SHAPE America and the American Heart Association collaborate on the Jump Rope For Heart and Hoops For Heart programs.

# It takes heart to be a hero

Jump Rope For Heart and Hoops For Heart are national education and fundraising events created by the American Heart Association and SHAPE America-Society of Health and Physical Educators. Students in these programs have fun jumping rope and playing basketball — while becoming empowered to improve their health and raise funds for research and programs to fight heart disease and stroke.

Funds raised through Jump Rope For Heart and Hoops For Heart give back to children, communities and schools through the American Heart Association's work:

- Ongoing discovery of new treatments through research
- Advocating at federal and state levels for physical education and nutrition wellness in schools
- CPR training courses for middle and high school students

Millions of students have joined us in being physically active and in fighting heart disease and stroke by funding research and educational programs. Be a part of these great events and your school will earn gift certificates for FREE P.E. equipment from U.S. Games.

## HEART HERO

### Camden, Age 8

A routine ultrasound during pregnancy revealed Camden had two holes in her heart. She received a feeding tube which she had until she was 3 years old. At 17 months old, doctors determined it was time to correct her condition with heart surgery. Camden is much better now. She has moderate hearing loss and wears hearing aids to compensate and visits cardiology annually for stress tests. In Camden's free time, she enjoys playing with friends, riding her bike and playing school. She tells us that she would like to be an actress someday.

Call **1-800-AHA-USA1** or visit **heart.org/jump** or **heart.org/hoops** to get your school involved.

# FITNESSGRAM<sup>®</sup>

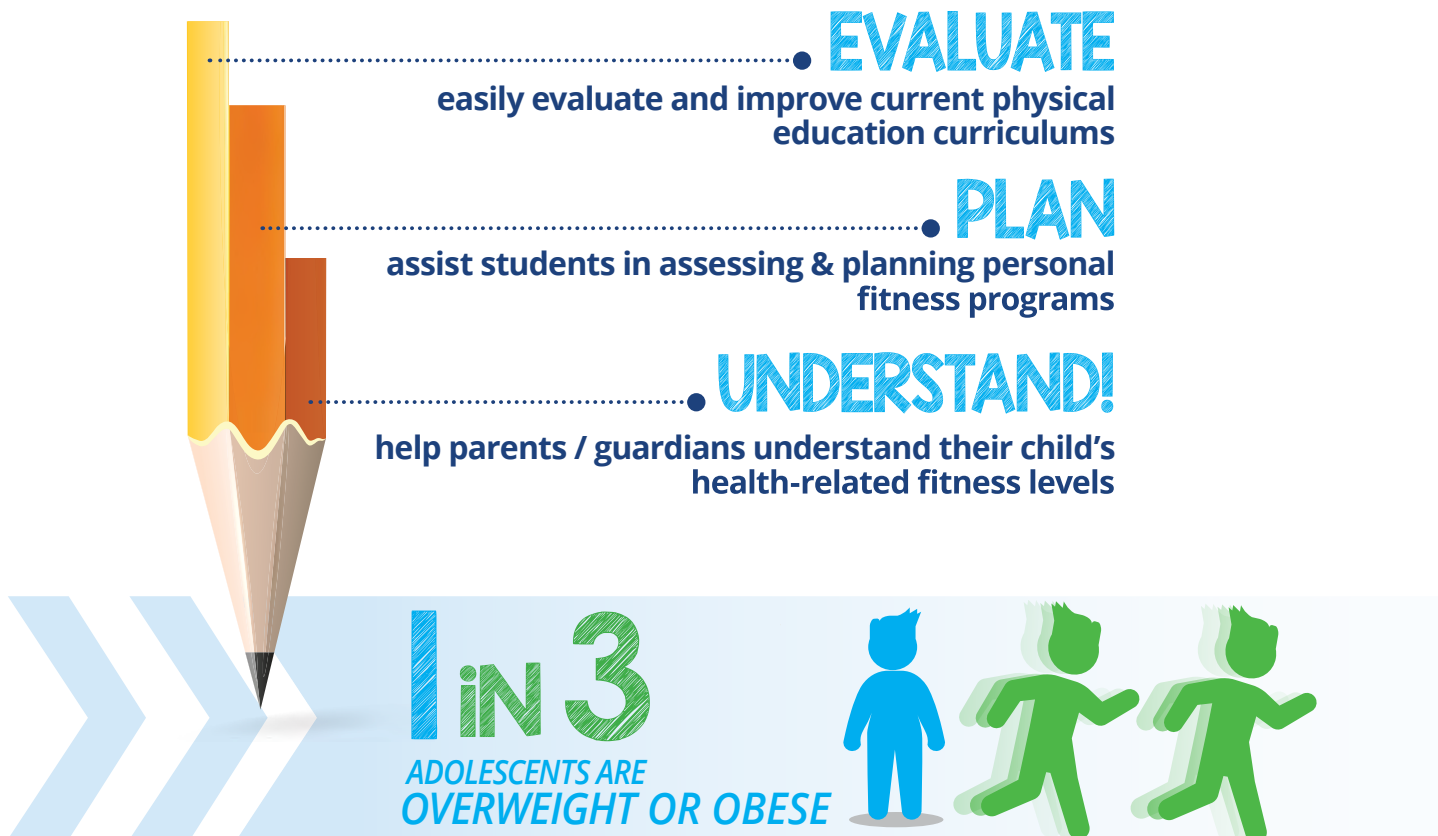

.....The Cooper Institute<sup>®</sup>

*FitnessGram<sup>®</sup> is much more than an assessment; it is a critical component to a quality physical education program. Assessing health-related fitness can help children develop healthy habits that will last a lifetime. Help your students succeed both inside and outside the classroom.*

*Engaging in regular physical activity and understanding the importance of health-related fitness allows students to exercise their mind and body, creating a stronger, healthier whole child.*

## 35 YEARS STRONG

# Great Activities

## PUBLISHING COMPANY

**Background:** Since 1983, the Great Activities Publishing Company has been a trusted name to a generation of Physical Education teachers. US Games is pleased to announce that starting in 2013, we will be partnering with Great Activities and providing a series of new and innovative products for the next generation of Physical Educators!

### TEACHING & ASSESSING P.E. POWER STANDARDS

Great Activities' *Teaching & Assessing PE Power Standards* activity guides consists of four individual manuals for grades K-2, 3-5, 6-8, and High School. Each book has been carefully designed to help physical education teachers implement a standardized set of grade-level student outcomes aligned to State Standards. As a new and novel instructional tool, each book brings a variety of resources, including learning progressions for health-related fitness, motor skills, nutrition and physical activity, and social skills.

1377114	Grades 3-5	\$86 <sup>99</sup> EA
1377115	Grades 6-8	\$86 <sup>99</sup> EA
1377116	Grades High School	\$86 <sup>99</sup> EA

### VIRTUAL P.E. ADMINISTRATOR

Great Activities' *Virtual PE Administrator* is a powerful and transformative PE data collection system. With this web-based platform, teachers have the ability to assess and monitor K-12 students on personal fitness gains, nutrition and physical activity behaviors, and the attainment of sport skills over time. This platform will allow Physical Education to be assessed like other core content areas! Please contact us for pricing and additional details: **(800) 927-0682**.

### P.E. WORKSHOP & TRAINING SERVICES

As a whole, K-12 physical education workshops are one of our company's most requested services. Each workshop is personally conducted by one of our expert PE presenters and supported by the latest and greatest US Games Equipment and supplies!

"We attended your workshop. It was fabulous! The best I have gone to! Thank you! We have put your suggested K-12 PE Power Standards and benchmarks to good use. They are now a part of our report cards for each grade level. They are going to make a great difference in our district! Thanks again."

-Trina Burr, Eagle River Elementary

Please call **(800) 927-0682** for additional information.

### NATIONAL P.E. INSTITUTE

Great Activities' National Physical Education & School Sport Institute ([www.nationalpe.com](http://www.nationalpe.com)) has established itself as the nation's go-to conference for those cutting-edge physical education leaders interested in disrupting the old school status quo within K-12 physical education. Sponsored by US Games, this innovative professional development opportunity also provides individuals with the opportunity to experience a free half-day OPEN Training via a pre-conference each year. For more information, please contact your friendly US Games regional representative.

**SMARTY PANTS CHALLENGE**

SCIENCE SUPER HERO

Need a science fair idea...  
You've come to the right place!

1 How the length of a jump rope affects the number of times you can jump in a minute?

2 How does jumping rope for a minute affect your heart rate compared to dancing, dribbling a basketball, and walking for a minute?

HANDLE COLOR  
designates the rope length

# SPEAKING OF SPOTS!

Jupiter's Great Red Spot is really not a spot. It is actually a huge hurricane like storm that has been raging for almost 300 years. The storm is so big in fact that Earth would fit inside three times.

ARE YOU A "Johnny on the SPOT?"

DO YOU HAVE A "soft SPOT?" FOR SOMETHING?

DID SOMETHING YOU EAT "hit the SPOT?"

## SMARTY PANTS CHALLENGE

LANGUAGE ART-IST

We don't want to put you "on the SPOT" but we are in a "tough SPOT" and need some help understanding all these expressions. Can you explain this to us? We know you will be "SPOT on!"

## UP, UP AND AWAY

Why do parachute games rank so high in group activities? It's simple. Parachutes are novel, colorful and fun — and there are countless options for parachute games teaching cooperation and hand-eye coordination. In addition to the traditional counting or bouncing games, try playing “frequent flyer” with a chicken or pig critter instead of a ball. Up the ante by adding more critters and catching them or sending them through a hoop. Parachute games get everyone — and everything!— moving.

## SNEAK IN SOME BALANCE TRAINING

Developing good balance is crucial for kids — not just for coordination, stability and body awareness, but also for better mastery of sports overall. Our wide selection of balance equipment provides a range of activity choices for your classes — from classic potato sack and egg-and-spoon balancing games to hip hop mats and golf tubes. (We even have hands-free sacks to add a new dimension to volleyball, mini-golf and basketball games.) Imagine the fun of an extreme team treasure hunt using our Trekkers, River Stones, Hilltops, Snowshoes and Hoppers. When they're this engaged, kids don't even know they're exercising.

### Potato Sacks

# TOSS 'EM, CATCH 'EM, LOVE 'EM

Rubber alligators, bass, chickens, fish, octopi, pigs and ladybugs. Oh, my! Yes, balls and rings are great. But introduce these lovable, squeezably soft and kid-friendly props and you'll soon find out — critters are the coolest. These ultra-popular animals can be used as relay batons, targets, bowling pins, popcorn for parachutes or any other game you can think of. For example, why not morph a game of catch into chicken catch-a-tori? Or turn a beanbag toss into a silly game of fish-and-chips? Target games become even more fun as chicken-and-dumplings or pork-and-beans with the addition of our critters. The possibilities are endless!

## Color My Class® Rubber Critters Squeezably-Soft and Kid Friendly!

- Enhance your everyday games with these brightly colored, rubber critters
- Each group can now have their own color animal
- Use as relay batons, targets, bowling pins, popcorn for parachutes or any game your imagination can dream up
- Each set includes 1 of each color: **Blue, Green, Orange, Purple, Red and Yellow**

### Cordless Mat Locking System™ Dual-Purpose Mats!

- This system serves as landing mats when your wall panels are in use and then folds and can be locked to close your wall for maximum security
- The 2" thick mats protect climbers whether in use or not
- To close your walls, simply push mats against the climbing wall and hang the nylon webbing loops on the specially-designed holds. Next, turn the black slider into place and lock by turning the security bolt - walls are now closed to unauthorized use
- Recommended for every traverse climbing program

<b>All units:</b>	Pedometers work by detecting vertical motion and hip movement. Pedometers count a step each time they detect this vertical change in direction. A horizontal arm bounces up and down inside the unit by a spring or thin wire. Their design is highly dependent on the placement on the waistband and keeping the pedometer vertical is vital. Tilting or wearing at an angle will affect pedometer accuracy drastically.					These pedometers have no moving parts - therefore no clicking sound. It also tests more accurate than spring-levered mechanisms, especially when the pedometer is tilted at an angle, which is often the case with those with larger body shapes/ waist measurements or those walking at slower speeds. The other important benefit of Accelerometers is it's ability to filter out incidental movement like, crossing your legs or sneezing, by not counting steps until an 'X' amount of steps have been taken. Accelerometers can be worn on the waist, on the wrist, in a pocket or hang from a lanyard around the neck (depending on the model). This sophisticated technology is user-friendly and offers greater motivation and goal setting tools for every walker. They are accurate and reliable. WE love them!

Easy to set up, teach and a whole lot of fun! Skillastics® is a series of standards-based oversize board games that fully engages 100 children at one time. Offering three levels of repetitions, Skillastics® can be used in PE, After School and much more! Applications are endless, as Skillastics® is as creative as the instructor that uses it! NOW INCLUDES - Laminated Task Cards and Instructional DVD! Don't forget to integrate the Skillastics® Nutritional Cards with all of the Skillastics Activity Kits! A fun way to combine nutrition while moving!

**Game Play:** Simply divide a group into 6 teams, arranging the teams away from the oversized board and supplying each team with a miniature mat. Play begins when a child from each team jogs to the oversized board and rolls their assigned color die, moving their marker the appropriate number of spaces to determine the team's exercise. They return to their team and complete the activity as a group. When finished, another child from each team repeats the process - teams working independent of each other.

### Toppleball®

- Requires only a 60' square area to play
- Played in over 10,000 recreation and school systems
- Permits 15-25 players to participate and be involved
- Easy to learn - play indoors or out - for ages 8 and up
- **How The Game is Played:**
- Players form a circle and each takes a turn batting
- Batter with the most runs wins game
- **Batter's Objective:** Get the maximum number of runs before the "Toppleball" is knocked off the batter's post by the playground ball - batter hits the playground ball past the fielders and runs to the edge of the circle and back earning a run
- **Fielder's Objective:** Get the batter out by knocking the "Toppleball" off the post with the playground ball - requires teamwork

## ZING! THWACK! BULL'S-EYE!

Popular culture and the Olympic Games have sparked a renewed and vigorous interest in archery. In fact, kids are crazy for this indoor-outdoor sport. Fun and physically demanding, archery is enjoyable for kids — and adults — at every skill and ability level, standing or sitting, year-round. Archery also promotes mental fitness by teaching the importance of focus, patience, safety and responsibility. Great for groups, camps and classes, archery is easy for instructors to set up and introduce. Students quickly gain self-confidence as they master finger and hand placement, aiming and follow-through.

## ACTIVITY: BASKETBALL STATION DAY: 3-POINT CONTEST

SHAPE America National  
Standard 2 [Outcome E2.4-5]

Combines movement concepts with skills in small-sided practice tasks.

To play, partners take turns shooting "3-pointers" to the opposite poly spot. Score points by hitting the spot.

Find this activity in the Basketball Skills Module at [OPENPhysEd.org](http://OPENPhysEd.org).

**THE FUN ALTERNATIVE TO T-BALL!**

Are you having trouble getting your younger students and players excited about playing baseball or T-ball? If so, then **BLASTBALL®** is what you need!

**SEE WHAT PEOPLE ARE SAYING**

"We'd seen a drop in T-Ball participation for a few years so we added BlastBall® for our youngest age group, and we've picked up an additional 300 kids over the past couple of seasons. The kids love the honking base, and the parents love the simplicity of the rules. And when the kids have fun at an early age, they come back year-after-year. It's been a great addition to our program."

## ACTIVITY: WINDOWS

### SHAPE America National Standard 1 [Outcome E19.4a]

Receives and passes a ball with the insides of the feet to a moving partner in a non-dynamic environment.

To play, pairs move through the activity area, making as many passes as they can through open "windows" (cones).

Find this activity in the Soccer Skills Module at [OPENPhysEd.org](http://OPENPhysEd.org).

## FUN FOR ALL AGES AND SKILL LEVELS

**FUNNETS™** are made of a unique blend of materials designed specifically for outdoor use. Our heavy body construction is UV treated and is unbreakable. We know you have seen the imitation PVC plastic goals which are made of tubing designed for plumbing applications. These imitation goals have a very low impact resistance which can cause the piping to break and expose sharp edges. Our **5 Year Unlimited Warranty** is the best in the industry. **DON'T BE FOOLED BY CHEAP IMITATIONS!**

### SPORTSTUFF® ROD

Our engineers searched for the perfect blend of flex/strength ratio. The result was the Sportstuff® rod. A safe, unbreakable rod with UV stabilizers, that lasts a lifetime!

### FUNNETS® FITTINGS

The Funnet® fitting is molded out of ABS plastic with UV stabilizer for long life and strength. The fittings are longer for a more secure fit. Each fitting has set screws which allow the fitting to be tightened securely to the rod.

## WHAT IS 10 & UNDER TENNIS? (Formerly Quickstart Tennis)

10 & Under Tennis is a program designed to help kids 10 years old and under learn to play the game of tennis. A few changes have been made to encourage learning the game.....The court sizes. The racquet sizes. The ball sizes. The scoring system. Also, the net height. 10 & Under is now part of the USTA Jr. Tennis league and can be a part of every development program. More kids will be able to enjoy this new format and have lots of fun playing with their friends.

## ACTIVITY: TRAIN TRACKS

**SHAPE America National Standard 4 [Outcome E4.K]**

Shares equipment and space with others.

To play, students sit in a line at one cone to begin. They pass the beanbag down the line, standing and then moving to the other end as soon as they've passed it. In this way, the group moves closer to the far cone. How quickly can the beanbag move from one cone to the other?

Find this activity in the Personal & Social Responsibility Module at [OPENPhysEd.org](http://OPENPhysEd.org).

## Expando Nova Duo Layered-Foam Mats

COMBINES THE SOFT CUSHION OF POLYFOAM WITH THE FIRM "NO BOTTOMING" TRAIT OF POLYETHYLENE!

- Perfect for young, beginner or intermediate tumblers
- A 1" layer of polyfoam provides the softness for younger, lightweight children, while a firmer 1 3/8" polyethylene layer keeps the mat from "bottoming out" during more extensive use
- Nylon reinforced tough 18 oz. vinyl cover uses double reinforced, nylon stitched inverted seams to create a smooth working surface
- Mats have 2' panels and folds and are lightweight for easy handling and storage
- Fasteners on Ends Only

**Master Lock**

**BlockGuard Anti-Shim Technology** – Unique flat latch technology that actually blocks typical shim tools from opening the lock – deterring break-ins. Hardened steel shackle resists cutting and prying. Double-reinforced stainless steel case with cold-rolled steel construction shields locking mechanism from physical attack. Thousands of possible combinations. Dial automatically locks under shackle tension to prevent “feeling out” of combination. Combination automatically scrambles when closed to prevent accidental opening. Fits lockers with a padlock eye of at least 5/16” (8 mm) diameter.

**BEWARE OF PHONY BLEACHER BIDS**

We build our benches & bleachers to the highest standards. Listed below are some of the differences by others who may be listing their benches & bleachers as comparable to ours.

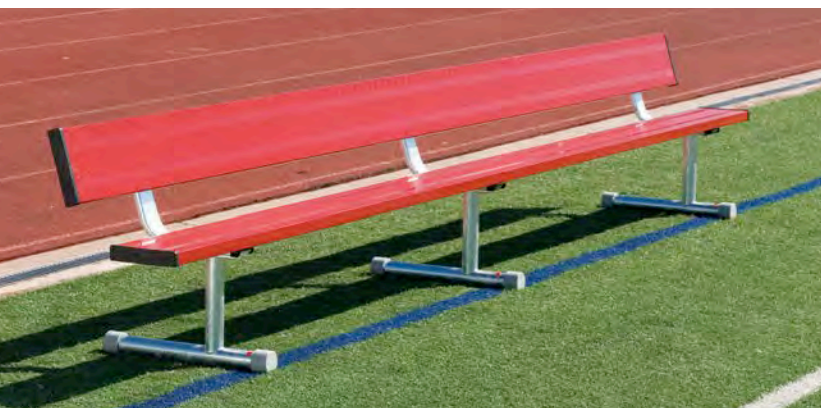

**1. FRAMES** - Ours is 100% aluminum angle. Be careful of those quoting "galvanized, steel angle iron" as equal.

**2. SEAT PLANKS** - Ours is 100% anodized aluminum with a minimum wall thickness of .078. A thinner walled unit does not have the strength or support. Be careful of anyone offering powder coated steel planks which will rust out when powder coating wears off.

**3. FOOT PLANKS** - Ours is 100% Mill Finish Aluminum. Be careful of those quoting steel foot planks. They could rust out & will need to be replaced.

**4. END CAPS** - Ours are constructed of fiber reinforced polypropylene. There are no holes to drill to complete installation. No sharp edges to snag clothing or skin.

SHAPE America and the American Heart Association collaborate on the Jump Rope For Heart and Hoops For Heart programs.

# Join the FUN and make a difference!

**US Games** is a proud partner of the American Heart Association in helping kids live longer, stronger lives by teaching them to be physically active. By participating in the **American Heart Association's Jump Rope For Heart** or **Hoops For Heart** events, students learn jump rope or basketball skills and raise money to help others with special hearts. Kids will have fun, learn how to stay healthy and make a difference in the lives of others by funding heart research and outreach programs. Millions of students have joined the American Heart Association in the fight against heart disease and stroke and learned important health habits for themselves.

**US Games believes in the mission to build healthy lives.**

**Sign your school up to participate in Jump Rope For Heart or Hoops For Heart and receive gift certificates for FREE P.E. Equipment!**
