## February 2018

### General Selling Conditions

The purpose of the BEFCO Sales program is two-fold. First, the program is designed to offer BEFCO dealers, distributors and retailers purchasing directly from BEFCO (each direct purchaser, referred to as "Buyer") an incentive for early booking of orders and to provide financing for Buyers to maintain an adequate inventory of BEFCO brand wholegoods (the "Equipment") prior to and during the selling season. Second, the program enables BEFCO to plan production requirements more accurately in order to make Equipment available on a timely basis. This combination of incentives and financing places BEFCO and its Buyers in a position to achieve a greater market share within a competitive environment. Although BEFCO offers quantity discounts, BEFCO does not require any BEFCO Buyer to purchase or maintain any minimum quantity of Equipment. The BEFCO Buyer may elect at its sole discretion to purchase a sufficient quantity of Equipment to maintain a regular inventory, or may elect to order Equipment only as desired or needed to meet custom requests. The inventory program and level of inventory shall be in the Buyer's discretion. All such orders will be processed in accordance with the Sales Program and these General Selling Conditions in effect. The following information provides details of the BEFCO Sales Program Terms and Conditions.

**1. Requirements to Qualify:** The terms of sale to Buyers are applicable only to equipment purchased directly from BEFCO. **Products covered by any order accepted by BEFCO will be shipped at prices, terms and discounts in effect at time of order unless otherwise specified. The terms and conditions contained herein are subject to change without notice.**

**2. Credit Approval:** All orders or shipping instructions will be subject to approval by BEFCO prior to shipment. Copies of current Buyer's financial statements are required annually, and signed Security Agreements must be on file where applicable.

**3. Trade Discounts:** A trade discount may be allowable pursuant to BEFCO's current suggested list price on Equipment.

**4. Qualifying and Non-Qualifying Buyers:** BEFCO has the right to classify Buyers as either qualifying or non-qualifying; thereby changing the trade discount as indicated in the schedule of Terms and Discounts.

**5. Accumulative Quantity Discounts:** Accumulative Quantity Discounts are allowed on all BEFCO Equipment and accessories to BEFCO Buyers and are subject to the following conditions:

- (a) Accumulative Quantity Discounts accumulate with each new order, but are not retroactive and will apply only during periods as defined in the current suggested retail price listing or schedule of Terms and Discounts.
- (b) Shipments of Pre-Season Orders will be made at the Company's convenience.
- (c) The Accumulative Quantity Discount is calculated after deducting the Trade Discount.
- (d) Units not paid by the due date will be subject to loss of the Accumulative Quantity Discount plus 1% monthly service charge until paid in full.

**6. Cash Discount:** Cash discounts are determined by the date of invoice to the Buyer and are calculated on the net balance after all applicable discounts. See specific programs for schedule of cash discounts.

**7. Settlement:** Payment for Equipment is due immediately following delivery to Buyer's customer, or as specified by invoice due date whichever is earlier. **Any Equipment not paid for immediately after delivery to Buyer's customer is considered "out-of-trust" and all discounts are voided and full list price shall be immediately due and payable.**

**8. Past Dues & Legal:** Past due accounts will have a service charge of 1% per month. Cost of attorney fees for collections of past due accounts will be borne by the Buyer.

**9. Requested Shipping Dates & Discounts:** Pre-Season Orders will be shipped at BEFCO's convenience. Refusal by the Buyer to accept shipment will disqualify the order. It is the intent of BEFCO to keep freight costs to a minimum, therefore requesting specific shipping dates is not acceptable.

### 10. Freight Policy:

- (a) All prices are F.O.B. Rocky Mount, North Carolina.
- (b) Pre-Season at BEFCO's convenience. The rate is published each year in the BEFCO Terms and Discounts freight rate section.
- (c) No freight will be charged if the Buyer picks up the Equipment at the Rocky Mount factory.
- (d) **Emergency and urgent in-season shipments will be shipped LTL freight collect.**
- (e) Units from depot outside Rocky Mount, North Carolina, will be shipped LTL Freight Collect. This is in addition to a back freight charge.
- (f) All freight invoices are due Net 30 Days. Past due freight invoices will be charged the standard 1% per month service charge.
- (g) BEFCO is not responsible for Equipment or parts damaged or lost in transit.
- (h) The Buyer is responsible for filing a freight claim with the trucking company for lost or damaged Equipment.
- (i) Any applicable duties or tariffs will be the responsibility of and must be paid by the Buyer or other party receiving the order.
- (j) All parts orders are shipped F.O.B. Rocky Mount, N.C.

**11. Buyer Inspection/Acceptance, Returns:** Buyer shall inspect all Equipment within ten (10) days following delivery (the "Inspection Period") and shall notify the freight forwarder and BEFCO of any claim for damages or shortages. To reject a unit of Equipment for nonconformity with the specifications set forth in BEFCO'S documentation for that unit in effect at time of Buyer's purchase order for such unit, Buyer shall notify BEFCO, within the Inspection Period, in writing of its rejection and shall promptly return the rejected unit in original condition to BEFCO, with insurance and freight prepaid. After receipt of the properly rejected unit, BEFCO at its option shall either repair or replace such properly rejected unit or refund any purchase price paid by Buyer, along with Buyer's return cost of transportation. BEFCO will prepay transportation charges for repaired/replacement units back to Buyer and will reimburse Buyer for the cost of transportation incurred by Buyer in connection with the return of properly rejected units. Any unit not properly rejected within the Inspection Period shall be deemed accepted.

**12. Standard Limited Warranty:** Buyer shall pass on to his customers BEFCO's standard limited warranty or warranties for the BEFCO Equipment, as such warranty or warranties may be amended from time to time by BEFCO. BEFCO shall not be liable for any other warranties or similar obligation made or given by Buyer.

**Except for the standard limited warranty to end user customers of BEFCO Equipment; BEFCO grants no other warranties, express or implied, by statute or otherwise, regarding the equipment, their fitness for any purpose, their quality, their merchantability or otherwise. In no event shall BEFCO be liable for any special, consequential or incidental damages for breach of warranty or any special, consequential or incidental damages, including injury or damage to business, earnings, profits or goodwill suffered by Buyer or any other person and caused directly or indirectly by the Equipment sold.**

**13. Technical and Price Information:** Technical information provided in the catalog is approximate. BEFCO reserves the right to modify or improve the models listed for technical or commercial purposes and all prices are subject to change without notice.
