PRODUCT AND PRICING BULLETIN

NEW HOLLAND BRAND PRODUCTS, U.S. NO. 18-20A

**NEW HOLLAND DEALERS WITH MRT AGREEMENT**

**SUBJECT: POWERSTAR™ SERIES: COMPLETE REVISION – EFFECTIVE  
10/1/2018**

Attached please find price and data pages regarding the Model Year 2019 PowerStar™ Series tractor. These are in effect as of 10/1/2018.

The PowerStar 65 and 75 product offering is changing in conjunction with the launch of the new WORKMASTER 55, 65 and 75. Select packages and options have been removed to reflect this alignment. These adjustments allow the PowerStar Series to be better positioned as a premium tractor to meet the needs of customers who seek extreme comfort and performance in the utility tractor market.

- Utility and Klassic packages have been removed
- All Bias Ply R1 Ag bar tires have been removed

Now, the WORKMASTER Series is better positioned to meet the requirements of value-focused customers who seek the best available price in a utility tractor and also request basic comfort and performance.

The PowerStar 90, 100, 110 and 120 product offering remains unchanged.

New Holland's 360-degree design approach and customer-focused strategy ensures we continuously deliver a robust line of products that meet the requirements of your customer and remain competitive in the marketplace.

This bulletin and the price pages may be accessed via the Dealer Portal if you have the MRT agreement with New Holland. Log on to the Dealer Portal. With the "Wholegoods" button displayed, click on "Pricing," click on "Tractors," and then click on "PowerStar Series." The latest published items will appear at the top of the list.

Please replace your current P&D pages with those attached to this bulletin.
