PRODUCT AND PRICING BULLETIN

NEW HOLLAND BRAND PRODUCTS, U.S. NO. 19-04A

NEW HOLLAND DEALERS WITH LIGHT CE AGREEMENT

SUBJECT: **COMPACT WHEEL LOADERS: PRICE PAGES - EFFECTIVE 1/1/2019**

New Holland is pleased to announce the addition of a canopy option on **All** compact wheel loader models available for April 2019 production. This ROPS version, often requested by dealers in the southern U.S., provides dealers with a non-cab option for "value" minded customers. This project was fast-tracked due to dealer demand and market growth. For this reason, marketing materials are limited to these P&D pages. Photography, web updates, brochures and other marketing materials will follow before the first units are shipped.

The attached Price and Data pages also reflect the 2% price adjustment effective January 1, 2019, announced in Price and Data Bulletin US18-61A/CN18-60A published December 3, 2018. The 2% Steel Surcharge is also continued.

Finally, a high floatation tire option is available for 2019 ordering on **W80C** and **W80C HS** models. This new option is suitable for on and off-road conditions and is available for both STD and HS models.

Action Required:

- Please carefully read through this Product & Pricing Bulletin.
- Review this bulletin with the appropriate people in your organization to ensure they understand the new pricing structure.
- Update business systems as required.
- File this bulletin under your Compact Wheel Loader tab for easy reference.
- Refer to your Dealer Policy Manual for details or contact Dealer Sales Support for assistance.

This bulletin and the price pages may also be accessed via the Dealer Portal if you have the Light CE agreement with New Holland. Log on to the Dealer Portal, with the "Wholegoods" button displayed, click on "Pricing," and then click on "Compact Wheel Loaders." The latest published items will appear.

Please replace your current P&D pages with those attached to this bulletin.
