General Announcements

Quick Pick Packages are full machine packages, available on 4WD models only, designed to reduce complexity, offer additional discounts and speed up the ordering process by implementing the most popular options into the configuration. Once a package is selected, you can then select the required buckets and attachments to go along with your unit. For TLB Quick Picks, additional "bolt on" options that are independent of other major components can also be selected/modified:

Front/Rear tires, Front Fenders, LED lights, Stabilizer Pads, Operators Manual Language. Move to BIC. Keep in mind, it is not possible to add to, remove from, substitute for or otherwise modify the primary options in the packages once they are selected. This includes adding a Special Feature. Doing so will eliminate the discount and force you to order "A La Carte". You will still have the option to order a machine with any configuration you'd like, however you will miss out on the additional discounts and may experience longer lead times. If a machine is being ordered for a government bid that doesn't match a Quick Pick, first try to convert to a quick pick package and if you're not able to, select "YGR Order" which will allow you to configure the order as needed without losing the discount except on 2WD orders, 2WD orders are not available to take the "YGR Order" code. All YGR orders will be audited for qualifications. Since character spacing is limited when creating Price Books, the names of the Quick Pick packages are designed to offer insight as to which major options are included. For example, 1CAB FT PS 2WAY is a package that includes a one-door cab, foot swing controls, Power shuttle transmission and 2-way auxiliary hydraulics. Additional options are also included in the packages but the title is designed so you can quickly decide where to start based on your preference to choose a ROPS/CAB, Power shuttle vs. PowerDrive transmission, etc. Below is a chart describing the abbreviations:

ROPS	Backhoe Controls	Transmission	Backhoe Aux Hyd	Sequential
ROPS	Foot Swing	Power Shuttle	Standard Stick no Aux	1
1-Door Cab	Tow Lever Mechanical	Power Drive H-Type	EHOE no Aux	
2-Door Cab	Pilot		Standard Stick One Way Aux	
			EHOE Two Way Aux	
			EHOE Two Way Aux and Hyd Coupler	

There are some Quick Pick packages with the same heading, for example 2CAB PLT PDH 2WAY. To identify that the packages are different, a sequential number 1 was added to the end showing this package has addition features. For Example, 2CAB PLT PDH 2WAY is the most basic package and 2CAB PLT PDH 2WAY1 would have additional items the first package did not.

General Information

Prices shown herein are suggested prices only and in no way are they to be construed as limiting or restricting the dealer in his determination of the ultimate retail selling price. It is understood that the dealers are free to determine their selling price. Subject to any Federal, State or local laws.

Where shown herein liquid capacities are U.S. measure unless otherwise noted.

ADVANCE FREIGHT

Advance freight will be added to the machinery invoice as a separate net charge for machinery shipped from field locations or from other than specified Ex Works locations.

PRICES

Prices are Ex Works factory, where the goods are manufactured, except where noted. For detailed information concerning prices, please refer to your OPERATING GUIDE.

Prices and specifications are subject to change without notice.

CONTENTS OF ORGANIZATION

Case Construction Equipment Inc issues price lists and revisions covering each Case contract. U.S. Price List is published in U.S. funds. Canadian Price List is published in Canadian funds. Assure that you are using the correct price list. The Canadian price lists are denoted by a Maple Leaf on the price list cover page and the symbol "(CDN)" is printed at the head of the Factory Supplied Attachments List columns.

Freight, duty and sales taxes are NOT included in any wholegoods or attachment prices shown in the price list. Any appropriate freight, duty, Federal, State, and Provincial taxes will be added to the machinery invoice as separate net charges.

PROCEDURE

The price pages for each machine (or group of machines) lists both "Factory" and "Factory Supplied Attachments".

Each price list is comprised of the various machines sold under that contract. Each price book section has "Factory", "Factory Supplied Attachments", or "Third Party Supplied Attachments" pages. When ordering and pricing a machine follow the ordering instructions listed for that machine. Attachments listed following the "Factory Supplied Attachments" or "Third Party Supplied Attachments" heading are available for installation in the field.

ATTACHMENTS

Expect Attachments to be shipped within 2 -3 weeks from order entry.

General Information

DISTRIBUTION OF PRICE LISTS / REQUESTS FOR ADDITIONAL COPIES

Price lists will be provided electronically via that Dealer Portal.

Contact information for additional copies of Case Construction Equipment Price Lists

Additional price lists, divider tabs and binders may be ordered at the Document Management Center. From Dealer Portal click on Tools then Document Management Center link. Any questions you can call the Document Management Center at 262-636-7540

You will only receive price lists for contracts covered by your current Dealer Agreement with the Company.

The revisions are dated and are effective as of that date. However, PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.
