Innovative solutions for the workplace

Well-being

Alera makes it easy to bring a more active workstyle to the office with a wide range of sit-to-stand workstations, height-adjustable tables and perch stools.

Open Plan

Keep team interaction high and aesthetics clean and modern. With Alera's modular components you can rearrange your space as your needs change.

Selection

With over 600 products to choose from, Alera has the perfect solution for the way you work. And, we're constantly enhancing our designs to meet the needs of the ever-changing workplace.

- Bookcases • Breakroom Cabinets
- Desks • Files • Seating
- Sit-to-Stand • Tables • Wire Shelving

Flexibility

Look to Alera for pieces that easily adapt to your work style and environment. Tables that reconfigure for conferencing and training. Breakrooms that double as collaborative spaces.

Versatility and Value by Design

ICON INDEX

Indicates a product that must be shipped freight.

Indicates a product that requires assembly.

Identifies items added since the last edition of this catalog.

Indicates the maximum weight a chair can support.

Products made with at least 10% total recycled content.

Because there is no universally accepted standard to designate products as environmentally preferable, we have adopted the green leaf symbol to highlight products that have one or more of the following attributes: reduced VOCs, compostable, biodegradable, contains recycled content, or other environmental attributes that make this product[†] less harmful to the environment or humans, when compared to its traditional counterparts. Many of the products marked with the green leaf symbol have been endorsed by third-party certifying organizations, and where applicable, the certifying body's logo appears next to the product's name. Please note that we have not independently verified the environmental attributes.

[†]These environmental attributes refer to the products themselves and not the processes for manufacturing and transporting the products.

THIRD-PARTY CERTIFICATIONS GUIDE

ANSI/BIFMA Certification Identifies products that meet or exceed ANSI/BIFMA standards for safety and durability.

ANSI/BIFMA certified furniture meets high standards for indoor air quality as well as safety and ergonomics in order to minimize health hazards and make injury less likely. Specific performance tests were developed by the Business and Institutional Furniture Manufacturer's Association (BIFMA) and approved by the American National Standards Institute (ANSI). These tests determine the stamina of casegoods and seating in their day-to-day use on a single work shift over ten years under both normal-use and excessive-use conditions.

CARB Compliant In January 2009, the California Air Resources Board (CARB), a department of the California Environmental Protection Agency,

implemented limits for formaldehyde emitted from composite wood panels. The California regulation governs the formaldehyde in both raw composite wood panels and finished products sold or used in California. Both imported and domestic products are regulated and must be third-party certified and clearly labeled to indicate they meet California's requirements.

ETL Listed The ETL Listed Mark (Electrical Testing Lab) is proof of product compliance (electrical, gas and oil-fired) to North American safety standards. Products that bear the ETL Listed Mark have met the minimum

requirements of widely accepted product safety standards as determined through the independent testing of Intertek, a Nationally Recognized Testing Laboratory (NRTL).

GREENGUARD® Indoor Air Quality Certified

Identifies goods with low chemical and particle emissions for use indoors, primarily building materials, interior furnishings, furniture, cleaning and maintenance products, electronic equipment and personal care products. The GREENGUARD® Environmental Institute governs the integrity of the certification process.

NSF Certification Identifies products certified as safe for food preparation, consumption and storage by NSF International.

SCS Indoor Advantage Gold™ Certified additional conformance with California 01350 Special Environmental Requirements and Collaborative for High Performance Schools (CHPS). In order for a product to qualify for the Indoor Advantage Gold certification, modeled concentrations for individual VOCs (volatile organic compounds) in classrooms and offices must not exceed one-half of the defined CREL (chronic reference exposure levels) threshold. CRELs have been developed for 80 chemical substances. Given that other (uncertified) products and materials in the building may be sources of the same chemicals, the conservative standard set for Indoor Advantage Gold certification is intended to ensure that individual occupants' overall exposure to any one of these chemicals does not exceed the CREL.

UL Listed Indicates that a product has been tested and certified as safe by Underwriters Laboratories Inc., an independent nonprofit organization that has developed more than 800 standards for safety. UL's web site is at <http://www.ul.com>. Information about UL standards can be found at ul.com/global/eng/pages/solutions/standards/

Office Suites

Create a space for the way you work.

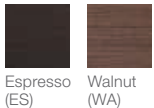

A productive, personalized space is essential, even in this increasingly mobile world. We have the perfect pieces to shape your home base, whether you're looking for a full office suite or a sleek table desk, open plan design or private office. From traditional to contemporary, richly detailed to fresh, clean lines, our selection lets you put together an office that works for you.

Laminate Office Suites	6-13
Table Desks	14
Steel Office Suites	15

Sedina Series

A contemporary classic with clean lines and modern silver metalwork.

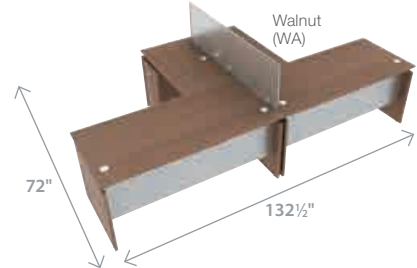

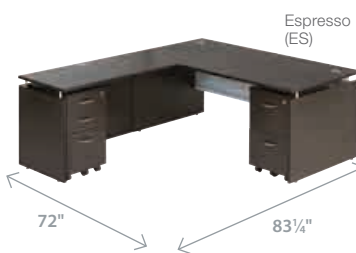

- Modular pieces configure in a variety of ways to create the perfect office.
- Thermally fused, textured woodgrain laminate is scratch-, dent- and water-resistant.
- Commercial-grade 1" thick elevated worksurfaces stand up to heavy use.

- Protective 3mm edge banding.
- Manufacturer's limited five-year warranty.
- Meets or exceeds ANSI/BIFMA Standards.

Height-Adjustable Table Base Series

Flexible, productive, ergonomic. These height-adjustable tables allow the user to move from sitting to standing with one touch.

- A great solution to retro-fit existing worksurfaces and add ergonomics to the office infrastructure.
- Solutions for every size, budget and requirement with electric or pneumatic controls.
- Bases accept most common sized worksurfaces.
- Strong powder coated steel frame with cross bars provides stability and prevents racking.
- Adjustable leveling glides to compensate for uneven floors.
- Manufacturer's limited five-year warranty.
- Meets or exceeds ANSI/BIFMA Standards; UL Listed.

Top and Base sold and shipped separately—ORDER BOTH.

A THREE-STAGE ELECTRIC HEIGHT-ADJUSTABLE TABLE BASE WITH MEMORY CONTROLS

Four-memory presets and up and down controls. Quick setup with fold-out legs requires minimal assembly. Durable base with 275-lb. lift capacity moves within a 25¾" range from 25" to 50¾" (not including worksurface). Attaches to most common worksurfaces ranging from 47" to 75" width; and 24" to 36" depth. Integrated cable management channels; includes 6.5 ft power cord. Dual motors with movement up to 1.5 inches per second depending on load. Accepts optional casters for mobility.

ID No.	Height	Color	Shpg. Wt.	Unit	Price
1 ALE-HT3SAB	25" - 50¾"	Black	84 lbs.	Each	1,149.00
2 ALE-HT3SAG	25" - 50¾"	Gray	84 lbs.	Each	1,149.00

B TWO-STAGE ELECTRIC HEIGHT-ADJUSTABLE TABLE BASE

Standard up and down controls. Quick setup with fold-out legs requires minimal assembly. Durable base with 250-lb. lift capacity moves within a 20" range from 27¼" to 47¼" (not including worksurface). Attaches to most common worksurfaces ranging from 47" to 75" width; and 24" to 36" depth. Integrated cable management channels; includes 6.5 ft power cord. Dual motors with movement up to 1.2 inches per second depending on load. Accepts optional casters for mobility.

A SIT-STAND LIFTING WORKSTATION

These lifting workstations turn any desk into an ergonomic sit-stand station. Raise and lower with ease within a 14" range by simply pressing the levers on each side to engage. Two-tiered worksurface and keyboard/mouse platform for better ergonomics. Platform's rear-notched design accommodates most monitor arms and cable management. Designed for use with Alera® Monitor Arms. Smart space-saving design stays within your desk space and raises vertically within the same plane. No having to step back and out when in the raised position. Reinforced base for stability at any height. Will not flip or height-drop even when leaning on the workstation. Includes slot to hold tablets and phones. Manufacturer's limited five-year warranty. Meets or exceeds ANSI/BIFMA Standards. 

ID No.	Worksurface Dimensions	Total Weight Capacity	Shpg. Wt.	Unit	Price

2 ALE-AEWR1B	26¾" × 23¼"	35 lbs.	44 lbs.	Each	549.00

B SIT-STAND WORKSTATION

Allows users to stay active while staying productive. Height adjustment is quick and effortless with the help of a heavy-duty gas-assist cylinder with adjustable tension and infinite positive stop. The beveled, seamless worksurface supports up to two 24" monitors while still providing room for other work materials. This model provides 16" of height adjustment and can mount on most worksurfaces 20"-30" deep. Pair with the Alera® monitor arms for additional functionality. Manufacturer's limited five-year warranty. Meets or exceeds ISTA Standards.

A ANTI-FATIGUE MAT

Encourages proper ergonomics and reduces fatigue with this cushioned standing mat. Beveled edge lays flat on the floor to reduce trip hazards. Rubber and vinyl construction ensures long lasting resiliency and cushioning. Ideal for use at sit-to-stand workstations, service counters, breakrooms, or where ever standing is required. Easy to clean surface with molded grid pattern to catch dirt and spills. Combine with Alera® Height Adjustable Tables or Alera® Lifting desks for even more ergonomic benefits with your sit-to-stand workstations. Manufacturer's limited five-year warranty.

Pneumatic Seat Height Adjustment

Seating

Get comfortable anywhere, any time.

Just right chairs for everywhere—today's flexible workspaces require a variety of seating and you'll find them all here: welcoming styles for reception areas; supportive, adaptable designs for long hours at a desk; and nesting, stacking and folding styles great for collaborative areas that need to morph in a matter of minutes. So sit back and relax, we've got your seating solution covered.

Reception Room	23-28
Leather & Vinyl	30-37
Mesh	38-46
Office	47-49
Big & Tall	50-52
Stacking/Nesting/Folding	53-55
Stools	56-59
Footrests & Back Supports	62

Buying Guide Chair Features

Find the functions you're looking for using the following icons shown throughout the seating section.

Pneumatic Seat Height Adjustment

Regulates seat height relative to the floor so that feet are flat on the floor—supports better circulation.

Back Height Adjustment

Positions height of lumbar support relative to the seat cushion to alleviate back stress.

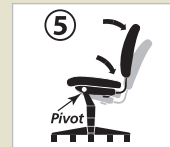

Seat Glide Mechanism

Seat or back moves forward or back, then locks in position to create the proper seat depth for better back support and circulation to legs.

Tilt Tension/Tilt Lock

Tilt allows back to recline at a 1:1 ratio to seat for a comfortable reclining position and redistribution of pressure points. Tilt tension controls the rate and ease at which the chair reclines and the lock-out tilt function keeps chair in upright position.

Knee Tilt

Pivot point located below front half of seat. Allows user to keep feet flat on floor while reclining. Offers increased circulation and redistribution of pressure points.

Synchronized Knee Tilt

Combines, at a 2:1 ratio, the smooth recline of the back with the limited front rise of the seat to keep feet on the floor and improve circulation to legs.

Dual-Action Tilt

Back reclines at a 2:1 ratio to seat angle creating relaxed positions while keeping feet relatively flat on the floor.

Posture Lock

Holds back in place in an infinite number of positions within a fixed range to offer variety in spinal alignment and weight distribution.

Multi-Task Control

Single lever easily adjusts seat and back angles independently, providing an infinite number of locking positions within a fixed range for customized comfort.

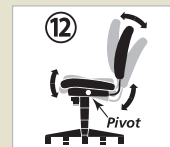

Asynchronous Control

Three levers modify: angle of back relative to seat; tilt (free float or locking); and forward tilt. Offers a wide variety of movement, spinal alignment and weight distribution.

Dual-Clutch Posture Control

Seat and back angles adjust independently and lock in infinite positions within a fixed range—ideal for quick adaptation to different activities and multiple users.

Variable Synchro-Tilt

Back reclines in a 2:1 ratio to seat angle. Chair tilts freely, locks in five positions, or tilts forward to alleviate pressure points.

Integral Lumbar Support

Lumbar support within the chair back is height adjustable for proper placement; alleviates back stress.

Tables

Transform any area into a flexible gathering space.

One of the most versatile pieces, a table can turn a corner into a flexible gathering space, an empty room into a training center, a café into a collaboration zone. Adaptable designs that roll, fold or adjust up and down take flexibility to the next level so you can rearrange, customize and store tables away. Welcome to the endless possibilities our wide selection of tables brings.

Training/Meeting Room Table Bases

Large tables provide hours of comfort during meetings or training sessions yet flip down and nest neatly for compact storage.

- Durable powder-coated steel table bases withstand constant use and resist chipping and scratching.
- Four locking canisters mobility or four glides for fixed usage.
- Accepts any table-tops.
- Manufacturer's limited five-year warranty.
- Meets or exceeds ANSI/BIFMA Standards.

C FLIP-DOWN TABLE BASE

Integrated cable management channels, ganging clips and flip down lever to fold and nest tables.

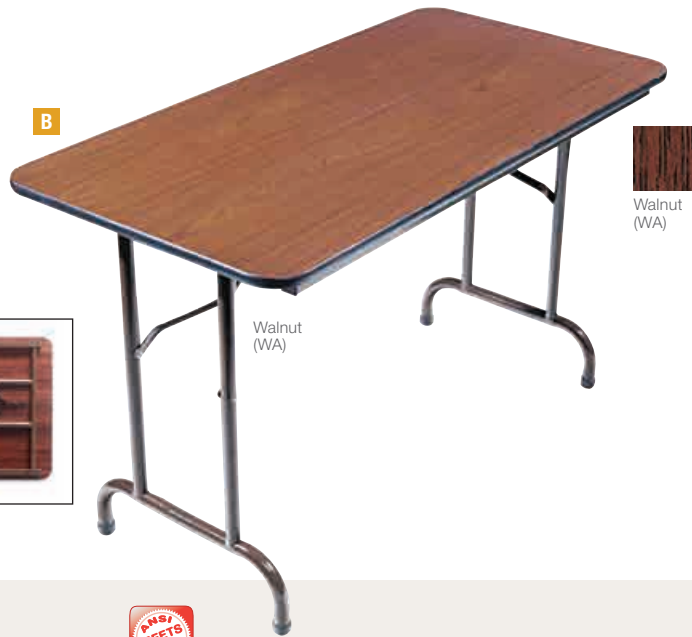

ID No.	Height	Color	Shpg. Wt.	Unit	Price
For 60" and 72" Tops					
22	ALE-VA737260BK	28"	Black	42 lbs.	Kit 310.00
For 36" and 48" Tops					
23	ALE-VA734836BK	28"	Black	29 lbs.	Kit 280.00

D FIXED T-LEG BASES

29" high with top.

Stainless Steel Table

18 gauge stainless steel table provide great work surfaces for any area from a kitchen to a factory.

- The T430 top is National Sanitation Foundation approved for use with food, is corrosive and heat-resistant, and has a 2" rooked edge.
- Two "C" channels under the top provide additional strength, preventing the table from sagging over time.
- The base and shelf are galvanized steel.
- The shelf is fully adjustable giving the user the flexibility they need for a variety of tasks.
- Stainless Steel top supports up to 800 lbs. evenly distributed.
- Manufacturer's one-year warranty.

Wood Folding Table

Space-saving design folds table neatly when not in use.

- Folds to 2-1/2" thick and locks for easy storage.
- Scratch- and dent-resistant top.
- Gravity leg-locking mechanism for easy set-up.
- One piece brown steel apron.
- Melamine top.
- Sealed underside to prevent warping.
- Holds up to 1,200 lbs. evenly distributed.
- Melamine top supports up to 1,200 lbs. evenly distributed.
- Manufacturer's limited five-year warranty.
- Meets or exceeds ANSI/BIFMA Standards.

4	ALE-65603	Platinum 48" x 24" x 29"	25 lbs.	Each	150.00

B FOLD-IN-HALF RESIN FOLDING TABLE

Resin top supports up to 1,200 lbs. evenly distributed. Convenient flip-out handle and casters to facilitate transport. Manufacturer's limited five-year warranty.

ID No.	Color	W x D x H	Shpg. Wt.	Unit	Price
5	ALE-FR72H	White 71" x 30" x 29"	35 lbs.	Each	190.00

Blow Molded Height-Adjustable Folding Table

This table is lightweight and built for heavy duty use.

- Strong steel ladder frame provides superior support.
- Easily adjustable in one inch increments.
- Resin top is waterproof and impact-, scratch- and stain-resistant.
- Legs fold into underside cavity. Leg clip keeps legs secured when not in use.
- Black steel tube legs with non-marring feet.
- Blow-Molded resin top.
- Supports up to 250 lbs. evenly distributed.
- Manufacturer's limited ten-year warranty.

Office Furnishings

Complete your space with these all-important accessories.

These are the details that make all the difference. Fans and heaters that keep you comfortable year round. Lamps that shine a light on important tasks and bring a bit of atmosphere. And for a really cool addition to any space, compact refrigerators in sizes to fit just about anywhere. Add these indispensable extras to make a great workspace even better.

Fans & Heaters.....	85
Lamps.....	86
Refrigerators.....	87

A 4" MINI PERSONAL COOLING FAN

A perfectly sized fan to keep you cool without taking up valuable work space. Full 360 degree tilt to circulate air in any direction. Metal grill with 4" metal blades for long-lasting durability. Manufacturer's limited one-year warranty.

ID No.	Color	W x D x H	Unit	Price
1 ALE-FAN041 ★	Black	6" x 3¾" x 5¾"	Each	49.00

★ ETL Certified.

B 12" 3-SPEED OSCILLATING DESK FAN

Oscillating fan provides smooth cooling air-flow. 12" diameter fan blades provide ample air circulation and minimal noise. Features three-speed settings, oscillation on/off control and vertical tilt adjustability. 80° oscillation for wide area coverage. Manufacturer's limited one-year warranty.

ID No.	Color	W x D x H	Unit	Price
2 ALE-FAN122 ★	White	13¾" x 10¾" x 19"	Each	39.00

★ ETL Certified.

C 36" 3-SPEED OSCILLATING TOWER FAN WITH REMOTE CONTROL

Clever and quiet tower design makes the most of tight spaces. 75° oscillation circulates cool air throughout the whole room. Features three-speed settings, oscillation on/off control, wind modes, and eight-hour automatic shut-off timer. Multi-function remote control and LED display for added convenience. Manufacturer's limited one-year warranty.

ID No.	Color	W x D x H	Unit	Price
3 ALE-FAN363 ★	Black	11¾" x 11¾" x 36"	Each	99.00

★ ETL Certified.

D 16" SUPER-CIRCULATION 3-SPEED TILT FAN

Large 16" diameter blades quickly cools down your space. Clever wind-tunnel style design with five fan blades provides quiet, smooth air-flow to keep air circulating. Durable construction and high-velocity are ideal for large spaces, offices, workshops, or garages. Features three speed settings and full 360 degree tilt fan head. Manufacturer's limited one-year warranty.

ID No.	Color	W x D x H	Unit	Price
4 ALE-FAN163 ★	Black	20½" x 6½" x 19¼"	Each	49.00

★ ETL Certified.

E CERAMIC HEATER

Lightweight table-top heater for easy portability. Air is heated by an efficient ceramic heating element and circulated around the room by a fan. Adjustable thermostat up to 1500 watt heating output. Designed with safety in mind with overheat auto-shut off protection, tip-over safety switch, and a cool-to-the-touch plastic housing. Quiet heat or fan-only setting for all season use. Manufacturer's limited one-year warranty.

ID No.	Color	W x D x H	Unit	Price
5 ALE-HECH09 ★	Black	7¾" x 5¾" x 8¾"	Each	59.00

★ ETL Certified. Contains 30% post-consumer recycled content, 30% total recycled content.

F MINI TOWER CERAMIC HEATER

Oscillating mini-tower heater delivers heat where you need it. Air is warmed as it passes over a large ceramic and aluminum heating element. Heat is dispersed by a powerful fan. Adjustable thermostat up to 1500 watt heating output for maximum comfort. Designed with safety in mind with overheat auto-shut off protection, tip-over safety switch, and a cool-to-the-touch plastic housing. Manufacturer's limited one-year warranty.

ID No.	Color	W x D x H	Unit	Price
6 ALE-HECT17 ★	Black	7¾" x 7¾" x 17¾"	Each	99.00

★ ETL Certified. Contains 30% post-consumer recycled content, 30% total recycled content.

G TOWER CERAMIC HEATER WITH REMOTE CONTROL

Oscillating tower heater is perfect to heat up your room. Air is warmed as it passes over a large ceramic and aluminum heating element. Heat is dispersed by a powerful fan. Programmable digital thermostat can be set to your ideal temperature. Up to 1500 watt heating output for maximum comfort. Auto-off timer up to 15 hours. Designed with safety in mind with overheat auto-shut off protection, tip-over switch, and a cool-to-the-touch plastic housing. Includes remote control. Manufacturer's limited one-year warranty.

ID No.	Color	W x D x H	Unit	Price
7 ALE-HECT23 ★	Black	9¼" x 8¾" x 23½"	Each	129.00

★ ETL Certified. Contains 30% post-consumer recycled content, 30% total recycled content.

H HEATER FAN

Compact heater provides heat just where you need it. Air is heated by a coiled metal heating element and circulated by a fan. Three-way adjustable thermostat with up to 1500 watt heating output. Designed with safety in mind with overheat auto-shut off protection, tip-over safety switch, and a cool-to-the-touch plastic housing. Quiet heat or fan-only setting for all-season use. Manufacturer's limited one-year warranty.

ID No.	Color	W x D x H	Unit	Price
8 ALE-HEFF10 ★	Black	8¼" x 4¾" x 9¾"	Each	39.00

★ ETL Certified. Contains 30% post-consumer recycled content, 30% total recycled content.

I QUARTZ TOWER HEATER

Make your cold space comfortable quickly with this quiet tower heater. Glowing quartz-elements radiate heat directly forward for immediate warmth. Adjustable thermostat up to 1500 watt heating output. Designed with safety in mind with overheat auto-shut off protection, tip-over safety switch, and a cool-to-the-touch carry handle. Manufacturer's limited one-year warranty.

ID No.	Color	W x D x H	Unit	Price
9 ALE-HEQZ23 ★	White	13¼" x 10¾" x 23¼"	Each	129.00

★ ETL Certified. Contains 30% post-consumer recycled content, 30% total recycled content.

ANSI/BIFMA Testing

The following tests were developed by the Business and Institutional Furniture Manufacturer's Association (BIFMA) and approved by the American National Standards Institute (ANSI). These performance tests determine the stamina of casegoods and seating in their day-to-day use on a single work shift over ten years. Concentrated load tests represent normal use conditions. Distributed loads represent excessive use conditions. All of our manufacturers recognize the value of building product to ANSI/BIFMA standards while only some manufacturers go to the added expense of having their products certified. Look for the ANSI/BIFMA symbol in this catalog to identify products that meet or exceed the ANSI/BIFMA standards.

Casegood Testing Standards

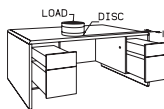

Durability Test

Drop Test

Each end is picked up and dropped to evaluate how well desk withstands impact on legs or base.

Top Load Tests

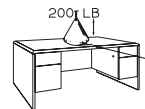

Concentrated Load Test

200 lbs. applied through 12" diameter at weakest point to ensure that no structural damage occurs from concentrated loads.

Distributed Load Test

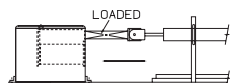

1.5 lbs. per inch of perimeter applied to ensure that no personal injury results from distributed loads.

Ease Load Test

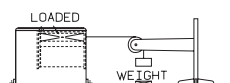

200-lb. bag lifted and dropped 10,000 times to test durability of desktop to endure cyclic loading.

Drawer Tests

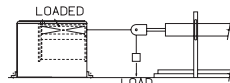

Cycle Test

Drawer is filled with .017-lb./cubic inch of volume and cycled 50,000 times to test support of common loads under normal operating conditions.

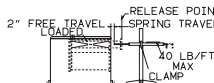

Outstop Test

Weighted load pulls drawer completely open 15,000 times to evaluate the effectiveness of outstops.

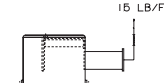

Pull Test

Measure of force needed to pull drawer open when filled with .017-lb./cubic inch of volume.

Rebound Test

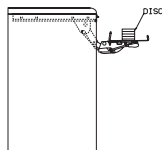

Drawer is loaded, opened and forced closed 5 times to ensure drawer won't rebound over 1 1/2".

Retention Test

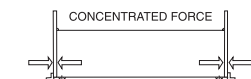

Unloaded open drawer has an outward force applied to ensure drawer won't accidentally disengage.

Other Tests

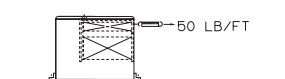

Adjustable Keyboard Surface Load Test

Tests keyboard drawer durability through 2,500 horizontal, 2,500 vertical and 2,500 swivel adjustments with a 10-lb. concentrated load.

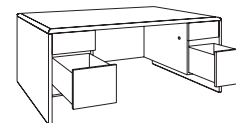

Leg Strength Test

100 lbs. of concentrated force inward and 50 lbs. of concentrated force outward on legs to test stability and support.

Lock Strength Test

50 lbs. of outward force applied to evaluate strength of locking mechanism.

Stability Test

Largest drawer in each pedestal is opened and loaded to ensure desk won't tip when full.

Seating Testing Standards

Back Strength Tests

Swivel/Tilt Test

200 lbs. of concentrated force applied; 300 lbs. of distributed force applied.

Task/Guest Test

150 lbs. of concentrated force applied; 250 lbs. of distributed force applied.

Back Durability Tests

Swivel/Tilt Test

Chair is fully reclined 120,000 times by 225 lbs. of force with a 225-lb. load on seat.

Task/Guest Test

Chair is tilted 120,000 times by 75 lbs. of force with a 225-lb. load on seat.

Drop Weight Tests

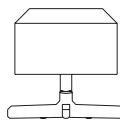

Seating Impact Tests

125-lb. weight dropped onto seat 100,000 times.

6" Drop Test

A 225-lb. concentrated load dropped 6" onto seat then a 300-lb. distributed load dropped 6" onto seat.

Base Tests

Base Tests

2,500 lbs. of concentrated force applied on base then 2,500 lbs. of distributed force applied on base for one minute each load.

Stability Tests

Front Stability Tests

135 lbs. centered 2.4" from front edge of seat. Chair must be able to take 4.5 lbs. of horizontal force without tipping over.

Back Stability Tests

No less than 20 lbs. of pressure should be required to tip the chair back with 173 lbs. on seat.

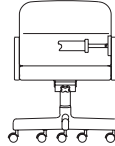

Caster Tests

Caster Durability Test

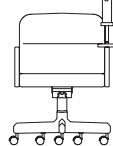

Rolled along a 30" distance 100,000 times with a 250-lb. load.

Armrest Strength Tests

Outward Force Arm Test

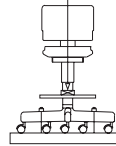

A load force is applied outward on the arm; then 150 lbs. of distributed force is applied.

Downward Force Arm Test

A load force is pulled downward on the arm; then 300 lbs. of distributed force is applied.

Footring Tests

Footring Durability Test

200 lbs. of weight applied along a 4" length of footring 50,000 times.

Swivel Tests

Swivel Cycle Test

Base is rotated 120,000 times with 225 lbs. on seat.
