AUTHORIZED DEALERS ONLY

HPFi sells to authorized dealers and resellers of office furniture, and only Authorized HPFi Dealers can place orders. To become an Authorized Dealer, you must:

- Have written approval by both the local HPFi Sales Representative and HPFi Sales Management
- Establish a line of credit (or pay for all orders with certified check, Visa or Mastercard or cash prior to order entry)
- Be prepared when BB & T Factors (who acts as the HPFi credit department) contacts you for credit information. Time is of the essence in supplying this data. Purchase Orders cannot be entered until credit processing is completed and a line of credit is established. Allow up to two (2) weeks for processing.

PURCHASE ORDERS

To ensure prompt processing of your order, all purchase orders must clearly state the following:

- Dealer Name
- Purchase Order Number
- Contact Name and Phone Number
- Complete Bill To and Ship To Addresses
- Complete Product Numbers, including:
 - Model/Finish Number + Options (casegoods)
 - Model Number + Finish + Options + Upholstery Pattern/Color Number/Color Name (seating)
- Quantities

ORDER PLACEMENT

All orders may be mailed, faxed or e-mailed to HPFi as follows:

Mail: **HPFi**
1104 Bedford Street
High Point, NC 27263

Fax: **800.231.6784**

E-mail: **orderentry@HPFi.com**

ORDER ENTRY

We want to process your order on a timely basis and will make every attempt to enter all orders within two (2) business days of receipt. Inability to clearly read an order or the lack of any of the above information will delay order entry. Clarification of any missing or unclear information will be promptly requested via fax or e-mail. Once all information is received, HPFi will complete order entry.

- Your discount and net prices will be automatically calculated. **If your purchase order prices do not match HPFi calculated net prices, you will be notified via e-mail, telephone or fax. It is the customer's responsibility to review Order Acknowledgements for accuracy and pricing. Any corrections must be noted immediately and e-mailed or faxed to your Customer Service Representative at 336.434.5280.**
- Minimum order \$500 net, except for parts.
- Only credit-approved orders are released to production. If an order is held due to credit reasons, you will be informed via fax or e-mail.
- Published lead times start on the first business day **after** entry of a clean, credit-approved order.

HPFi has made every effort to ensure the accuracy of this Price List. HPFi cannot be responsible for typographical errors. Pricing and product specifications are subject to change and can be verified through our HPFi Customer Service Department at 800-447-3462, ext. 2120.

Choose from three (3) lead time options: **QS** Quick Ship, **NOW** Quick Ship or Standard Lead Time. Lead times are measured from the date the order is entered (complete and credit-approved) to the date the order ships. Transit time is not included as it varies by carrier and destination.

STANDARD LEAD TIME

Assigned to all orders unless the purchase order specifically requests and meets quick ship **QS** or **NOW** program requirements. Large orders, custom features, COM upholstery, factory-installed options, combination upholsteries and any other special product requests may increase lead time.

Standard lead time is three (3) to four (4) weeks. Orders placed to ship in standard lead times are normally acknowledged to ship twenty (20) manufacturing days after the date of order entry. HPFi may elect to ship prior to the acknowledged date. Occasionally, due to seasonal demand or holiday schedules, standard lead times may be adjusted. To verify lead time, contact your Customer Service Representative.

Hyperwork and Wyndham items are available with high pressure laminate tops in a six (6) to eight (8) week lead time in the finishes listed for those individual series. See pages 10 and 102.

Order Acknowledgements indicate the approximate ship date you can expect. Most orders ship complete by the indicated date. However, we cannot guarantee every order will ship by the date acknowledged. Occasionally, due to circumstances beyond our control, we may ship after the acknowledged date. We will make every effort to anticipate and inform you in advance of any late shipment situations.

QUICK SHIP LEAD TIMES

HPFi offers the fastest lead-time on breadth and depth of product in the furniture industry. Orders must be complete and credit approved to be released to production. HPFi offers two (2) Quick Ship programs outlined in detail on page 3:

Casegoods Quick Ship – Casegood products in this Price Book are marked with the **QS** symbol. Only the shaded model numbers and finishes indicated as Quick Ship are available in Quick Ship lead time.

Seating Quick Ship – All seating products are available in Quick Ship in standard finishes and Quick Ship upholsteries. **NOW** upholsteries are listed on page 156. **QS** upholsteries are listed on page 157. Any item ordered with installed options will not be available for either quick ship program.

Quick Ship orders must have:

- **QS** or **NOW** clearly stated/marked on the purchase order.
- Quick Ship items only on the purchase order requesting **QS** or **NOW**. If there are models of **QS** or **NOW** and Standard lead times on same order, the order will ship at standard lead-time.
- A limit of 8 each of any **QS** or **NOW** items per day. Quick Ship orders exceeding the maximum for the same item cannot be ordered consecutively in the same week without prior approval from an HPFi Customer Service Representative. See **ORDER QUANTITIES** on page 3 for additional information.

Please add additional time for holidays.

GOT A TIGHT DEADLINE?

HPFi will ship any of our casegoods marked **QS** and any seating products covered with our extensive **QS** upholsteries program in three (3) to five (5) business days after the credit approved order is entered.

Casegood and occasional table products selected for the **QS** Quick Ship program are noted by the **QS** symbol. The Quick Ship finish and pull options are designated in a note under model number.

All seating items are available for Quick Ship lead time only in the patterns and colorways listed within the **QS** upholsteries listed on page 157 or the patterns within the **NOW** Quick Ship upholsteries listed on page 156. All other graded-in upholsteries are available at standard lead times. Items ordered with installed options will not be available for Quick Ship.

QUICK SHIP ORDER TAGS

Your order must be clearly marked with **QS** or **NOW** and include only those items in their respective Quick Ship programs. HPFi will make every effort to ship all credit-approved **QS** orders in three (3) to five (5) business days and **NOW** orders in seven (7) to ten (10) business days from the date that a "clean" order is entered and credit-approved. If an order includes both **QS** and **NOW** products, the **NOW** lead time will apply.

ORDER QUANTITIES

The maximum order size for both the **QS** or **NOW** program is 8 pieces of any item (per dealer, per day) and \$30,000 list regardless of the number of items. Orders for the same item(s) cannot be ordered consecutively in the same week without prior approval from HPFi. Should your product needs exceed these maximums, please contact your Customer Service Representative for manufacturing time, e.g. 12 **QS** items instead of 8. HPFi may be able to ship 12 items in 6 days, etc.

HPFi reserves the right to limit quantities based on materials' availability.

CHANGES/CANCELLATIONS

CASEGOODS

To request a change or cancellation for a casegood products order, contact Customer Service to verify ability to adjust original order. If a change is made, the cycle of the number of business days for **QS** items begins anew from the date the change was made. No cancellations can be allowed once an order ships. HPFi is not responsible for any loss of sale or contract resulting from failure to ship within three (3) to five (5) business days.

SEATING

Due to the breadth of upholsteries and finishes available, seating items cannot be changed or cancelled once the Quick Ship order has been entered.

QUICK SHIP UPHOLSTERIES

A complete list of all **QS** upholsteries is listed on page 157. **NOW** upholsteries are listed on page 156.

PAYMENT TERMS

Net thirty (30) days from date of invoice.

Subject to the terms, conditions and exceptions stated below, High Point Furniture Industries, Inc. ("HPFi"), warrants that each new finished product, separate component or part ("Product") will be free from defects in material and workmanship, when subject to normal commercial usage, for so long as the Product is owned by the original purchaser. If the Product is sold by HPFi to a retailer or dealer, the "original purchaser" shall be the purchaser of the Product from the retailer or dealer. Otherwise, the "original purchaser" shall be the purchaser of the Product from HPFi. The original purchaser may not assign this warranty to any other person or entity.

EXCEPTIONS:

High-Wear Parts - High-wear parts such as glides, gas cylinders, casters, ergonomic chair components, polymer-based components, and user-adjustable work surface mechanisms are warranted against defects in material and workmanship only for a period of five years (three years on recliner mechanisms and casters) from the date on which the Product is sold by HPFi or until the product is no longer owned by the original purchaser, whichever is the shorter time period.

Veneer Finishes - Veneer finishes are warranted against defects in material and workmanship only for a period of three years from the date on which the Product is sold by HPFi or until the product is no longer owned by the original purchaser, whichever is the shorter time period.

Electrical Components - Electrical components are not warranted by HPFi, but may have warranties from the electrical component manufacturer.

Upholsteries - Careful consideration is given to our presentation of upholstery offerings. The upholsteries we offer feature the best in appearance, durability and value. However, we have no control over the environment, cleaning or other conditions which may affect colorfastness or durability. Puddling may occur as a result of certain climate conditions and/or the natural stretch inherent in upholsteries and is not a flaw in the upholstery or manufacturing process. HPFi cannot predict or be held responsible for upholstery performance in an installation and does not guarantee against puddling. Customer's Own Materials (COM) selected by and used at the request of a customer are not warranted. We cannot warrant upholsteries beyond the stated warranty provided by the specific upholstery supplier for that specific material whether it is an HPFi core supplier or COM.

CUSTOMER'S OWN MATERIAL:

If HPFi agrees to use the customer's own material (COM) or leather (COL) on HPFi brand products, or build a custom product:

- HPFi shall have no responsibility for the condition, quality, value, performance, physical properties or any other aspect of the COM or COL.

- HPFi shall have no liability for any damages, injuries or losses to the customer or to any third party that shall be caused by any COM or COL and the customer shall hold HPFi harmless for all liability.

For complete COM/COL order requirements and warranty information see the HPFi COM/COL Order Form on page 161.

EXCLUSIONS:

This warranty does not apply and no other warranty applies to:

- Normal wear and tear, which is to be expected over the course of ownership.
- Damage caused by the carrier in-transit, which will be handled under freight policy.
- Damage caused by or during installation.
- Modifications or attachments to the Product that do not have the prior written approval of HPFi.
- Products that are not installed or used or maintained in accordance with Product instructions and warnings.
- Damage caused by neglect or misuse of a Product.
- Products used for personal or household use (all products are intended for commercial usage) or for rental purposes.
- Normal Commercial Usage - The Products are designed and manufactured for normal commercial usage. Normal commercial usage for seating is defined as the equivalent of a single shift, forty (40) hour workweek. To the extent that a Product is used in a manner exceeding normal commercial usage, the warranty will be invalidated or HPFi may, at its option, elect to reduce the applicable warranty period on a pro-rated basis.
- Chairs designated 24/7 have a warranty of five (5) years.
- Color Variations and Finishes - Some natural variations occurring in wood, leather or other natural materials are inherent to their character, and cannot be avoided. Therefore they are not considered defects in material or workmanship and are not the basis for a warranty claim. HPFi does not warrant the color-fastness or matching of colors or grains or textures of such materials.

EXCEPT AS SET FORTH ABOVE, HPFI MAKES NO OTHER EXPRESS WARRANTIES WITH RESPECT TO ITS PRODUCTS. HPFI MAKES NO IMPLIED REPRESENTATIONS OR WARRANTIES WITH RESPECT TO ITS PRODUCTS, THEIR CONDITION, MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE OR USE BY THE PURCHASER. HPFI FURNISHES THE ABOVE LIMITED EXPRESS WARRANTY IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. NO ORAL REPRESENTATIONS OR SAMPLES PROVIDED BY HPFI TO ANY RETAILER, DEALER OR PURCHASER WILL CREATE ANY EXPRESS OR IMPLIED WARRANTIES WITH RESPECT TO PRODUCTS SOLD BY HPFI.

REMEDIES:

If any defect in the workmanship and material of any Product appears within the applicable warranty period, HPFi will, at its option, repair or replace the Product, at no charge, upon examination of the Product and verification by HPFi or its authorized representative of the defect and of compliance with the warranty requirements and conditions. The Purchaser must provide such cooperation and information as HPFi or the authorized representative may reasonably request to process the warranty claim.

IN THE EVENT OF ANY DEFECT IN ANY PRODUCT SOLD BY HPFI OR ANY BREACH OF THE LIMITED EXPRESS WARRANTY DESCRIBED ABOVE, THE SOLE REMEDY FOR SUCH DEFECT AND/OR BREACH SHALL BE AS STATED IN THIS PARAGRAPH, AND IN NO EVENT SHALL THE DEALER OR RETAILER THAT PURCHASED THE PRODUCT FROM HPFI OR THE ORIGINAL PURCHASER OF THE PRODUCT FROM THE DEALER OR RETAILER, BE ENTITLED TO RECOVER FROM HPFI ANY DAMAGES, INCLUDING DIRECT, CONSEQUENTIAL OR INCIDENTAL DAMAGES, LOST PROFITS, DOWNTIME OR OTHER DAMAGES OF ANY NATURE WHATSOEVER ARISING FROM BREACH OF WARRANTY OR THE CONDITION, FUNCTION OR USE OF THE PRODUCT.

APPLICATION OF CURRENT WARRANTY AND PRIOR WARRANTIES:

This express limited warranty applies only to Products manufactured and sold by HPFi on or after April 1, 2001. Products manufactured and sold by HPFi before April 1, 2001 were covered by the warranty in effect at that time and have expired. Further information concerning terms and conditions of prior warranties are available upon request to HPFi.

These warranties are made by HPFi only to authorized dealers and retailers acquiring Products directly from HPFi and the original purchaser of the Product as defined above.

 ZONE 3

 ZONE 2

 ZONE 1

PALLETIZATION

Casegood products ordered in LTL quantities may be palletized prior to shipment for enhanced protection and further assurance of safe delivery. Pallets are one per product, in most cases, and sized per casegood product. Seating is not palletized. All pallets are \$24 net per pallet. Add 40 lb. to the ship weight per pallet. Contact your Customer Service Representative for additional details and a quote.

Palletization is not generally offered on truckload quantities or volume shipments of 14 feet or more. Contact Customer Service for a custom quote if this option is required.

All orders are subject to the terms and conditions presented in this price list. The term HPFi refers to High Point Furniture Industries, Inc., High Point, North Carolina - USA.

TERMS

Payment for all orders is due Net thirty (30) days from date of invoice.

LEASING

Please contact HPFi Sales to learn about leasing options.

CONDITIONS OF SALE

Possession and/or distribution of this price list or HPFi catalogs does not in itself constitute an offer to sell. Orders can be received only from authorized HPFi dealers.

Accepted orders will be acknowledged in writing with approximate shipping dates. Orders will be invoiced at prices prevailing at time of order entry.

PRICES

This price list contains Zone pricing, including freight prepaid and allowed to the 48 contiguous states; freight and/or fuel surcharges as dictated by carriers may apply. All prices shown are suggested retail prices. Prices, specifications and materials are subject to change without notice.

SHIPPING

All HPFi products ship as follows: **F.O.B. ORIGIN, HIGH POINT, NC - USA, FREIGHT PREPAID** - this means that ownership and the responsibility of the merchandise becomes that of the buyer upon delivery to the freight company. The zone list prices shown herein reflect the delivered price to the 48 contiguous states. It includes **dock-to-dock** shipment, with normal delivery accomplished in three (3) to ten (10) business days, after shipment.

HPFi reserves the right to select the carrier and routing. The transportation company assumes full responsibility for safe delivery upon acceptance of the shipment from HPFi.

Special Shipping Services:

Shipments requiring special services (such as expedited delivery, delivery appointments, non-dock, residential, school, military base, inside delivery, etc.) are not included in this freight prepaid pricing. The additional charges for these special shipments will be quoted on a pre-pay and add, case-by-case basis. Contact Customer Service for details.

Orders of less than 500 lbs. will be assessed a minimum freight charge of \$75.00 net per order (excluding items shipped via small package ground service). Shipments outside the USA are prepaid to point of departure.

Acknowledged ship dates are our best estimates of when the product will leave the factory. Actual ship dates may vary.

ORDERING

See the **How To Order** page. For clarification of any question pertaining to ordering, contact HPFi's Customer Service Department prior to placing the order.

PACKAGING

Prices quoted herein include normal packaging. HPFi products are carefully inspected and are packed one to a carton, except where indicated. All packaging conforms to or exceeds specifications as outlined in the Uniform Freight classification. Special packing (e.g. palletization) if specified, requires an upcharge.

DRAWER AND TOP OPTIONS

Inset drawers and thicker tops available at 20% upcharge. Contact Customer Service Department for details.

SPECIAL PRODUCT ORDERS

We welcome the opportunity to quote special products. Any changes in look, build, finish or options must be processed through the Custom Product Order Program. Please contact our Customer Service Department for pricing and lead times.

NOTE: Due to the cost of creating custom products, a minimum charge per order may apply. Special product orders are non-returnable and non-refundable. A 50% deposit may be required with order placement for special products.

IN-TRANSIT DAMAGE

HPFi does not own or operate its own transportation equipment. All shipments made by HPFi are made using third party carriers or customer transportation. HPFi manufactures and packages its products to withstand the normal handling incurred during transportation to provide for safe transit. HPFi ships only top quality undamaged merchandise. Title and ownership of merchandise is transferred to the dealer/customer when the freight carrier signs the bill of lading. The carrier assumes complete responsibility for delivering merchandise to the consignee in good condition.

It is the responsibility of the dealer/customer to inspect all merchandise upon delivery to the customer-designated ship-to address. Any visible damage upon delivery must be noted on the bill of lading when the merchandise is signed for. Freight carriers will accept responsibility for damage which upon their inspection they deem to be their fault. It is the buyers' responsibility to file freight claims with the responsible carrier.

HPFi will provide advice and assistance to its customers with the freight claim process and will use its influence to encourage carriers to accept their responsibility.

Concealed Damage Claims must be filed within 5 days of delivery and original cartons must be retained.

Most carriers will not accept a claim for concealed damage if the claim is made more than 5 days after receipt, or if the merchandise is moved from the original delivery location. It is the buyers' responsibility to file claims for concealed damage with the freight carrier.

RETURN AUTHORIZATION

An error made by HPFi resulting in shipment of an incorrect or defective product may be allowed for return to HPFi. **Such returns require prior authorization from the HPFi Customer Service Department.**

Please call 800.447.3462 to request a Return Authorization and shipping instructions. **All returned products must be properly packaged to ensure safe transit.**

Certain products may not be returned under any circumstances:

- Any non-defective upholstered furniture
- Any seating product made using customer owned material (COM or COL)
- Any seating or casegoods product made using special materials or custom finishes
- Any seating or casegoods product made to custom specifications of customer

Returns for any other reason will only be allowed at the sole discretion of HPFi. All returns will be assessed a 30% restocking charge plus the cost of return freight.

Return Authorizations (R.A.s) are valid for 45 days from the issue date. Authorized returns must have the R.A. number clearly marked on all cartons and the bill of lading. All cartons must arrive at the HPFi designated ship-to location within 45 days of the authorization. Failure to return merchandise within 45 days will result in the cancellation of the Return Authorization and demand for payment.

RETURN GUIDELINES

- Merchandise must be returned in appropriate packaging to ensure safe transportation. Use the original packaging or the packaging from the replacement units including all inner and outer packaging to repack the returned product. If return is not HPFi's responsibility, repackaging and restocking charges will apply.
- All casegoods must be strapped Top-Side-Up to correct size pallet for return. DO NOT place upside down.
- All shipping documents and product cartons must be clearly marked with HPFi's Return Authorization number.
- You must use the carrier noted on the Return Authorization.
- Failure to comply with requirements will void the Return Authorization; no money will be credited; full payment will be due HPFi.

All returned product shipments received by HPFi will be promptly inspected to verify:

- The product was authorized for return
- The accuracy of counts/quantity
- The reason for return is valid

If approved, HPFi will issue credit to the customer less (where applicable) the 30% restocking charge, return freight and any costs incurred by HPFi to return the products to like new condition.

CANCELLATIONS

Acknowledged orders are considered firm and final. No cancellations or changes will be allowed without the express written authorization of HPFi management. Changes may be subject to additional charges. Upholstered items may not be cancelled after the fabrics or other upholstery cover material has been cut. Quick Ship orders cannot be cancelled.

REPAIR CHARGES

Authorization must be obtained from HPFi's Customer Service Department prior to incurring repair charges if HPFi is expected to pay any portion of the costs.

LAMINATE CASEGOODS

CHARACTERISTICS

Hyperwork modular casegoods offer extensive choice for design flexibility, adapting to various building layouts, business structures and personal work requirements. The details below will help you understand the key components of Hyperwork.

FINISHES

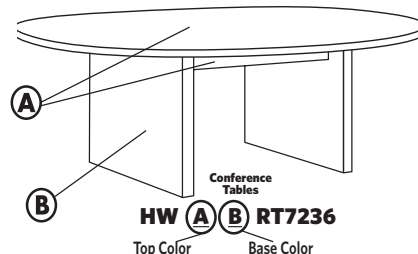

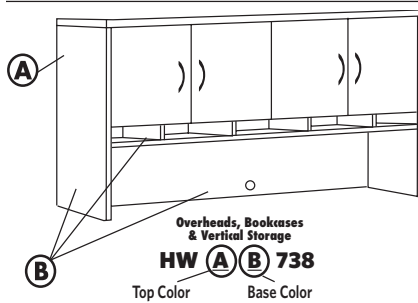

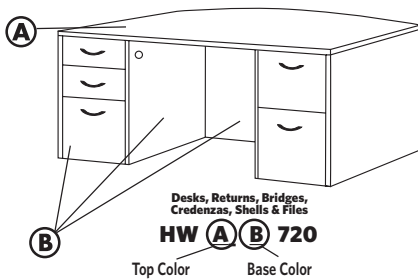

- ALL COLORS ARE THE SAME PRICE -

All finishes are thermally fused laminates unless otherwise noted. **A high pressure laminate top option is available for a 15% pricing upcharge and a six-week lead time will apply.**

High pressure laminate tops are only offered in **Windsor Cherry** and **Mahogany**. Contact your customer service representative to discuss specific high pressure laminate needs and to obtain delivery quotes. To order high-pressure laminate tops on Hyperwork items in Windsor Cherry or Mahogany, add 4 after the H and add 15% to the list price of the item. **Example:** H4WM720

FINISH COLORS

BW Boardwalk	M Mahogany
DW Driftwood	SL Shoreline
E Black	WC Windsor Cherry
FM Natural Maple	X Espresso
GP Graphite	

PEDESTALS & FILE CABINETS

All cases are ¾"-thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding. Choose full or ¾ height pedestals. Full modesty panels included. Units fully assembled with dowels, glue, metal brackets, screws and mechanical fasteners.

TOPS

All tops are 1" thick with thermally fused laminate surface, proper backing and full 3 millimeter PVC AdvantEdge banding as required. All bridge and return tops feature common grain direction with connecting units. High pressure laminate tops available.

PULL OPTIONS

Drawer/door pulls all constructed of solid metal. When ordering, use the corresponding pull designator at the beginning of the model number.

HW Brushed Chrome
HE Ebony
HB Bright Brass
HD Oval Nickel
HV T-Bar Nickel

DRAWERS

All drawer fronts are constructed of ¾" thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding as required. Drawer sides are ½" thick vinyl wrap with oak grain pattern. Drawer bottoms are 1/8" thick hardboard with oak grain pattern.

- All box and center drawers suspended on smooth-action steel, ball-bearing slides ¾" extension
- File and lateral file drawers mounted on heavy-duty, ball-bearing, full-extension slides
- All file and lateral file drawers constructed for suspended filing with 25 lb. maximum weight for bottom-loading
- Drawers constructed with 5 sides for extra strength and durability. Drawer front is the fifth side and is removable for field-repair or hardware additions

FILING

- All file drawers include pre-installed, black filing hardware with easy-adjust crossbar
- All file drawers accommodate letter-size filing front-to-back and letter- or legal-size filing side-to-side
- All lateral file drawers accommodate letter or legal-size filing side-to-side and letter or legal size filing front-to-back

WIRE MANAGEMENT

See features for number of grommets and location. Additional 2.5" grommets can be added for extended wire management capability at \$106 list per grommet. Add G after SKU number. Includes factory cut and installed grommet and black sleeve. Specify location with order.

PAPER FEED SLOT

Factory installed 17" x 2" paper feed slot with black protective sleeve can be added to any shell. Add PS after SKU number and add \$140 to list price. Specify location.

LOCKS

- Desk/credenza pedestals feature single-key side locking, keyed alike
- Two drawer lateral file features single-key front locking and counter weight
- Four-drawer lateral file features central locking and anti-tilt mechanism
- Two and four-drawer lateral files keyed alike
- All locks are keyed identical unless otherwise specified
- 'Key Different' option is \$21 list upcharge per lock. Locks/cores packaged to customer requirements
- Additional lead time for 'Key Different'
- For optional locking on overhead storage units with wood doors and no inserts, add **Y** to the end of the model number and add \$150 to the list price of units with four doors or two doors not adjoining. Add \$75 for units with two adjoining doors.

QUICKSHIP

Quick Ship is not available on any items ordered with option.

ACCESSORIES *Factory Installed*

Certain accessories can be ordered installed prior to shipment. Add letter designator (C or K) at end of the desk or credenza model number:

C Center Drawer	<i>Example: HWWC720C</i>
K Keyboard Platform	<i>Example: HWWC660K</i>
T Task Light	<i>Example: HWWC738T</i>

PANELS

End panels are 1" thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding as required. Full modesty panels are ¾" thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding as required. Heavy-duty adjustable nylon leveling glides in 5" steel plate on all units.

PACKAGING

All units are properly packed in heavy-duty cartons with reinforced corner pads. All packaging conforms to, or exceeds, specifications as outlined in the Uniform Freight Classification.

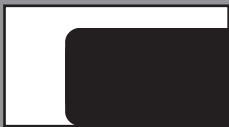

PALLETIZATION

See page 5.

CARE AND CLEANING INSTRUCTIONS

Normal cleaning: Clean using a soft cloth and a good window cleaner which contains no ammonia, followed by wiping dry using a dry soft cloth.

Specifications subject to change without notice.

Hyperwork Education provides modular storage furniture for the classroom. Cubby storage modules are designed to create perimeter storage and auxiliary seating within the K-3 classroom. Cubby storage is offered in 2-, 3- and 4-level heights ideal for elementary and middle schools.

Cubby storage units and lockers can be adapted to the specific needs of individual classrooms by adding doors to conceal or secure personal items. The addition of shelves transforms the storage area into bin or tub storage for younger students.

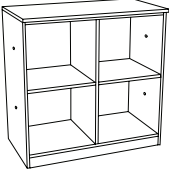

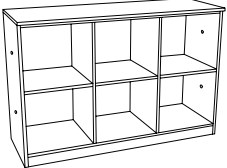

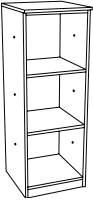

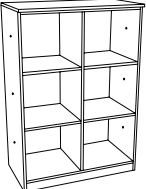

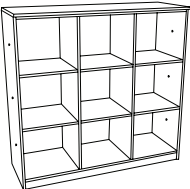

Locker cabinets with or without doors in single, double or triple widths with finished backs offer a flexible and modular approach as room dividers or for band dressing or locker rooms.

Conference
Tables

PEDESTALS & FILE CABINETS

All cases are $\frac{3}{4}$ " thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding. Full modesty panels. Full or $\frac{3}{4}$ height pedestals. Units fully assembled with dowels, glue, metal brackets and screws.

Pedestal Option

All units with pedestals available with full-to-floor or $\frac{3}{4}$ height pedestals.

PULL OPTIONS

Drawer/door pulls all constructed of solid metal. When ordering, use the corresponding pull designator at the beginning of the model number.

A1W Brushed Chrome **A1D** Oval Nickel
A1E Ebony **A1V** T-Bar Nickel
A1B Bright Brass

TOPS

All tops are $1\frac{1}{2}$ " thick with thermally fused laminate surface, proper backing and 3 millimeter PVC AdvantEdge banding as required. Tops have reeded edge on front and back of all units except bridges and returns which have reed edges on working side only. All bridge and return tops feature common grain direction with connecting units.

PANELS

End panels are 1" thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding as required. Full modesty panels are $\frac{3}{4}$ " thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding as required. Heavy-duty adjustable nylon leveling glides in 5" steel plate.

DRAWERS

All drawer fronts are constructed of $\frac{3}{4}$ " thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding as required. Drawer sides are $\frac{1}{2}$ " thick vinyl wrap with oak grain pattern. Drawer bottoms are $1/8$ " thick hardboard with oak grain pattern.

- All drawers suspended on smooth-action steel, ball-bearing slides
- File and lateral file drawers mounted on heavy-duty, ball-bearing, full-extension slides
- All file and lateral file drawers constructed for suspended filing with 25 lb maximum weight for bottom-loading
- Drawers constructed with 5 sides for extra strength and durability. Drawer front is the fifth side and is removable for field-repair or hardware additions

FILING

All file drawers include pre-installed, black filing hardware, easily reconfigured by user to adapt to specific requirements.

- Black filing hardware includes pre-installed rails with easy-adjust crossbar
- All file drawers accommodate letter-size filing front-to-back and letter- or legal-size filing side-to-side
- All lateral file drawers accommodate letter or legal-size filing side-to-side and letter or legal-size filing front-to-back

WIRE MANAGEMENT

See features for number of grommets and location. Additional 2.5" grommets can be added for extended wire management capability at \$106 list per grommet. Includes factory cut and installed grommet and black sleeve. Specify location with order.

LOCKS

- Desk/credenza pedestals feature single-key side locking, keyed alike
- Two drawer lateral file features single-key front locking and counter weight
- Four-drawer lateral file features central locking and anti-tilt mechanism
- Two and four-drawer lateral files keyed alike
- All other locks are keyed identical unless otherwise specified
- 'Key Different' option is \$21 list upcharge per lock. Locks/cores packaged to customer requirements
- Additional lead time for 'Key Different'
- For optional locking on overhead storage units add Y to the end of the model number and add \$150 to the list price of units with four doors or two doors not adjoining. Add \$75 for units with two adjoining doors

ACCESSORIES Factory Installed

Certain accessories can be ordered installed prior to shipment. Add letter designator (C or K) at end of the desk or credenza model number:

- C** Center Drawer
Example: A1WWC720C
- K** Keyboard Platform
Example: A1WWC704K
- T** Task Light
Example: A1WWC737T

QUICKSHIP

Quick Ship is not available on any items ordered with options.

PACKING

All units are properly packed in heavy-duty cartons, protected with extra-thick corner pads, and foam-wrapped for additional security. All packaging conforms to or exceeds specifications as outlined in the Uniform Freight Classification.

All desks, credenzas, files and overhead storage units are shipped set up. Modular L, U, and reception stations are shipped in multiple cartons and require field connection.

PALLETIZATION

See page 5.

CARE AND CLEANING INSTRUCTIONS

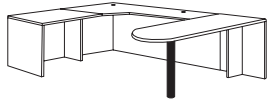

Normal cleaning: Clean using a soft cloth and a good window cleaner which contains no ammonia, followed by wiping dry using a dry soft cloth.

Specifications subject to change without notice.

GENERAL

All cases are thermally fused laminate surfaced on the outside and edge banded as required

LAMINATE FINISH OPTIONS

All colors are the same price.
 All finishes are thermally fused laminates unless otherwise noted.

FINISHES - Available for all surfaces:

E	Black
BW	Boardwalk
DW	Driftwood
X	Espresso
GP	Graphite
M	Mahogany (Quick Ship)
FM	Natural Maple
SL	Shoreline
WC	Windsor Cherry

TACKBOARDS

Tackboards are available in any HPFi fabric. See web site for patterns and colors available.

TOPS

Utility, meeting and conference table tops are 1-1/8" thick, all other tops are 1" thick with thermally fused laminate surface, proper backing and full 3 millimeter PVC AdvantEdge banding.

PEDESTALS AND FILE CABINETS

All cases are thermally fused laminate surfaced on the outside and edge banded as required. Units fully assembled with dowels/glue, wood cleats, metal brackets and screws.

DRAWERS

All drawer fronts are thermally fused laminate surfaced on both sides with laminate and edge banded as required. Drawer sides and bottoms are printed with an oak grain pattern.

- All box drawers are suspended on smooth-action metal slides with ball bearings
- File cabinet drawers and file drawers are mounted on heavy-duty ball bearing, full-extension slides
- All file drawers are fitted for letter size filing front-to-back and legal size filing from side-to-side
- All file drawers are constructed for suspended filing
- Black filing hardware includes pre-installed rails with easy-adjust crossbar
- Maximum weight for bottom loading is 25 lbs
- Drawers are constructed with 5 sides for extra strength and durability. The drawer front is the 5th side and is removable in the field for repairs or hardware additions

CREDENZAS / HUTCHES

Doors operate on concealed hinges that permit 95° throw. Hutch placed over desk or credenza will be 62"H.

LEVELING GLIDES

All units fitted with leveling glides.

LOCKS

Front locks are included on all drawer and lateral file drawer pedestals. All locks are keyed identical.

For optional locking on overhead storage hutch add Y to the end of the model number and add \$75 per door to list price of unit.

PULLS

Vision features a European style 5-3/8" pull installed vertically on the surface facade. Metallic satin nickel finish. Pulls add 1-1/2" to depth of unit.

METAL LEGS

Table desks are equipped with 2" diameter brushed steel legs. Pedestal feet are 2" high and 1" diameter polished aluminum with levelers.

WIRE MANAGEMENT

See features for number of grommets and location. Additional round grommets with 1½" opening can be added for extended wire management capability at \$106 list per grommet. Includes factory cut and installed grommet and black sleeve. Must specify location.

PACKING

All units are properly packed in heavy duty cartons with heavy duty corner pads. All packaging conforms to or exceeds specifications as outlined in the Uniform Freight Classification.

All desks, credenzas, files, and overhead storage units are shipped set up. Modular L-shaped, and U-shaped workstations are shipped in multiple cartons and require connection in the field.

CARE AND MAINTENANCE

Dust only with a clean, dry cloth. Clean any marks with a damp cloth, using a small amount of mild soap or clean with a window cleaner which contains no ammonia, followed by wiping dry using a dry soft cloth. Do not use any furniture polish containing silicone. Excessive use of any polish can eventually cause a film build up and discolor the surfaces. Do not place furniture in a position of permanent exposure to direct sunlight.

Specifications subject to change without notice.

CHARACTERISTICS

Pedestals, Credenzas, File Cabinets and Storage Units: Pedestal cases are ¾" thick core surfaced on both sides with laminate and edge banded as required. Units fully assembled with dowels, glue, wood cleats, metal brackets and screws. Series features full modesty panels.

FINISHES

All models available in Mahogany and Windsor Cherry wood grain thermally fused laminate on vertical surfaces with high pressure laminate (HPL) Tops.

TOPS

All tops are surfaced in high-gloss high pressure laminate. All bridge and return tops feature common grain direction with desk/credenza as well as reverse coped edges for smooth work surface connection with desk/credenza. All tops are 1⅜" thick, and are properly backed. All tops feature softly rounded hardwood edges on all four sides. (Note: Tops are high gloss only).

PEDESTALS

Vitality features both full pedestal and ¾ pedestal models. The full pedestal drawer configuration is a box/box/file on all desks, and a file/file on all credenzas and returns. Four preinstalled leveling glides in each pedestal. The ¾ pedestal drawer configuration is box/file.

PULLS

Choose from 3 drawer/door pull options.

- A** Antique Brass
- E** Ebony
- W** Silver

SPECIFICATIONS-Drawers

All drawer fronts are constructed of ¾" thick core surfaced on both sides with laminate and edge banded as required. Drawer sides are ½" thick, grain printed in an oak finish. Drawer bottoms are 1/8" thick hardboard grain printed in an oak finish.

- All box drawers are ¾ extension suspended on smooth action metal slides with steel ball bearings
- All file drawers and file cabinet drawers are mounted on heavy-duty ball bearing, full-extension slides
- All full pedestal desks are equipped with writing slides
- Black filing hardware includes pre-installed rails with easy-adjust crossbar
- All ¾ pedestal file drawers allow letter filing front-to-back and letter/legal

filing side-to-side

- All full pedestal file drawers allow legal filing front-to-back and letter/legal filing side-to-side
- All 36" lateral file drawers allow letter and/or legal filing front-to-back and side-to-side
- 30" and 32" lateral file drawers allow legal filing side-to-side and letter filing front-to-back
- Maximum weight for bottom loading is 25lbs.
- Drawers are constructed with 5 sides for extra strength and durability. The drawer front is the 5th side and is removable in the field for repairs or hardware additions

WIRE MANAGEMENT

All grommets are rectangular 3 1/4" x 1 7/8" and made of black high impact poly resin. See features for number of grommets and location. Additional grommets can be added for extended wire management capability at \$106 list per grommet. Includes factory cut and installed grommet and black sleeve. Specify location with order.

LOCKS

- Individually locking pedestals are standard on all desks and credenzas
- Two drawer lateral files feature individually locking drawers
- Four drawer lateral files feature central locking and are keyed different than other locks due to the anti-tilt mechanism inside the unit
- All locks are keyed identical unless otherwise specified
- 'Key Different' option is \$21 list upcharge per lock. Locks/cores packaged to customer requirements
- Additional lead time for 'Key Different'
- For optional locking on overhead storage units with four wood doors, add **Y** to the end of the model number and add \$150 to the list price of unit

PANELS

¾ pedestal units, bookcases and storage units utilize 1" thick end panels. Heavy-duty adjustable nylon leveling glides are in 5" steel plate on all units. Modesty panels are ¾" thick core.

TACK BOARDS

Fabric covered tackable board may be ordered separately to fit inside hutch. They can be ordered with any fabric to match your office chairs except leather or vinyl. See pages 110-113.

ACCESSORIES *Factory Installed*

Certain accessories can be ordered installed prior to shipment. Add letter designator (C or K) at end of the desk or credenza model number:

- C** Center Drawer
Example: VWM7202BFC
- K** Keyboard Platform
Example: VWM704K

QUICKSHIP

Quick Ship is not available on any items ordered with option.

PACKAGING

All units are properly packed in heavy duty cartons with heavy duty corner pads. All packaging conforms to or exceeds specifications as outlined in the Uniform Freight Classification.

All desks, credenzas, files, and overhead storage units are shipped set up. Modular L-shaped, and U-shaped workstations are shipped in multiple cartons and require connection in the field.

PALLETIZATION

See page 5.

CARE AND CLEANING INSTRUCTIONS

Normal cleaning: Clean using a soft cloth and a good window cleaner which contains no ammonia, followed by wiping dry using a dry soft cloth.

Specifications subject to change without notice.

FINISHES

Bedford is available in **Mahogany** and **Windsor Cherry** laminate.

PEDESTALS, CREDENZAS, FILE CABINETS AND STORAGE UNITS

All cases are $\frac{3}{4}$ " thick core surfaced on both sides with thermally fused laminate and edge banded as required. Units fully assembled with dowels/glue, wood cleats, metal brackets and screws. This series features picture frame molding on ends, backs and modesty panels. No molding on bridge. Series features full modesty panels.

TOPS

All tops are surfaced in **high-gloss, high pressure laminate** specifically chosen and color matched for this grouping. All bridge and return tops feature common grain direction with desk/credenza as well as reverse coped edges for smooth worksurface connection with desk/credenza. All tops are $1\frac{3}{16}$ " thick with solid hardwood edges and properly backed. All tops feature traditional detail on hardwood edges on all four sides with $\frac{3}{4}$ " overhang. Work surface dimensions will vary due to edge profile treatments.

DRAWERS

All drawer fronts are constructed of $\frac{3}{4}$ " thick core surfaced on both sides with melamine and edge banded as required. Drawer sides are $\frac{1}{2}$ " thick, grain printed in an oak finish. Drawer bottoms are $1/8$ " thick oak-grain hardboard.

- All box drawers are suspended on smooth action metal slides with ball bearings
- All file drawers and file cabinet drawers are mounted on heavy-duty ball bearing, full-extension slides
- Black filing hardware includes pre-installed rails with easy-adjust crossbar
- All file drawers allow letter filing front-to-back and letter or legal-size filing side-to-side
- All 38" lateral file drawers allow letter and/or legal filing front-to-back or legal size filing side-to-side
- 32" lateral file drawers allow legal filing side-to-side and letter filing front-to-back
- Maximum weight for bottom loading is 25 lb

- Drawers are constructed with 5 sides for extra strength and durability. The drawer front is the 5th side and is removable in the field for repairs or hardware additions

PEDESTALS

Supported on 4 leveling glides.

PANELS

Heavy-duty adjustable nylon leveling glides installed in each end panel. Modesty panels are $\frac{3}{4}$ " thick core.

TACK BOARDS

Fabric covered tackable boards may be ordered separately to fit inside hutches. They can be ordered with any fabric to match your office chairs except leather or vinyl.

BASES

All bases are 1" thick MDF surfaced with laminate.

WIRE MANAGEMENT

All grommets in the Bedford collection are rectangular $3\frac{1}{4}$ " x $1\frac{7}{8}$ " and made of black high impact poly resin. See features for number of grommets and location. Additional grommets can be added for extended wire management capability at \$106 list per grommet. Includes factory cut and installed grommet and black sleeve. **Specify location with order.**

HARDWARE

Pulls and knobs are a beautiful traditional design, solid metal antique brass finish.

LOCKS

- Independent fully locking pedestals are standard on all credenzas and desks.
- Two drawer lateral files feature individually locking drawers.
- Four drawer lateral files feature central locking and are keyed different than other locks due to the anti-tilt mechanism inside the unit.
- All locks are keyed identical unless otherwise specified.
- 'Key Different' option is \$21 list upcharge per lock. Locks/cores packaged to customer requirements.
- Additional lead time for 'Key Different'

ACCESSORIES *Factory Installed*

Certain accessories can be ordered installed prior to shipment. Add letter designator (C, K or T) at end of the desk, credenza or overhead model number:

- C** Center Drawer
Example: TRM3030C
- K** Keyboard Platform
Example: TRM3076LK
- T** Task Light
Example: TRM3071T

DIMENSIONS

All size dimensions are nominal and subject to change. If you must have exact dimensions, please contact your Customer Service Representative. Worksurface dimensions will vary due to edge profile treatment. Always measure actual top before ordering glass or other cover to fit tops.

QUICKSHIP

Quick Ship is not available on any items ordered with option.

PACKING

All units are properly packed in heavy duty cartons with heavy duty corner pads. All packaging conforms to or exceeds specifications as outlined in the Uniform Freight Classification.

All desks, credenzas, files, and overhead storage units are shipped assembled. Modular L-shaped, and U-shaped workstations are shipped in multiple cartons & require connection.

PALLETIZATION

See page 5.

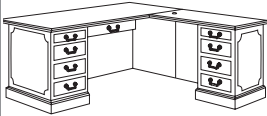

CARE & CLEANING INSTRUCTIONS

Normal cleaning: Clean using a soft cloth and a good window cleaner which contains no ammonia, followed by wiping dry using a dry soft cloth.

Specifications subject to change without notice.

FINISHES

Wyndham is available in Mahogany and Windsor Cherry finishes. All finishes are thermally fused laminates unless otherwise noted. A high pressure, high gloss laminate top option is available for a 15% pricing upcharge. A six-week lead time will apply. High pressure laminate tops are only offered in Windsor Cherry and Mahogany. Contact your customer service representative to discuss specific high pressure laminate needs and delivery quotes. To order high pressure laminate tops in Windsor Cherry or Mahogany add T before the WY and add 15% to the list price of the item.

Example: TWYM601

CONSTRUCTION: *Pedestals, Credenzas, File Cabinets and Storage Units:* All cases are ¾" thick core surfaced on the outside with laminate and edge banded as required. Units fully assembled with dowels/glue, wood cleats, metal brackets and screws. Series features full modesty panels. This series features picture frame molding on ends and backs. There is no molding on modesty panels or bridge. Series features full modesty panels.

TOPS

All tops are 1" thick MDF surfaced in thermally fused laminate and are properly backed. All bridge and return tops feature common grain direction with desk/credenza as well as reverse coped edges for smooth work surface connection with desk/credenza. Work surface dimensions will vary due to edge profile.

DRAWERS

All drawer fronts are constructed of ¾" thick core with thermally fused laminate on both sides and edge banded as required. Drawer sides are ½" thick, oak grained pattern. Drawer bottoms are 1/8" thick oak-grain hardboard.

- All box drawers are suspended on smooth-action metal slides with ball bearings
- All file drawers and file cabinet drawers are mounted on heavy-duty ball bearing, full-extension slides
- Black filing hardware includes pre-installed rails with easy-adjust crossbar
- All file drawers allow letter filing, front-to-back and legal size filing side-to-side
- All 38" lateral file drawers allow letter and/or legal filing front-to-back or legal size filing side-to-side

- 32" lateral file drawers allow legal filing side-to-side and letter filing front-to-back
- Maximum weight for bottom loading is 25 lb
- Drawers are constructed with 5 sides for extra strength and durability. The drawer front is the 5th side and is removable in the field for repairs or hardware additions

PEDESTALS

Supported with 4 leveling glides in steel plates.

PANELS

Heavy-duty adjustable nylon leveling glides in steel plate are installed in each 1" thick end panel. Modesty panels are ¾" thick core.

BASES

All bases are 1" thick fiberboard surfaced with melamine.

WIRE MANAGEMENT

All grommets in the Wyndham collection are rectangular 3 1/4" x 1 7/8" and made of black high impact poly resin. See features for number of grommets and location. Additional grommets can be added for extended wire management capability at \$106 list per grommet. Includes factory cut and installed grommet and black sleeve. Specify location with order.

HARDWARE

Pulls and knobs are a beautiful traditional design, solid metal, with a brass finish to complement the Wyndham collection.

TACK BOARDS

Fabric covered tackable boards may be ordered separately to fit inside hutches. They can be ordered with any fabric to match your office chairs except leather or vinyl.

LOCKS

- Independent fully locking pedestals are standard on all desks and credenzas
- Two drawer and four drawer lateral files are central locking
- Four drawer lateral files feature central locking and are keyed different than other locks due to the anti-tilt mechanism inside the unit
- All locks are keyed identical unless otherwise specified
- 'Key Different' option is \$21 list upcharge per lock. Locks/cores packaged to customer requirements
- Additional lead time for 'Key Different'

ACCESSORIES *Factory Installed*

Certain accessories can be ordered installed prior to shipment. Add letter designator (C, K or T) at end of the desk, credenza or overhead model number:

- C** Center Drawer
Example: WYM651RC
- K** Keyboard Platform
Example: WYM604K
- T** Task Light
Example: WYM737T

DIMENSIONS

All size dimensions are nominal and subject to change. If you must have exact dimensions, please contact your Customer Service Representative. Worksurface dimensions will vary due to edge profile treatment. Always measure actual top before ordering glass or other cover to fit tops.

QUICKSHIP

Quick Ship is not available on any items ordered with option.

PACKING

All units are properly packed in heavy duty cartons with heavy duty corner pads. All packaging conforms to or exceeds specifications as outlined in the Uniform Freight Classification. All desks, credenzas, files, and overhead storage units are shipped set up. Modular L-shaped, and U-shaped workstations are shipped in multiple cartons and require connection in the field.

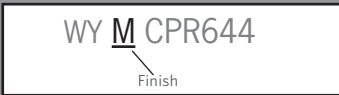

PALLETIZATION

See page 5.

CARE & CLEANING INSTRUCTIONS

Normal cleaning: Clean using a soft cloth and a good window cleaner which contains no ammonia, followed by wiping dry using a dry soft cloth.

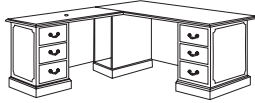

Specifications subject to change without notice.

TABLES

MATRIX tables are the answer to the need for "touchdown spaces" to read and respond to emails, texts, social media or voice mail. Matrix provides meeting space for teams to gather and collaborate on projects.

For installed power, see PowerFlex accessories.

Specifications subject to change without notice.

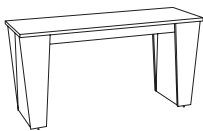

- Tops are rectangular or tapered in 6' or 8' lengths
- 36" counter height or 42" standing height
- Rectangular tops are 24" or 30" deep
- Tapered tops are 24/36" or 30/42" deep
- Bases available in all laminate or laminate with perforated steel inserts
- Cutouts under top and open base design allows channeling power to the floor

CHARACTERISTICS

Tops

All tops are 1" thick with thermally fused laminate surface, proper backing and full 3 millimeter PVC AdvantEdge banding as required. High pressure laminate tops available.

Base

Base panels are 1" thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding as required.

ASSEMBLY

Tables ship with top and base in separate cartons. Assembly is quick and easy by attaching bases to tops with bolts or screws provided.

TABLE FINISH CHART

Code	Finish	Tops	Bases
BW	Boardwalk (Textured)	X	X
DW	Driftwood (Textured)	X	X
E	Black	X	X
FM	Natural Maple	X	X
GP	Graphite	X	X
M	Mahogany*	X	X
SL	Shoreline (Textured)	X	X
WC	Windsor Cherry*	X	X
X	Espresso	X	X

Select a color combination with contrasting top and base, or choose monocolour for same top and base.

Monocolour models use a single finish designator.

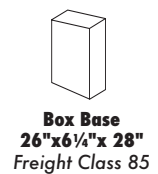

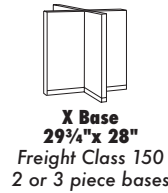

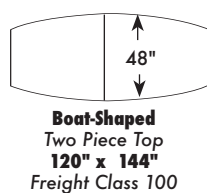

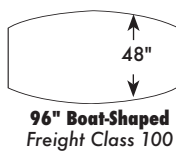

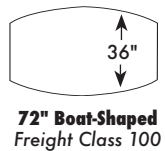

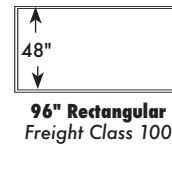

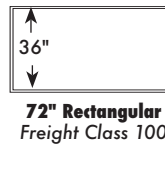

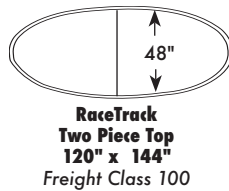

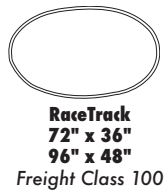

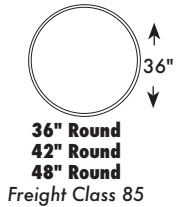

*High pressure laminate tops are available in Windsor Cherry and Mahogany.

OPTIONS

- For installed power, see PowerFlex accessories.
- 6.25" thick Box Bases are available. Prices are listed below prices for tables.

Quick Ship is not available on any items ordered with option.

Specifications subject to change without notice.

Select a color combination with contrasting top and base, or choose monocolour for same top and base. Monocolour models use a single finish designator.

ASSEMBLY

Tables ship with top and base in separate cartons. Assembly is quick and easy by attaching bases to tops with bolts or screws provided.

OPTIONS

For installed power, see PowerFlex accessories. *Specifications subject to change without notice.*

Contemporary Laminate

Round Conference Table

- 1-1/2" thick top
- X base for increased stability
- Ships in two cartons
- Assembly required

The Milan Bistro Table collection is the perfect solution for break rooms, cafeterias, dining areas and anywhere that you need a place to meet and eat. A large variety of top options designed to coordinate with other HPFi furnishings. Combine any table top with a 28" high or 40.75" high heavy-duty steel base to create an ideal environment. Choose from a wide range of Milan Bistro Seating in Breakroom Seating for an instant lunch area or sidewalk café.

CHARACTERISTICS

TOPS:

- Atlas tops are 1½" thick thermally fused laminate with matching 3 millimeter PVC AdvantEdge banding. 36" or 42" diameter round tops are available in Natural Maple (FM), Windsor Cherry (WC) or Mahogany (M)
- Hyperwork tops are 1-1/8" thick thermally fused laminate with matching 3 millimeter PVC AdvantEdge banding. 36" or 42" diameter round tops are available in Natural Maple (FM), Windsor Cherry (WC), Mahogany (M), Graphite (GP), Espresso (X), Black (E), Boardwalk (BW), Driftwood (DW) and Shoreline (SL)

BASES:

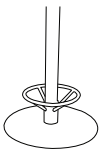

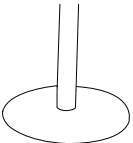

- 28" high steel base column is 3" in diameter supported by a 30" diameter heavy-duty metal disc base with easy adjustable leveling glides. Overall table height with top is 29"-29½".
- 40¾" high steel base column is 3" in diameter with foot ring for bistro height seating. Column and foot ring supported by a 30" diameter heavy-duty metal disc base with easy adjustable leveling glides. Overall table height with top is 41¾"-42½".

ASSEMBLY

Simple assembly is required to connect table tops to bases with a screwdriver. All necessary attaching hardware is provided.

See Milan chairs in Breakroom Seating.

OCCASIONAL TABLES SIN 711-11

OCCASIONAL TABLES

Malibu Collection

Malibu occasional tables blend classic materials, steel and glass, to provide unique accents in a wide range of environments. Bases are built with tapered steel legs. Choose glass or laminate top.

Trados Metal Collection

Trados Metal occasional tables feature tubular steel base with a brushed aluminum powdercoat finish with a urethane clear coat. Choose glass or laminate top.

6700 Collection

Tapered-leg occasional tables that blend harmoniously with traditional or modern interiors, **6700** tables are available with veneer or laminate tops.

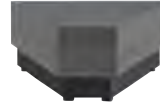

Hyperwork Collection

High-quality, high-value contemporary tables for fast-paced business environments. Angled satin finish chrome legs add visual interest.

9100 Collection

9100 occasional tables feature veneer tops and the natural beauty of wood. Tops feature radius corners, ideal for waiting room environments.

7400 Modular Collection

The **7400** two-tier base creates heavy-duty frame for long-term use. Recessed plinth bases reduce scuffs and feature a textured, black vinyl surface that resists scratches.

Marquet Collection

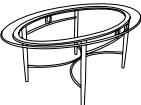

Marquet table tops feature cherry, maple and walnut veneer in unique pattern influenced by traditional marquetry designs.

Bedford Collection

Bedford, an occasional table collection of traditional designs responds to the demands of the modern office. High pressure laminate top, 1-3/16" thick, has shaped edges.

The image displays a stack of approximately ten different fabric samples, likely for seating upholstery. The fabrics vary in texture, color, and weave. From top to bottom, the samples include: a dark grey fabric with a fine, regular grid pattern; a medium grey fabric with a similar grid pattern; a light grey fabric with a slightly more pronounced grid; a white fabric with a very fine, almost invisible grid; a medium grey fabric with a distinct, larger-scale grid; a dark grey fabric with a fine grid; a medium grey fabric with a fine grid; a dark grey fabric with a fine grid; a dark grey fabric with a prominent, larger-scale grid; and a dark grey fabric with a fine grid. The fabrics are stacked and slightly offset, creating a sense of depth and showcasing the variety of options available.

SEATING UPHOLSTERIES AND TECHNICAL SPECIFICATIONS

- Available on all HPFi Seating
- All available at HPFi industry-leading standard lead times

Due to the natural characteristics of leather, finished furnishings may vary from original swatches. HPFi neither guarantees nor warrants leather for color, color consistency, grain or other characteristics. We cannot accept return of leather furnishings for such issues.

Real. When you specify leather furnishings from HPFi, each piece is 100% leather. All are real, top-grain leathers. No synthetics. No substitutes. Just real leather selected for quality and characteristics that create unique furnishings.

Natural. Leather is a natural material. It is an environmentally conscious upholstery cover salvaged as a by-product from meat production processes. Incorporating leather into multiple products – from furniture to clothes – is consistent with "green" efforts to improve production's impact on our environment.

Leather. Leather is **UNIQUE**. Each hide features characteristics developed in nature, distinguishing it from any other hide. Even within a leather hide, variations in color, texture and markings (scars, scratches, wrinkles, etc.) are natural and will appear within a given upholstered piece of furniture. These variations are not imperfections, rather they are the very essence of what makes leather an exquisite and preferred upholstery material.

LEATHER ADVANTAGES. History and tradition of use generate a special affinity and emotional preference for leather. Also consider:

- Leather breathes. It can absorb up to 25% of its own weight in humidity and release that humidity, so the body does not perspire on leather as it does on vinyl.

- Leather adapts to the closest temperature. An untouched leather chair remains room temperature. Once you sit down, the leather reaches body temperature, no higher!
- Leather is less permeable than fabrics. This barrier feature protects internal chair components from spills, inhibits dust collection by a chair's cushioning material and provides easily cleanable surfaces.

Top Grain. All are top-grain leather taken from the outermost layer of the hide, providing the strongest, softest and most breathable leather from the hide. Additionally, top grains show the natural markings (wrinkles, scratches, scars, etc.) that make each leather unique.

THE LANGUAGE OF LEATHER

Leather hides are processed in many different fashions, creating a variety of appearances, tactile qualities and performance capabilities. These processes and the resulting characteristics create a leather language used to classify leathers as outlined below.

Full vs. Corrected Grain. Full grain leathers exhibit more of the natural variation, texture and markings of the animal. These leathers are generally softer than corrected leathers. Corrected grain leathers have been mechanically altered through buffing, sanding or embossing to create more consistent grain pattern and uniform appearance.

Semi-Aniline. Starting with the same base as full anilines, the semi-aniline is a soft leather featuring a transparent finish that improves light and stain resistance. Slight pigmentation may be added to minimize color variation within the hide.

Pigmented. These leathers feature pigment dye applied by machine spray or roller coating, then followed by a finish coat to seal the pigment. Pigment/sealer increases a leather's resistance to fading and wearing while decreasing the softness of the material. Pigmented leathers are easier to clean and care for than non-pigmented leathers.

Pullup. Pullup leathers derive their color from waxes or oils, which dissipate and become lighter in color when the leather is pulled, as done during the upholstery process. This creates worn, weathered, distressed appearance typically found only on furnishings subjected to years of use.

Hand Antiqued. As the name implies, these leathers are handcrafted using traditional leather techniques.

Sauvage. Subtle, abstract two-tone finishes on leather provide visual depth and interest to a leather and are known as Sauvage.

HPFi can work with our leather supplier partners to color match an existing leather installation. There is a minimum of 500 square feet. Lead time to color match will take 5 - 6 weeks.

Note: HPFi leather seating employs multi-piece backs and sides to improve yield of natural leather hides.

Care & Cleaning
Leather specialists at Leather Master can provide you with specially-developed leather care and cleaning agents.

FABRICS

HPFi strives to offer the best in appearance, durability, and value. Please refer to the seating warranty section on page 4 for more information. Most fabrics are ordered at the time we receive your order. Therefore no cancellations or changes are allowed once your order is entered and the fabrics are ordered. Please make certain that your clients know this when they are making their fabric selections.

Overview: Man-made fibers such as acrylic, olefin, polyester and nylon have achieved new levels of performance with current changes necessitating a true evaluation of each fabric on its own merit. Do not assume that a specific fabric is always the best. Consult the test results on the fabric specification sheet or sample card and evaluate its performance for your particular application. HPFi chooses only those fabrics that attain the upper portion of the durability spectrum.

VINYL

Overview: Vinyl coverings are normally 100% virgin PVC (Polyvinyl Chloride) supported by a man-made backing. They are sometimes textured and then surface finished or capped with a chemical film. Some vinyl upholstery fabrics are formulated to include silver ion particles, to provide an antibacterial and antimicrobial surface. Consult the technical information on the back of the vinyl swatch cards to choose the desired characteristics for the environmental setting in which the seating units will be used.

Protection: Periodic cleaning of the vinyl by washing with lukewarm water and a mild soap will prevent hardening, cracking and peeling due to body oils and body care products. Clean with wet sponge and dry with dampened cloth or sponge. Certain commercially available products clean routine spills effectively without causing the material to exude (lose) the softening agents which keep the vinyl soft and pliable. Improper cleaning products can break those softening agents and cause the vinyl to crack and peel.

FAUX LEATHER

Overview: Faux Leather is the term most commonly used for man-made polymers such as polyurethane or vinyl. It is a resilient, flexible and durable material that offers textures and a soft feel similar to that of leather. Like genuine leather, polyurethanes do offer some breathability (vapor transmission) whereas vinyl normally doesn't.

Protection: The greatest advantage of a faux leather over genuine cowhide leather is the cleanability and consistency of appearance.

LEATHER

Overview: Leather, by virtue of its natural inherent beauty, warmth and durability, creates aesthetic appeal for those individuals desiring the very finest in office seating. The exclusive use of top grain cowhides by HPFi in Grades L and LL, assures the customer of genuine leather as opposed to split or bonded leather substitutes.

The growth marks and healed scars which occur during the animals' lifetime give leather its distinguishing "character". These signatures will appear on the chair leather, assuring the customer of the use of authentic top grain hides. Genuine top grain leather mellows with age and gains a quality and value which is unlike any man-made substitute.

Full and Top Grain Leather vs. Split Leather:

When the hide is separated from the animal, it can be as much as 3/4" thick. A splitting machine then splits the hide into layers of desired thickness. Only the first cut is used on HPFi seating to insure maximum strength and beauty.

Protection: To remove spots and spills, wipe excess liquid up immediately with a clean absorbent cloth or sponge. If necessary, use clean lukewarm water only and let air dry naturally. If water is used, clean the entire area where the spot occurred. An example would be the entire seat cushion or entire arm. DO NOT dry wet areas with hair dryers, etc. For butter, oil or grease, wipe excess butter, oil or grease off the leather with a clean dry cloth, then leave it alone as the spot should dissipate into the leather in a short period of time. DO NOT apply water or try to wash such spots.

Please Note: These are recommended or suggested methods of cleaning. HPFi is not responsible for damage incurred while cleaning.

CLEANING CODES

Each upholstery utilized by HPFi has a cleaning code letter, assigned by the manufacturer for a specific pattern and is listed on the swatch card. The cleaning codes are as follows:

- W** - Water based cleaners recommended.
- S** - Solvent based cleaners recommended.
- WS** - Water or solvent based cleaners recommended.
- X** - Do not use any cleaning fluids.
- C** - 10% Bleach, 90% Water, rinse

To prevent overall soiling, frequent vacuuming or light brushing to remove dust and grime is recommended. Always pre-test a small inconspicuous area before proceeding to remove the stain.

UPHOLSTERY TESTING TERMS

Surface Abrasion: Abrasion resistance is the ability of a fabric to resist surface wear caused by flat rubbing contact with another fabric. There are two different methods commonly used to test abrasion, referred to as Wyzenbeek and Martindale. Most contract grade fabrics are tested using the Wyzenbeek method. Fabrics with abrasion results below 15,000 Wyzenbeek double rubs / 20,000 Martindale cycles may prove unsatisfactory in contract upholstery application. Abrasion results exceeding 100,000 double rubs / cycles are not meaningful in providing additional value in use. Higher abrasion resistance does not necessarily indicate a significant extension of the service life of the fabric. A fabric with double the number of abrasion cycles does not indicate double the service life. There is no correlation between different test methods. It is not possible to estimate the results that might be achieved on one test, by reviewing the results from another (e.g., Martindale & Wyzenbeek.) The following guide is a general rule of thumb for upholstery on HPFi furniture using the Wyzenbeek test method:

- Light Duty - 15,000 cycles (double rubs)
- Medium Duty - 35,000 cycles (double rubs)
- Heavy Duty - 50,000 plus cycles (double rubs)

For more information on surface abrasion, visit the web site for Association for Contract Textiles at www.contracttextiles.org.

Crocking: The degree of resistance of material to change color characteristics, or transfer its color to other materials in any environment during the life of the fabric.

Tear Strength: The force necessary to tear a fabric, usually expressed in pounds or in grams. The most commonly used method for determination of tear strength is the Elmendorf test procedure.

Tensile Strength: The actual number of pounds of resistance that a fabric will give to a breaking machine before the material is broken.

Fadometer/Color Fastness: The fadometer (light) test determines the resistance of a specific fabric color to prolonged exposure to sunlight utilizing a water-cooled xenon lamp fading apparatus for simulation. The color fastness test determines the degree of color retention and change in shade (or lack of) during the normal life of the fabric.

Fire Retardant: Fabrics treated with special chemical agents or finishes to make them retardant or resistant to burning. Fabrics may also achieve this property by using fibers with these properties built directly into the polymer. Fire retardant coatings or specifications vary according to code requirement. Please consult fabric specifications listed with each pattern in upholstery catalog for specific code acceptability. Upholstries offered or recommended by HPFi do not contain polybrominated diphenyl ethers (PBDE).

FLAMMABILITY & FIRE CODES

Treatment or finishing of fabrics is varied as many states and municipalities have developed their own criteria for fire retardant coverings. Although attempts have been made to offer a fabric which will pass as many of these codes as a group (e.g. Boston Fire Dept. Std., The Port Authority of N.Y. and N.J., and California Technical Bulletin 117), it may be necessary to specifically treat a fabric for a special code. If special treatment is required, or if treatment of a current fabric offered by HPFi to meet a certain code is required, please contact our Customer Service Department for quotation.

All upholstery offered by HPFi supplier partners meet California Technical Bulletin 117. The current version is California TB 117-2013. Any upholstery that meets this standard will also meet similar test methods ASTM, UFAC or NFPA260.

Consult specifications on our upholstery partners' web sites for pertinent fire code ratings and specifications. These specification sheets are also available from our Customer Service Department.

Please remember that a fire retardant fabric isn't fireproof or flameproof. The purpose of the retardant is to make fabrics flame resistant to a smoldering cigarette in order to provide time for egress.

California Technical Bulletin #133 requires heightened levels of flammability resistance and special testing. HPFi offers a range of seating products tested and certified to Cal 133. Contact HPFi Customer Service for more information.

HPFi offers a selection of reception and ergonomic seating that has been tested and certified by an independent laboratory to pass California Bureau of Home Furnishings and Thermal Insulation's Technical Bulletin #133 flammability requirements. These are the most stringent U.S. flammability requirements. Testing includes full-scale burn testing of a finished, upholstered chair, which is destroyed after a single test. HPFi has chosen to use a barrier cloth or fire-blocking layer between the foam cushioning and the external upholstery cover in order to comply with California Technical Bulletin 133.

All HPFi TB 133-certified chairs have been tested and certified in 100% recycled polyester fabrics from the Foundation 10 collection, which offers dozens of solid color crepe fabric options. These fabrics also pass 1,000,000 double rubs in surface abrasion testing (ASTM D 4157 Wyzenbeek Test).

Unless otherwise noted, any upholstered HPFi reception or ergonomic seating can be specified and manufactured to comply with California Technical Bulletin #133. The upcharge for each piece is determined by multiplying its fabric requirement (as stated in this price list) by \$66 list per yard.

Example: For a Claudia Club Chair #5301, you would add \$379.50 list (5.75 yards at \$66 list per yard) to the regular list price.

If laboratory certification is required for a specific style and upholstery combination, the following costs to the requesting party will apply:

- \$1,000 one-time fee for the testing and transportation of sample
- The cost of the test sample including appropriate upcharge as outlined above.

An additional 6 weeks will be added to the standard lead time for products requiring testing.

For additional information and California Technical Bulletin #133 pricing, please contact your HPFi Customer Service Representative.

COM (Customer's Own Material) / COL (Customer's Own Leather)

Upholstery material(s) furnished to HPFi by the customer requires special processing. Prior to HPFi accepting any COM orders, the COM/COL Order Form (see next page) must be submitted to HPFi for yardage requirements. Once this form is returned to you, you may accurately order your upholsteries for shipment to HPFi.

Any order received without the accompanying fabric will be entered and acknowledged with an open shipping date until fabric is received.

Inquiries should be sent to:

HPFi COM/COL Coordinator
1104 Bedford Street
High Point, NC 27263
(t) 800.447.3462
(f) 800.231.6784
(e) info@HPFi.com

A. COM/COL Shipping Address

All COM/COL fabrics and leather must be shipped prepaid:

HPFi COM/COL Coordinator
1104 Bedford Street
High Point, NC 27263

Make sure a copy of the COM/COL order form is attached to the upholstery (see form on following page). COD's are not accepted on customer's own material (COM) or customer's own leather (COL).

B. COM/COL General Information:

1. Do not fold any upholstery (textile, coated fabric, vinyl, polyurethane or leather) for shipment. All upholsteries must be rolled on a cardboard tube for shipment to HPFi. Folded fabric or leather may sustain permanent creasing, rendering it unsuitable for upholstering. HPFi will not apply creased goods to any upholstered item(s).

2. For specific yardage requirement, send the COM/COL order form request (see next page) to the HPFi Customer Service department. Seating model numbers, quantities and upholstery application orientation are required. A timely reply will be forwarded with yardage required.

3. COM orders are priced at Grade 2.
4. COL orders are priced at Grade 3.

C. COM/COL Warranty and Application of Upholsteries:

1. Upholsteries received from the supplier or customer for COM/COL applications are not covered by any warranties expressed or implied by HPFi including but not limited to wearability, light fastness or tailoring.

2. While we make every effort to check and cut COM material in the most appropriate manner, claims for flaws, insufficient yardage, discrepancies in the fabric, imperfections in the material, dye lot variations, or wearing quality of material furnished by the customer cannot be honored.

3. Do not estimate COM yardage from yardage in this Price Book. The yardage requirements shown in this Price Book are based on the use of non-directional upholstery, 54" wide applied in a "Topped" orientation.

4. Please fill COM/COL form completely including topped out or railroaded applications also add horizontal and vertical repeats.

D. COM/COL Shipping Dates:

If an acknowledged order contains both graded-in and COM/COL upholstered items on the same order, the order will be processed with an open ship date. Once the COM/COL upholstery is received, standard lead times will apply to the entire order.

E. COM/COL Combination Upholsteries

Many seating items may be selected with multiple upholstery covers on a single unit, such as vinyl arms and fabric seat/back or solid color fabric arms with a pattern seat/back. HPFi can accommodate these special requests as outlined below.

1. Indicate clearly on original order the combination of desired fabrics as follows:

- Chair Model
- Finish (if applicable)
- Seat fabric
- Back fabric
- Arm fabric

If seat and back will be same fabric, the order can list it as such.

2. Be certain to provide complete description of upholsteries, including pattern name, color name, and color number (if available).
3. Combinations are available on all graded-in upholsteries at standard lead time, not on QS or NOW Quick Ship programs. Combinations using COM upholsteries may require additional lead time and must follow the COM order process.

High Point, USA

COM/COL ORDER FORM

All information on this form is required to accurately calculate the COM yardage / COL sq. ft. needed

Please complete and send to the HPFi COM/COL Coordinator. Email: CustomersOwnMaterial@hpfi.com Fax: 800.231.6784

ERGONOMIC FEATURES & APPLICATIONS

Ergonomics, also referred to as Biotechnology of Human Engineering, is an applied science concerned with the characteristics of people that need to be considered in designing and arranging things that they use in order that people and things will interact more effectively, comfortably, and safely.

With respect to the office worker, ergonomics is applied to accommodate specific work postures that reduce or eliminate static loading of muscles, particularly in the neck, shoulder and lower back regions. These are the primary areas where musculo-skeletal illnesses occur, causing discomfort and pain.

In recent years we have, through the study of ergonomics, gained an increased understanding of the importance of prevention, in contrast to cure, for the seated individual. The result is new seating designs incorporating proper curvatures as well as individual adjustability. This seating construction has the following features and benefits:

- Front of seat is a "waterfall" shape which avoids restriction of circulation of blood in thighs and lower legs.
- Back support is designed with a compound curve to support lumbar vertebrae and help back hold a slightly forward arch. Fixed Lumbar Support has been incorporated into various chairs. Permanent fixed support allows proper passive ergonomic alignment of the skeletal frame.
- The seat cushion has only light, but relatively firm padding so the posterior can change pressure areas easily. Most seats are constructed with matrix support, as opposed to a platform (solid) seat pan. This increases comfort and works to reduce or eliminate pressure areas.
- Seat heights are adjustable to accommodate a wider range of user heights.

- Seat controls are designed to be able to adjust both the back and the seat for varying positions and tasks.
- For safety, chair bases have 5 prongs. This also makes lateral movement easier.

As well as having all of the above features and benefits required to satisfy tasks that need to be performed. HPFi seating blends into the most discriminating office environment. Actuating paddles and knobs are positioned within easy reach from the seated position and placed to avoid injury or inadvertent operation.

BASES

A. Wood Base:

A five prong steel understructure is continuously welded to a steel center hub for strength and durability. The center hub is equipped with a nylon hub liner to provide smooth and quiet swivel operation. Hardwood caps are secured to the steel understructure. The base is furnished with a black metal sleeve and features black polyimide, non-abrasive, non-marking dual wheel casters. These bases meet or exceed all BIFMA requirements.

B. Low-Profile Base:

Optional Leaders base features 5-prong die-cast aluminum under structure. Flat hardwood caps are finished and affixed to the aluminum under structure. This option meets or exceeds all BIFMA requirements.

C. Black Nylon Base:

Black five prong base of reinforced nylon resin. The base features integrated two inch hooded dual wheel casters. These bases meet or exceed all BIFMA requirements.

Note: The black nylon five prong base can be substituted for a five prong wood base at no up-charge.

IMPORTANT: When ordering a replacement base or casters, please list the seating model number and the date of purchase (if known), found on the manufacturer label under the seat.

PACKING

Prices shown in this Price Book include packaging. All items are packed one to a carton except where indicated. All packaging meets or exceeds the specifications outlined in the Uniform Freight Classification.

HPFi reserves the right to change or modify any of our products, pricing or packaging without advance notice.

All Swivel Seating includes 360° Swivel and Pneumatic Seat Height Adjustment

	Standard	Optional
 <p>Swivel Tilt Mechanism</p> <ul style="list-style-type: none"> • Seat and back tilt as one unit • Tilt pivot point is at top of cylinder/column • Adjustable tilt tension 	All (except 500, 590)	
 <p>Knee Tilt Mechanism</p> <ul style="list-style-type: none"> • Feet remain on floor when reclining • Seat and back tilt as one unit • Tilt pivot point is toward seat front • Adjustable tilt tension and tilt lock 	1231, 1237	1200 Series, 3900 Series, Leaders, Quick Silver, Scoop, Traditional, Trifecta, Value Traditional

 <p>Synchro Tilt (YM) Mechanism</p> <ul style="list-style-type: none"> • Back tilt/reclines at 2:1 ratio to seat angle • Tilt pivot point is at top of cylinder/column • Adjustable tilt tension 	631, 637, 751, 752	
 <p>Adjustable Back Height</p> <ul style="list-style-type: none"> • Raise / lower back for individual comfort • Lift back to engage mechanism 	500, 590, 50050AT, 59050AT, 621, 627, 631, 637	
 <p>Adjustable Width Arms</p> <ul style="list-style-type: none"> • Adjust side to side for individual comfort • Loosen knobs under seat to adjust 	50050AT, 59050AT 621, 627, 631, 637	
 <p>Adjustable Height Arms</p> <ul style="list-style-type: none"> • Adjust up and down for individual comfort 	50050AT, 59050AT 621, 627, 631, 637 751, 752	
 <p>Back Angle Adjustment</p> <ul style="list-style-type: none"> • Provides optimum lumbar support for back pressure relief and an extended range of motion • Locks into position for hands-free comfort 	621, 627, 631, 637	
 <p>Forward Seat Tilt</p> <ul style="list-style-type: none"> • Allows seat to tilt forward for lengthy computing • Keeps feet on floor and thighs in a horizontal, non-restrictive position • Provides back pressure relief and extends range of motion 	621, 627, 631, 637	
 <p>Tilt Lock</p> <ul style="list-style-type: none"> • Securely lock chair in position 	621, 627, 631, 637	

Jury Base

A 9 1/4" base with a 90° swivel (45° to each side) with automatic return to the front, forward position is available on several of our management swivel chairs. Specify code JB and add \$315 to the list price.

Caster Kit

To convert a chair (already in use) from carpet casters to hard floor casters, order a Hard Floor Caster Kit which includes 5 casters at a list price of \$40.

Caster Options

HPFi swivel seating features standard dual-wheel carpet casters appropriate for most business environments.

WOOD FINISHES

Finishes available as standard on our wood seating products are for the exposed wood components. This wood is kiln dried maple and similar hardwoods.

ANTIMICROBIAL /ANTIBACTERIAL

HPFi employs a proprietary seating finish under the name, Sentinel™. Our finish employs silver ions - a powerful, natural antimicrobial, antibacterial which assists in preventing the spread of infections without harm to human health. Disease-causing organisms on wood chair frames with Sentinel™ antimicrobial silver remain latent, thereby unable to propagate and soon naturally expire. Sentinel™ antimicrobial finish cannot be washed away, worn off or depleted overtime. Its effectiveness is as powerful at the end of the life cycle as it is at its start.

STANDARD COLORS

The following finishes are available as standard:

- **Aspen** - a fade resistant beige stain with a medium gloss lacquer top coat. Specify wood finish code **AP**.
- **Black** - a fade resistant black stain with a low-gloss lacquer top coat. Specify wood finish code **BLK**.
- **Boardwalk** - a fade resistant light brown/taupe stain with a medium gloss lacquer top coat formulated to be compatible with Boardwalk casegoods finish. Specify wood finish code **BW**.
- **Driftwood** - a fade resistant dark gray stain with a medium gloss lacquer top coat formulated to be compatible with the Driftwood laminate casegoods finish. Specify wood finish code **DW**.
- **Espresso** - a fade resistant dark Walnut stain with a medium gloss lacquer top coat. Specify wood finish code **ESP**.
- **Honey Cherry** - a fade resistant orange-brown cherry stain with a medium gloss lacquer top coat. Formulated to match our Honey Cherry veneer casegoods. Specify wood finish code **HCY**.
- **Mahogany** - a fade resistant mahogany stain with a medium gloss lacquer top coat. Specify wood finish code **MAH**.
- **Natural** - a clear lacquer gloss top coat. Specify wood finish code **FM**.
- **Moab** - a fade resistant medium-brown stain with a medium-gloss top coat. Specify wood finish code **MOB**.
- **Rouge Mahogany** - a multi-step reddish brown finish with high-gloss top coat matching veneer casegoods. Specify wood finish code **RM**.
- **Shoreline** - a fade resistant grey stain with a medium gloss lacquer top coat. Formulated to be compatible with Shoreline casegoods finish. Specify wood finish code **SL**.
- **Windsor Cherry** - a fade resistant red-brown cherry stain with a medium gloss lacquer top coat. Specify wood finish code **WC**.

When ordering, please specify the quantity of each model, the complete model number, followed by a dash, the wood finish code, followed by the fabric name and fabric number. Example: To order 15 of model 1621 in a Driftwood finish in CF Stinson's Satellite 62826 Domino, your order should read:

15 1621 DW Satellite Domino

The standard finishes available for each seating product are specified by a wood finish code suffix. Wood finishes are available as noted on each page of this Price Book. The following legend for the wood finish code is listed on each page of products available with a wood finish.

WOOD FINISH CODES

AP (Aspen)
BLK (Black)
BW (Boardwalk)
DW (Driftwood)
FM (Natural)
ESP (Espresso)
HCY (Honey Cherry)
MAH (Mahogany)
MOB (Moab)
RM (Rouge Mahogany)
SL (Shoreline)
WC (Windsor Cherry)

Special finishes can be accommodated. Please contact our Customer Service Department for pricing and lead time. Due to additional handling, a special finish charge of \$100 one-time net fee is required.

COLOR VARIATIONS

Variations in wood color and grain pattern, contribute to the natural beauty of wood. The natural characteristics of the different species of wood, add to the distinctiveness of furniture and cannot be considered defects.

Some examples of these natural characteristics include:

- **Pitch pockets.** These are common in fruit woods such as cherry. They appear as a dark spot in the grain that may not always accept finishing materials.
- **End-grain.** This occurs on the edges of chair frames and desk tops. They appear as a color variation of the tree's growth ring, commonly called "tiger striping".
- **Color variations.** All real wood products exhibit a certain amount of color variation when finished. This color variation is most often caused by the natural difference of initial color of the raw wood. This initial color, as with many other of the characteristics of real wood, is naturally occurring and contributes to the beauty of the finished product. These color variations are more noticeable in light colored woods finished with a clear lacquer finish.

HPFi strives to control variations in color as much as practical. However, slight variations do occur naturally and should not be considered defects.

DIMENSIONS

All size dimensions listed are nominal and subject to change. If you must have exact dimensions, please contact your Customer Service Representative. Worksurface dimensions will vary due to edge profile treatment. Always measure the actual top before ordering glass or another cover to fit table tops.

SEATING LOUNGE

Sleek Lines, Comfortable Design

The sleek lines of the **Eve Collection** take shape from the desire to provide a contemporary solution to reception areas, waiting rooms, open plan team areas, lobbies and training rooms. This extensive collection includes teaming, linear, curved seating and ganging brackets.

Power Option

Power modules can be installed in arms or in front. See page 135.

Additional Information

- Eve includes 60° loveseats and benches plus 30° chairs, benches and wedge tables. Both 60° loveseats and 30° chairs are available with an inside or outside facing back.

- Eve's taut upholstery highlights this collection's contemporary look
- Brushed aluminum cylinder legs with adjustable glides
- Wood leg available at same price. Add WL after the model number and specify finish from chart on page 164.

Evette Child-Size Seating

Offers the same quality in construction as full size Eve lounge seating in a more youthful size. Mix with Eve adult-size seating to create comfortable and flexible seating arrangements for all ages in any size reception and lounge area.

Evette Design

Designed to be the perfect seating solution for elementary and middle school-aged children in youth areas in schools, libraries, doctor's offices, places of worship or anywhere child-size seating is necessary.

Evette Details

- Gang armless chairs with curved benches or tables
- Can be arranged as stand-alone seating
- Mix in oval tables, with or without laminate tops, or fully-upholstered cubes
- Add armless chairs with upholstered back panels arranged back-to-back or back-to-side to create an Oasis for private time
- Chairs with back panels must be connected for safety purposes

Sit Side-By-Side in Comfort

Generous armrests separate and create private space for each individual. Especially suited for public areas and waiting rooms, the gentle curves and substantial visual scale of Accompany creates an impression of comfort, encouraging users to relax.

Accompany Metal Details

- Brushed aluminum cylinder legs with chrome leg levelers are 4.75" high
- Two-Color Combinations: Unit invoiced at the highest fabric price grade featured on unit

Power Option

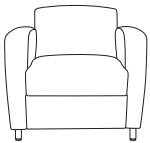

Power modules can be installed in arms or in front. See page 135.

Flex Tiered Seating offers comfortable, multi-level seating for groups to gather for impromptu meetings or casual gatherings. Ideal for classroom, conference room, lounge or open atrium areas. Flex makes perimeter spaces useful. Two-and three-tier options plus the two-tier corner modules may be grouped and reconfigured to create a variety of seating spaces.

Power Option

Power Modules can be installed in bottom tier at either left or right of center. Left side facing is standard. Power is not available on inside facing corner unit. See page 135.

Flex Collaborative Ottomans

HPFi's fully-upholstered ottomans are available in a wide variety of shapes - cubes, circles, octagonal, two-seat bench or tapers. Other variations include adding angled brushed aluminum legs or a trumpet base to create bistro-height seating. Use as ottomans, extra seating. Mix and match upholstery to create colorful seating in children's areas.

Create Your Own Space

With the **7300/7400** Modular Collection, create unique configurations, adapt to building layouts and maximize seating capacity. Choose from 12 seating/table components. Approach benches (7300 Series) from either side in open areas. Units with backs (7400 Series) provide full-comfort seating. Freestanding and ganging tables are available in various shapes and sizes.

7300/7400 Details

- High pressure laminate bases and tables
- Black recessed plinth base
- .625" H glider feet protect carpet and floor
- Freestanding & ganging tables
- Replaceable cushions

Power Option

Power modules can be installed in front of upholstered seat. See page 135.

Custom Laminate Program

Any Wilsonart® laminate from the Design Group 1™ program (type 335 grade laminate) is available at an upcharge per unit. Upcharge is specified in each item description. Please specify the Wilsonart® laminate color when ordering.

Customer's Own Laminate Program: You may supply your own laminate at the listed upcharges. Please provide the exact quantity for each model number. The laminate manufacturer, color number, and grade must be provided also. We reserve the right to reject any laminate that does not meet our manufacturing requirements.

(*) Laminate requirements based on solid-color, non-directional design per single unit. For any laminate with pattern and/or multiple units, contact Customer Service for specific requirements.

These options not available on Quick Ship or regular lead time. Please call Customer Support for delivery dates.

Our Most Versatile Modular Collection

Steps Modular lounge seating components can be configured, expanded and reconfigured as your business grows and changes. Every component is a seating module, ensuring maximum seating capacity and optimum space-efficiency in your facilities.

Plus, seat/back modules are field replaceable, offering renewability down the road.

Steps Modular Details

- Bases are fully upholstered.
- Bases with radius corners and .625" H glider feet
- All Steps units are available with left or right (facing) arms.
- All units are shipped with metal fasteners pre-bored into the seat frames (nuts and bolts supplied).

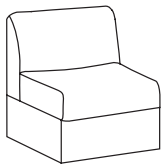

Power Option

Power modules can be installed in front or in sides. See page 135.

Dramatic Curves

We believe that a seat can, and should, combine both form and function. For **Claudia**, we put special emphasis on the form. Take a seat and your arms will naturally fall into the gently undulating contour of the fully upholstered arms. Brightly polished aluminum legs add just the right amount of sparkle and visual interest.

Claudia Details

- Angled satin finish chrome legs with stationary feet
- Taut-upholstery
- No-sag sinuous wire spring seat and back suspensions
- Coordinating cocktail and end table

Two-Color Fabric Combination

- Contrasting fabric combinations are available. To order, please add the Seat/Back Fabric pattern and color, followed by Arm Fabric pattern and color to the model number.
- Unit invoiced at the highest fabric price grade featured on the unit

Power Option

Power modules can be installed in front or in side. See page 135.

Art Deco Influences

The **Lauren Collection** of seating and occasional tables blends Art Deco influences with a versatile design applicable from offices to public, waiting room, hospitality and healthcare environments.

Lauren Details

- Taut seat, no-sag springs
- High density foam adds comfort
- Stitching between sections of seat and back cushions on loveseat and sofa units only if required by upholstery application, topped vs. railroad.
- Coordinating cocktail and end table
- Wood finish legs

Optional BAM Foot Available

- Truncated BAM foot design increases contact with floor. Recommended for high-use areas.
- Available in Black finish only.
- Add \$53 upcharge
- To specify BAM foot, add BAM to the end of the model number.

Power Option

Power modules can be installed in front only. See page 135.

CONTEMPORARY

Impressive Seating

From hospitality to healthcare to educational and corporate environments, the **Scarlet Collection** presents a distinctive scroll-arm design, creating impressive lounges, lobbies and other sitting areas.

Scarlet Details

- Taut seat, no-sag springs
- High density foam adds comfort
- Stitching between sections of seat and back cushions on loveseat and sofa units only if required by upholstery application, topped vs. railroad
- Coordinating cocktail and end table
- Wood finish legs

Optional BAM Foot Available

- Truncated BAM foot design increases contact with floor. Recommended for high-use areas.
- Available in Black finish only.
- Add \$53 upcharge
- To specify BAM foot, add BAM to the end of the model number.

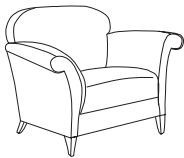

Power Option

Power modules can be installed in front only. See page 135.

TRANSITIONAL

Luxurious Comfort, Curved Wood Accent

9100 Lounge Seating provides luxurious comfort with a unique, compound-curved wood accent. Flare arm design, contoured lumbar support and generous scale create comfortable proportion and relaxed seating. Seat cushions feature extra-thick, multi-density foam for support and are removable for easy cleaning.

9100 Series Features

- Flare arm design with wood accent
- Extra-thick, multi-density foam
- Generous scale
- Coordinating occasional tables feature veneer tops and the natural beauty of wood

Power Option

Power modules can be installed in front only. See page 135.

Oversized Comfort

Leaders chairs are designed and built for executive level style and comfort. With careful attention to detail, they are scaled for the executive office. Impressive in every environment.

Design Details

- *Traditional*— Period influenced styling with gooseneck, wingback and other classical styles
- *Transitional*— Large-scaled seating designed with comfort in mind. Recommended for larger, longer body types
- *Contemporary*— Square-pattern stitching is paired with oversize seat & back for unique and comfortable styling

Additional Options

- *Optional Knee Tilt*

SIN 711-18 QUICK SILVER

CONTEMPORARY OFFICE

Four Designs, One Ergonomic Comfort

Quick Silver begins with an ergonomically shaped lumbar design, contoured to promote proper posture for comfort and long-term back support. Waterfall front seat edges provide freedom of movement and reduce stress on legs. All four Quick Silver designs incorporate these features in Executive, Management and Guest chair selections. Guest seating is also available.

Design Details

- **1270s** – double trapezoid back stitching; upholstered arm caps on wood arms
- **1830s** – horizontal back stitching; all-wood arms
- **3200s** – flared vertical back stitching; upholstered arm caps on wood arms; swivel chairs also available with black base and arms

Additional Features

- *Pneumatic seat-height adjustment standard*
- *Tilt-tension adjustment standard*
- *Extensive Standard & Quick Ship Upholsteries*
- *Limited Lifetime Warranty*

Traditional Style, Modern Value

Traditional Seating Series features period influences to create Wing Back, Goose Neck and other classic styles. Traditional tufting, individually-placed brass nail trim and shaped wood basecaps enhance the design.

Chair Details

- Brass nail trim
- Traditional tufting is standard on most models
- Black, dual-wheel carpet casters

Additional Options

- Knee tilt control option
- Edge Guard option
- Non-Tufted option
- No Brass Trim option

TRADITIONAL OFFICE

Period Influence, Timeless Appeal

Scoop Traditional Seating features period influences in a variety of swivel and guest seating. Traditional tufting, individually placed brass nail trim and shaped wood base caps enhance the design.

Scoop Traditional Details

- Pneumatic lifts on all swivel chairs
- Standard swivel tilt on all swivel chairs
- Brass nail trim
- 3 arm styles: open wood arms, platform arms with padded cap, and rolled style upholstered arm
- Dual-wheel casters

Additional Options

- Knee tilt control option
- Edge Guard option
- Non-Tufted seat and back option
- No Brass Trim option

Design Flexibility

Contempo presents elegant wood guest seating with extensive design flexibility. Solid hardwood frames offer the unique characteristics of wood. Choose from three arm styles. Select from four precision cut, multiple-layer hardwood plywood back designs known as Hourglass, Fan, Ladder and Puzzle.

Contempo Features

- 3 arm designs: *curvilinear, sloped, and scalloped*
- 6 back designs: *hourglass, fan, ladder, puzzle, upholstered and partial upholstered backs*
- *Suspended, improved-cushioning seats*
- *Multiple-density foam*

Solid Comfort

The **Unos** collection is constructed with extremely sturdy frames in a transitional design. Steel cross braces provide solid construction with a weight capacity of 350 lb. per unit. Bariatric width chairs also include steel cross braces in the back and offer standard weight capacity of 500 lb. with a 750 lb. and 1,000 lb. option.

Unos Arm Chair 904

Design Details

- Extra wide arms with scalloped design
- Separated seats and backs for easy clean out
- Steel reinforced seat frame
- Backs have hook and loop fasteners for easy field replacements
- Seats are field replaceable
- Wall saver leg design
- Adjustable glides

Solid Comfort, Modern Metal

The **Trados Metal** guest seating collection features a triarc arm design enhanced by a smooth silver nickel finish with a urethane clear coat. Other finishes available at a 15% upcharge. Minimum 50 seat order. Contact customer service for a list of finishes available. This elegant yet sturdy chair can be further enhanced by the addition of the optional wood or urethane arm caps.

Steel cross brace construction and a heavy gauge steel frame provide 350 lb. capacity. Bariatric seating also includes steel cross brace in back and is rated to 500 lb. with a 750 lb. and 1,000 lb. option.

Trados Metal Design Details

- *Triarc arm design*
- *Bariatric seating is rated to 500 lb. standard*
- *Collection includes patient seating and ganging waiting area seating*
- *Clean-out feature*
- *Reinforced seat frame*

Additional options

- *Wood or Black Polyurethane arm caps*
- *Twelve finish selections available with wood arm cap*

Solid Good Looks

The **Scoop** collection has solid good looks and two upholstery style options. All seating units and connecting tables can be ganged and configured in a virtually unlimited number of combinations.

Scoop Ganging Details

- Chair base choices: *Sled base or Four legged*
- Upholstery stitching choices: *plain back or channel back*
- Connecting table available
- Priced per chair

Ordering Information

Ganging orders are priced per chair

For each ganged chair, add a **C** to the product number; multiply the number of seats by the correct list price.

Example:

1003CCC (3 chairs with four-legged base)

1003CCCC ganged configuration with plain back

1003 Arm Chair

24" W X 27" D X 33" H

St. Yardage: 2

Freight Class: 250
 Cubic Ft: 15
 Ship Weight: 31

Grade	1	2	3	4	5	6	7	8	9	10	L	LL

MILAN SEATING

All chair feature black metal frames with solid wood seat and back in a dark Mahogany finish.

Three styles of seating

- Guest chairs with 18" high seat
- Bistro chairs with 30" high seat
- Bistro swivel chairs with 30" high seat

You can order an upholstered seat for any model. Upholstery will add 1" to the seat height. Each version is available with a choice of ladder back, porthole back or wavy back.

All Milan chairs ship fully assembled.

HEALTHCARE

Comfort, Form and Function

Comfort, form and function are the essential building blocks for any HPFⁱ® product. Nowhere is this more critical than in a healthcare setting where patient comfort is essential to maximize relaxation and recovery while providing caregivers with equipment that looks great and performs flawlessly.

Design Details

- *Hannah - Lay-flat mechanism allows for administering a wide variety of treatments without use of a bed or gurney. Trendelenburg models feature a negative 3 degree pitch from the full flatbed position and is operated by hands-free foot pedal. Rated to 500 lbs. Bariatric models rated 750 lbs.*
- *Haley - Comfort is provided through a body activated recliner mechanism housed in a streamlined frame. Full length footrest supports entire leg. Rated to 350 lbs. Bariatric models rated at 500 lbs.*

Shipping Information

- All recliners ship with back detached
- Simple assembly required.

Warranty Information

- Limited lifetime on seating components.
- Three years warranty on recliner mechanism

Overnight Comfort

Harmony is the ideal answer for an overnight, comfortable stay in a patient room. It is available in three widths to accommodate most rooms.

The full size version of Harmony provides an adequate sleeping space with room for two adults - perfect for an overnight stay in a children's facility.

Harmony Features

- Wall-saver design
- Lift the front of seat and pull out base to convert to a 78" bed
- Lift chair back and roll forward to close and lock, converts unit back to chair
- Ample storage under seat for sheets, pillows, blankets, etc.
- Platform rail on glides for stability
- Rollers on front for easy opening

Warranty

- Limited lifetime on seating components.
- Three years on recliner mechanism.

Options Available

- Cove or Flush Mount power modules available to be installed on arm. See page 135.

HELIX DR. STOOLS SIN 71-317

HEALTHCARE

Comfort for Physicians

Helix provides a full range of adjustable height seating for physicians' offices, examination rooms and other areas of care. Most models include a foot activated ring in the base to provide a hands-free height adjustment. Braking casters on those models also ensure that the stool does not roll away when sitting down or getting up. Both of these features allow the user to keep hands clean and sterile.

Model **581** includes a back rest to ensure proper lumbar support.

Model **582** features a molded urethane seat and black base with a hand-lever height adjustment for ergonomic application.

Select from hundreds of standard and thousands of other available upholsteries including easy-to-clean vinyls and woven Cryptons.

Helix Details

- Dual-wheel, braking casters on 580 & 581 inhibits movement when stool is vacant
- Foot-activated, hands-free pneumatic height adjustment on 580 & 581 stools
- Hand-activated pneumatic height adjustment on 582
- Choice of Black or Chrome bases with or without back rest

Environmental and Sustainability Efforts

For almost 60 years, HPFI® (High Point Furniture Industries) has been building furniture in the United States with respect to our environment and our community. As a world-class manufacturer, we strive to reduce and eliminate our impact on the environment. We recycle and reuse wherever possible. When viable and acceptable to our customers, we incorporate recycled and recyclable materials into our finished products.

HPFi uses level®, BIFMA’s sustainability certification program for furniture. This standard is used to identify and certify the levels of environmental achievement as well as identify specific contributions of LEED points. All certified HPFI products have been certified to level 2 by SCS Global Services.

Our sustainability efforts extend beyond the materials and processes involved in the manufacture and fabrication of our products. We also address end-of-life opportunities for our furniture. Additionally, our efforts involve social responsibility with HPFI associates as well as our business partners.

For additional information and the most up to date details, visit http://www.hpfi.com/about_sustainability_overview.php.

All HPFi® certified products are certified to level® 2. level, BIFMA's sustainability certification program for furniture, is a comprehensive and transparent third-party certification program. The level mark attests that the product, our manufacturing facilities and our company have been evaluated against the multi-attribute criteria of the ANSI/BIFMA e3 Furniture Sustainability Standard.
