994K

994K WHEEL LOADER
 DECATUR, IL, USA

Ship Weight
 lbs

LIST PRICE
 AT FACTORY

Standard Equipment:

POWERTRAIN

Brakes, oil-cooled multi-disc service and secondary
 Case drain filters
 Driveline, E/H parking brake
 Engine, 3516E HD MEUI-A (ATAAC) diesel, turbocharged/aftercooled
 Fuel priming pump (electric)
 Ground level engine shutoff
 Precleaner (above hood) engine air intake
 Radiator, Aluminum Modular (AMR) powertrain oil coolers (2) oil to air, (2) oil to water
 Starting aid, automatic (ether)
 Supplemental steering system
 Throttle lock (electronic)
 Torque converter, impeller clutch with lock-up clutch & rimpull control system
 Transmission, planetary powershift with (3F/3R) electronic control

ELECTRICAL

Alarm, back-up
 Alternator, 225-amp
 Batteries, dry
 Charging system, 24V
 Converter, 24V to 12V, 10/15-amp
 Disconnect switch in bumper
 Lights, warning (LED, pattern select)
 Lights, LED, working lights, access & service platform, & turn signals/hazard
 Starter, electric
 Starter lockout in bumper
 Starter receptacle for emergency start
 Transmission lockout in bumper

OPERATOR ENVIRONMENT

Air conditioner
 Cab, sound-suppressed and pressurized with indicator, separate external rollover protective structure (ROPS/FOPS), radio ready for entertainment includes antenna, speakers, 12-volt 5-amp converter and power port
 Cigar lighter and ashtray
 Coat hooks
 Controls, lift and tilt function
 Heater and defroster, auto temp controls
 Horn(s), electric (field & shop)
 Instrumentation, gauges:
 -Coolant temperature
 -Engine hour meter
 -Hydraulic oil temperature
 -Powertrain oil temperature

Instrumentation, indicators:

-Action alert system, three category
 -Brake malfunction
 -Bucket float status
 -Delayed engine shutdown status
 -Engine idle shutdown status
 -Engine malfunction
 -Fuel economy mode enable status
 -Hydraulic lockout
 -Lockup clutch enable status
 -Low fuel level
 -Parking brake status
 -Quick shift enable status
 -Rimpull control enable status
 -Seat belt warning
 -Secondary steering
 -Throttle lock status
 -Transmission gear
 -Turn signal

Keypad, control w/ indicator lights:

-Fuel economy mode
 -Implement kickouts
 -Lockup clutch
 -Manual lube
 -Quickshift enable
 -Rimpull control system
 -Side rear view mirror heater
 -Throttle lock
 Light, dome (cab)
 Lunchbox and beverage holders
 Mirrors, rearview (externally mounted)
 Seat belt, 2-point, 76mm (3"), minder
 STIC system
 Sun visor
 Tinted glass
 Trainer seat with lap belt

Product Link Elite:

-VIMS
 -Graphical information display
 -External data port
 -Integral Caterpillar Production Measurement (CPM)
 Wet-Arm wipers/washers (front and rear), intermittent wipers (front and rear)

OTHER STANDARD EQUIPMENT

Automatic bucket lift kickout/positioner
 Auto lubrication system
 Blower fan
 Service center, left side
 Cooling cleanout service package
 Couplings, Caterpillar o-ring face seals
 Doors service access (locking)

CATERPILLAR MACHINE PRICE LIST

LIST PRICE
AT FACTORY

OTHER STANDARD EQUIPMENT (CONT.)

- Ecology drains for engine, radiator, hydraulic tank, steering and brake tank, brake cooling tank, and axles
- Engine, hydraulic lash adjustment
- Engine idle management features
- delayed engine shutdown
- Engine oil change system, high speed (Shaw-Aero)
- Engine prelube
- Front frame access and steps
- Front walkway
- Fuel, fast fill system (Shaw-Aero) and ground level fill
- Guards, transmission
- Hitch, drawbar with pin
- Hoses, Caterpillar XT(TM)
- Hydraulics, steering and brake case drain filtration/high pressure screening system
- Mufflers (2)
- Oil sampling valves
- Pump bay access ladders, removeable
- T-handles and platforms
- Steering, load sensing
- Tie-offs on ROPS and cooling package
- Toe kicks
- Vandalism protection caplocks
- Venturi stacks (2)

NOTE

CAT PRODUCTION MEASUREMENT (CPM) PAYLOAD WEIGHING SYSTEM

CPM includes an integrated onboard payload weighing scale with material management, cycle count & time recording and wireless production detail reporting capability.

-Payload & cycle totals are sent wirelessly to VisionLink. (Cat Essentials subscription required.)

-Detailed payload reports and KPI metrics can be visualized on-line and downloaded for further analysis, with a subscription to Cat Advanced Productivity. (First 6 months included with purchase of CPM; subscription fee applies thereafter. Requires PLE641 cellular Product Link.)

Refer to <https://dealer.cat.com> for complete technical specifications; operation, sales, marketing and technical support publications.

Requires calibration prior to customer use.

INTEGRATED OBJECT DETECTION SYSTEM

L	415-4858	CAMERA, REAR VISION 0 Provides an object detection system (camera only) to enhance operator awareness of surroundings. This system uses visual information only in order to provide the operator with additional information about the work area to the rear of the wheel loader.		NC
L	415-4859	DETECTION, OBJECT (RADAR) (C6) 0 Provides an object detection system to enhance operator awareness of surroundings. The system uses radar and visual information in order to provide the operator with additional information about the work area to the rear of the wheel loader. For a list of countries that RF radar is approved for use in, visit https://dealer.cat.com/detect		\$10,190

TECHNOLOGY PRODUCTS

PRODUCT LINK

Product Link enables the remote transmission of information about the location, operation, and condition of your equipment. Efficiently and effectively monitor performance of your assets to help keep your jobs on schedule, maintain equipment condition, and reduce the costs of owning and operating your fleet.

Authorization varies by country, please reference <https://Dealer.cat.com/PL/Certification> for certified countries. Please contact your Caterpillar marketing representative with questions.

L	418-7065	PROD LINK, DUAL PLE641 + PL631 0 The Product Link Elite series dual solution uses a combination of cellular and satellite networks to transmit location, utilization and condition information for viewing in Product Link's remote monitoring web interface. For applications that require travel between areas of both cellular and satellite coverage.		\$432
L	462-4129	PRODUCT LINK, CELLULAR PLE641 0 Product Link Elite series PLE641 offers expanded coverage including 3G UMTS and CDMA2000 as well as 2G GSM and CDMA cellular networks to transmit location, utilization and condition information for viewing in Product Link's remote monitoring web interface. Cellular technology provides capabilities for frequent transmission and larger volumes of data.		NC
L	462-4130	PRODUCT LINK, SATELLITE PLE631 0 Product Link Elite series PLE631 uses a satellite network to transmit location, utilization and condition information for viewing in Product Link's remote monitoring web interface. For use in areas with poor or no cellular coverage.		\$432

L	379-0147	RADIO, AM/FM/AUX/USB/BT/CD/SAT 0 BlueTooth radio technology enables the use of a hands free function such as listening to music and making phone calls. Authorization varies by country, please contact your Cat marketing representative with questions or click on the link below: https://dealer.cat.com/en/products/technology.html Requires service contract with satellite radio provider.		\$1,735

TECHNOLOGY PRODUCTS

TERRAIN READY OPTION

The Terrain On-Board system must be ordered separate from the machine, this requires only the electronics kit, the installation kit is not required. Please consult the TERALOAD price list for ordering instructions and pricing information for these items.
 Terrain on-board Hardware / Software is DEALER INSTALLED

L	493-8474	TERRAIN READY OPTION 50 Provides mounting hardware for Terrain attachment.		\$1,450
---	----------	---	--	---------

TIRES, RIMS, AND WHEELS

Due to industry-wide tire availability limitations, tire brand and type cannot be guaranteed. Every effort will be made to satisfy your tire choice. However, if the tire type cannot be supplied we will contact the dealer to propose alternatives. The dealer needs to choose between an alternative tire or a "rims only" option (where available) within 72 hours. If no response is provided by the deadline, the order will default to the alternative tire and will be changed at that point. As a consequence of a possible tire change, the total machine price will be decreased or increased depending on the price of the new

NOTE: All tires come in a set of 4.

NOTE: Prices stated DO NOT include mounting charges.

FACTORY SOURCED KITS (CONT.)

RETRO-FIT KITS for CURRENT 994K

If ordering on a MISC MSO, you need to use OP-3673 for TOP LEVEL and OP-0812 for PACKING.

Kits must be ordered as NOT-INSTALLED.

No returns on Kit components or for parts removed.

C	560-2916	KIT, TIRE PRESSURE MONITORING 0 994K Ser# SMX00001 & up, MM900001 & up, MRK00001 & up Provides four sensors that mount to the valve stem of each tire along with a receiver module that monitors both pressure and temperature in each tire. Tire pressure and temperature information is shared with the operator via the primary display. Warnings are provided through Unified Fleet if pressure is outside of a configurable target range. Software license for Cat Tire Pressure Monitoring (TPM) will be a separate charge. Requires SEA for permanent activation.		\$3,155 NI
---	----------	--	--	------------

ALTERNATE SOURCED ATTACHMENTS

BUCKETS - ALTERNATE SOURCED

All 994K buckets need to be ordered through a misc CMOPS order and submitted to CWTS, even if required for a new machine order.

Please cross-reference BOTH machine MSO and misc bucket MSO on one another. For example, please cross-reference the misc bucket MSO on the machine MSO and vice versa.

***PLEASE REFER TO YOUR WORK TOOLS PRICE LIST FOR PRICES & OP NUMBERS.

"GET" is NOT automatically included on bucket orders. "GET" must be entered on the order with your bucket selection, unless text for bucket states otherwise. Please make the "GET" selection from the "GET" listed immediately following the bucket listing. Rock bucket selections list "GET" for spade or straight edge.

Material density will determine the appropriate capacity bucket. Refer to the Specalog. Exceeding maximum payload may cause loader instability.

All listed Maximum Recommended Material Densities are based on the maximum gross weight that the 994K is rated for minus the weight of the bucket and all required G.E.T. at 100% fill factor.

Rear and bottom of all buckets are painted black.
