## General Announcements

Quick Pick Packages are full machine packages designed to reduce complexity, offer additional discounts and speed up the ordering process by implementing the most popular options into the configuration. Once a package is selected, you can then select the required buckets and attachments to go along with your unit. For TLB Quick Picks, additional "bolt on" options that are independent of other major components can also be selected/modified:

Front/Rear tires, stabilizer Pads, Chaff Screen, Seat Belt, Front Fenders, Tool Box, Operators Manual Language. Keep in mind, it is not possible to add to, remove from, substitute for or otherwise modify the primary options in the packages once they are selected. Doing so will eliminate the discount and force you to order "A La Carte". You will still have the option to order a machine with any configuration you'd like. However you will miss out on the additional discounts and may experience longer lead times. Since character spacing is limited when creating Price Books, the names of the Quick Pick packages are designed to offer insight as to which major options are included. For example, ROPS MECH PSHTL 1WAY is a package that includes an open canopy ROPS, mechanical 2 Lever backhoe controls, Power shuttle transmission and 1-way auxiliary backhoe hydraulics. Additional options are also included in the packages but the title is designed so you can quickly decide where to start based on your preference to choose a ROPS/CAB, Power shuttle vs. powerDrive transmission, etc. Below is a chart describing the abbreviations:

ROPS/CAB	Backhoe Controls	Transmission	Backhoe Aux Hyd	Sequential
ROPS=Open Canopy	FT=Foot Swing	PSHTL=Power Shuttle	1-WAY=One Way Aux Hyd	1=First and basic
CAB=Enclosed Cab	MECH=Two Lever Mechanical Controls	STYPE=S-Type PowerDrive	2-WAY=Two-Way Aux Hyd	2=Second and more options
	PLT=Pilot Controls	HTYPE=H-Type PowerDrive		3=Third and loaded w/options
				4=Fourth and loaded w/options
				5=Fifth and loaded w/options

The first Quick Pick package listed is the simplest package of each model which includes the least amount of options and also offers the lowest discount. As you search through the Quick Picks you will notice that more and more options are included and the discounts become greater. Options included in the packages have been highlighted in gray so you can easily see which additional option you're getting. There are also some Quick Pick packages with the same heading, for example CAB PLT STYPE 2WAY. To identify that the packages are different, a sequential number was added to the end either 1, 2, 3, 4 or 5. For Example, CAB PLT STYPE 2WAY1 is the most basic package and CAB PLT STYPE 2WAY2 would have additional items the first package did not and so on.

## General Information

Prices shown herein are suggested prices only and in no way are they to be construed as limiting or restricting the dealer in his determination of the ultimate retail selling price. It is understood that the dealers are free to determine their selling price. Subject to any Federal, State or local laws.

Where shown herein liquid capacities are U.S. measure unless otherwise noted.

### ADVANCE FREIGHT

Advance freight will be added to the machinery invoice as a separate net charge for machinery shipped from field locations or from other than specified Ex Works locations.

### PRICES

Prices are Ex Works factory, where the goods are manufactured, except where noted. For detailed information concerning prices, please refer to your OPERATING GUIDE.

Prices and specifications are subject to change without notice.

### CONTENTS OF ORGANIZATION

Case Construction Equipment Inc issues price lists and revisions covering each Case contract. U.S. Price List is published in U.S. funds. Canadian Price List is published in Canadian funds. Assure that you are using the correct price list. The Canadian price lists are denoted by a Maple Leaf on the price list cover page and the symbol "(CDN)" is printed at the head of the Factory Supplied Attachments List columns.

Freight, duty and sales taxes are NOT included in any wholegoods or attachment prices shown in the price list. Any appropriate freight, duty, Federal, State, and Provincial taxes will be added to the machinery invoice as separate net charges.

### PROCEDURE

The price pages for each machine (or group of machines) lists both "Factory" and "Factory Supplied Attachments".

Each price list is comprised of the various machines sold under that contract. Each price book section has "Factory", "Factory Supplied Attachments", or "Third Party Supplied Attachments" pages. When ordering and pricing a machine follow the ordering instructions listed for that machine. Attachments listed following the "Factory Supplied Attachments" or "Third Party Supplied Attachments" heading are available for installation in the field.

### ATTACHMENTS

Expect Attachments to be shipped within 2 -3 weeks from order entry.

## General Information

### DISTRIBUTION OF PRICE LISTS / REQUESTS FOR ADDITIONAL COPIES

Price lists will be provided electronically via that Dealer Portal.

#### **Contact information for additional copies of Case Construction Equipment Price Lists**

Additional price lists, divider tabs and binders may be ordered at the Document Management Center. From Dealer Portal click on Tools then Document Management Center link. Any questions you can call the Document Management Center at 262-636-7540

You will only receive price lists for contracts covered by your current Dealer Agreement with the Company.

The revisions are dated and are effective as of that date. However, PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.
