TERMS & CONDITIONS

PRICES

All prices printed herein supersede all previous prices and are subject to change without notice. These prices are F.O.B. origin, Aurora, Illinois, exclude freight and are subject to an additional charge for special color, special packaging, states' sales or consumer taxes as required. One order constitutes one color with only one delivery address.

SALES POLICY

Possession of this price list does not constitute authority to purchase and/or sell products contained within.

GLOSS-TEK COLORS AND WOOD-TEK

Aurora Storage Products are coated in Gloss-Tek™ an eco-friendly, non-emissive textured powder coat. There are 31 standard colors; custom colors are available and are subject to longer lead time and an additional charge. A metal color chip of the special color is necessary for paint matching.

NOTE: Even with metal sample matching, shading and gloss can vary. Be careful when matching new equipment to product of the same color that has been in the field for several years. Products closely exposed to fluorescent lighting or sunlight can fade. If a perfect match is required, forward a sample to Customer Service.

WOOD-TEK PRODUCT

Orders of non-standard Wood-Tek stain and wood species require a stain match and approval. Special caution must be given to matching new product to product which has been in the field for several years. Product exposed to sunlight or fluorescent lighting can fade or darken. Aurora will not guarantee or be responsible for the character of wood including natural variations in color, grain, and texture, and may differ slightly from sample.

TERMS OF PAYMENT

Net 30 days from date of invoice. We accept Visa and Master Card.

WEIGHTS

Weights are not intended to be used for structural load bearing calculations. Shipping weights can be obtained from Quik-Quote or by consulting Aurora Customer Service.

SPECIFICATIONS

Subject to change without notice.

DISCONTINUED ITEMS

We reserve the right, without notice, to discontinue the manufacture and sale of any items printed herein.

FREIGHT POLICY

Aurora offers multiple freight options. Aurora Storage Products ship as Class 70, F.O.B., Aurora, IL 60506. Other freight options include:

- Third Party, F.O.B. point of destination
- Collect, F.O.B. point of destination
- Prepaid and add, F.O.B. point of origin
- UPS shipments will ship prepaid and add actual cost.
- PRIME Program (Positive Rate Information and Management Equalizer) is a very competitive freight program that allows Aurora to pass full freight discounts directly to all Authorized Aurora Product Dealers.

Normal delivery is dock-to-dock. Special requests such as inside delivery, lift gate service, residential delivery, etc. are subject to additional charges. All accessorial changes not requested on purchase order will be the responsibility of the consignee.

Delivery date and time are at the discretion of the carrier within reasonable transit time unless special arrangements have been made between the customer and Aurora.

Customer routed shipments and pick-ups must be picked up from Aurora within 48 hours of notification that the shipment is ready or Aurora will ship prepaid and add.

TITLE TO MERCHANDISE

Title to merchandise shall pass to the buyer upon delivery by Aurora to the carrier on FOB Factory. Buyer acknowledges that once Aurora delivers goods to the carrier, title to the goods and risk of loss will pass to the buyer. If the goods are damaged by the carrier while in transit, the buyer has the sole obligation of seeking recourse from the carrier. If the goods are lost by the carrier, buyer may at their option either:

- 1) File a freight claim with carrier.
- 2) Place a new purchase order with Aurora.

ORDER CHANGES

Any changes to an order after 5 days of the date of the first order acknowledgement are subject to a change order fee of \$100 for every change.

At the discretion of Aurora any changes to orders after receipt of an order acknowledgement are assigned a new delivery date regardless of the lead time quoted.

CANCELLATION CHARGES

If customer cancels an order after 5 days of the date of the first order acknowledgement, customer shall be subject to a charge of 20% percent of the net amount of the order.

SPECIAL ITEM CHANGES OR CANCELLATIONS

Non-standard, specially designed product, or purchased items such as Quik-Roll™ or laminates may not be changed, cancelled, or returned for credit. Aurora reserves the right to determine what products are special.

DAMAGE IN TRANSIT

CAUTION: When you give the delivering carrier a clear receipt for a shipment in which there is damaged merchandise or a shortage, the carrier and Aurora are relieved of further responsibility.

All packaging is in accordance with carrier requirements.

For your protection, before accepting any shipment, examine it carefully. If there is evidence of damage or a shortage, insist that the delivering carrier make suitable notation to that effect on the freight bill before you sign it.

If, after receipt of shipment, concealed damage is discovered, immediately **notify the delivering carrier**, requesting immediate inspection.

The inspection report should be used to support your claim against the carrier. *NOTE:* Carriers require notification of concealed damage within 24 hours of delivery. Aurora also needs to be notified of any concealed damage claims.

Any claim for damage or shortage on non-PRIME carrier shipments must be noted by you with the non-PRIME delivering carrier. Aurora will not accept the return of merchandise damaged in transit. Your recourse is with the delivering carrier. Freight claim filing is the responsibility of the consignee and not Aurora unless a PRIME carrier is used for the shipment.

SHIPMENT SHORTAGE CLAIMS

Shortage claims reported after 15 days beyond the shipment date will not be honored.

RETURN GOODS POLICY

1. Requests in writing for Return Goods Authorization must be made to the Aurora Customer Service Department within 21 days of the shipment from Aurora.
2. Aurora will determine the eligibility to return any material and will notify the requester within 5 days upon receipt of written request. Aurora will also instruct the requester to return the material to Aurora or dispose of such before the issuance of the appropriate credit.
3. Special items and items not manufactured by Aurora (purchased) will not be eligible for return.
4. Any material returned to Aurora or disposed of without the proper authorization by Aurora will be refused and no credit will be issued.
5. Returned goods must be shipped freight prepaid at the requester's expense within 30 days of receipt of written authorization. The requester must determine the carrier. If the RGA is due to a Aurora error, freight can ship collect via PRIME carrier.
6. All material returned must be received in original packaging. Credit will be given on returned resalable material, only after receipt and inspection by Aurora. All returned material must be accompanied by the Return Goods Authorization form. Credit for authorized returns are subject to a 25% restocking charge on the net acceptable material value.
7. Total value of returned material must exceed \$200.00 net.

SPECIAL PACKAGING

All material will be shipped in standard pack quantities unless otherwise specified on the purchase order. Where special requests are made for packaging that differs from the standard pack containment, customer bears full responsibility for the cost of such packaging as well as the condition of the product. Aurora shall in no way be held responsible for improper packaging or damage in transit.

Aurora reserves the right to change or modify packaging or package quantities without notice.

If customer requests that skidding be utilized, the customer shall bear the cost of the skids. At times it may be necessary to consider special crating. Consult the factory for crating charges.

PRODUCT ASSEMBLY

Aurora Storage Products are shipped "KD" (unassembled) and assembly is required at the job site. Consult appropriate installation manual.

LIFETIME LIMITED WARRANTY

Lifetime Limited Warranty: Subject to the conditions stated below Aurora Shelving, Aurora Mobile Systems, Times-2/Times-2 Elite Cabinets and Aurora Museum Cabinets warrant to the original purchaser exclusively that the shelving, carriages, the rotary cabinets and museum cabinets ("structural frames") manufactured by Aurora Storage Products, Inc., will be free from defects in materials and workmanship other than normal wear and tear for the lifetime of the structural frames. During the warranty period, all parts will be provided at no cost. Labor is included at no cost during the first year of the warranty period. For purposes of this warranty, structural frames shall be deemed to exclude all moving parts, controls and guides that have immediate contact with moving parts.

10-Year Limited Warranty: Aurora also warrants that all carriage drive motors shall be free from defects in materials and workmanship other than normal wear and tear for a period of ten (10) years from the date of the customer's written acceptance of installation. During the 10-year warranty period, the carriage drive motor will be provided at no cost. Labor is included at no cost during the first year of the 10-year warranty period reimbursed as per the Labor Reimbursement Schedule.

5-Year Limited Warranty: Aurora also warrants that all equipment, other than structural frames and carriage drive motors, shall be free from defects in materials and workmanship other than normal wear and tear for a period of five (5) years from the date of the customer's written acceptance of installation. During the 5-year warranty period, all covered parts will be provided at no cost. Labor is included at no cost during the first year of the 5-year warranty period reimbursed as per the Labor Reimbursement Schedule.

1-Year Limited Warranty: Aurora also warrants that ceramic heaters contained in the Aurora Drying Cabinet shall be free from defects in materials and workmanship other than normal wear and tear for a period of 1 year from the date of the customer's written acceptance of installation. During the 1-year warranty period, all covered parts will be provided at no cost. Labor is included at no cost during the first year of the warranty period reimbursed as per the Labor Reimbursement Schedule.

If any warranted product shall be proved to Aurora's satisfaction to be defective, such product shall be repaired or replaced at the option of Aurora. All warranty service for any product manufactured by Aurora must be performed by an authorized Aurora factory representative. This warranty shall be void if any portion of the purchase price shall be due but unpaid in accordance with the terms pursuant to which the product was sold. This warranty shall not apply to product installed, repaired or moved by any party other than an authorized Aurora factory representative or to defects or damage caused by (a) Acts of God or other circumstances beyond Aurora's control, (b) improper installation, (c) improper electrical supply or environmental conditions, (d) improper operation, maintenance, or storage, or (e) other than normal use or service. **EXCEPT FOR THE EXPRESS WARRANTIES SET FORTH ABOVE, AURORA MAKES NO WARRANTIES, IMPLIED OR OTHERWISE, AND AURORA SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.**

The Certificate of Warranty must be completed by the respective dealer, accepted and signed by the customer, and sent to Aurora Storage Products, Inc. upon completion of the installation. If the Certificate is not on file, all reimbursement for warranties shall be declined.

Limitation of Liability: Repair or replacement of any defective equipment, or refund of the purchase price paid by the customer in the event Aurora determines such equipment cannot be repaired or replaced, shall be the customer's exclusive remedy for breach of the warranty for product defects, however caused, and in no case shall Aurora be liable for incidental, consequential, special or other damages, or loss of profits or revenues whether as a result of breach of contract of warranty, Aurora's negligence, or otherwise. Aurora shall have no liability for any advice or assistance by any party outside the scope of Aurora's written specification for the manufacture, operation or maintenance of the warranted equipment.

VERTICAL PLANNING INSTRUCTIONS

By knowing how many louvers are necessary to accommodate certain filing applications, the inside of Times-2 Elite becomes easy to plan. The two following charts show available size openings and the number of louvers in each height unit.

TABLE #1

Louvers inside the Times-2 Elite are spaced every 1¾". The shelf takes up some of that space, so the "clear" openings as marked below are somewhat smaller. For speed and convenience, a Vertical Planning Sheet is designed to lay out both stock and custom arrangements within your Times-2 Elite.

The number of louvers and useable space needed for each size opening are:

Louver	Useable Space	Application
1 Louver =	1¾"	Reference Shelf
2 Louvers =	3"	Flat forms (on shelves)
3 Louvers =	4¾"	Microfilm/fiche/trays
4 Louvers =	6½"	Accessory Drawer for CD/DVD & Small Media
5 Louvers =	8¾"	Reduced documents, e.g. Parking Tickets, Voter Registration, Fingerprint Cards
6 Louvers =	10"	Standard file folder/hanging folders/security drawer/file drawer
7 Louvers =	11¾"	3-ring binders/expanded hanging folders
8 Louvers =	13½"	Printouts/oblique folders/computer printouts
9 Louvers =	15¼"	Ledger binders

Rollout Drawers with Hanging Folder Frames:

This product usually requires 6 louvers clearance but the top most drawer always requires 7 louvers to clear tabs on top tabbed folders.

TABLE #2

Each height Times-2 Elite has a defined number of useable louvers:

- 2-Tier (letter or legal) 13 louvers
- 3-Tier (letter or legal) 20 louvers
- 4-Tier (letter or legal) 25 louvers
- 5-Tier (letter or legal) 31 louvers
- 6-Tier (letter or legal) 37 louvers
- 7-Tier (letter or legal) 43 louvers
- 8-Tier (letter or legal) 49 louvers

Times-2 Elite Plus Sizes (Letter or Legal)	Total Louvers	Total Height
5-Tier Adds 3 Extra Louvers	34	66½"
6-Tier Adds 3 Extra Louvers	40	76⅝"
7-Tier Adds 4 Extra Louvers	47	89"

Once you know both the number of louvers required for a specific size opening and the number of louvers available in the unit you've selected, then the math is simple.

Using Table #1 and Table #2 above, you can mix and match easily! **It all adds up.**

**Vertical Planning sheets are available to help you design the interior of the Times-2 Elite cabinets. See Page 33.*

Standard Letter and Legal

Preconfigured units:

- Have 6 louvers between each shelf
- Have a 10" clearance
- Have 10½" centers
- Will lose 1 shelf if using top tab folders
- Are designed for end tab folders
- Will have 11" clearance for top shelf

WEIGHT CONSIDERATIONS

Capacity, workflow, square footage and equipment selection are four important elements for space planning. The fifth element leading to a successful design is confirmation of your building's weight load.

To ensure your project is a success, please confirm that the building floor is capable of supporting a fully loaded system that consists of the estimated Aurora Product and media weight. We can help by providing your team with equipment and media weight estimates. We can also help with providing alternate equipment configurations and floor load reinforcement solutions if needed.

Please note that the estimated weight for letter and legal filing are based on an average of the ranges published by BIFMA* (Business and Institutional Furniture Manufacturers Association). Both filing estimates from BIFMA and other media estimates provide here by Aurora can vary based on the specific type of materials stored. We provide these estimates only as a guide.

The charts below show the capacity of each model Times-2 Elite and the comparison to four drawer lateral and vertical files. The chart doesn't tell the full story. A conventional drawer file will store a maximum of 35 LFI per square foot of floor space. Times-2 Elite will house up to 72 LFI per square foot. The capacity gain, when combined with the floor space savings and the greater access improvements, means productivity increases as well as cost savings.
