# Made in the USA

Amid all the hustle and bustle of one of the fastest growing towns in Iowa, you'll find the Mi-T-M Corporation. The thriving community of Peosta is home to this American manufacturing success story. From the very first pressure washer built in 1971 in the garage of company founder and CEO, AJ Spiegel, to 2018 where equipment is manufactured in a modern one million square foot complex, the success is defined by nearly 400 dedicated employees. Employees who, with the help of state-of-the-art equipment, bend and laser-cut steel, weld, powder coat and assemble equipment every day. The rhythmic and steady hum of manufacturing reminds us of what the opportunity to build equipment in Peosta really means. It means agility and flexibility and never compromising the quality of Mi-T-M equipment.

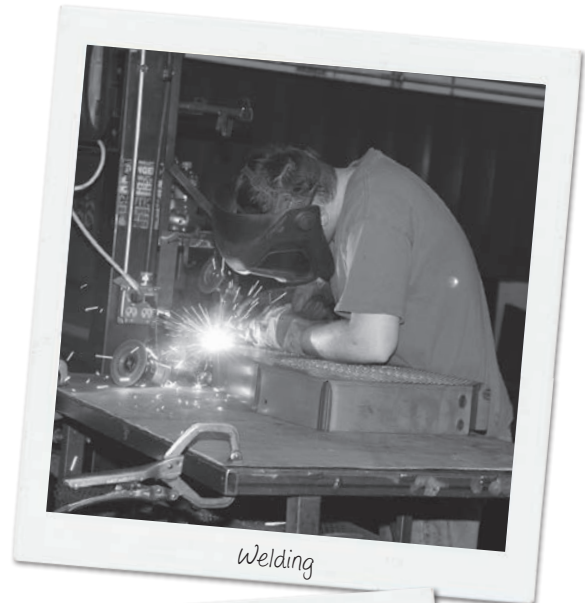

We're fortunate to have partnered with outstanding companies who supply high quality components for our equipment. We demand the best and we get the best. Engines, pumps, hoses and a variety of parts are delivered to Peosta and assembled in the best built equipment in our industry.

Manufacturing equipment right here in the middle of America has a special meaning to all of us, but most importantly, it means an economic future for 400 loyal employees. Mi-T-M is committed to our local workers and building stronger economies. We are proud to state we manufacture and assemble our products here in the USA.

- Totally enclosed fan-cooled electric motor (3000-PSI model)
- Open drip-proof motor (2500-PSI model)
- Belt drive triplex piston General pump with ceramic plungers
- Stainless-steel and brass unloader with preset pressure
- Stainless-steel base and frame with rubber isolators
- Time delay shutdown
- 1 year limited electric motor warranty
- 10 year limited General pump warranty

### Heat Exchanger:

- Heat exchanger with stainless-steel coils in aluminum casings
- Used for consistent and efficient on-demand hot water
- Revolutionary cartridge design
- Eliminates constant cleaning
- Eliminates heat loss
- 120°F to 130°F temperature rise above in-take water, obtained within 3 to 5 minutes
- Adjustable thermostat
- On/Off power switch
- Powder coated steel frame

## HG Series Natural Gas/LP Belt Drive

HG-3004-3460

- Open drip-proof motor
- Belt drive triplex piston General pump with ceramic plungers
- Factory preset trapping unloader
- Powder coated steel side panels and frame
- 21-inch draft diverter, 10-inch opening
- 1 year limited electric motor warranty

## Detergent Injectors

AW-8400-0021

50-0161

### Low Pressure Detergent Injectors

- Solid brass body with stainless-steel orifice
- Quick connects for easy installation

### High Pressure Detergent Injectors

- Brass and stainless-steel construction
- Steel mesh in-line water strainer
- 2.0 to 6.0-GPM operating capacity

PART NUMBER	DESCRIPTION	LIST PRICE
AW-8400-0021	Low pressure injector - 4500-PSI	\$87.00
AW-8000-0001	Low pressure injector - 3500-PSI	\$608.00

## Pump Oil & Pump Saver

AW-4085-0016

AW-4070-0004

### Pump Oil

- Specially design for pressure washer pumps
- Contains rust and corrosion additives, anti-wear additives, foam suppressant and dispersant for system cleanliness

### Pump Saver

- For use with all pressure washers
- Protects pressure washer when not in use

PART NUMBER	DESCRIPTION	LIST PRICE
AW-4085-0016	Pump oil - 1-pint bottles, 6 or 12 per case	\$11.00
AW-4070-0004	Pump saver - 16-oz. bottle	\$24.00

## Long Range Chemical Nozzle

- Has a range of 30-feet while drawing chemical

PART NUMBER	DESCRIPTION	LIST PRICE
18-0373	Long range chemical nozzle	\$8.00

# Nozzles & Extension Wands

## Rotating Nozzles

AW-7510-0035

- 0° spray pattern with a 25° coverage
- Quick connect and filter included
- Note: Consult factory for correct orifice size and repair kits

PART NUMBER	DESCRIPTION	LIST PRICE
AW-0018-0375	7300-PSI maximum rating, fits CWC-6004 & CWC-7004	\$1,092.00
AW-7004-Series	6000-PSI maximum rating	\$378.00
AW-7500-Series	6000-PSI maximum rating	\$309.00

AW-7510-0004	5100-PSI maximum rating, 4.0 orifice size	\$230.00

## Multi-Function Nozzles

AW-7200-0035

- Six nozzles in one: 0°, 15°, 25° and 40° plus soap and rinse
- Stainless-steel nozzles

PART NUMBER	DESCRIPTION	LIST PRICE
AW-7200-0035	4200-PSI maximum rating, 3.5 orifice size	\$48.00
AW-7200-0004	4200-PSI maximum rating, 4.0 orifice size	\$48.00

## Extended Reach Wands

### Fiberglass & Aluminum Wands

- Professional-grade trigger gun with safety lock-off
- Complete with quick connects
- Compatible with all makes of pressure washers up to 4000-PSI

### Fiberglass Wands

- Available in 12, 18 or 24-foot lengths

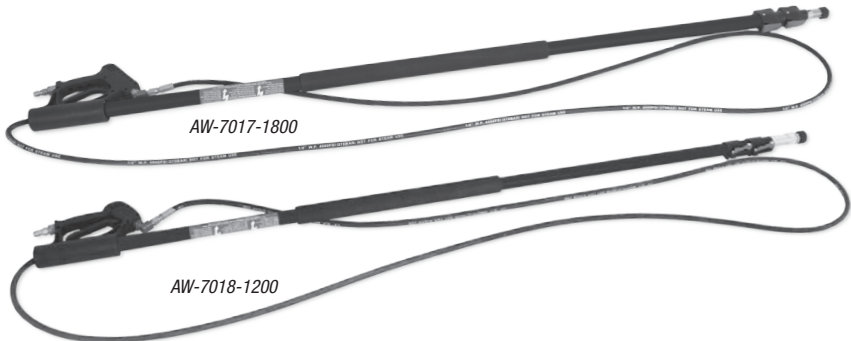

### Aluminum Wands

- Available in 18 or 24-foot lengths
- Lever locks
- Includes belt for additional support

### Telescoping Wand Belt

- Works with both fiberglass and aluminum wands
- Includes three plastic snap-on clips that snap to your shoulder, waist and wand
- Reduces fatigue and strain on operator

PART NUMBER	DESCRIPTION	LIST PRICE
AW-7018-1200	Fiberglass wand - 12-foot	\$288.00
AW-7018-1800	Fiberglass wand - 18-foot	\$341.00

As a company we continually strive to seek advancements in technology, therefore the design of the Mi-T-M water trailer may change after the publication of this catalog.

## PWR Series

The Portable Water Recovery Series is the ideal tool for remote cleaning applications. The compact design makes it an easy addition to trailer packages. The PWR Series allows for wash water to be reclaimed on the jobsite. Water is reclaimed by using the 20-foot water berm (included) to stop water from flowing down a drain or away from your area. The suction head draws wash water into a holding chamber where a second pump forces the water through an optional 10-micron bag filter before returning it to a holding tank for reuse, or proper disposal.

### System Includes:

- 1/3 HP transfer pump
- Oil absorbing boom/sock
- Vacuum tank drain
- 3-stage vacuum motor
- Stainless-steel suction head
- Cam lock fittings
- 50-foot vacuum hose
- 55-gallon capacity
- 20-foot water berm
- 1 year limited warranty on all components
- 1 year limited motor warranty
- 1 year limited transfer pump warranty

## 80 & 120-Gallon – M Series Two Stage Electric Simplex & Duplex

ACS-23105-80VM

- Powder coated ASME coded 80 or 120-gallon receiver tank
- Quality two stage compressor
- Stainless-steel braided discharge hose
- Magnetic starter for thermal overload protection
- Hour meter
- 1 year limited electric motor warranty
- 2 year limited pump exchange warranty

### These standard features are what sets the M Series air compressors apart from our standard line-up.

- Air-cooled after cooler removes up to 65% of moisture and drops temperature within 10°F of ambient
- Low oil sensor does not allow unit to start when oil levels fall below an adequate level
- Tank drain automatically drains liquid from the air receiver
- Vibration isolator pads protect the tank from stress

# Building an Efficient Air System

## Building an Efficient Air System

Compressed-air-powered equipment and machinery are critical elements in the productivity, efficiency and economy of today's industry. Quality air is the essential element for effective operation of this equipment. Water and dirt can cause major problems in compressed air lines. The use of filters that remove moisture and impurities from the air help high-speed pneumatic production lines operate more efficiently. Regulators and lubricators may also be added to control and lubricate downstream equipment. A quality air system can save time, money and keep equipment operating at maximum efficiency.

- Company profile including Who's Who at Mi-T-M
- A listing of service centers throughout the country

## Sales Policy

Products are sold through authorized Mi-T-M Dealers, National Accounts and Original Equipment Manufacturer's (OEM) as recognized by Mi-T-M. All new customers must complete a credit application. Mi-T-M will perform a credit check, and upon approval the customer will receive an account number and a line of credit.

## Production Schedule

Customers can anticipate a lead time of one week for cold water pressure washers, air compressors, air compressor/generator combinations, air compressor/generator/welder combinations, portable generators, portable heaters, jobsite boxes, wet/dry vacuums and water pumps; a two week lead time for hot water pressure washers. Special units will require additional lead time.

## Shipping

Orders shipped without specific shipping instructions are shipped "best way" as determined by the Mi-T-M shipping department. Mi-T-M assumes no responsibility and makes no guarantees regarding air freight deliveries. Please allow seven working days before requesting tracking on lost or late shipments. In an effort to deliver Mi-T-M products to our customers in a timely manner, Mi-T-M developed a program where whole goods (pressure washers, air compressors, air compressor/generator combinations, air compressor/generator/welder combinations, portable generators, portable heaters, jobsite boxes, wet/dry vacuums and water pumps) and parts are shipped from separate locations in our facility. Our freight policy has not changed. Our customers are still responsible for outgoing freight on parts and whole goods. This may be altered by any minimum qualifying freight programs. Our goal is to process all orders as soon as we receive them, our system will no longer allow additional items to be added to a previously processed order. Any additional orders will be handled as new orders.

## Freight Terms

- All water treatment systems and parts – F.O.B. Peosta
- Any combination of pressure washers, air compressors, air compressor/generator combinations, air compressor/generator/welder combinations, portable generators, portable heaters, wet/dry vacuums or water pumps – may qualify for prepaid freight
- Jobsite boxes – prepaid on 1,000 lbs. or more
- Parts – prepaid and add
- Detergents – prepaid on twelve cases
- Trailer units – prepaid and add

## Warranty

All warranty claims and returns of goods for repair shall be governed by the express terms of the Mi-T-M warranty, as provided in the conditions of our warranty, and limited to the replacement of defective parts, as provided in the conditions of the Mi-T-M warranty. To submit a warranty claim online go to [www.mitm.com](http://www.mitm.com) and click on Warranty Claims (top right corner).

## Merchandise Return

Mi-T-M must be contacted before any product is returned. The customer will receive a Returned Goods Authorization (RGA) number prior to the item being returned. Mi-T-M reserves the right to refuse returned products. Products must be in new and resalable condition. Products must be current production components. All products must be returned freight prepaid at shippers expense. Products returned C.O.D. for any reason will be refused. Credit not to exceed original purchase price will be issued for approved returned products. Returns are subject to a 20% restocking fee.

## Submission of Claims

All damages to merchandise – either internal or external – must be reported to the carrier shipping such merchandise, to permit an inspection report to be filed immediately. Claims of shortage of cartons, crates or boxes must be properly submitted to the carrier; claims for errors or shortages of contents must be submitted to Mi-T-M within 24 hours after delivery of such merchandise.

**In a continued commitment to improve quality, Mi-T-M reserves the right to make component or design changes when necessary.**
