

QUICK REFERENCE PRICE LIST

Chain Systems for U.S. and Canada Dealers

Effective date: April 1, 2017 to December 31, 2018

Onspot is pleased to provide you with simplified pricing for new Onspot chain systems. **Always** supply a completed Vehicle Suspension Information Form (VSI) with your order.

This pricing letter is set up on 5 pages:

Page 1 covers **STANDARD** Onspot Chain Systems

Page 2 & 3 covers **SPECIAL** Onspot Chain Systems

Page 4 & 5 covers **OPTIONS** offered on New Onspot Chain Systems

PLEASE... Do **NOT** hesitate to call your Regional Manager for assistance in pricing out your particular application. We have attempted to keep our new chain system pricing as simple as possible while trying to fit hundreds of different applications.

STANDARD ONSPOT CHAIN SYSTEMS:

For vehicles with common suspensions and an air source to operate the chain system. Price includes the chain set, switch, solenoid, wire, hose and fittings along **WITH** a common mounting bracket system including the mounting bracket plates and mounting hardware. **(see notes)**

MSRP PER DRIVE AXLE.....\$1785

require replacement U Bolts that are NOT included in the above price and should be sourced locally.

SPECIAL ONSPOT CHAIN SYSTEMS:

For vehicles with more complex or unusual suspension systems or those containing special mounting hardware and/or chain trays.

NOTE: All prices are for 1 Drive Axle.

- | | | |
|----|--|------------------------------|

SPECIAL ONSPOT CHAIN SYSTEMS (continued):

For vehicles with more complex or unusual suspension systems or those containing special mounting hardware and/or chain trays.

NOTE: All prices are for 1 Drive Axle.

- 6. Neway AD Series Air Suspension (Model 016 Onspot) \$2325
- 7. Ottawa Yard Tractor – (hard tail, rigid suspension) \$1905
- 8. Hendrickson Primaax or Firemaax Air Ride \$1930
- 9. Volvo B Ride tandem axle suspension \$1940
- 10. Paccar Flex Air Suspension (AG380) \$2095
This is an Extreme Duty set.
- 11. Ford Transit single rear wheel \$2476

ONSPOT OPTIONS:

1. **Brass Cap Arm Bearing Option** – The brass cap arm bearing design replaces the oilyte arm bearing assembly. This is a heavy duty design which includes an alloy steel pin and 2 brass caps to support the swing arm. Consider this option for vehicles with air suspension or where the vehicle is subjected to very rough roads or where a very corrosive road traction material is used, i.e. calcium chloride. Available on Model 04 Onspots only. Example Model # 04001BC9.

ADD on MSRP.....\$140.00

2. **Extreme Duty Option** - This option includes reinforced cylinder bracket, larger swing arm cross section, ¾ inch mounting bracket, ¾ inch mounting hardware, brass cap arm bearings and ½ inch arm stop bolt. Available on Model 04 Onspots only. Example Model # 04001BCAX9. This option is **STRONGLY RECOMMENDED** on air suspended over the road Class 8 trucks.

ADD on MSRP.....\$210.00

3. **12 Volt Air Compressor Kit** – This kit includes a 12 volt air compressor and an air tank with tank mounting brackets. The kit includes the wire, air hose, fittings and hardware. The air compressor **MUST** be mounted **IN** the vehicle. Use this option for vehicles **WITHOUT** an air source.

Part # 9503

ADD on MSRP.....\$560.00

4. **Air Compressor Housing** – This housing is designed to fit over the 12 volt air compressor and protect it. 9604 is **NOT** designed to be mounted **OUTSIDE** the vehicle. 9606 can be used under the vehicle.

Part # 9604

Part # 9606 for Sprinter

ADD on MSRP.....\$92.00

QUICK REFERENCE PRICE LIST

Chain Systems for U.S. and Canada Dealers

ONSPOT OPTIONS (continued):

- 5. **Pressure Protection Valve** – Onspot recommends that a pressure protection valve be used when installing Onspots on a vehicle with air brakes. The PPV will protect the pressure in the air tank if an Onspot line leaks or breaks.

Part # 9005

ADD on MSRP.....\$38.75

- 6. **Special Chainwheel Options** – All chain systems are supplied with 6 strand through hardened steel alloy chains with replaceable chain plates as standard. Optional chainwheels are as follows:

12 Strand Chainwheels

ADD on MSRP.....\$185.00 Per set

18 Strand Chainwheels

ADD on MSRP.....\$210.00 Per set

**NOTES: ALL above prices DO NOT include freight or installation.
 Orders are shipped from Onspot factory in North Vernon, Indiana.
 ALL PRICES ARE IN U.S. DOLLARS.**
