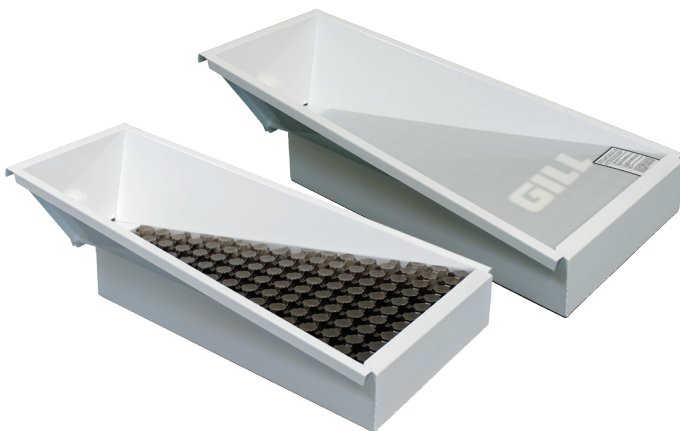

- Exclusive Skydex designed vault box represents quantum leap forward in pole vault safety
- Patented Skydex material greatly increases safety with no effect on vaulter experience
- Enhanced safety with integrated Skydex Smarter Cushioning technology in design of vault box
- Tests show fall of 17' 6" into Skydex box would equal 4' fall in standard vault box
- Redesigned for easier installation
- *Meets NFHS, NCAA and IAAF specifications, IAAF certified*

507	Vault Box	\$3000
50701	Vault Box Lid - Flush	\$649

SAFETYMAX™ VAULT BOX

- Tray is made of 12 gauge steel with box bottom utilizing Skydex Smarter Cushioning technology
- Thermoformed white HMWPE 1/8" sheet on top of Skydex material
- Enhances safety of pole vault event with no effect on vaulter experience
- When combined with 719 SafetyMax+ Vault Box Collar (page 12) creates the safest vault facility
- *Meets NFHS, NCAA and IAAF specifications*

TAKE-OFF BOARDS & CURBING

PREPARE FOR TAKE-OFF WITH GILL BOARDS

TAKE-OFF BOARD SYSTEMS

With the Gill Adjustable Take-Off Board Systems you get ease of installation, ease of use and dependable peak performance.

Gill Take-Off Board systems are the easiest and fastest boards to install in the market. **Complete system** comes with installation tray, adjustable folded aluminum base, reversible long lasting take-off board and foul board, and functional blanking lid ready to accept track surfacing.

- 8" take-off board and 4" foul board creates 12" system
- Exclusive easy-adjust leveling system for both horizontal and vertical axis
- Composite for longer lifespan
- Composite boards made of Polyboard®, an environmentally friendly, waterproof material that will not split or crack while offering jumpers great grip
- **Meets NFHS, NCAA and IAAF specifications**

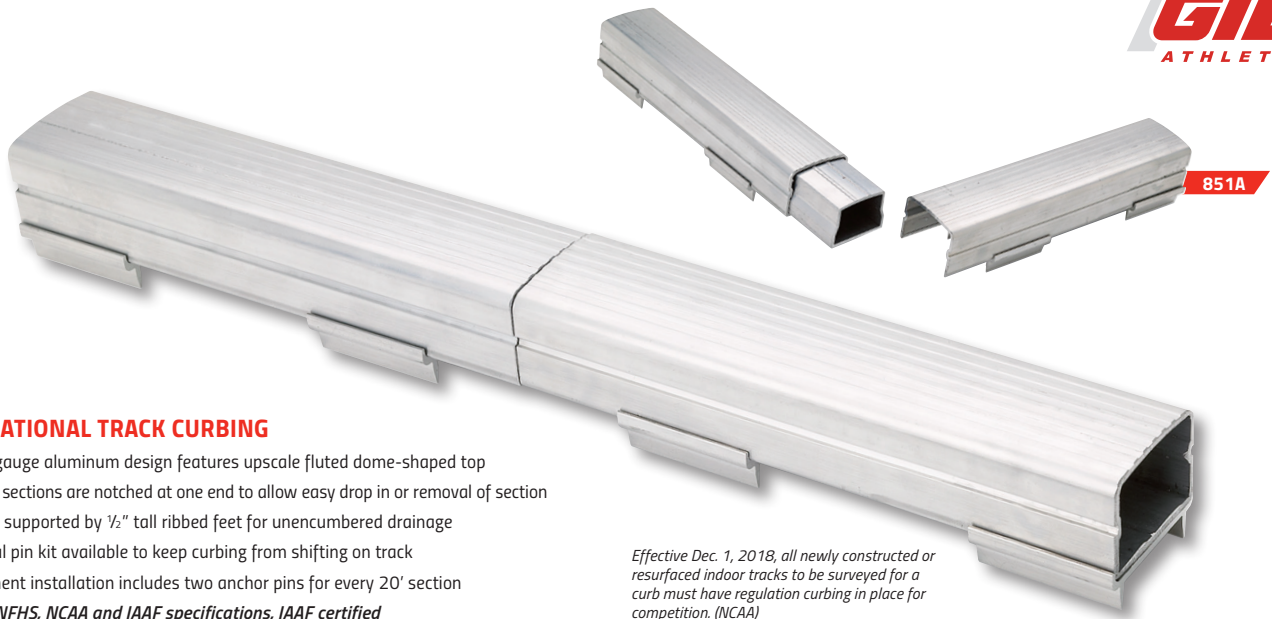

4350S	Complete NCAA System	\$885
4351S	Complete IAAF System	\$916
P435007	Replacement 4" NCAA Foul Board	\$54
P435107	Replacement 4" IAAF Foul Board	\$85
P435005	Replacement 8" Take-Off Board	\$143
P435205	Replacement 12" Take-Off Board	\$133
4352S	12" Take-Off Board and Tray	\$450
P435008	Replacement Leveling Base Board	\$318
435021	Replacement 12" Blanking Board Assembly	\$473
P435015	Replacement 12" Installation Tray	\$178
439	1 lb Plasticine Brick - Yellow	\$6.70

STANDARD 8" TAKE-OFF BOARD SYSTEMS

- 8" take-off board system
- Complete system: Installation tray, aluminum leveling board and reversible take-off board
- Composite for longer lifespan
- Composite boards made of Polyboard®, an environmentally friendly, waterproof material that will not split or crack while offering jumpers great grip
- Blanking lid sold separately
- Meets NFHS and NCAA specifications

444S	Complete Standard 8" Take-Off Board System	\$411
44420	Blanking Lid Assembly	\$107
44405	Replacement Take-Off Board	\$205
P44402	Replacement Leveling Base Board	\$213
443	Replacement Installation Tray	\$360

INTERNATIONAL TRACK CURBING

- Heavy gauge aluminum design features upscale fluted dome-shaped top
- Curbing sections are notched at one end to allow easy drop in or removal of section
- Curbing supported by ½" tall ribbed feet for unencumbered drainage
- Optional pin kit available to keep curbing from shifting on track
- Permanent installation includes two anchor pins for every 20' section
- *Meets NFHS, NCAA and IAAF specifications, IAAF certified*

Effective Dec. 1, 2018, all newly constructed or resurfaced indoor tracks to be surveyed for a curb must have regulation curbing in place for competition. (NCAA)

NON-PERMANENT INSTALLATION CURBING

851A	Plain		\$9.30/ln ft
852A	Anodized		\$14/ln ft
852P	Powder Coated		\$12/ln ft

854P	Powder Coated		\$14/ln ft

CUSTOMIZABLE

*Gray and Black powder coat available in Gloss or Flat

HIGH SCHOOL TAKE-OFF BOARD SYSTEM

- 19 ½" take-off board system
- Complete System: Installation tray, aluminum base board, and reversible take-off board
- Composite for longer lifespan
- Composite boards made of Polyboard®, an environmentally friendly, waterproof material that will not split or crack while offering jumpers great grip
- *Meets NFHS specifications*

441TS	Complete HS System	\$463
44105	Replacement 19 ½" Take-Off Board	\$115
442	Replacement Installation Tray	\$442

CONVERSION BOARD

- Convert a Gill 19 ½" take-off board system to an 8" system
- Includes 8" composite take-off board, black vultrak, and baseboard

441C \$299

SAND PIT FORMS & COVERS

Sand pit forms hold more than just sand, they hold value. With four different options of Sand Catcher locations and two practical Sand Catcher Cover options, you can design the horizontal jump facility that will perfectly meet your needs.

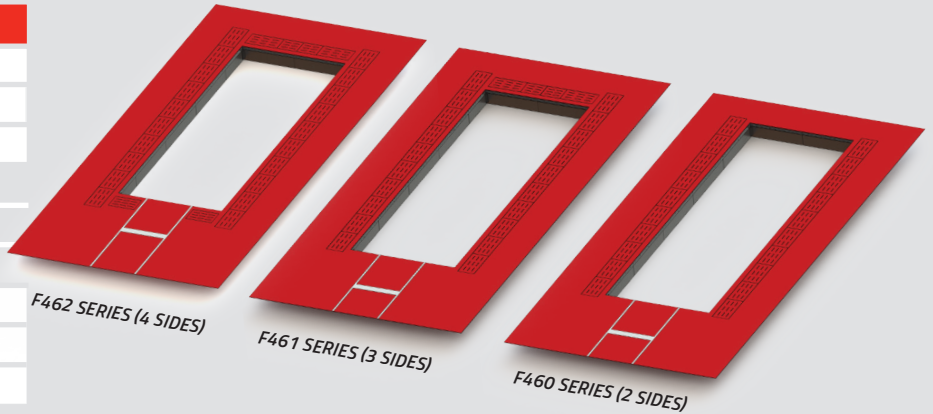

Choose from one of four sand catcher locations: no sides, two sides, two sides and back, or all four sides. Choosing Sand Catchers on the sides will cut unnecessary costs and eliminate potential trip hazards, providing more than ample storage space for overflow sand.

Choose from one of two Sand Catcher Cover systems: traditional grate and mat or Gill (exclusive) Recessed Lid. When you consider the main function of a Sand Catcher system is not to catch sand but to store it, the Recessed Lid system is rapidly becoming the choice of facilities worldwide, as it is designed to receive track surfacing to match your track facility. When coupled with the 730148 Aluminum Sand Pit Cover, a complete logical design emerges for your world class jumps facility.

No matter which combination you choose; with the Gill Functional-Form, you can rest assured that you have chosen the finest product (with the easiest installation) available.

9453	Graphic Option	\$699

TRADITIONAL GRATE & MAT SAND CATCHER COVER SYSTEM

- Combination of 1" x 1/8" galvanized steel bar grating and perforated rubber overlay
- Creates strong combination for stamping off sand yet light enough for easy handling
- Standard unit measures 18" x 36" x 1 5/8" and requires a ledge around perimeter to rest on
- For perfect fit, installer may make one or more field cuts
- Sold per 18" x 36" sections only

730149	\$165/section
--------	---------------

RECESSED SAND CATCHER COVER SYSTEM

- Recessed cover design for 1/2" (12mm) track surface
- Constructed of 1/8" aluminum sheet metal
- Standard unit measures 18" x 36" and requires a ledge around perimeter to rest on
- Special lengths available between 18" and 35" long

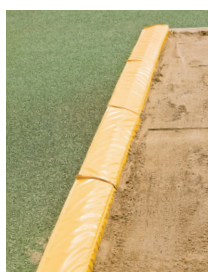

73015036	\$159/section
----------	---------------

LJ/TJ ALUMINUM SAND PIT COVER

- Each panel made from 9.5" x 1.75" x .125" aluminum planking framed with 2 3/8" x 1 1/2" x 3/16" aluminum angle
- Panels have four flush mount handles
- Recessed design for 1/2" (12mm) track surface

730148	\$34/sq ft
--------	------------

PERIMETER PADDING SYSTEM

- Greatly reduce possibility of injury caused by impact with sand pit edging
- Modular pads install on any sand pit quickly and conveniently
- Critical location of pads is along sides of sand pit
- Each pad is 36" long

730	\$85

STEEPLECHASE

FUNCTIONAL-FORM STEEPLECHASE WATER JUMP SYSTEMS

Gill Athletics has greatly simplified the installation of steeplechase water jump reservoirs with these Functional-Form systems. With the Functional-Form, installation precision is ensured to meet NFHS, NCAA and IAAF specifications. Structure is fabricated of specially folded 1/8" aluminum to maximize strength and includes designed inner wall supports that allow the concrete to flow through and set evenly.

- F500: Compatible with 740144 water jump barrier
- F510: Compatible with 740134 water jump barrier
- Both models compatible with 730146 aluminum water jump cover
- Both models come standard with valve option: installed front wall valve to be connected with an outgoing pipe to the drain source
- Meets NFHS, NCAA and IAAF specifications

F500 Surface Mount Form **\$5510**

F510 Ground Sleeve Form **\$5510**

HAMMER CAGES

WHY BUY GILL HAMMER CAGES? SAFETY, CONVENIENCE, & LONGEVITY!

Gill hammer cages have three exclusive features that increase safety and decrease liability. These features combined with an industry best five year cage warranty from Gill Athletics keeps your facility at the top of the class. Doesn't your facility deserve the best?

WIRED FRONT DOOR DESIGN

With a wired front door design your cage will look new for years to come. No more bent front pole from errant throws, and decrease the likelihood of bounce backs from implements.

DOOR HINGE LOCK BOLT

Suggested from the top track designer in America, this unique feature keeps your front doors from tweaking and misaligning from the door hatch location.

REAR DOOR ACCESS

Keep your athletes away from the danger zone of the front cage while increasing the speed of repetitions.

GILL 5 YEAR LIMITED WARRANTY

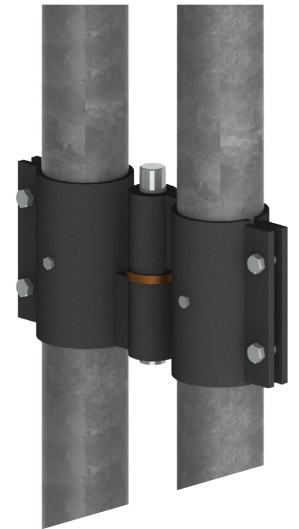

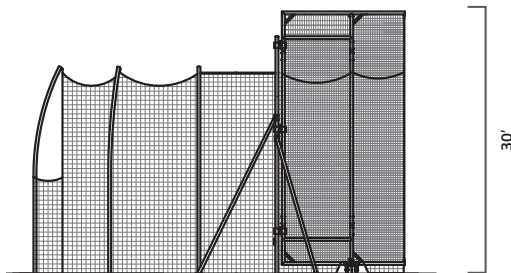

On all Cages. Call for Details.

CUSTOM COLOR OPTIONS AVAILABLE

VERSACOM BOXES

CONNECTING IT ALL TOGETHER

The *VersaCom Box* provides a junction for electricity and cable hookups. This box can be put in virtually any location around performance areas of varying surfaces. The open bottom of the *VersaCom Box* provides adequate drainage and conduit entry, while the hand holes in the cover allow easy access.

- Divider plates in full size version, provided to help keep electrical equipment segregated
- Main box structure is made of 1/4" thick folded aluminum
- Lid is constructed of 1/4" aluminum plates for maximum support and durability

The *VersaCom Box - Synthetic Version* allows material to be bonded or poured onto the top of the lid to match the surrounding surface. The F91033 and F93033 versions have black Vultrak bonded to the lid. This addition is usually for asphalt applications (this material can also be painted).

The *VersaCom Box - Turf Version* features a supplied aluminum top to allow artificial turf to be glued on the jobsite, and is tethered to the box. This top is reinforced with multiple aluminum plates for maximum strength and durability. Factory installed turf infill retainment brushes keep infill out of the box.

SOLD SEPARATELY

VERSACOM RISER

The *VersaCom Riser* has the same dimensions as a full-size *VersaCom Box*. The riser attaches to the bottom creating a box that is twice as deep.

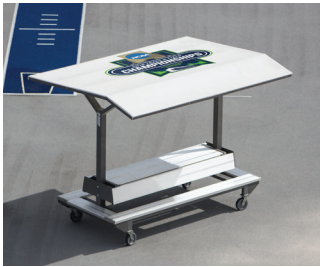

F90010 *Versacom Riser* **\$499**
