### QUALITY ASSURANCE

DARRAN manufactures in accordance with the standards set by Architectural Woodwork Institute (AWI) for Quality Standards.

Every unit produced at DARRAN is completely inspected by an independent quality control team located within each plant whose emphasis is on assembly, finish, and final inspections

with empowerment to stop any unit not meeting DARRAN's high quality standards.

### LIGHT AND NATURAL FINISHES

The beauty of veneer and all wood products comes from the variations created by nature including color, grain, and texture. These variations are not considered defects and DARRAN's Limited Lifetime Warranty does not cover color, grain and texture variations associated with natural wood and grain seen in any finish color. DARRAN sets standards for veneer selections; however, variations, especially apparent in light/natural finishes, will occur from one piece to another even if they are finished at the same time.

Finishes such as Clear Maple, Light/Gunstock Walnut, and Clear/Caramel Cherry will display more natural characteristics due to their light stain. Grain, pattern and color from unit to unit are not guaranteed or warranted and products will not be replaced due to these variations. Exposure to light and age will cause darkening of natural wood products; therefore DARRAN cannot guarantee or warrant finish match of new products being placed with existing products in the field.

### TEXTILES/LEATHER

DARRAN does not manufacture textiles and does not warranty any textiles incorporated into its products (including, but not limited to, any warranty against colorfastness, crocking, wear abrasion, shrinking, stretching, tearing, wrinkling, durability, or dye lot match). Textiles are not covered under DARRAN's Limited Lifetime Warranty, but may be covered by a separate warranty from the textile manufacturer. Customers should contact the textile manufacturer directly with any concerns or claims regarding textiles.

### GENERAL

Performance questions will be tested to generally accepted practices and AWI guidelines and standards for wood veneer furniture. To obtain performance of the Limited Lifetime Warranty, the purchaser should contact in writing the authorized DARRAN representatives or current dealer who sold the product to the purchaser or mail the warranty claim to:

Factory authorization must be secured from DARRAN's warranty department prior to incurring repair charges. Warranty will utilize DARRAN's National Repair Service through the Furniture Medic Franchise ([www.furnituremedic.com](http://www.furnituremedic.com)).

Repair charge authorizations are based on:

- > Set travel rate
- > Average regional job rate
- > Factory set maximum repair time
- > Falsely reported defect claims are subject to local service charges being charged to dealer/distributor.

**FINISH MAINTENANCE**

Wood office furniture and wood finishes can retain their natural beauty for life if proper care is taken and a stable environment is provided. Fluctuations in humidity and temperature cause panels and solid wood components to expand and contract and may lead to panel warpage and finish "checking" or cracking. Prolonged exposure of furniture to dry heat during winter months should be avoided. Careful examination of interior wood trim may indicate a damaging dry environment. If open joints, splits and cracks are appearing in trimwork consult with a HVAC professional for appropriate remedy.

DARRAN finishes are field repairable should damage occur. Professional furniture repair services are recommended. Regular cleaning with a non-silicone polish is recommended.
