FORESTRY WORK TOOLS  
LAGRANGE, GA, USA

Ship Weight  
lbs

LIST PRICE  
AT FACTORY

---

Standard Equipment:

The WT-FP price list consists of work tools and not-installed accessories used with Forest Products machine offerings

Notes:

This price list is organized by machine model, please reference the individual machine model for all work tool and accessory options available

Accessory options available include all not-installed options for each machine model, which may include kits, loose linkages, cylinder groups, and other attachments

For help in selecting work tools or accessories, please contact Caterpillar Forest Products; Forest Products will assist in the development, pricing, and ordering of the work tool or accessory configuration
