# PORTABLE FENCING

## SPORTSPANEL PORTABLE FENCING

Designed for portability, SportPanel portable fencing is lightweight, durable, weather resistant, and economical. SportPanel transports easily and installs quickly. Outfield Fencing incorporates TechnoTip™ folding elbow joint system. Each panel withstands the impact of players, allowing fence panels to tip over and fall flat, without breaking, reducing the likelihood of injury to athletes. Its unique On/Off feature prevents premature panel tip over and interruption of play on windy days. Simply insert a peg into the On/Off switch and panels are locked in an upright position. Each fence panel is 44" H x 10'6" W and features lightweight, durable PVC with UV inhibitors. Panels come with crowd control or techno tip hinges. Panels are available in White or Black with White or Yellow tops.

# PRIVACY SCREENS

## ROLLOUT/PRIVACY SCREEN

Our windscreen is 100% polyethylene engineered to provide site barrier, windbreak, shade, crowd control and privacy. Panels can be attached to chain link fences with plastic wire ties, "S" hooks, or hog rings. When properly installed, taken down, and stored our UV stabilized panels can be re-used for many years. Our unique knitted construction will not fray or ravel as result of a puncture, tear or rip in the fabric. The knitted panels can be attached right off the roll or can be re-enforced with tape and grommets.
