Catena™ Metal Tables

To order: Specify table shape and dimensions, collection name, model description; For Catena table top, choose random finish stainless steel or powdercoated steel top. Other choices: support choice, freestanding or surface mount (see important guidelines below), powdercoat color, with or without umbrella hole. Some assembly required. **Important guidelines when specifying umbrellas with tables.** When using umbrellas with 24" or 30" tabletops, surface mount or embedded supports are required. Quad support: regardless of tabletop size, surface mount is required. Catena support: regardless of tabletop size, we strongly recommend surface mount as freestanding bases may allow table to tip in windy conditions causing damage not covered under warranty.

Marneaux Solid Surface Table

To order: Specify Marneaux model, table shape, size dimensions; and solid surface color. Other choices: support choice, freestanding or surface mount (see important guidelines below), support powdercoat color, with or without umbrella hole. Some assembly required. **Important guidelines when specifying umbrellas with tables.** When using umbrellas with 24" or 30" tabletops, surface mount or embedded supports are required. Quad support: regardless of tabletop size, surface mount is required. Catena support: regardless of tabletop size, we strongly recommend surface mount as freestanding bases may allow table to tip in windy conditions causing damage not covered under warranty.

Steelhead Metal Table

To order: Specify Steelhead table shape, size dimensions; select powdercoat color. Other choices: support choice, freestanding or surface mount (see important guidelines below), support powdercoat color, with or without umbrella hole. Some assembly required. Important guidelines when specifying umbrellas with tables. When using umbrellas with 24" or 30" tabletops, surface mount or embedded supports are required. Quad support: regardless of tabletop size, surface mount is required. Catena support: regardless of tabletop size, we strongly recommend surface mount as freestanding bases may allow table to tip in windy conditions causing damage not covered under warranty.
