

C. Present pricing in accordance with the instructions in the “Pricing” section for each relevant boldface component.

For each component offered, present valid pricing for the required term.

ESCNJ expects that each provider will offer co-op discounts from retail pricing. Our objective is to provide the best pricing in New Jersey for the components offered by responding providers.

If pricing is proposed as a package deal, detail what is included.

If pricing is based on hourly rates, be clear about the quantity and type of labor required to perform the work in question. If required, present a matrix of tasks and hours to complete various tasks.

Providers are encouraged to offer bundled services as part of a better deal, but providers also **MUST** allow for the separate purchase of each category, gear or indicator listed below.

Pricing must identify and include any additional taxes and fees, surcharges or additional costs. Identify any non-recurring fees or additional expenses. In other words, pricing must be all inclusive. Acknowledge and verify.
