TERMS AND CONDITIONS

Prices and Payment

All prices shown in this price list are suggested retail prices and are subject to change without notice. Prices do not include sales taxes, shipping, delivery, special packaging, assembly, storage or installation. These prices are guaranteed for 30 days from the date of quotation and are firm and final after acceptance of the order. Orders are invoiced at the time of shipment. A 50% deposit (on material only) is required on all projects, though NxtWall may waive the charge on a case-by-case basis. Terms of payment are net 30 days from date of invoice. Any products sold by NxtWall shall remain its property until fully paid in cash. In the event that the purchaser defaults in the payment of any sum due to NxtWall, or in the event the purchaser's financial condition becomes unsatisfactory to NxtWall, NxtWall reserves the right upon notice to the purchaser, to differ or discontinue shipment of any goods or, to refuse any order until time as the default is corrected or the purchaser provides assurance of payment to NxtWall.

Orders

NxtWall requires that all orders be submitted in writing to avoid errors and/or duplication. The purchaser is responsible to submit complete orders. Incomplete or incorrect orders (finishes, door types, glass types missing, etc...) will be processed upon receipt of the complete information and normal production lead-time will be applied from the date that the complete information is received.

Acknowledgments

Orders will be acknowledged with NxtWall acknowledgement forms governing the transaction. The details appearing on this acknowledgement will describe the items to be shipped to the purchaser and the ready to ship date (not the actual shipping date). It is the purchaser's responsibility to verify that the acknowledgement information is correct. If not, the purchaser must notify NxtWall within 48 hours in writing. Failure to provide corrections within 48 hours could be subject to extra charges (See Changes and Cancellations).

Liability

Buyer agrees to inspect the goods immediately upon receipt of such goods from Seller. If any item of goods that is manufactured by Seller and is not subject to alteration, improper installation, abuse or misuse proves to be defective (as defined below) within five days following the date of shipment and prior to installation (in the case of a patent defect) or one year following the date of shipment (in the case of a latent defect), and if Buyer gives written notice to Seller of such defect within that period and does not alter the goods, then Seller shall, at Seller's option, either repair or replace the defective item, at Seller's expense. Seller shall not be responsible for the expense of locating or removing the defective goods or re-installing any repaired or replacement goods. Notice of a breach of Seller's warranty must be made in writing addressed to Seller, setting forth sufficient detail to permit identification by Seller of the claimed defect. Samples should accompany such notification. If Buyer alters the goods or fails to notify Seller within the one year period following shipment of the goods, or if the goods are installed improperly, then any claim for breach of warranty shall be conclusively deemed to have been waived by Buyer with respect to the alleged defect.

In the event of a defect in any goods constituting a breach of the warranty provided herein, Seller shall furnish instructions for the disposition of the defective goods. Seller shall have the option of requiring the return of the defective goods, transportation prepaid, and proof that the goods were not altered or subject to misuse or abuse to establish the claim. No goods shall be returned to Seller without its prior consent. The acceptance of any goods returned to Seller shall not be deemed an admission that the goods are defective or in breach of any warranty, and if Seller determines that the goods are not defective, they may be returned to Buyer at Buyer's expense. Neither Buyer nor any other person may modify or expand the warranty provided herein, waive any of the limitations, or make any different or additional warranties with respect to the goods. Any statements to the contrary are hereby rendered null and void unless made in a writing signed by an authorized officer of Seller.

TERMS AND CONDITIONS

Seller’s warranty applies only to goods that it manufactures. Indemnity

Buyer shall indemnify and hold harmless Seller with respect to all damages, losses, claims and expenses, including attorney fees, that Seller incurs as a result of Buyer’s breach of any of Buyer’s obligations under these Terms of Sale or any claimed unfair competition or patent, trademark or copyright infringement or any other claim resulting from Seller’s manufacture of the goods, or performance of the services, to Buyer’s specifications.

Seller shall indemnify and hold harmless Buyer with respect to all damages, losses, claims and expenses, including attorney fees that Buyer incurs as a result of Seller’s breach of any of Seller’s obligations under these Terms of Sale.

Time for Bringing Action

Applicable Law

This agreement between Seller and Buyer shall be considered to have been made in the State of Michigan, and it shall be governed by and interpreted according to Michigan law. Either party may bring any action that arises out of or relates to this agreement in any federal or state

court in Kalamazoo, Michigan that has jurisdiction of the subject matter, and Buyer irrevocably consents that any such court shall have personal jurisdiction over Buyer and waives any objection that the court is an inconvenient forum.

Complete Agreement; Amendment

If Buyer has not otherwise agreed to these Terms of Sale, then Buyer’s acceptance of delivery of, or payment for, the goods or services shall constitute Buyer’s agreement to these Terms. This agreement will not be amended or supplemented by additional or inconsistent terms contained in a purchase order or another standard form. The terms on Seller’s quotation and acknowledgment and these standard Terms of Sale contain the entire agreement between Buyer and Seller. Any change in this agreement must be by a writing signed by an authorized officer of Seller. The parties agree that only the President of NxtWall, is authorized to bind the Seller to any changes to the contract.
