Burke[®]
PLAY THAT MOVES YOU.

PLAY THAT MOVES YOU®

Creating Play That Moves You requires dedication, research and a fierce passion for bringing a higher level of play to communities. The results are more than worth the effort. Products such as Novo® Playful Furniture and Taktiks® move us to design the best play environments for all. Taking play interaction to the next level is the Konnection™ Swing. There isn't a better way to connect on the playground - whether it's an adult and a child or two kids. The fusion of traditional and active-based play lays the foundation for an environment where everyone can develop physically, emotionally, socially and cognitively through play. It fosters opportunities for the types of experiences that bring communities together and move us in so many ways. Join Our Movement and see how you can bring a higher level of play to your community!

Burke's unique fitness offerings keep people of all ages moving! Our Intensity® and Nucleus® playgrounds feature a fusion of traditional and fitness-based play that engages children to move like never before. The ELEVATE® Fitness Course features challenging obstacles designed for healthy competition and fun for ages 5-12 or 13 plus. Our variety of fitness play options ensures everyone has the opportunity to reap the benefits of movement at any age and skill level.

MOVE YOUR MIND!

Extensive research suggests that play provides tremendous developmental benefits to children. In fact, it's been said that children learn through play - it helps their brains and bodies develop. There's no such thing as too much of a good thing when it comes to play!

INTERACTIONS THAT MOVE US

Play brings communities together and strengthens families and friendships. Burke's playgrounds provide amazing opportunities for kids to develop socially from playing independently at a young age, transitioning to parallel play and learning how to cooperatively play together as their development continues.

MOTION THAT MOVES YOU

Movement is essential to life and to play. Motion play creates movement for children of all abilities and assists with many developmental areas, including increased spatial awareness, inner ear stimulation and balance. Motion can be soothing to children with sensory processing differences and offers an exciting activity for everyone to enjoy.

PLAY THAT MOVES DEVELOPMENT

Play is an important part of a child's emotional development and it is often through play that they learn necessary skills such as patience and empathy. Play also helps children learn how to express and manage their feelings, which is the grounds for much of a child's future success and well-being.

MOVE WITH US

Play brings communities together and parks and play environments provide multi-generational spaces for interaction, development and growth. With community support and participation, Friendship Park has become a true example of collaboration, dedication and care that moved an entire community to get outside and play!

FRIENDSHIP PARK – AVONDALE, AZ

With a mission to provide community-focused open spaces and recreational opportunities, the City of Avondale, AZ worked with Play it Safe Playgrounds to involve the community in the new play environment design at Friendship Park. They did surveys, talked with community members and began to envision the playspace needed for this amazing park. After developing four options, they opened it up for voting. The City of Avondale encouraged everyone to vote for their favorite design and the most popular design – a beautiful, colorful inclusive play environment – won the vote!

The inclusive playground is divided into multiple areas that encompass everything the community felt was important. There is a ramped play structure for ease of access for all children that includes the exciting Cruiser™ Wheelchair Accessible Rocker and an area of musical exploration and swinging in both individual and multi-user formats. There is an area of fitness play, designed to allow children to get the maximum amount of physical activity while playing. Finally, there is an area specifically for 2-5 year olds that helps them develop balance and coordination and offers an environment for them to take age-appropriate risks. Now the playground at Friendship Park is a main attraction and helps keep kids and families moving and active!

CAUSES THAT MOVE US

Burke cares about kids and communities. That's why we support local organizations like the Boys & Girls Club of Fond du Lac and the YMCA. We've also partnered with Parks Build Community, a national initiative demonstrating the value of parks to communities across the United States. Each year, the National Recreation and Park Association, Burke and other industry partners, provide a park to the NRPA Conference host city that leaves a lasting impression for years to come. These, and other supported organizations, share our mission for better communities that offer play and recreation for everyone.

Burke's commitment to a sustainable future is demonstrated by our ISO 14001:2015 certification and environmental programs. Additionally, 100% of our factory's electricity comes from wind and other renewable sources. Burke is the only major playground manufacturer that has earned the green power partner designation from the U.S. Environmental Protection Agency.

WORK THAT MOVES US

Bringing play to children is Work That Moves Us. We are driven to create quality and innovative playground equipment that brings a higher level of play to the communities we serve. With that, we are passionate about our customer experience and seek to maintain the best customer service in the industry.

PRESCHOOL PLAY

Endless design options allow you to create your custom outdoor classroom, ensuring a perfect fit for your children's needs. Whether you choose a Nucleus or Intensity design to keep the little ones moving, Little Buddies® that is created and sized just for preschoolers or Voltage® for smaller budgets, we will bring you the most innovative, educational and fun playspaces. [SEE PAGE 90.](#)

SCHOOL AGED PLAY

As kids grow, their play needs change and Burke is here every step of the way to make sure kids keep moving, playing and learning. Choose from our Nucleus, Intensity or Voltage product lines and know kids will receive a well-rounded education in fitness and play. [SEE PAGE 68.](#)

NEW KONNECTION™ SWING

Patent Pending

Create connections that move you with Burke's newest innovation, the Konnection Swing, an incredible experience that promotes intergenerational play, engagement and interaction when adults and children swing together. Children can also enjoy swinging together and older children can engage with younger children while advancing skills such as cooperation, teamwork and developing their proprioceptive systems. A welcoming, clean form characterizes the Konnection Swing and ease of use is inherent in the construction right down to the details in the sliding backrest and comfortable, contoured design. Help foster true connection with the Konnection Swing and be moved by the power of playing together.

SEE PAGE 174 FOR MORE INFORMATION.

SLIDING BACKREST

Exclusive locking mechanism holds backrest in upright position for ease of entry and exit

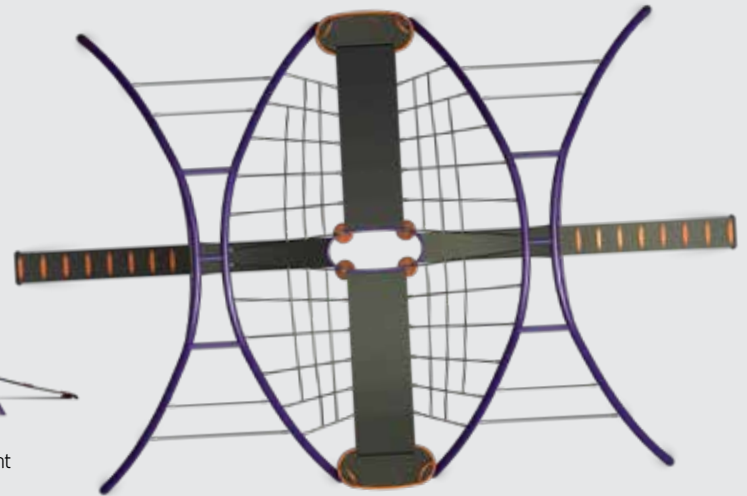

LEVEL X™ - TAKING PLAY TO THE NEXT LEVEL!

Creating Play That Moves You means innovating new approaches to play design. Introducing the latest innovation, Level X, a sculptural play form that challenges kids and takes play to an entirely new level. While at first glance it appears to be an art installation, it's actually a universally-designed climbing, sensory and tactile experience for children of all abilities. Inspired by the architecture of the world's most famous bridges, Level X changes the shape of play, moving away from linear forms and into abstract, sweeping arches with dynamic shapes. Although the shape is non-traditional, the play value is higher than ever! Children will explore the endless climbing paths and be amazed by the creative and imaginative ways to reach their destination. From ground-level, Level X looks like an exciting maze of paths and ropes as bridges cross each other for added dimension. Adding to the fun, bridges and ropes move while children play on them and trigger reactive movement throughout other areas of the structure making each play experience different. Level X is Burke's latest innovation in play and will help communities provide an exciting adventure for everyone!

NEW TAKTIKS® CLIMBERS

Taktiks is a manifestation of Play That Moves You with endless developmental opportunities and unmatched play value. The name hails from descriptors of this unique collection - Tactical, Tactile, Tactics - and provides users with an unforgettable experience. Using unexpected materials and shapes, Taktiks provides endless climbing, traversing and balancing activities at different challenge levels for children ages 5-12. The enhanced collection provides even more opportunities for children to develop skills such as cognitive planning, strength and coordination.

NEW SLIDES

Slides have long been a playground staple and for good reason, they literally raise your play experience to a new level and help keep kids moving and having fun! Burke's latest innovations in sliding elevate the experience of the traditional slide. The Luge™ allows kids to race each other down to the bottom and the Velo™ and Velo XL offer a fun, fast ride with a little extra drop that makes kids want to slide again and again! The Roller Slide offers a unique sensory experience combined with an opportunity for children to interact while sliding down together. Choose these or any of the Burke slides to add fun and excitement to your playground!

NEW ROPEVENTURE® REVOLV

Revolutionize your playground with the RopeVenture Revolv! There are so many ways to climb on this exciting rope system that kids can create new routes every time they play! Not only is RopeVenture Revolv an awe-inspiring architectural piece, it also provides interactive spaces so children can engage with one another while climbing. Add this or any of the other RopeVenture climbers to your playground and inspire kids to dream big adventures.

SEE PAGE 140 FOR MORE INFORMATION.

TREE BRANCH CLIMBER

The Tree Branch Climber boasts organic shapes and lots of climbing fun! Use these nature-inspired climbers as a path to a platform or between two posts in a more linear playspace. Kids will LOVE the challenge of climbing up, through or traversing these new additions to the Burke family of climbers.

NEW NOVO® PLAYFUL FURNITURE

Patent Pending

What if we could put the “play” back in playground furniture? What if we could integrate site amenities with the play area and create multi-generational interactions? What if we did that and more with Novo Playful Furniture? Novo Playful Furniture combines form and function to create fun and creative site amenities that can be seamlessly integrated into play areas or used as part of an outdoor classroom. Balance on the Novo Arc Bench, relax and socialize on the Novo Table or climb on the Novo Hylo BenchClimb. However you decide to use Novo, you will be promoting socialization, development and fun!

NEW PLAY PANELS

Music, games and imagination are paramount with Burke's latest play panels. From cooperation and socialization to memory and music, play panels offer opportunities for all children to develop skills, have fun and spend time learning outside. Music panels have real instrument sounds and can engage children of all abilities in exploration and excitement. 3-In-A-Row is a way to bring games to the playground and teach cooperation. Memory Reactions is an interactive game that challenges kids to improve their memory skills and learn through play. Choose one or all of these engaging panels for your next playground project and see how they can move you!

EMBRACE PARK

WATCH THE STORY AT BCIBURKE.COM!

EMBRACE PARK NORFOLK, NE

No matter who you are or what your ability, you will be embraced here. This is the concept of the aptly named Embrace Park in Norfolk, Nebraska. In partnership with Creative Sites, the exclusive Burke Representative in Nebraska, the Norfolk Family YMCA, the Norfolk Area Community Foundation Fund and the City of Norfolk, Emily Afrank completed a project close to her heart. Two years in the making, this fully inclusive park is everything Afrank hoped for and more.

As a pediatric physical therapist at a local hospital, Afrank began bringing her young clients to the city's parks to assess their needs. After realizing that the existing parks weren't meeting the needs of the children she was working with, she began doing some research. Out of the research an idea was born - a FULLY inclusive park that all children could play together on. After fundraising and working with the Norfolk Area Community Foundation Fund, they raised the needed funds to create a playspace worthy of such a great, supportive community.

From the Cruiser to the fully ramped Nucleus® structure to the Volito™ swing, all children can find the best of themselves through play and learn to embrace everyone's uniqueness.

CENTENNIAL PARK

What does it mean to be a community? The story of a playground in the City of Brooklyn Center, Minnesota is a living example of how play can help build a community and bring partners together for a common cause. It began with the need for more playgrounds in the city and The Luther Group's willingness to help change that through their "Drive to Serve" program. St. Croix Recreation, the exclusive Burke Representative in Minnesota, was invited to submit a proposal for an incredible, destination playground that incorporated all elements of play. St. Croix set to work on the design making certain to add in elements that help keep all kids moving in both body and mind!

ROCKET SHIP PARK PORT JEFFERSON, NY

Imaginations run wild on this themed playspace! Pretend you are a pirate, an astronaut, an explorer or create your own adventure yet to be imagined! Imaginative play helps children develop language, social and problem solving skills and think creatively, cooperate and coordinate! Adding imaginative play areas to your playground will benefit children for years to come – and they are just plain FUN! Contact your local Burke Representative for more information on Themed Playgrounds.

LEXINGTON SPORTS COMPLEX

Kids need engaging, fun and thoughtfully designed playspaces to develop, learn and just have a place to play and be kids. With a growing population, Blaine, Minnesota, was in need of another playground at Lexington Athletic Complex, a large multi-use facility with every amenity from baseball fields and pickle ball courts to concessions and meeting space. Creating a play environment that would become a destination and could service a wide variety of children and families was the intention for this heavily used park. St Croix Recreation, the exclusive Burke Representative in Minnesota, helped the City of Blaine ideate a playground worthy of this incredible, flagship park. The focus here was on play variety - whether kids want to spin, zip, climb or slide, they will be able to find that here!

PASEO POINTE

Paseo Point is part of the Laveen School District located in Laveen Village only eight miles from downtown Phoenix. After opening a beautiful new school in August 2016 that included preschool rooms, the children ages 3-5 needed a place to play that was designed specifically for them! Play it Safe Playgrounds, the exclusive Burke Representative for Arizona, helped the school design an area that engages the children's imaginations and helps them to develop skills that transcend the playground such as cooperation, socialization and problem solving.

BURKE FITNESS

Burke's ELEVATE fitness course brings a series of challenging physical obstacles that an individual or team can take on! With several levels of challenge, ELEVATE offers a positive exercise experience for beginners, intermediate and advanced fitness users to gain results and have fun. Work your entire body and enjoy a dose of healthy competition amongst friends, teammates or with yourself. Designed for ages 5-12 or 13+, ELEVATE can be used as part of an overall training plan or as a standalone way to spend time outdoors and gain the benefits of increased physical fitness.

The ACTIVATE Fitness Circuit offers the benefits of muscle building and toning with body weight exercises and a cardio workout that can be tailored to a variety of fitness levels. ACTIVATE is designed for ages 5-12 or 13+ and can be arranged in a traditional circuit format, along a trail or any combination of the two to accommodate user and site needs. The options for creativity are limitless and exercises can be frequently changed to alter your exercise routine and keep improving your fitness. ACTIVATE your body with Burke's all new way to get and stay fit!

VISIT BCIBURKE.COM/FITNESS TO VIEW OUR COMPLETE OFFERING OF ELEVATE AND ACTIVATE PRODUCTS!

BURKE TURF™

Burke Turf combines rugged durability with softness and beauty to create the perfect surface for sports, fitness and playground areas. Offering ease of access, Burke Turf helps children of all abilities move freely throughout the playspace. Below the surface you'll find a soft infill that is silica-based, anti-microbial, and provides a long-lasting, healthy play environment. A shock and drainage pad provides shock absorption and impact protection from falls – the most common source of serious playground injuries. Burke Turf conforms to the latest CPSC, ASTM, and ADAAG standards for impact attenuation and accessibility.

BURKE TILES

Bring Play That Moves You to life beginning with fun durable and inclusive surfacing from Burke. Burke Tiles are eco-friendly, simple to maintain and provide full accessibility so all children can play together. Available in an array of colors, tiles can be arranged into patterns that enhance the design or theme of the playspace and help children stay safe while having fun and reaping the benefits from play.

Play Mat

StoneBorders - The highest quality borders in the industry backed by Burke's 15-year Generations Warranty.

DIGITAL CATALOGS

Product photos, designs, videos and more come alive in our digital space! View exciting new products and experience a higher level of play for yourself!

Visit bciburke.com/catalogs to interact with our 2018 Playground & Recreation Design Guide and other Burke online catalogs!

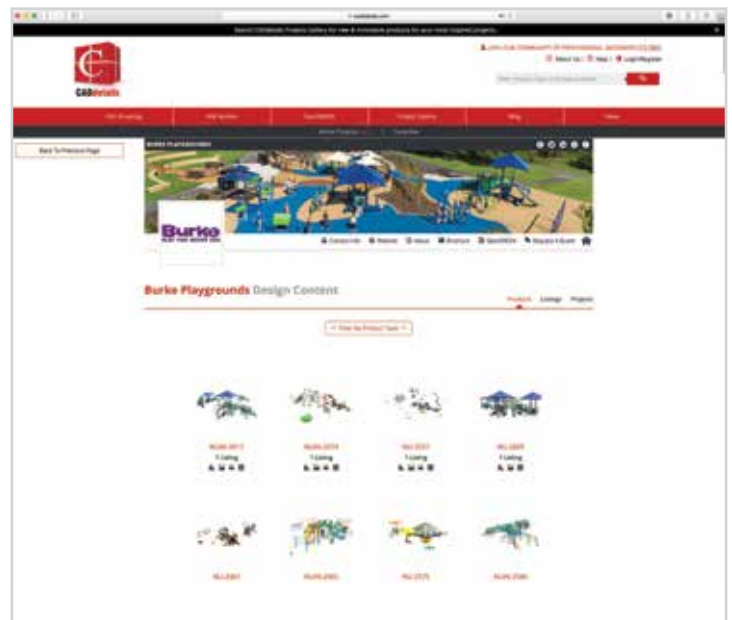

DESIGN CAPABILITIES

Burke uses the best designers and technology to bring playgrounds that move you to communities around the world! Using our proprietary software, we design play environments for all budgets, spaces and needs. Our software ensures that all safety and accessibility guidelines are met and we provide best-in-class 3D drawings and virtual playground tours so you feel part of your playspace before it's even installed.

VIRTUAL PLAYGROUND TOURS

See your playground in a whole new way with your customized Virtual Playground Tour. With the ability to rotate 360° and zoom in to see textures and components, this tour is the next best thing to being on the playground and will help you visualize the beauty of your playspace.

CADDDETAILS

CADdetails is the leading provider of manufacturer-specific building product information and serves as a resource for more than 452,000 architects, engineers, contractors and other design industry professionals throughout North America. Burke's page on CADdetails.com contains over 100 playground and park products and is a great resource for design files, ideas and product information.

FREE WITH EVERY BURKE PLAY STRUCTURE PURCHASE!

MAINTENANCE & SAFETY

Customized Maintenance Kit - To help maintain a safe, functioning playground we include a Custom Maintenance Schedule, Touch-up Paint, Graffiti Remover and Carrying Case FREE with every playground structure purchase.

NPPS Safety Kit - BCI Burke truly gives you the most value for your money. As part of our Total Cost of Ownership Package, we offer value-added resources FREE with every playground purchase. The National Program for Playground Safety (NPPS) Playground Supervision Safety Kit helps supervisors and educators be prepared on the playground. Learn more at bciburke.com/safety.

FUNDING SOLUTIONS

Financing - If your organization needs a new Burke playground but doesn't have the capital on hand, BCI Burke's partnership with Marlin Financing can assist you in acquiring the funding you need so your kids can enjoy their new Burke playground today.

Funds for Fun - Deciding to build a new playground or add equipment to a current playspace is easy. After the decision is made, the next question is, "Where will the money come from?" At Burke, we understand the dedication and hard work it takes to raise the funds for playground equipment. That's why we created a direct donation fundraising program to help your organization raise the funds it needs for your new park, recreation or school playground. Learn more at bciburke.com/funding.

Grant Resource Center - We've partnered with The School Funding Center to provide up-to-date grant information. The School Funding Center has one of the most comprehensive and current grant databases available on the internet today. Learn more at bciburke.com/funding.

CAUSES THAT MOVE US!

Our mission is to bring Play That Moves You to communities around the world. We do this, in part, by supporting organizations that further play for all children. From Girls on the Run to Fond du Lac Soccer, keeping kids moving, developing and having fun is our primary goal!

PARKS BUILD COMMUNITIES

Bringing Play to communities is at the heart of Burke's mission. Participating in Parks Build Community, a national initiative aimed at demonstrating the transformative value of parks on the health and vitality of communities across America, with NRPA and other national donors is an exemplification of our mission. Learn more at bciburke.com/partnerships.

KABOOM!

BCI Burke has been chosen as a Preferred Vendor for KaBOOM!, the national non-profit dedicated to bringing balanced and active play into the daily lives of all kids, particularly those growing up in poverty in America. Burke is proud to support KaBOOM! and its mission to give kids the playful childhood they deserve. Visit kaboom.org/resources and kaboom.org/grants to learn about KaBOOM! grant programs and do-it-yourself project tools that can help you through the planning process – from volunteer recruitment to fundraising, and everything in between.

BOYS & GIRLS CLUB OF FOND DU LAC

Boys & Girls Club of Fond du Lac is dedicated to empowering youth to reach their full potential. They offer a variety of programs and activities that positively change the lives and futures of children 6-18. Burke is proud to partner with a group that encourages physical, emotional and social growth of youth in our community.

FOND DU LAC FAMILY YMCA

The YMCA is a cause driven organization that is for youth development, for healthy living and for social responsibility. We believe a strong community can only be achieved when we invest in our kids, our health and our neighbors.

US PLAY COALITION

The US Play Coalition is a partnership to promote the value of play throughout life. We are an international network of individuals and organizations that recognize play as a valuable and necessary part of a healthy and productive life. Our membership is diverse – including educators, parents, physicians, health scientists, park and recreation professionals, psychologists, landscape architects and many more. Membership is free, and simply requires a declaration of shared commitment to the value of play.

PURCHASING COOPERATIVES

National IPA is redefining the future of cooperative purchasing. The cooperative purchasing organization is dedicated to serving public agencies and educational institutions nationwide. All cooperative agreements have been competitively solicited and publicly awarded by a public agency/governmental entity. There are no fees, minimums or obligations to participate. Learn more at nationalipa.org.

HGACBuy is a unit of local government that strives to make the governmental procurement process more efficient by establishing competitively priced contracts for goods and services, and provides the customer service necessary to help its members achieve their procurement goals. Learn more at bciburke.com/partnerships.

BuyBoard was created to increase the purchasing power of government entities and to simplify their purchasing by using a customized online purchasing system. Combining the purchase power of local governments provides members the leverage to achieve better pricing on products, equipment and services they use every day. Learn more at buyboard.com.

GSA allows federal parks, child development programs, military bases and other agencies to purchase Burke playgrounds through Premier Playgrounds, the company's GSA contract (GS-07F-0081M) for installation virtually anywhere in the world. Learn more at premier-playgrounds.com.

PLAYGROUNDS POWERED BY WIND

By participating in programs that support the development of clean energy, we are able to purchase **100%** of our electricity usage from wind and other renewables. This positions Burke as an environmental leader within the playground industry and helped us earn the Green Power Partner designation from the U.S. Environmental Protection Agency. For more information visit epa.gov/greenpower.

SAFETY

The Customer Product Safety Commission (CPSC) created playground safety guidelines to help local communities, schools, day care centers and other groups build safe playgrounds. **The American Society for Testing and Materials (ASTM)** is an independent world renowned developer of technical standards utilized in testing products. ASTM and CPSC guidelines are built into our proprietary EZ Design program ensuring every Burke playground is designed to meet or exceed all their standards. To highlight our commitment to safety, BCI Burke is the only playground manufacturer to partner with the National Program for Playground Safety (NPPS) and provide a **FREE** Safe Playground Supervision Kit with each play system purchased.

BCI Burke Company, LLC, is a member in good standing of IPEMA, the International Play Equipment Manufacturers Association. IPEMA is a member-driven international trade organization which represents and promotes an open market for manufacturers of play equipment and surfacing.

In the interest of playground safety, the International Play Equipment Manufacturers Association (IPEMA) provides a Third Party Certification Service whereby a designated independent laboratory, with TÜV America (TÜV), validates an equipment manufacturer's certification of conformance to ASTM F1487, Standard Consumer Safety Performance Specification for Playground Equipment for Public Use, except sections 7.1.1, 10 & 12.6.1; to CAN/CSA Z614, Children's Playspaces and Equipment, except clauses 9.8, 10 & 11; or both. The use of the corresponding logo in Burke's Catalog signifies that Burke has received written validation from the independent laboratory that the product(s) associated with the use of the logo conforms to the requirements of the indicated standard.

Check IPEMA website www.ipema.org to confirm product validation.

In the interest of playground safety, the International Play Equipment Manufacturers Association (IPEMA) provides a Third Party Certification Service whereby a designated independent laboratory, with TÜV America (TÜV), validates a surfacing manufacturer's certification of conformance to ASTM F1292, Standard Specification for Impact Attenuation Under and Around Playground Equipment, except section 15, and for an engineered wood fiber manufacturer its certification of conformance, also to ASTM F2075, Standard Specification for Engineered Wood Fiber for use as a Playground Safety Surface Under and Around Playground Equipment, Section 4.4, for testing Sieve Analysis and Section 4.6, for testing the presence of Tramp Metal. The use of corresponding logo in Burke's Catalog signifies that Burke has received written validation from the independent laboratory that the product(s) associated with the use of the logo conforms to the requirements of the indicated standard.

Check IPEMA website www.ipema.org to confirm product validation, its thickness and critical height.

The space requirements shown in this publication are shown to ASTM Standards. Requirements for other standards may be different.

ALLIED TUBE & CONDUIT

Allied Tube & Conduit is the leading supplier of galvanized and commercial quality tubing to both manufacturers and metal distributors in over 70 consumer and industrial markets. Their unique in-line galvanizing process produces superior corrosion resistance by utilizing a triple layer of protection. This advanced processing technique was first introduced in 1959 and is still relevant today.

ISO 9001:2008 AND ISO 14001:2015

NSF-ISR attests that BCI Burke Company, LLC is in compliance with ISO 9001:2008 and the International Environmental Management Standard ISO 14001:2015.

ISO 9001:2008 emphasizes processes to aid in continuous improvement in quality and customer service. ISO 14001:2015 ensures Burke follows strict environmental controls in manufacturing processes.

KoreKconnect

BURKE BUILT QUALITY FROM AMERICA'S HEARTLAND

KoreKconnect® Direct-Bolt Clamp System: Nucleus and Voltage feature our Industry-leading KoreKconnect direct-bolt clamp system resulting in the strongest and most accurate connection system ever. Factory located connection points make for easy, precise installation and an error-free fit. Best of all, KoreKconnect is covered for 100 years under our non-prorated Generations Warranty.

Direct-Bolt

Direct-Bolt Connection System: Intensity, Intensity 2-5 ELEVATE Fitness Course, ACTIVATE Fitness Circuit and Little Buddies feature Burke's trusted direct-bolt connection that uses a durable, straightforward direct-bolt system to ensure a trouble-free installation and provide the necessary strength to accommodate the demands of playing children. Like our KoreKconnect system, Direct-Bolt connections are covered for 100 years under our Generations Warranty.

EZKconnect

EZKconnect® Deck Mounting System: Our exclusive self-leveling deck attachment and factory CNC construction allows for faster and more precise location of decks during installation. The 2-bolt per corner deck attachment increases overall structure strength and stability.

Stainless Steel Hardware

Platforms: Burke's oversized non-slip platforms are constructed of heavy-duty punched steel that can support more than 2 tons. Our vinyl coating is California compliant, free of lead and other hazardous heavy metals.

Tamper-Resistant Stainless Steel Hardware: All hardware is covered for 100 years under our Generations Warranty.

Powder Coating

Premium Powder Coatings: Our industry-leading powder coatings and finishes prevent fading, last longer and deter rust. We also offer a **"coastal package" powder coat system**. This special powder coat system for metal components and upright posts will provide additional corrosion and chemical protection along with added longevity to the color and gloss retention of the powder coated parts. Contact your Burke Representative for more information on colors, price and warranty.

Compound Rotomold Plastics with UV-16: You'll get long wear and bright, vibrant colors that hold up for years thanks to our thick, durable rotomolded plastics with UV-16 protection, which is why we can cover them for 15 years under our non-prorated Generations Warranty.

Compound Plastics

Climbing Cables: Our climbing cables are flexible enough to provide movement, yet strong enough to last. Our ropes are made from 6 polyester cords with steel reinforcement wrapped around a synthetic fiber core. Each cord contains 8 galvanized steel strands tightly covered with polyester multi-fibers. Our RopeVenture cables consist of 6 strands, each containing 24 stainless steel reinforcing strands within a nylon sleeve, wrapped around a solid nylon core.

Aluminum Connectors

Aluminum Connectors: Swivel connectors at the end of our ropes allow assembly at any angle with no unwanted twists in the net. The aluminum fittings used to secure the joints are swaged in place to prevent any movement between the rope and fittings that could cause wear.

BCI BURKE GENERATIONS WARRANTY®

The Longest and Strongest warranty in the industry

BCI Burke Company, LLC ("Burke") warrants that all standard products are warranted to be free from defects in materials and workmanship, under normal use and service, for a period of one (1) year from the date of invoice.

We stand behind our products.

In addition, the following products are warranted, under normal use and service from the date of invoice as follows:

- One Hundred (100) Year Limited Warranty on aluminum and steel upright posts (including Intensity®, Voltage®, Nucleus®, Little Buddies® and ELEVATE™/ACTIVATE™) against structural failure due to corrosion, deterioration or workmanship.
- One Hundred (100) Year Limited Warranty on KoreKonnnect® clamps against structural failure due to corrosion, deterioration or workmanship.
- One Hundred (100) Year Limited Warranty on Hardware (nuts, bolts, washers)
- One Hundred (100) Year Limited Warranty on bolt-through fastening and clamp systems (Voltage®, Intensity®, Nucleus®, Little Buddies® and ELEVATE™/ACTIVATE™).
- Twenty-Five (25) Year Limited Warranty on spring assemblies and aluminum cast animals.
- Fifteen (15) Year Limited Warranty on main structure platforms and decks, metal roofs, table tops, bench tops, railings, loops and rungs.
- Fifteen (15) Year Limited Warranty on all plastic components including StoneBorders against structural failure due to materials or workmanship.
- Ten (10) Year Limited Warranty on ShadePlay Canopies fabric, threads, and cables against degradation, cracking or material breakdown resulting from ultra-violet exposure, natural deterioration or manufacturing defects. This warranty is limited to the design loads as stated in the specifications.
- Ten (10) Year Limited Warranty on NaturePlay® Boulders and GFRC products against structural failure due to natural deterioration or workmanship. Natural wear, which may occur with any concrete product with age, is excluded from this warranty
- Ten (10) Year Limited Warranty on Full Color Custom Signage against manufacturing defects that cause delamination or degradation of the sign. Full Color Custom Signs also carry a two (2) year warranty against premature fading of the print and graphics on the signs.
- Five (5) Year Limited Warranty on Intensity® and RopeVenture® cables against premature wear due to natural deterioration or manufacturing defects. Determination of premature wear will be at the manufacturer's discretion.
- Five (5) Year Limited Warranty on swing seats and hangers; Kid Koaster® Trolleys and other moving parts against structural failure due to materials or workmanship.
- Three (3) Year Limited Warranty on electronic panel speakers, sound chips and circuit boards against electronic failure caused by manufacturing defects.

The warranty stated above is valid only if the equipment is erected in conformity with the layout plan and/or installation instructions furnished by BCI Burke Company, LLC using approved parts; have been maintained and inspected in accordance with BCI Burke Company, LLC instructions. Burke's liability and your exclusive remedy hereunder will be limited to repair or replacement of those parts found in Burke's reasonable judgment to be defective. Any claim made within the above stated warranty periods must be made promptly after discovery of the defect. A part is covered only for the original warranty period of the applicable part. Replacement parts carry the applicable warranty from the date of shipment of the replacement from Burke. After the expiration of the warranty period, you must pay for all parts, transportation and service charges.

Burke reserves the right to accept or reject any claim in whole or in part. Burke will not accept the return of any product without its prior written approval. Burke will assume transportation charges for shipment of the returned product if it is returned in strict compliance with Burke's written instructions.

THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ANY OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IF THE FOREGOING DISCLAIMER OF ADDITIONAL WARRANTIES IS NOT GIVEN FULL FORCE AND EFFECT, ANY RESULTING ADDITIONAL WARRANTY SHALL BE LIMITED IN DURATION TO THE EXPRESS WARRANTIES AND BE OTHERWISE SUBJECT TO AND LIMITED BY THE TERMS OF BURKE'S PRODUCT WARRANTY. SOME STATES DO NOT ALLOW THE EXCLUSION OF CERTAIN IMPLIED WARRANTIES, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

Warranty Exclusions: The above stated warranties do not cover: "cosmetic" defects, such as scratches, dents, marring, or fading; damage due to incorrect installation, vandalism, misuse, accident, wear and tear from normal use, exposure to extreme weather; immersion in salt or chlorine water, unauthorized repair or modification, abnormal use, lack of maintenance, or other cause not within Burke's control; and

Limitation of Remedies: Burke is not liable for consequential or incidental damages, including but not limited to labor costs or lost profits resulting from the use of or inability to use the products or from the products being incorporated in or becoming a component of any other product. If, after a reasonable number of repeated efforts, Burke is unable to repair or replace a defective or nonconforming product, Burke shall have the option to accept return of the product, or part thereof, if such does not substantially impair its value, and return the purchase price as the buyer's entire and exclusive remedy. Without limiting the generality of the foregoing, Burke will not be responsible for labor costs involved in the removal of products or the installation of replacement products. Some states do not allow the exclusion of incidental damages, so the above exclusion may not apply to you.

Contact your local Burke Representative for warranty information regarding Burke Turf® and Burke Tile products.

TERMS OF SALE

Pricing: Prices published in this catalog are in USD, are approximate and do not include shipping & handling, surfacing, installation nor applicable taxes. All prices are subject to change without notice. Contact your Burke representative for current pricing. Payments are to be made in USD.

Weights: Weights are approximate and may vary with actual orders.

Installation: All equipment is shipped unassembled. For a list of factory-certified installers in your area, please contact your Burke representative.

Specifications: Product specifications in this catalog were correct at the time of publication. However, product improvements are ongoing at Burke, and we reserve the right to change or discontinue specifications without notice.

Loss or Damage in Transit: A signed bill of lading is our receipt from a carrier that our shipment to you was complete and in good condition upon arrival. Before you sign, please check the Bill of Lading carefully when the shipment arrives to make sure nothing is missing and there are no damages. Once the shipment leaves our plant, we are no longer responsible for any damage, loss or shortage.

For more information regarding the warranty, call Customer Service at 920-921-9220 or 1-800-356-2070.
