PLAY THAT MOVES YOU.

# PLAY THAT

Great playgrounds are born from great research. Watching children play and interact leads us to product lines like Novo™ Playful Furniture and Taktiks™ - products that move us to elevate our design of the best play environments for all children. The fusion

# MOVES YOU.®

of traditional and active-based play lays the foundation for an environment where everyone can develop physically, emotionally, socially and cognitively through play. It fosters opportunities for the types of experiences that bring communities together and move us in so many ways. Join our Movement and see how you can bring a higher level of play to your community!

## LET'S GET MOVING!

Burke's unique Nucleus® and Intensity® playgrounds feature a fusion of traditional and fitness-based play to get kids moving like never before. Kids get a great workout while having fun! Our combination of traditional and active play events create a space where children of all abilities can play together.

## MOVE YOUR MIND!

Extensive research suggests that play provides tremendous developmental benefits to children. In fact, it's been said that children learn through play - it helps their brains and bodies develop. There's no such thing as too much of a good thing when it comes to play!

## INTERACTIONS THAT MOVE US

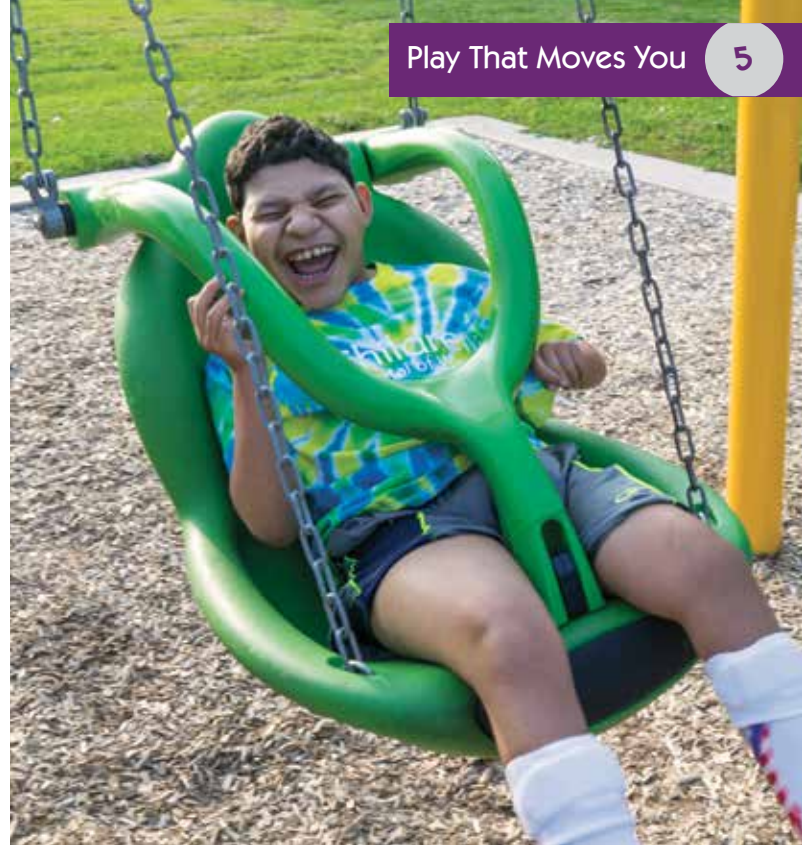

Play brings communities together and strengthens families and friendships. Burke's playgrounds provide amazing opportunities for kids to develop socially from playing independently at a young age, transitioning to parallel play and learning how to cooperatively play together as their development continues.

## MOTION THAT MOVES YOU

Movement is essential to life and to play. Motion play creates movement for children of all abilities and assists with many developmental areas, including increased spatial awareness, inner ear stimulation and balance. Motion can be soothing to children with sensory processing differences and offers an interactive activity for everyone to enjoy.

## PLAY THAT MOVES DEVELOPMENT

Play is an important part of a child's emotional development and it is often through play that they learn necessary skills such as patience and empathy. Play also helps children learn how to express and manage their feelings, which is the grounds for much of a child's future success and well-being.

## MOVE WITH US

Play brings communities together and parks and play environments provide multi-generational spaces for interaction, development and growth. With community support and participation, Friendship Park has become a true example of collaboration, dedication and care that moved an entire community to get outside and play!

## FRIENDSHIP PARK – AVONDALE, AZ

With a mission to provide community-focused open spaces and recreational opportunities, the City of Avondale, AZ worked with Play it Safe Playgrounds to involve the community in the new play environment design at Friendship Park. They did surveys, talked with community members at local events and began to envision the playspace needed for this amazing park. After developing four options, they opened it up for voting. The City of Avondale helped to encourage everyone to vote for their favorite design and the most popular design – a beautiful, colorful inclusive play environment – won the vote!

The inclusive playground is divided into multiple areas that encompass everything the community felt was important. There is a ramped play structure for ease of access for all children that includes the exciting Cruiser™ Wheelchair Accessible Rocker and an area of musical exploration and swinging in both individual and multi-user formats. There is an area of fitness play, designed to allow children to get the maximum amount of physical activity while playing. Finally, there is an area specifically for 2-5 year olds that helps them develop balance and coordination and offers an environment for them to take age-appropriate risks. Now the playground at Friendship Park is a main attraction and helps keep kids and families moving and active! Kids love the exciting variety of sliding, spinning, rocking, musical exploration and swinging!

## CAUSES THAT MOVE US

Burke cares about kids and communities. That's why we support local organizations like the Boys & Girls Club of Fond du Lac and the YMCA. These, and other supported organizations, share our mission for better communities that offer play and recreation for everyone. As part of a sustainable future for all of us, Burke's products are designed to be recyclable and minimize the impact on the environment. This commitment is demonstrated by our ISO 14001:2004 certification and environmental programs. Additionally, 100% of our factory's electricity comes from wind and other renewable sources. Burke is the only major playground manufacturer that has earned the green power partner designation from the U.S. Environmental Protection Agency.

## WORK THAT MOVES US

Bringing play to children is Work That Moves Us. We are driven to create quality and innovative playground equipment that brings a higher level of play to the communities we serve. With that, we are passionate about our customer experience and seek to maintain the best customer service in the industry.

## PRESCHOOL PLAY

Endless design options allow you to create your custom outdoor classroom, ensuring a perfect fit for your children's needs. Whether you choose a Nucleus or Intensity design to keep the little ones moving, Little Buddies® that is created and sized just for preschoolers or Voltage® for smaller budgets, we will bring you the most innovative, educational and fun playspaces.

## SCHOOL AGED PLAY

As kids grow, their play needs change and Burke is here every step of the way to make sure kids keep moving, playing and learning. Choose from our Nucleus, Intensity or Voltage product lines and know kids will receive a well-rounded education in fitness and play.

## THEMED PLAY

A themed playspace can tell a story, transform the ordinary into the extraordinary and let imaginations run wild! From nature to nautical and firefighter to astronaut, we at Burke want to move your imaginations and help create your dream playground. Theme your Nucleus playspace with Burke's awesome Ship, Rocket, Airplane or NaturePlay® products or create your unique design with our variety of Custom Panels.

## SITE FURNISHINGS

Burke offers a full line of park and site amenities that will add value and comfort to any playground, park, school or outdoor public area. A variety of PVC-Coated Steel, Wood or Recycled Plastic amenities are available for every environment.

## SAFETY SURFACING

At Burke, we offer great surfacing solutions to help keep your kids safer while providing an attractive, accessible playground site. Burke Turf® and Burke Tiles are eco-friendly, extremely-durable and look great!

## NEW VOLTA™ INCLUSIVE SPINNER

The universally designed Volta Inclusive Spinner is a spinning social space designed for users of all shapes, sizes and abilities. Multiple seating positions allow everyone to play in the same space - outward facing seats provide a high level of independence while inward facing seats with high backs allow for younger users to stay securely in place. For more advanced riders to challenge their balance and coordination, the Volta has a saddle seat that provides the adventure they are looking for! With room for up to nine children, Volta Inclusive Spinner provides opportunities for interaction and conversation while children of all abilities gain skills that transcend the playground.

## NEW NOVO™ PLAYFUL FURNITURE

*Patent Pending*

What if we could put the “play” back into playground furniture? What if we could create a category of multi-purpose site amenities that can be used in all NEW ways? Novo Playful Furniture is that category and the time is now. Novo Playful Furniture combines form and function to create fun and creative site amenities that can be seamlessly integrated into play areas or used as part of an outdoor classroom. Balance on the Novo Arc Bench, relax and socialize on the Novo Table or learn and interact at the Novo Teardrop Counter Climber. Whatever you decide to do while using Novo, you will be promoting socialization and multi-generational interaction.

## **NEW ZIPVENTURE™**

Flying through the air on a suspended cable, this ride is like nothing else on the playground! Fast and exhilarating, the ZipVenture Zip Line keeps you moving from one end to the other! With built-in elevation, kids will move fast and have fun while developing vestibular and proprioceptive senses, imaginative and social play and balance, coordination and strength.

**SEE PAGE 161 FOR MORE INFORMATION.**

## NEW SLIDES

Slides have long been a playground staple and for good reason, they keep kids moving and having fun while they develop core strength and balance! Burke's latest innovation in sliding elevates the experience of the traditional slide! The Luge™ allows kids to race each other down to the bottom and the Velo™ offers a fun, fast ride with a little extra drop that makes kids want to slide again and again. Choose these or any of the Burke slides to add fun and excitement to your playground!

THE CRUISE

## OWEN'S PLAYGROUND

Through hard work and perseverance, dreams can become a reality. On the first day of first grade at Hillcrest, Margaret Chaidez watched her son Owen ride off in his wheelchair to play with friends on the playground. After the children went inside, Chaidez didn't see Owen and found him stuck behind one of the structures. That day she promised him she would find a way to create a playspace he could fully utilize, one that was safe and fun for all children. Enter Owen's Playground for Children of All Abilities. This universally designed play environment has double-wide ramps, a Cruiser™ Wheelchair Accessible Rocker, sensory panels, overheads and more - all with safety surfacing that accommodates wheelchairs and other mobility devices. Although at a school, Owen's Playground is open to the community and is the perfect place to bring everyone, of all abilities, together.

## MARINE PARK

With a location overlooking Drayton Harbor in Blaine, WA, the Marine Park playground is an example of a fun, unique, creative and educational play environment that helps tell the history of a city. The water has long been an important part of Blaine, so a ship and lighthouse combination was a natural choice for the theme of the playspace. It not only offers excellent play value, but also pays tribute to a long relationship between the town and the body of water it relies on for industry, tourism and recreation.

Children love the imaginative play pieces such as numerous decks and panels that make it feel like a “real” ship. A large climbing rock, slides and plenty of room to run help kids stay active and have fun in this beautiful destination play environment.

## STARING LAKE PARK

Taking advantage of the natural features of the setting and incorporating all types of play from imaginative to cognitive to physical, the city of Eden Prairie began the redesign of Staring Lake Park's playground to give it a fresh look, make it more interesting to kids and families and create a multi-generational gathering space for the community to enjoy.

With a robust area for imaginative play that includes a "stage", Sound Garden and a PlayHouse, kids can let their imaginations guide them in hours of fun and cooperative play. The areas for children 2-5 and 5-12 engage kids physically and help them get much-needed exercise. Verto Climbers and embankment slides take advantage of the unique topography to make the transition up or down between play areas. The result of all of the efforts is an incredible, diverse play environment that offers an amazing experience for kids and families in the Eden Prairie area.

## STARLING LAKE PARK - EDEN PRAIRIE, MN

## SEAWOLF PARK

With a beautiful site and gorgeous views, Seawolf Park offers some of Galveston Island's most popular tourist destinations, including WWII submarine, the USS Cavalla and one of only three destroyer escorts in the world, the USS Stewart. The remains of the tanker S.S. Selma, the largest concrete ship constructed, can be seen northwest of the park's fishing pier. With all of the traffic both tourist and local, Seawolf Park needed a play environment that offered the WOW factor, but also fit into the space without altering the views and other activities. Using color and taking into consideration the position of the sun and existing vegetation, Burke designed a space worthy of the location. Now the colorful playspace is a destination for families, community members and visitors alike and helps keep everyone moving and having fun!

**WATCH THE VIDEO!**

### LET'S MOVE!

We're taking the classic monkey bars to a whole new level with Plexus - a modular climbing and overhead play system. Kids will love being able to create their own path up, through, around and over these climbers. The original overhead design creates endless options for children to swing and traverse between different play events. Create a challenging, freestanding activity by using all the components shown on these pages or mix and match with other Nucleus and Intensity play events.

## PLEXUS COMPONENTS

Use the pieces below to build your Plexus playground. Attach the overhead or any of the 4 climbers to a playground structure or use it as a freestanding piece.

**Plexus Rung Climber**

*Links to Plexus Overhead and Nucleus or Intensity Structure*

**Plexus Tangle Climber**

*Links to Plexus Overhead and Nucleus or Intensity Structure*

**Plexus Hole Climber**

*Links to Plexus Overhead and Nucleus or Intensity Structure*

**Plexus Step Climber**

*Links to Plexus Overhead and Nucleus or Intensity Structure*

## CONNECT YOUR PLEXUS COMPONENTS TO A BURKE PLAY STRUCTURE

**Warning:** Never install play equipment over hard surfaces such as asphalt, concrete, grass or compacted earth. Consult ASTM and CPSC guidelines for appropriate amounts of impact attenuating material.

## THE ROCKVENTURE® COLLECTION

Use the pieces below to build your own custom RockVenture Climber. Attach it to a playground structure or use it as a freestanding piece.

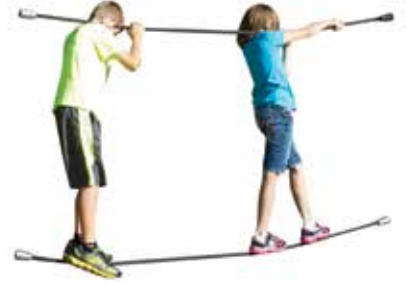

**NaturePlay RockVenture**  
Platform: 48", 56", 64" and 72"  
*Rope Links and Ladder Optional*

**RockVenture Suspension Ladder**  
*Ladder Only Attaches to RockVenture*

**RockVenture Criss-Cross Link**  
*Links to RockVenture and Nucleus or Voltage Structure*

**RockVenture Traverse Link**  
*Links to RockVenture and Nucleus or Voltage Structure*

## THE SOUND GARDEN COLLECTION

Incorporate musical exploration into your playground with Burke's Sound Garden. Real piano, drum and rain sounds provide creative and collaborative play opportunities for children of all abilities. The different music panels can be configured in multiple orientations to incorporate a variety of musical activities. Two-sided educational panels add additional play value and allow more children to explore the excitement of music together. Use the pieces below to build your custom sound garden or attach one or several panels to a playground structure.

**Snare Drum**  
Available in left configuration only.

**Touch & Play Piano**  
Available in left configuration only.

**Rain Wheel & Drum**  
Available in left, center or right configurations.

**Touch & Play Drum**  
Available in right configuration only.

**Tom-Tom Drums**  
Available in right configuration only.

**Snare Drum Reverse**

### PLAYGROUNDS POWERED BY WIND

By participating in programs that support the development of clean energy, we are able to purchase **100%** of our electricity usage from wind and other renewables. This positions Burke as an environmental leader within the playground industry and helped us earn the Green Power Partner designation from the U.S. Environmental Protection Agency. For more information visit [epa.gov/greenpower](http://epa.gov/greenpower).

### SAFETY

**The Customer Product Safety Commission (CPSC)** created playground safety guidelines to help local communities, schools, day care centers and other groups build safe playgrounds. **The American Society for Testing and Materials (ASTM)** is an independent world renowned developer of technical standards utilized in testing products. ASTM and CPSC guidelines are built into our proprietary EZ Design program ensuring every Burke playground is designed to meet or exceed all their standards. To highlight our commitment to safety, BCI Burke is the only playground manufacturer to partner with the National Program for Playground Safety (NPPS) and provide a **FREE** Safe Playground Supervision Kit with each play system purchased.

BCI Burke Company, LLC, is a member in good standing of IPEMA, the International Play Equipment Manufacturers Association. IPEMA is a member-driven international trade organization which represents and promotes an open market for manufacturers of play equipment and surfacing.

In the interest of playground safety, the International Play Equipment Manufacturers Association (IPEMA) provides a Third Party Certification Service whereby a designated independent laboratory, with TÜV America (TÜV), validates an equipment manufacturer's certification of conformance to ASTM F1487, Standard Consumer Safety Performance Specification for Playground Equipment for Public Use, except sections 7.1.1, 10 & 12.6.1; to CAN/CSA Z614, Children's Playspaces and Equipment, except clauses 9.8, 10 & 11; or both. The use of the corresponding logo in Burke's Catalog signifies that Burke has received written validation from the independent laboratory that the product(s) associated with the use of the logo conforms to the requirements of the indicated standard.

Check IPEMA website [www.ipema.org](http://www.ipema.org) to confirm product validation.

In the interest of playground safety, the International Play Equipment Manufacturers Association (IPEMA) provides a Third Party Certification Service whereby a designated independent laboratory, with TÜV America (TÜV), validates a surfacing manufacturer's certification of conformance to ASTM F1292, Standard Specification for Impact Attenuation Under and Around Playground Equipment, except section 15, and for an engineered wood fiber manufacturer its certification of conformance, also to ASTM F2075, Standard Specification for Engineered Wood Fiber for use as a Playground Safety Surface Under and Around Playground Equipment, Section 4.4, for testing Sieve Analysis and Section 4.6, for testing the presence of Tramp Metal. The use of corresponding logo in Burke's Catalog signifies that Burke has received written validation from the independent laboratory that the product(s) associated with the use of the logo conforms to the requirements of the indicated standard.

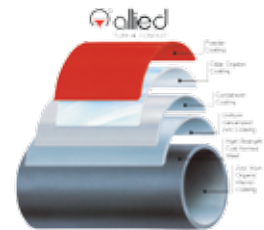

Check IPEMA website [www.ipema.org](http://www.ipema.org) to confirm product validation, its thickness and critical height.

The space requirements shown in this publication are shown to ASTM Standards. Requirements for other standards may be different.

### ALLIED TUBE & CONDUIT

Allied Tube & Conduit is the leading supplier of galvanized and commercial quality tubing to both manufacturers and metal distributors in over 70 consumer and industrial markets. Their unique in-line galvanizing process produces superior corrosion resistance by utilizing a triple layer of protection. This advanced processing technique was first introduced in 1959 and is still relevant today.

### ISO 9001:2008 AND ISO 14001:2004

NSF-ISR attests that BCI Burke Company, LLC is in compliance with ISO 9001:2008 and the International Environmental Management Standard ISO 14001:2004.

ISO 9001:2008 emphasizes processes to aid in continuous improvement in quality and customer service. ISO 14001:2004 ensures Burke follows strict environmental controls in manufacturing processes.

### FSC® CERTIFICATION

FSC certification ensures that products come from responsibly managed forests that provide environmental, social and economic benefits. The FSC Principles and Criteria provide a foundation for all forest management standards globally.

**VALUE ADDED RESOURCES**

**NPPS Safety Kit** - BCI Burke truly gives you the most value for your money. As part of our Total Cost of Ownership Package, we offer value-added resources FREE with every playground purchase. The National Program for Playground Safety (NPPS) Playground Supervision Safety Kit helps supervisors and educators be prepared on the playground. Learn more at [bciburke.com/safety](http://bciburke.com/safety).

**Customized Maintenance Kit** - To help maintain a safe, functioning playground we include a Custom Maintenance Schedule, Touch-up Paint, Graffiti Remover and Carrying Case FREE with every playground structure purchase.

**FUNDING SOLUTIONS**

**Financing** - If your organization needs a new Burke playground but doesn't have the capital on hand, BCI Burke's partnership with Marlin Financing can assist you in acquiring the funding you need so your kids can enjoy their new Burke playground today.

**Grant Resource Center** - We've partnered with The School Funding Center to provide up-to-date grant information along with expert grant writing services. The School Funding Center has one of the most comprehensive and current grant databases available on the internet today. They also maintain a network of experienced grant writers who can create grant applications for affordable fees. Learn more at [bciburke.com/funding](http://bciburke.com/funding).

**Funds for Fun** - Deciding to build a new playground or add equipment to a current playspace is easy. After the decision is made, the next question is, "Where will the money come from?" At BCI Burke, we understand the dedication and hard work it takes to raise the funds for playground equipment. That's why we have created a direct donation fundraising program to help your organization raise the funds it needs for your new park, recreation or school playground. Learn more at [bciburke.com/funding](http://bciburke.com/funding).

**PURCHASING COOPERATIVES**

**HGACBuy** is a unit of local government that strives to make the governmental procurement process more efficient by establishing competitively priced contracts for goods and services, and provides the customer service necessary to help its members achieve their procurement goals. Learn more at [bciburke.com/partnerships](http://bciburke.com/partnerships).

**National IPA** is redefining the future of cooperative purchasing. The cooperative purchasing organization is dedicated to serving public agencies and educational institutions nationwide. All cooperative agreements have been competitively solicited and publicly awarded by a public agency/governmental entity. There are no fees, minimums or obligations to participate. Learn more at [nationalipa.org](http://nationalipa.org).

**GSA** allows federal parks, child development programs, military bases and other agencies to purchase Burke playgrounds through Premier Playgrounds, the company's GSA contract (GS-07F-0081M ) for installation virtually anywhere in the world. Learn more at [premier-playgrounds.com](http://premier-playgrounds.com).

**CADDETAILS**

CADdetails is the leading provider of manufacturer-specific building product information, delivering to more than 452,000 architects, engineers, contractors, and other design industry professionals throughout North America.

**PARKS BUILD COMMUNITIES**

Bringing Play That Moves You to communities around the world is at the heart of Burke's mission. Participating in Parks Build Community, a national initiative aimed at demonstrating the transformative value of parks on the health and vitality of communities across America, with NRPA and other national donors is an exemplification of our mission. Learn more at [bciburke.com/partnerships](http://bciburke.com/partnerships).

**KABOOM!**

BCI Burke has been chosen as a Preferred Vendor for KaBOOM!, the national non-profit dedicated to bringing balanced and active play into the daily lives of all kids, particularly those growing up in poverty in America. Burke is proud to support KaBOOM! and its mission to give kids the playful childhood they deserve. Visit [kaboom.org/resources](http://kaboom.org/resources) and [kaboom.org/grants](http://kaboom.org/grants) to learn about KaBOOM! grant programs and do-it-yourself project tools that can help you through the planning process – from volunteer recruitment to fundraising, and everything in between.

**BOYS & GIRLS CLUB OF FOND DU LAC**

Boys & Girls Club of Fond du Lac is dedicated to empowering youth to reach their full potential. They offer a variety of programs and activities that positively change the lives and futures of children 6-18. Burke is proud to partner with a group that encourages physical, emotional and social growth of youth in our community.

**FOND DU LAC FAMILY YMCA**

The YMCA is a cause driven organization that is for youth development, for healthy living and for social responsibility. We believe a strong community can only be achieved when we invest in our kids, our health and our neighbors.

KoreKconnect

## BURKE BUILT QUALITY MADE IN THE USA

**KoreKconnect® Direct-Bolt Clamp System:** Nucleus and Voltage feature our Industry-leading KoreKconnect direct-bolt clamp system resulting in the strongest and most accurate connection system ever. Factory located connection points make for easy, precise installation and an error-free fit. Best of all, KoreKconnect is covered for 100 years under our non-prorated Generations Warranty.

Direct-Bolt

**Direct-Bolt Connection System:** Intensity, Intensity 2-5 and Little Buddies feature Burke's trusted direct-bolt connection that uses a durable, straightforward direct-bolt system to ensure a trouble-free installation and provide the necessary strength to accommodate the demands of playing children. Like our KoreKconnect system, Direct-Bolt connections are covered for 100 years under our Generations Warranty.

EZKconnect

**EZKconnect® Deck Mounting System:** Our exclusive self-leveling deck attachment and factory CNC construction allows for faster and more precise location of decks during installation. The 2-bolt per corner deck attachment increases overall structure strength and stability.

Stainless Steel Hardware

**Platforms:** Burke's oversized non-slip platforms are constructed of heavy-duty punched steel that can support more than 2 tons. Our vinyl coating is California compliant, free of lead and other hazardous heavy metals.

**Tamper-Resistant Stainless Steel Hardware:** All hardware is covered for 100 years under our Generations Warranty.

Powder Coating

**Premium Powder Coatings:** Our industry-leading powder coatings and finishes prevent fading, last longer and deter rust. We also offer a **"coastal package" powder coat system**. This special powder coat system for metal components and upright posts will provide additional corrosion and chemical protection along with added longevity to the color and gloss retention of the powder coated parts. Contact your Burke Representative for more information on colors, price and warranty.

Compound Plastics

**Compound Plastics with UV-15:** You'll get long wear and bright, vibrant colors that hold up for years thanks to our thick, durable rotomolded plastics with UV-15 protection, which is why we can cover them for 15 years under our non-prorated Generations Warranty.

Aluminum Connectors

**Climbing Cables:** Our climbing cables are flexible enough to provide movement, yet strong enough to last. Our ropes are made from 6 polyester cords with steel reinforcement wrapped around a synthetic fiber core. Each cord contains 8 galvanized steel strands tightly covered with polyester multi-fibers. Our RopeVenture cables consist of 6 strands, each containing 24 stainless steel reinforcing strands within a nylon sleeve, wrapped around a solid nylon core.

**Aluminum Connectors:** Swivel connectors at the end of our ropes allow assembly at any angle with no unwanted twists in the net. The aluminum fittings used to secure the joints are swaged in place to prevent any movement between the rope and fittings that could cause wear.

## BCI BURKE GENERATIONS WARRANTY®

### The Longest and Strongest warranty in the industry

BCI Burke Company, LLC ("Burke") warrants that all standard products are warranted to be free from defects in materials and workmanship, under normal use and service, for a period of one (1) year from the date of invoice.

#### We stand behind our products.

In addition, the following products are warranted, under normal use and service from the date of invoice as follows:

- One Hundred (100) Year Limited Warranty on aluminum and steel upright posts (including Intensity®, Voltage®, Nucleus® and Little Buddies®) against structural failure due to corrosion, deterioration or workmanship.
- One Hundred (100) Year Limited Warranty on KoreKonnnect® clamps against structural failure due to corrosion, deterioration or workmanship.
- One Hundred (100) Year Limited Warranty on Hardware (nuts, bolts, washers)
- One Hundred (100) Year Limited Warranty on bolt-through fastening and clamp systems (Voltage®, Intensity®, Nucleus® and Little Buddies®).
- Twenty-Five (25) Year Limited Warranty on spring assemblies and aluminum cast animals.
- Fifteen (15) Year Limited Warranty on main structure platforms and decks, metal roofs, table tops, bench tops, railings, loops and rungs.
- Fifteen (15) Year Limited Warranty on all plastic components including StoneBorders against structural failure due to materials or workmanship.
- Ten (10) Year Limited Warranty on ShadePlay Canopies fabric, threads, and cables against degradation, cracking or material breakdown resulting from ultra-violet exposure, natural deterioration or manufacturing defects. This warranty is limited to the design loads as stated in the specifications.
- Ten (10) Year Limited Warranty on NaturePlay® Boulders and GFRC products against structural failure due to natural deterioration or workmanship. Natural wear, which may occur with any concrete product with age, is excluded from this warranty
- Ten (10) Year Limited Warranty on Full Color Custom Signage against manufacturing defects that cause delamination or degradation of the sign. Full Color Custom Signs also carry a two (2) year warranty against premature fading of the print and graphics on the signs.
- Five (5) Year Limited Warranty on Intensity® and RopeVenture™ cables against premature wear due to natural deterioration or manufacturing defects. Determination of premature wear will be at the manufacturer's discretion.
- Five (5) Year Limited Warranty on swing seats and hangers; Kid Koaster® Trolleys and other moving parts against structural failure due to materials or workmanship.
- Three (3) Year Limited Warranty on electronic panel speakers, sound chips and circuit boards against electronic failure caused by manufacturing defects.

The warranty stated above is valid only if the equipment is erected in conformity with the layout plan and/or installation instructions furnished by BCI Burke Company, LLC using approved parts; have been maintained and inspected in accordance with BCI Burke Company, LLC instructions. Burke's liability and your exclusive remedy hereunder will be limited to repair or replacement of those parts found in Burke's reasonable judgment to be defective. Any claim made within the above stated warranty periods must be made promptly after discovery of the defect. A part is covered only for the original warranty period of the applicable part. Replacement parts carry the applicable warranty from the date of shipment of the replacement from Burke. After the expiration of the warranty period, you must pay for all parts, transportation and service charges.

Burke reserves the right to accept or reject any claim in whole or in part. Burke will not accept the return of any product without its prior written approval. Burke will assume transportation charges for shipment of the returned product if it is returned in strict compliance with Burke's written instructions.

**THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ANY OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IF THE FOREGOING DISCLAIMER OF ADDITIONAL WARRANTIES IS NOT GIVEN FULL FORCE AND EFFECT, ANY RESULTING ADDITIONAL WARRANTY SHALL BE LIMITED IN DURATION TO THE EXPRESS WARRANTIES AND BE OTHERWISE SUBJECT TO AND LIMITED BY THE TERMS OF BURKE'S PRODUCT WARRANTY. SOME STATES DO NOT ALLOW THE EXCLUSION OF CERTAIN IMPLIED WARRANTIES, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.**

**Warranty Exclusions:** The above stated warranties do not cover: "cosmetic" defects, such as scratches, dents, marring, or fading; damage due to incorrect installation, vandalism, misuse, accident, wear and tear from normal use, exposure to extreme weather; immersion in salt or chlorine water, unauthorized repair or modification, abnormal use, lack of maintenance, or other cause not within Burke's control; and

**Limitation of Remedies:** Burke is not liable for consequential or incidental damages, including but not limited to labor costs or lost profits resulting from the use of or inability to use the products or from the products being incorporated in or becoming a component of any other product. If, after a reasonable number of repeated efforts, Burke is unable to repair or replace a defective or nonconforming product, Burke shall have the option to accept return of the product, or part thereof, if such does not substantially impair its value, and return the purchase price as the buyer's entire and exclusive remedy. Without limiting the generality of the foregoing, Burke will not be responsible for labor costs involved in the removal of products or the installation of replacement products. Some states do not allow the exclusion of incidental damages, so the above exclusion may not apply to you.

Contact your local Burke Representative for warranty information regarding Burke Turf® and Burke Tile products.

## TERMS OF SALE

**Pricing:** Prices published in this catalog are in USD, are approximate and do not include shipping & handling, surfacing, installation nor applicable taxes. All prices are subject to change without notice. Contact your Burke representative for current pricing. Payments are to be made in USD.

**Weights:** Weights are approximate and may vary with actual orders.

**Installation:** All equipment is shipped unassembled. For a list of factory-certified installers in your area, please contact your Burke representative.

**Specifications:** Product specifications in this catalog were correct at the time of publication. However, product improvements are ongoing at Burke, and we reserve the right to change or discontinue specifications without notice.

**Loss or Damage in Transit:** A signed bill of lading is our receipt from a carrier that our shipment to you was complete and in good condition upon arrival. Before you sign, please check the Bill of Lading carefully when the shipment arrives to make sure nothing is missing and there are no damages. Once the shipment leaves our plant, we are no longer responsible for any damage, loss or shortage.

For more information regarding the warranty, call Customer Service at 920-921-9220 or 1-800-356-2070.
