# Loadrite L2180 Payload Scale with Cycle Counter

Option includes the Deere branded L2180 that will integrate with JDLink for remotely monitoring payload weighing data. Electronic components will be field installed and calibrated by the corresponding Loadrite Dealer. Price includes set up, activation and calibration.

Only for use with order codes 2010 Standard Z-Bar Linkage, 2020 High Lift Z-Bar Linkage, or 2026 High Lift Plus Z-Bar Linkage.

NOTE: Selecting this code will automatically order the appropriate referral field kit priced in Attachments for this machine order and Cannot be Changed. If you are not sure the unit needs a scale, then at a later time you can order the appropriate "Loadrite L2180 Payload Scale Referral Kit" that is for field units which has identical field kit pricing.

# Embedded Payload Scale (EPS) with Cycle Counter

2850

\$7,135.00

EPS is an integrated weighing system visible in the base monitor. It provides bucket and material payload weighing at the pile and daily payload totals. EPS does not have the capability of connecting any external hardware, so printers, data modules, or modems cannot be used.

EPS components are factory installed but require calibration by the corresponding Loadrite Dealer. Loadrite must be contacted to activate and calibrate this scale.

The cost to set up, activate and calibrate this scale is already included in the price.

#### Contact number:

1-800-528-5623 nationwide call in

Only for use with order codes 2010 Standard Z-Bar Linkage, 2020 High Lift Z-Bar Linkage, or 2026 High Lift Plus Z-Bar Linkage.

# No Payload Scale with Cycle Counter

2870

\$119.00

Z-Bar and High Lift Linkage models will be shipped payload scale ready.

A payload scale whole good field kit may be added at a later time to install the L2180 Payload Scale.

Tool Carrier models are not configured for Loadrite application and will not be shipped Loadrite ready.

#### No Payload Scale without Cycle Counter

2890

No Added Cost

Z-Bar and High Lift Linkage models will be shipped payload scale ready

A payload scale whole good field kit may be added at a later time to install the L2180 Payload Scale.

Tool Carrier models are not configured for Loadrite application and will not be shipped Loadrite ready.

# TRANSMISSION

Description Code Price 5-Speed Powershift Transmission 1110 (\$3,900.00)

5-Speed Powershift Transmission with Lock-up Torque Converter

1120 No Added Cost

Recommend Ride Control with Lock-up Torque Converter for Load and Carry applications.

# WHEELS AND TIRES

All Tires are tubeless and include rims, axle stops when required, and come in sets of 4. Tire chain use requires Axle Stops.

NOTE: If a No Brand Preference code is selected a 9000 code in the Optional Equipment - Order as Desired section will automatically be selected as well. This is required to enable the factory to source this order.

# ▼ MACHINE CONNECTIVITY

Machine connectivity functions require cellular coverage. Usage of JDLink System requires customer's acceptance of the terms of the John Deere Telematics System Contract.

Option availability limited by specific geographical regions. Please refer to region specific price pages for appropriate ordering codes.

| Description                        | Code | Price         |
|------------------------------------|------|---------------|
| JDLink Ultimate Cellular - 5 Years | 170C | No Added Cost |

Includes JDLink hardware: integrated cab wiring harness, antenna, 4G LTE modular telematics gateway (MTG), Wi-Fi data transfer, Blue Tooth capability and JDLink Ultimate activation.

JDLink utilizes cellular and satellite technology infrastructure that is outside the control of John Deere. Changes to that infrastructure may require customers to purchase compatible JDLink hardware to restore functionality.

Includes 5 year subscription. Annual subscription renewal required after 5 years for continued functionality. JDLink customer account must be created to access JDLink Ultimate data. Go to www.StellarSupport.com to renew or update JDLink subscriptions. Use of this service, and all rights and obligations of John Deere and the Customer (as identified in the applicable agreement), are governed by the terms and conditions outlined in the applicable Services and Software agreements available at www.JohnDeere.com/Agreements. If these terms and conditions are not agreeable do not proceed and do not use the service.

# JDLink Ultimate Satellite - 5 Years 170J

Includes JDLink hardware: integrated cab wiring harness, antenna, 4G LTE modular telematics gateway (MTG), Wi-Fi data transfer, Blue Tooth capability and JDLink Ultimate activation.

JDLink utilizes cellular and satellite technology infrastructure that is

\$2,074.00

No Added Cost

outside the control of John Deere. Changes to that infrastructure may require customers to purchase compatible JDLink hardware to restore functionality.

Includes 5 year subscription. Annual subscription renewal required after 5 years for continued functionality. JDLink customer account must be created to access JDLink Ultimate data. Go to www.StellarSupport.com to renew or update JDLink subscriptions. #### MACHINE CONFIGURATION

| Description           | Code | Price         |
|-----------------------|------|---------------|
| Standard Wheel Loader | 1010 | No Added Cost |

# Waste Handler Configuration

Requires the following codes:

1110- Transmission without Lockup Torque Converter

1430 - Engine Air Intake with Centrifugal Precleaner

1520 - Automatic Reversing Fan Drive

2010 or 2020 - Z-BAR or High Lift Linkage

3120 - Manual Axle Differential Lock

5570 - Less Fenders

5670 - Close Mounted Left Side Steps Only

8450 - Cab w/ Air A/C Charge

8230 - Less Hitch and Counterweights

8298 - Less Beacon and Bracket

9410 - Transmission and Bottom Guards

Requires BYT11112 - 624L Waste Handler Package, Installed. (Requires loader to ship to GR Mfg).

The dealer is responsible for making arrangements to get the unit to GR Manufacturing for installation. Shipping cost is not included in the installation.

# Agriculture Material Handling Configuration

1030 (\$1,345.00)

1021

Requires the follwing option codes in order to qualify for package group price:

1430 Air Intake System with Centrifugal Precleaner Engine

1520 Reversing Fan Drive

9115 Cab Fresh Air Precleaner

2360 Single Joystick Hydraulic Control

2403 Three Function Hydraulics

2510 Ride Control

9043 Environmental Drain and Diagnostic Sample Ports

3049 Hi-Traction - Front and Rear Locking Differentials

#### HYDRAULIC COUPLERS

| Description                                  | Code | Price      |
|--|------|------------|
| Hydraulic Coupler - JRB 416 Pattern          | 8560 | \$5,709.00 |
| Hydraulic Coupler - Hi-Vis/ISO Pattern       | 8561 | \$5,709.00 |
| Field Coupler Ready: Pin Disconnect Plumbing | 8563 | \$1,452.00 |

For use with field installed Attachment couplers. Includes hydraulic lines from control valve to loader boom cross tube, electric switch, and solenoid valve.

Bid Term: 2/20/19 - 2/19/21

|   | Field Bucket Ready: Pins Only  | 8565 | \$595.00      |
|---|--|------|---------------|
|   | Pins are shipped with the machine. The pins provided are designed and intended for use in installing Deere designed field installed pin-on buckets. Use of the pins to attach any other buckets, couplers, or other attachments may or may not be acceptable, and must be reviewed on a case by case basis to determine if they provide adequate pin engagement and pin retention. |      |               |
| _ | Factory Pin-on Bucket Ready  | 8567 | No Added Cost |
|   | Required when ordering factory installed pin-on buckets - NOT coupler style hook-on buckets or field installed buckets.  |      |               |
