## MATCHING COLORS:

There is no known process which can positively regulate the final results when cotton, polyester or nylon yarns or cloth are dyed. Even though the finest dyes and quality assurance processes are used, each lot may absorb the color in a different manner and vary in shading when finished. Every possible effort is made to match colors as closely as the peculiarities in dyes and dye action will permit, but the situation is not controllable. All orders are handled by us with the understanding that the purchaser realizes these conditions and accepts

the responsibility for any variations within standard tolerances. Fabric of 100% polyester or polyester blends in dark shades contain dyes that may tint light colors of Twill. Rawlings® will not assume responsibility should this occur. Sublimation: Color differences between sublimated and non-sublimated fabrics may occur. This phenomenon is known as a metamerism effect.

VaporFusion™ is the process of fusing ink into fabric fibers to create permanently bonded colors. This state-of-the-art equipment is used to decorate Rawlings' finest premium fabrics and twill. VaporFusion™ is lighter, faster, and more durable.

## SUBLIMATED TWILL

- Twill just got faster – 24% lighter than standard 1 color twill
- Twill just got more functional – has more “give” than standard twill applications
- Twill just got more personal – boundless customization with 30+ colors

## VAPORFUSION™ STOCK FOOTBALL SLEEVE STRIPING PATTERNS

When ordering sleeve stripes, specify colors from sleeve end to shoulder

Sleeve stripe patterns showing red and blue stripes in which the red and blue colors do not touch, are also available as a one color sleeve stripe pattern. White indicates fabric showing through. For youth sizes medium and smaller, Rawlings cannot guarantee the fit of sleeve stripe patterns greater than 3 1/4" tall. If size adjustments are necessary, the customer will be notified. Rawlings cannot guarantee fit of sleeve stripe and sleeve TV number combinations when the combined height of the artwork is greater than 6". Fit of TV numbers and sleeve stripes varies per jersey size. Please ask your customer service or sales representative for assistance.

### PLACEMENT:

2" up from the bottom edge

## VAPORFUSION™ STOCK FOOTBALL SLEEVE STRIPES WITH MASCOTS

See page 86 for more mascot options

All standard mascot sleeve stripes offered in 1 or 2 color with Pattern #2 sleeve stripes. Two color orders must be ordered as pictured with the top and bottom sleeve stripes and mascot as the first color and the middle stripe as the second color. If the design or color scheme is altered, the artwork will no longer be standard, but rather a custom order.

These drawings are for illustration purposes only. Rawlings® and its affiliates expressly disclaim any rights in these mascot drawings. The customer is solely responsible for obtaining permission or a license to use proprietary marks.

NOTE: All standard mascot sleeve stripes are available in the sleeve stripe Pattern #2 only.

**EEL** - Add extra length, 1" or more

**CLSU** - Rib Knit cowl insert available on custom 905547 style, 3" Adult, 2" youth

### BODY OPTIONS

OP13

American flag patch on jersey or pant/short

### NAMEPLATE OPTIONS

OP8

Arched nameplate attached

OP9

Straight nameplate attached

OP10

Arched or straight nameplate not attached

# APPAREL OPTIONS

## TRIM ORDERING DETAILS:

Trim striping patterns: For neck and arm trim specify colors working from the outer edge to the edge closest to the body of the garment. For side trim, specify colors to go from front to back.

When ordering the CLSU option, specify colors from the sleeve to the jersey body.  
 Note: Rib knit not available on newer pro/lineman cuffs

SG	Silver Grey
W	White
B	Black
GR	Graphite

## HOW TO MEASURE:

**Chest** - The tape should be placed under the arms level across back muscles and chest. Have the person take a deep breath when reading the measurement.

**Waist** - The tape should be placed around the waist above the top of the hip bone. It should be positioned approximately where the person wears a belt.

### NOTES:

1. Always use a cloth tailor's tape when taking body measurements. Place the index finger and middle finger between tape and body while holding the tape with thumb.
2. For circumference measurements of the body, the tape measure should not be pulled too tight.
3. For garment size, use the tape measurement to the next largest inch.
4. Garment sizing is determined from the actual body measurements. A specific size garment, e.g. size 42, is designed to fit a body with a chest measurement of 42".

The actual size of the pattern and garment will be determined by:

- a. Requirements of the sport (designed for loose or tight fit).
- b. Type of fabric intended for the garment design.
- c. Special garment styles or designs. When the above adjustments have been factored into the pattern, the garment should fit the proper size body as indicated on the size label of garment.
- d. The type and size of pads worn by the player

Rawlings® reserves the right to refuse to manufacture any order. The purchaser must maintain the right to reproduce, or have reproduced, proprietary or protected commercial property.

Note: These charges are in addition to the regular price per order and are suggested retail prices.

## **WASHING GUIDE**

### **DO WASH UNIFORMS PRIOR TO FIRST USE AND IMMEDIATELY AFTER EACH USE.**

Naturally occurring PH levels in sweat may cause dye migration in first use. We recommend a detergent similar to Tide™ for cold water to help decrease the chance of this happening. Prior to washing in cool water, turning the garments inside out will help preserve Twill, Perma-Print®, and Embroidery. Claspings Velcro® prior to washing may help prevent snagging or picking.

**DO NOT WASH UNIFORMS WITH OTHER ITEMS.** Bleeding may occur.

**DO NOT USE BLEACH.** Bleach will deteriorate fabric fibers and may cause color loss.

**DO NOT OVERLOAD WASHER OR DRYER.** Hang dry is recommended for best results. In the dryer, overloading may cause the uniforms to stick together, especially those with Perma-Print® ink. Remove garments immediately after both wash and dry cycles. To avoid static and lint build-up, use an anti-static agent such as Bounce® Dryer Sheets.

**DO NOT EXPOSE UNIFORMS TO HIGH HEAT.** Excessive heat is the enemy of your uniform. Washing too hot, heat presses, ironing, dry cleaning, or heat transfers may cause dye migration and may break down fabric fibers. Also excessive heat, especially in dryers, can cause shrinkage above normal tolerances, cause Perma-Print® ink to crack, and Twill to wrinkle. If you use a dryer, please use a "damp dry" or "air dry" setting.

**DO STORE IN A DRY, ROOM TEMPERATURE AREA, AWAY FROM DIRECT SUNLIGHT.**

Excessive sunlight may cause discoloration.

Heavily soiled garments (grass, dirt, clay mud), pre-treatment is recommended

- Spray on products such as Spray'n Wash®, Shout®, or ESPRO® cleaner have been tested with positive results.
- Products such as Stick Stain® or Shout Gel® can be used for stubborn stains.
- For blood stains, it is best to rinse in room temperature water as soon as possible, and if necessary, soak in room temperature water before washing. One of the above pre-treatments can also be used, or an oxygen based laundry booster such as Oxy Clean® can also be used.
- For ink stains, use hair spray as soon as possible. Delaying the application of hair spray may decrease results. Spray on stain and rub until the ink is gone. Wash as normal.

## **QUALITY GUARANTEE**

**1 year warranty** starts from date of customer receipt of Rawlings® uniforms. Warranty covers any defect or condition of a uniform that can be attributed to a manufacturing error, or otherwise deemed to be a Rawlings® quality concern. This does not include damage or discoloration that may occur from excessive collisions or abrasions, customer alteration, improper care, or circumstances beyond Rawlings® control. Please use the above uniform care instructions for best results.

**Zone Uniforms: In-season warranty only** on Rawlings® Zone, ZoneFit™ and ZoneFlex™ uniforms. All conditions apply same as the regular "1 year warranty"; notwithstanding the purchased in-season duration limitation.

Our caring service representatives are standing by for your questions at **1-800-729-5464** (800-RAWLINGS).

### MATCHING COLORS:

There is no known process which can positively regulate the final results when cotton, polyester or nylon yarns or cloth are dyed. Even though the finest dyes and quality assurance processes are used, each lot may absorb the color in a different manner and vary in shading when finished. Every possible effort is made to match colors as closely as the peculiarities in dyes and dye action will permit, but the situation is not controllable. All orders are handled by us

with the understanding that the purchaser realizes these conditions and accepts the responsibility for any variations within standard tolerances. Fabric of 100% polyester or polyester blends in dark shades contain dyes that may tint light colors of Twill. Rawlings® will not assume responsibility should this occur. Sublimation: Color differences between sublimated and non-sublimated fabrics may occur. This phenomenon is known as a metamer effect.
