LOCKER FINISH CATEGORIES:

Please fill in pricing if the lockers in the below Market Baskets have the following finish options. Please put the price in below for each Market Basket with the correlated finish option.

- A. **HAMMERTONE PAINT FINISH:** For added rust and corrosion prevention, finish on this locker type to be Sherwin Williams, two-part 1-4 Millimeter thick Hammertone (valley-1 millimeter/peak-4 millimeter) paint finish as made by Sherwin Williams. Color to be selected from manufacturer's standard list of colors.
- B. **TWO-TONE COLOR COMBINATION (FRAME/DOOR):** Provide the locker body, frame and trim chosen from one color and the doors to be any other color from manufacturer's standard selection.
- C. **ANTIMICROBIAL FINISH:** All locker parts to be cleaned and coated after fabrication with a seven stage zinc/iron phosphate solution to inhibit corrosion, followed by a coat of high grade powder specially treated with an antimicrobial formula and baked at 325 degrees Fahrenheit for a minimum of 30 minutes to provide a tough durable finish. Color to be selected from manufacturer's standard list of colors.
- D. **GALVANITE FINISH:** All sheet steel for this locker type shall be prime grade galvanized sheet steel free from surface imperfection, capable of taking a high-grade powder finish and in compliance with ASTM A653 with an A40 coating thickness.
