TERMS AND CONDITIONS

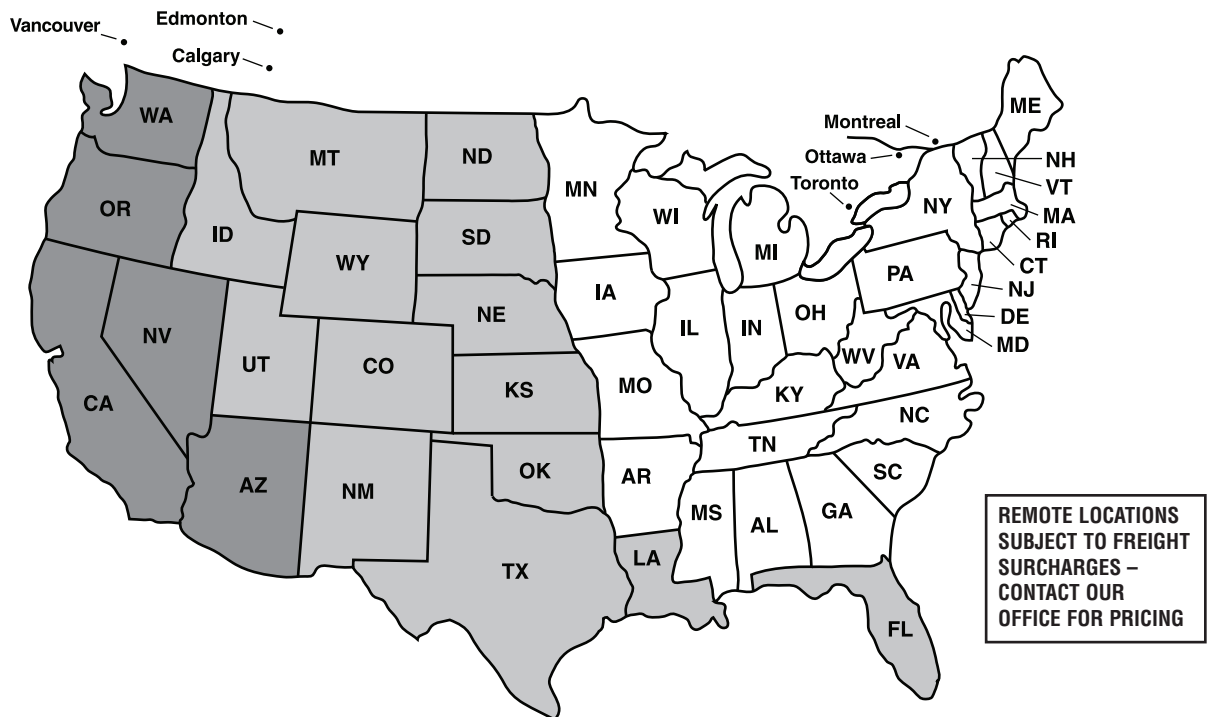

- PRICES**
- Prices are list, FOB our factory in Toronto, Canada.
 - U.S. shipments are customs cleared and related fees paid by Prismaticque.
 - Freight rate chart provided adds freight (including packaging) as percentage of total order list price based on geographic location. Crating is extra as noted.
- TERMS**
- New customers without established Prismaticque payment history must 100% prepay prior to shipment on first three orders. 50% due at time of PO receipt.
 - Customers will be accorded terms subject to credit reference approval following first three orders.
 - Prismaticque reserves the right to invoice an order at time of completion regardless of shipment date.
 - Custom orders require 50% deposit at time of PO receipt regardless of customer terms.
 - Orders exceeding \$25,000 net require 50% deposit at time of PO receipt regardless of customer terms.
 - Interest of 1 1/2% per month will be charged on overdue accounts.
- ORDERS**
- Orders will not be scheduled - lead time calculation does not start - until all items, finishes, pricing and approval drawings (where required) are final and received by customer service.
 - An ORDER CONFIRMATION (OC) document will be sent immediately upon receipt of PO to allocate a Prismaticque Job # for reference.
 - OC document will be updated with ship date and re-issued approximately two weeks after receipt of PO (subject to final approval drawing sign off).
- CHANGES or CANCELLATIONS**
- Changes or cancellations to received purchase orders are subject to Prismaticque approval and terms. Prismaticque reserves the right to charge for material and labor costs incurred. Changes may result in delayed ship date.
- RETURNS SHIPPING**
- Prismaticque is a made-to-order manufacturer and returns are not allowed under any circumstances.
 - Freight charges are extra.
 - Packing costs will be added when shipments cannot be blanket wrapped.
- CLAIMS**
- All furniture is given to the carrier and signed for in good condition.
 - At this point, the merchandise becomes the property of the customer.
 - Claims for damages or shortages must be placed with the carrier upon shipment receipt.
 - All products are either crated or blanket wrapped. Crates – failure to open and inspect crates at time of delivery null and voids any concealed damage claim. Blankets – all blankets remain with carrier therefore inspection at time of delivery must occur.
 - Unless damage is noted on POD, no concealed damage claims will be considered.
 - Warehouse delivery – our drivers will wait for proper inspection and load signoff. We support driver wait time as a procedure to eliminate later claims of concealed damage. Extreme wait time charges will be chargeable to consignee.
- STORAGE**
- Prismaticque's facility is unable to store finished orders. Orders must ship on scheduled ship date and customer must coordinate local storage arrangements.
- WARRANTY**
- All standard products manufactured by Prismaticque are warranted to be free of material and workmanship defects for five years from the date of delivery. Warranty is non-transferable and applies to original purchaser only. Prismaticque will replace or repair (at our discretion) without cost to our customers any item found to be defective due to materials or workmanship. Prismaticque retains the right to decline repair or replacement of items that have been abused (including exposure to climate variations in temperature or humidity) or subjected to any use other than that which was originally intended for our product. Any repairs by the customer must be pre-approved by Prismaticque or warranty is voided. In no event shall liability under this warranty exceed the original purchase price.
 - The following exceptions are included in the above warranty:
 - a) Customized products – any item deemed “custom” will not qualify for full warranty. Limited warranty may be available but must be negotiated prior to order acceptance and clearly stated on the order. If Prismaticque agrees to supply an uncommon tabletop material, we will follow all related manufacturer published instructions but as these materials are often not recommended for large, horizontal surfaces inspection must take into account the inherent nature of the material. Warranty for such materials must be negotiated prior to order acceptance.
 - b) Painted Back Glass – As a third party manufactured material, glass can include some inherent imperfections (eg. small scratches, blemishes and/or dirt particles) often located within the layers of the glass. The degree of visual impact once painted can vary based on location and color selected. We strive to minimize this presence on our finished tabletops but because it is the nature of glass, these imperfections may appear but are not considered a material defect and therefore not subject to replacement under warranty.
 - c) Electrical components – warranty limited to one year from date of delivery;
 - d) Functional Mechanisms – warranty limited to three years from date of delivery;
 - e) Plastic Laminates – warranty is covered by specific laminate manufacturer, not covered under Prismaticque warranty;
 - f) Wood Veneers / Finishes – the natural variations of wood are beyond the control of Prismaticque and are therefore not considered defects under this warranty. All veneers are carefully selected for uniformity of color and grain. Light finishes do not mask the characteristics of most wood species; often pieces of the same wood product will not look matched. The natural color of lightly stained veneers also causes variations in the overall appearance of the products.
- REASONABLE INSPECTION**
- For purposes of product warranty no claims will be considered without adherence to reasonable inspection. This includes but is not limited to:
 - a) Normal office lighting conditions. This includes overhead ambient lighting of all types but does not include unfiltered, side natural light.
 - b) Arms length distance. Inspection distance must be reasonable.
 - c) Timely inspection within one day of final assembly/installation.

GUARANTEED FREIGHT / PACKING RATE PROGRAM

This program is based on TOTAL LIST PER ORDER. The product will ship on air-ride moving van, blanket wrapped. Crating for glass and stone tables is extra with pricing noted on individual product pages. Prismatique reserves the right to choose the mode of transportation carrier and packaging specifications. Shipments are to loading dock only. Site shipments can be arranged depending on load size, site access and other variables. Freight / Pack Program charges are net.

- Fuel surcharges are included in rates below.
- For GTA (Toronto) factory pickup by customer.

LIST ORDER VALUE	ZONE 1	ZONE 2	ZONE 3

SURFACE FINISHES

WOOD VENEERS • HARDWOOD EDGES

General Info

Veneer tops and hardwood edges are available in all flat cut species.

Top surfaces are book matched Architectural Grade A Veneers; lesser quality veneers are bonded to underside of tops for balance. Top finish is semi-open, medium sheen, clear catalyzed lacquer.

Refer to VENEER BROCHURE for standard finishes.

Custom Stains and Veneers

Custom stain charge is \$208.00 NET for set-up and \$46.00 NET per unit.

Premium veneers such as Sycamore, Anigre, Bird's Eye Maple and Curly Maple are available at an upcharge.

Maintenance

Clean with mild soap and water. Wipe dry with pattern direction. Do not use abrasive cleaners or wax.

PLASTIC LAMINATES

General Info

High pressure plastic laminates in solids, patterns and woodgrains from Formica, Wilsonart, Nevamar and Pionite are available in matte finishes and represent our standard list prices. Premium priced laminates within these lines are subject to an upcharge. For these or laminates from other manufacturers such as Laminart or Abet, upcharge will apply.

Laminate tops with COLORA or wood edge feature an 1/8" dia. COLORA Inlay.

Pionite 800 746-6483 Std=all "- Suede" laminates.

Nevamar 800 638-4380 Std=all "- T" laminates.

Wilsonart 800 433-3222 Std=all "- 60" laminates.

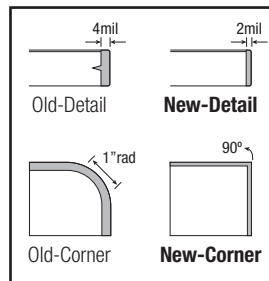

Formica 800 FORMICA Std=all "- 58" laminates.

Vinyl Edge

Flat Vinyl edges are available in 15 standard colors. Custom color charge is \$595.00 NET.

EFFECTIVE FEBRUARY 1, 2015
VINYL EDGE PROFILE CHANGE:

Old style may be ordered at same price until inventory is depleted. Upcharges will then apply.

COLORA

General Info

COLORA is a textured polyurethane material applied to MDF board in two steps. Although highly durable, COLORA surfaces are not as hard as laminates. It is applied to table tops, edges, bases and cabinets. COLORA is available in 15 standard colors. Custom color charge is \$289.00 NET per color mix.

Maintenance

Clean with mild soap and water. Do not use abrasive cleaners or wax.

STONE

General Info

Standard marble and granite varieties are shown in the STONE BROCHURE. Prismatic will make available most stones specified by customer, often at no upcharge. Stone surfaces vary greatly in color, texture, pattern and quality. Marble in particular is seldom free of fine cracks or other imperfections. All stone surfaces have natural polish. All stone tops are supplied with black painted plywood subtops.

Maintenance

Clean with mild soap and water. Do not use abrasive cleaners. Regular waxing of marble (only) surfaces is recommended.

GLASS

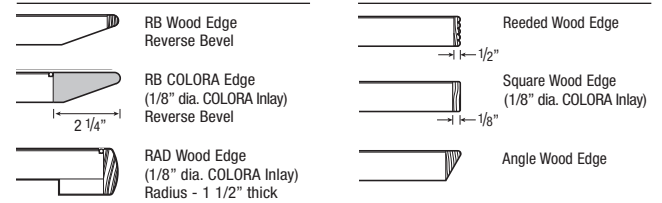

General Info

Light scratches, waves or tiny bubbles are inherent to glass fabrication and to be expected. Vidro Painted Back Glass tops offer simple color (all standard 15 color colors) in Clear (CL) and Matte/Etched (MA) or ceramic frit printed (Vidro Art). Custom color charge is \$662.00 NET per color.

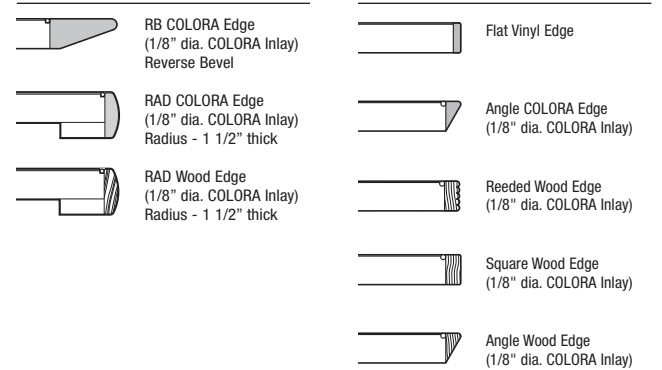

Maintenance Clean with commercial glass cleaner only.

TOP-EDGE CONFIGURATIONS

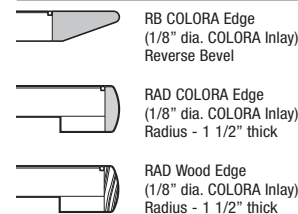

VENEER TOPS are 1" thick (3/4" for Whitby and Parsons) medium or high density particleboard core edged with hardwood or COLORA colors.

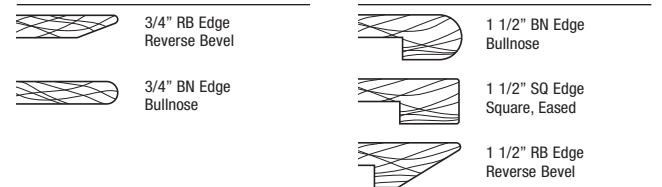

LAMINATE TOPS are 1" thick (3/4" for Whitby and Parsons) medium or high density particleboard core edged with hardwood, vinyl or COLORA colors.

COLORA TOPS are 1" thick (3/4" for Whitby and Parsons) high density particleboard with self or hardwood edges.

STONE TOPS are 3/4" thick with same or built-up edges

VIDRO PAINTED BACK GLASS TOPS are 1 1/4" thick with starphire glass adhered to MDF subtop available in any color - clear or matte finish.

OTHER GLASS TOPS are 1/2" or 3/4" thick and are clear or sandblasted Occasionals

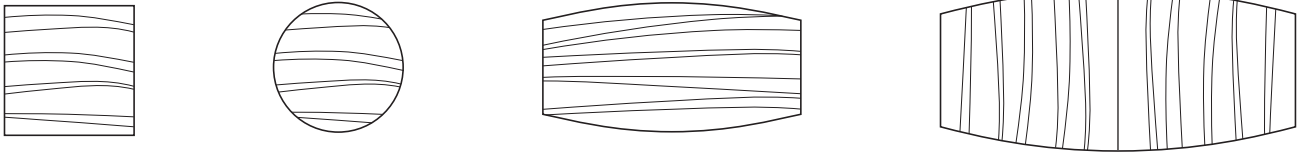

WOODGRAIN DIRECTION ON VENEER and LAMINATE TOPS

Grain directions on wood veneer and wood pattern laminate table tops vary according to size, shape and configuration. Every effort is made to ensure continuation of wood grain direction and pattern, and consistency of stain and sheen on sectioned-top meeting tables and ganged configurations of modular tables.

MEETING TABLES

All shapes of table tops that are 96" or smaller have Length Grain – wood grain runs parallel to length of top. Table tops in one or more sections, 108"L or larger have Width Grain – wood grain runs across the width of top. Sectioned tops utilize Same-Flitch Veneers to ensure consistent grain pattern.

LENGTH GRAIN TOPS WIDTH GRAIN TOPS

ARTICULATING TABLES

Articulating table tops are uniformly Length Grain. 144" and 180"L tops are sectioned and End-Matched as close as possible.

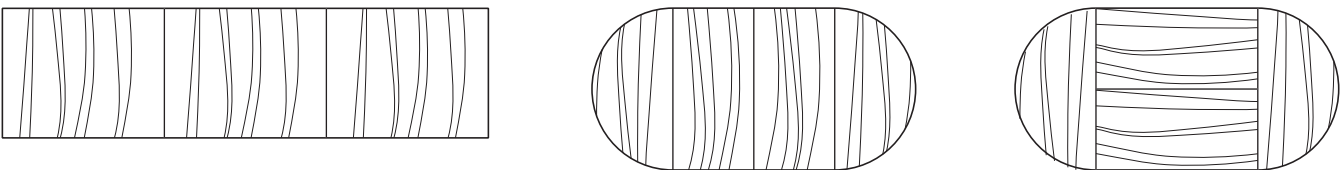

LENGTH GRAIN TOPS

MODULAR TABLES

Modular tables utilize Same-Flitch Veneers or wood grain laminates with same pattern, color and sheen and are consistently Side- or End-Matched depending on the table configuration. Grain directions and/or Side- or End-Matching can be customized – an upcharge applies.

SIDE-MATCHED TABLE LAYOUTS

END-MATCHED TABLE LAYOUTS

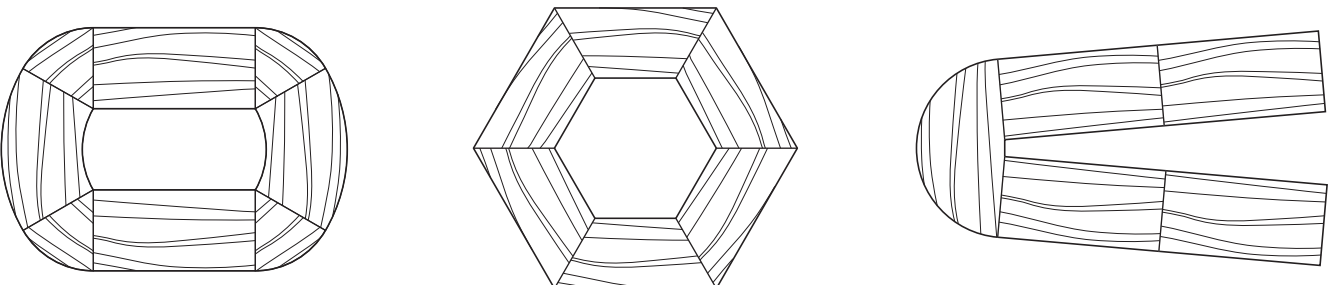

TABLE BASES AND MODESTY PANELS • CONSTRUCTION AND FINISHES

TABLE BASES • METAL

For the most part, table bases incorporate various gauges of sheet, barstock or tubular steel and extruded or cast aluminum components. Tubular steel in square or round profiles are utilized for T-, C- and Cross shapes. Sheet steel is rolled to form Drum bases and Occasional Metal Drum Tables. Barstock steel, rolled and welded is used for base elements of Konverse, T and Cross tables and Ronde series. Mounting top plates in various sizes and meeting table underframes are constructed with sheet and tubular steel respectively. Stainless sheets are applied to wood cores in production of Occasional Metal Cube Tables. Infinity series incorporate extruded columns and cast aluminum components in Column, T and C base styles. Panel base trim and Marker Board frame are extruded aluminum. Steel and aluminum bases, connector plates, top support rails and flip top mechanism are coated with COLORA colors. Certain table series also offer plated finishes on steel.

TABLE BASES • WOOD

Whitby table legs and apron are solid maple available in clear or stained finishes. Cube bases are medium or high-density particleboard in COLORA colors or veneers. Wood veneers are laminated to wood core in Occasional Drum tables and steel core in Drum bases.

MODESTY PANELS

Flat, Flat Folding and J Modesty Panels, Articulating, Training and Modular tables are formed or extruded aluminum. Flat Modesty is bolted to underside of top and requires tools for installation and removal. Flat Folding Modesty folds under and parallel to table underside and features an optional wire manager. J Modesty is in ribbed pattern, contains a large wire through and is removable without tools. J Modesty is available up to 10' long. All panels are finished in COLORA colors to match table bases unless specified otherwise.

FINISHES

Colora

COLORA is a textured polyurethane material applied to steel and aluminum in two steps. It is scratch-resistant and stain proof. COLORA is leather-like in appearance and seamless. COLORA is available in 15 standard colors. Custom color charge is \$289.00 NET per color mix.

Plated Finishes • Chrome

Nickel chrome in polished (mirror) or satin finishes is applied to steel base components where noted.

Stainless Steel

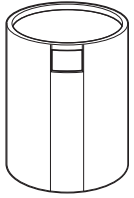

Blade, NEXTT and all Parsons bases are stainless steel construction offered in polished or brushed finish.

Maintenance

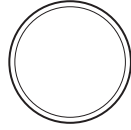

COLORA and plated steel surfaces can be cleaned with mild soap solution or glass cleaner and wiped dry with soft cloth. Do not apply abrasive cleaners, polish or lubricants to table bases or mechanical parts.

STANDARD TABLE BASES-DETAILS

Drum Base

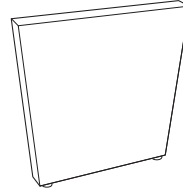

- Rolled steel sheet metal reinforced with tubular steel inner rings
- Removable and reversible 6" wide access panel

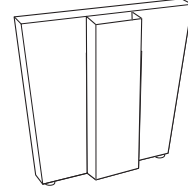

- Dimensions: 18", 22", 24" and 28" dia.
- Finishes:
 - Polished and Satin Chrome
 - COLORA colors
 - Wood Veneers (wrapped on steel)

Blade Base

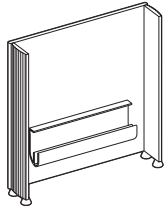

- 2 1/2" thick solid core panel with 4" downward taper
- Finished in COLORA colors, veneer or stainless steel clad (polished or brushed)

- 10"W x 1 1/4"D vertical infeed panel/wire manager can be mounted to any Blade base

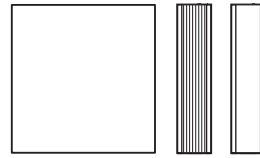

Panel Base

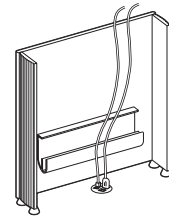

- 6" thick panel design
- Wire bin for excess cables
- Removable Side Panel
- 1 1/4"h black adjustable glides (optional)

- Removable Side Panel
- 22", 26" and 32" wide
- Finished in COLORA colors or Wood Veneers
- Fixed aluminum trim panels in ribbed pattern and finished in COLORA colors

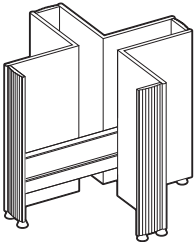

- Standard LR low rise glides with 1" manual height adjustment range
- Optional flat end panel available in COLORA or veneers

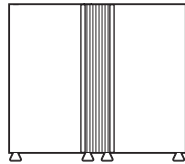

- Cables through base
- Floor monument housed inside base with 4 1/2" wide cavity

Cross Panel Base

- (1) Removable and (3) fixed Side and (4) fixed Trim Panels
- 1 1/4"h black adjustable glides
- Wire bin for excess cables
- 26", 32" and 38" wide

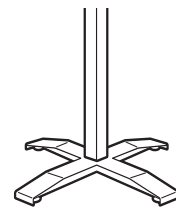

- L Shape Side Panels (one Removable) and available in COLORA colors or Wood Veneers
- End Trim Panels are aluminum in ribbed pattern and finished in COLORA colors

Nextt T Base

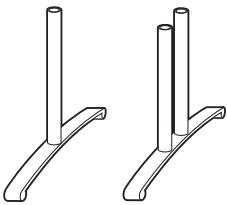

- 2 x 4 1/2" vertical with removable access panel on one side
- Stainless steel (polished or brushed) or in COLORA colors

Nextt Cross Base

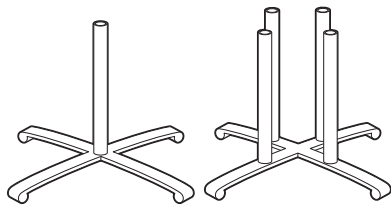

- Standard without access door (available at upcharge)

Konverse T Base

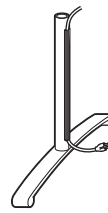

- Rolled barstock steel (2 1/2" x 3/4") with 2 1/2" dia. tubular steel center column(s)
- Dimensions: 26", 32" and 38"
- Finishes:
 - Polished and Satin Chrome
 - COLORA colors

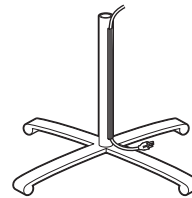

Konverse Cross Base

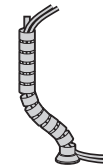

- Rolled barstock steel (2 1/2" x 3/4") with 2 1/2" dia. tubular steel center column(s)
- Dimensions: 26", 32" and 38"
- Finishes:
 - Polished and Satin Chrome
 - COLORA colors

- Snap-on black PVC wire manager

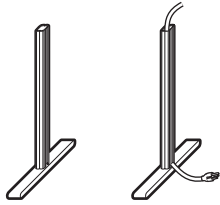

- Snap-on black PVC wire manager

- Snake Wire manager
- Black or silver flexible PVC wire channel, 2 1/2" dia. and 32" long. Steel weighted base is 4" dia.

STANDARD TABLE BASES-DETAILS

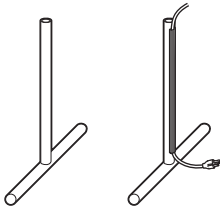

Kable T Base

Leg is 2" x 1" steel in 12 gauge with bullnose ends. Column consists of four 16 gauge steel rods and removable ribbed plastic cover strips. Finish is COLORA colors – cover strips can be specified in contrast color. Wires are managed internally.

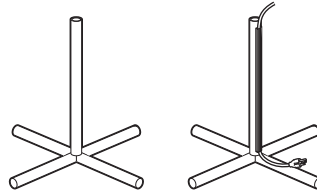

Cube Base

Constructed of MDF and reinforced with steel brackets. Open at top and bottom. Wire access through removable side panel which can be slightly raised at floor level to allow cable exit. Finished in COLORA colors or in veneer.

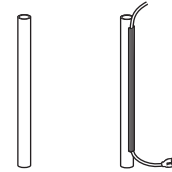

Tubular T Base

Leg and column are 2" dia. 14 gauge steel with welded end caps. Available in COLORA colors, optional polished or satin chrome. Black PVC external wire manager.

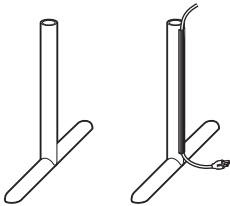

Tubular Cross Base

Leg and column are 2" dia. 14 gauge steel with welded end caps. Available in COLORA colors, polished or satin chrome. Black PVC external wire manager.

Column Bases

2", 2 1/2" or 4" dia. columns in 16 gauge steel finished in COLORA colors, polished or satin chrome. External wire manager is black PVC.

Half Round T Base

3" dia. leg and column in 14 gauge steel with half bullnose end caps. Finishes are COLORA colors, polished or satin chrome. External wire manager is black PVC.

Half Round Cross Base

3" dia. leg and column in 14 gauge steel with half bullnose end caps. Finishes are COLORA colors, polished or satin chrome. External wire manager is black PVC.

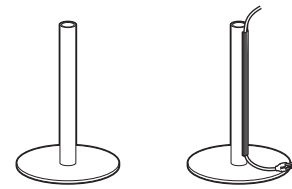

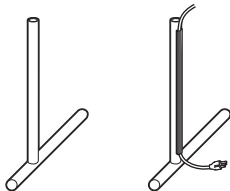

Plate Base

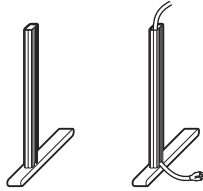

3/8" thick steel with 16 gauge spun steel cover plate and 14 gauge steel column 3" or 4" dia. Finishes are COLORA colors, polished or satin chrome. External wire manager in black PVC.

TRAINING TABLES

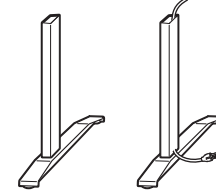

Tubular C Base

2" dia. leg and column in 14 gauge steel with welded end caps. Available in COLORA colors, polished or satin chrome. External wire manager is black PVC.

Kable C Base

Leg is 2" x 1" steel in 12 gauge with bullnose ends. Cantilevered column consists of four 16 gauge steel rods and removable ribbed plastic cover strips. Available in COLORA colors – cover strips can be specified in contrast color. Wires are managed internally.

Next C Base

2 x 4 1/2" vertical with removable access panel on one side. Stainless steel (polished or brushed) or in COLORA colors. Wires are managed internally, exit above lower horizontal footpad.

SELECTED COMPONENT FEATURES and SPECIFICATIONS

Flip Top • Double Base

Rigid and simple to operate heavy duty flip top assembly comprised of tubular and formed steel components painted in same color as bases and 2 levers which operate the double-engaging locking system. Flip top option is available for virtually all modular table shapes and meeting tables up to 8' long. Flip top tables are shipped assembled.

Flip Top • Single Base

Multipurpose Round and Square tables are optionally equipped with flip mechanism constructed of steel which hinges open like clam shell upon rotation of handle bar. Safety latch locks top in flat and open positions. Finished in same color as table base.

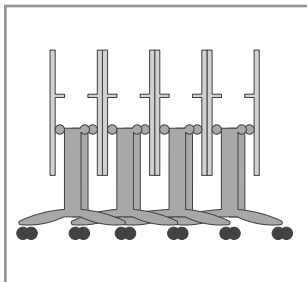

Nesting 1

Modular/Training tables with Flat Folding Modesty require small amount of space for storage when not in use.

Nesting 2

Modular / Training tables with J Modesty (or fixed Flat Modesty) require no additional nesting space.

Nesting 3

Back-to-back table nesting allows storing more tables in less space. Calculate recommended space required for 8 nested tables by 9' x Table Length.

Folding Base

Heavy duty construction with nylon injected molded frame and an extruded aluminum mechanism. Single press-down lever; can be operated by hand or foot. Positive lock in folded or upright positions. Black finish. Bases lay flat on tables as short as 56"L. Folding base tables are shipped assembled.

Folding Modesty

Flat pattern aluminum in 15 COLORA colors. Hinge mechanism provides articulation to fixed or folding (over table bases) positions. Optional plastic wire manager. Dimensions: 9" high x 60" or 72" long.

Fixed Modesty

Flat pattern aluminum panel in 15 COLORA colors is bolted to underside of tabletop. Dimensions: 9" high x 42" – 84" long.

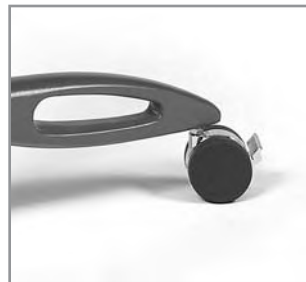

J Modesty

Extruded aluminum in ribbed pattern, features a large divided wire management tray. Removable without tools. Available in 15 COLORA colors. Dimensions: 7 1/2" high x 42" – 120" long.

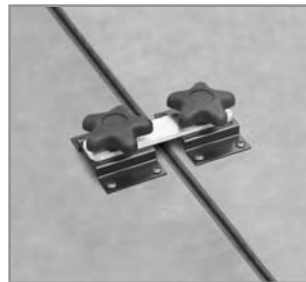

Glides

All table bases (except the Occasionals) provide up to 3/4" height adjustability. Depending on table series, glides are black, 1" to 1 3/4" dia.

Castors

Locking casters are available for most table series. They must be specified at time of order. Caster option does not change height of tables. Infinity: 3" dia., black with silver brake. AV Carts, Lectern: 3" dia. Frames: 3" dia., Silver face with black lining and brakes. Low rise casters (optional): 1 1/2" dia.

Gang Set

Each set consists of two brackets, a linking bar and two thumb screws. Gang Sets are utilized to link and level multiple table configurations. Ganging 20", 24", 30" and 36" sides require 1 set; 42" and over sides require 2 sets. No tools required for adjustment.

TABLE CARTS

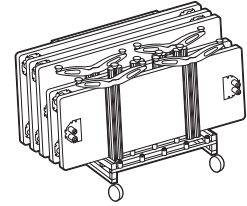

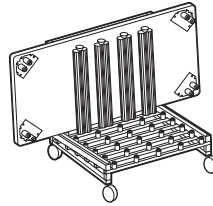

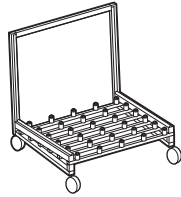

Table carts are tubular steel construction in black finish and equipped with 5" dia. wheels.

TRH6 CART (removable bases only)

Stores 6 Tables without Modesty Panel. Base connector plates with bumper tipped inner columns remain attached to table undertops to protect tables during storage. Sets of Column or T Bases slide into rubber tipped shafts welded to Cart platform and stay upright between table tops.

Dimensions: 36" x 32 1/2" x 36" H

TRV6 CART

Stores 6 Tables with folding T or C bases with or without folding modesty. Also suitable for Tables with J Modesty Panel which user elects not to remove. Infinity Column or T Base store above table undertops. Max. table depth, 36".

Dimensions: 42" x 30" x 71" H
TRV6 CART

QTY1	QTY3	QTY10
1785	1581	1421

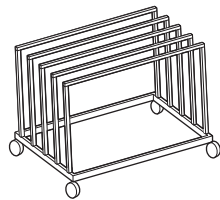

TR4 CART

Stores 4 Folding T or C Base Tables with or without Flat Folding Modesty or 4 GOSH! Folding (2" dia.) Column Base Tables. Cart length and divider heights vary depending on table dimensions. Minimum Door Clearance: 32" wide. Larger carts for 5 or more tables are customized according to door clearance.

Dimensions: 36" x 42" x 32" H

STANDARD POWER COMMUNICATION CABLE MANAGEMENT - DETAILS/TYPICALS

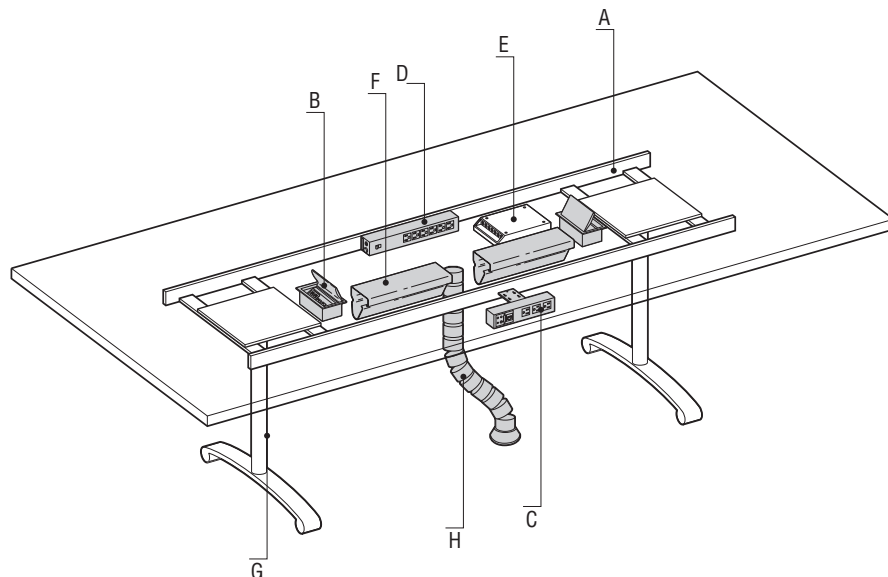

Drum Base • Wood, Vidro and Stone

- A Table Top Support Rail
- B Removable Base Access Panel
- C Surface Power Unit
- D Under top Power Unit
- E Surge Protected Power Bar
- F Data Hub (client supplied)
- G Large Wire Manager

Panel Base • Wood, Vidro and Stone

- A Table Top Support Rail
- B Removable Side Panel
- C Surface Power Unit
- D Under top Power Unit
- E Surge Protected Power Bar
- F Data Hub (client supplied)
- G Large Wire Manager
- H Cable Bin

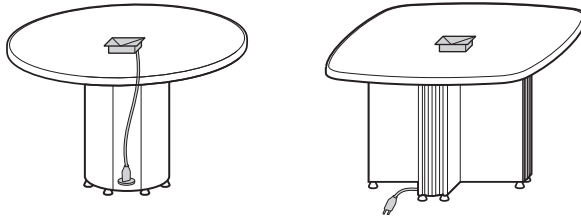

T Base • Wood, Vidro and Stone

- A Table Top Support Rail
- B Surface Power Unit
- C Under top Power Unit
- D Surge Protected Power Bar
- E Data Hub (client supplied)
- F Large Wire Manager
- G Snap-on Leg Wire Manager
- H Snake Wire Manager

STANDARD POWER COMMUNICATION CABLE MANAGEMENT - DETAILS/TYPICALS

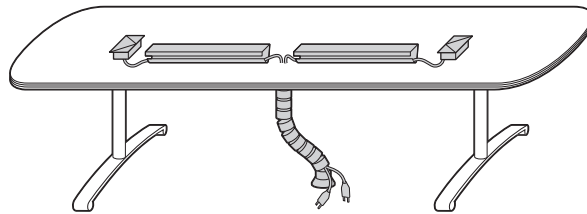

Cabling through base cavities. Core drill within or adjacent to table base.

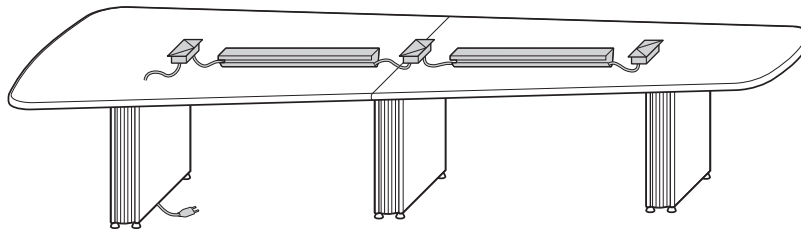

Two surface power units daisychained – single floor monument. Cables routed through Large Wire Manager.

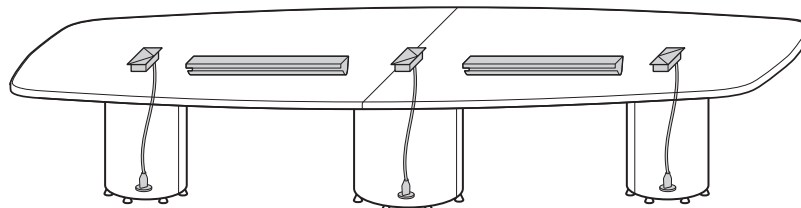

Two surface power unit cables run through Large Wire Manager and routed down to floor level with Snake Manager.

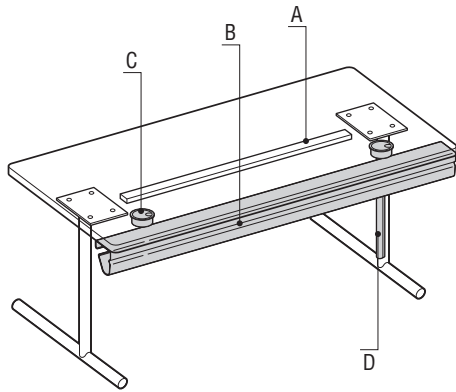

Three surface power units daisychained – single core drill. Horizontal cabling within Large Wire Managers.

Three surface power units with three floor power sources. Large amounts of communication cables run inside Large Wire Manager.

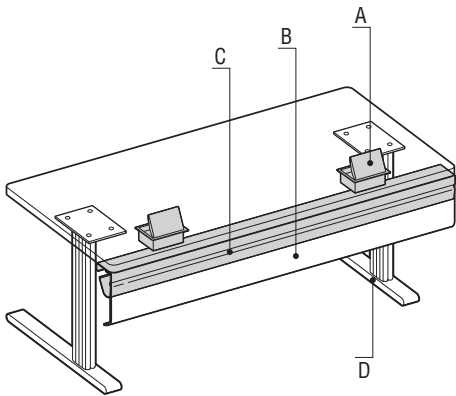

TRAINING TABLES - STANDARD CABLE MANAGEMENT - DETAILS/TYPICALS

- D Removable Base Cover Strip

TRAINING TABLES - STANDARD POWER COMMUNICATION CABLE MANAGEMENT - DETAILS/TYPICALS

Surface power units in various positions and cabling components are illustrated for various modular shapes.

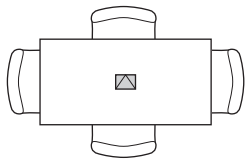

Training Tables featuring power units and leg wire management require single or multiple floor plugs depending on extent of daisy chaining.

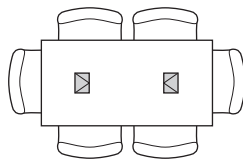

TABLE TOP POWER AND GROMMET LOCATION GUIDE

To specify power/communication units and/or grommets on table tops, simply indicate illustration code and number of units. Alternate locations are available. All units are factory installed.

SURFACE RECESSED POWER/COMMUNICATION UNITS

All items below are factory installed. COVE/BOX Access Doors with Frame are Prismatique's proprietary components. Power units are UL Listed and CSA certified. Faceplate connectors must be added.

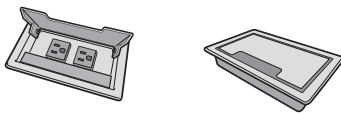

ITEM	DESCRIPTION	LIST
COVEB – 4	BOX 4 (Available Black or White)	\$1079.00
COVEB – 4H	BOX 4 HARDWIRED	\$1079.00
COVEB – 4S	BOX 4 FOR STONE TOP	\$1369.00
COVEB – 4SH	BOX 4 FOR STONE TOP – HARDWIRED	\$1369.00
COVEB – 4V	BOX 4 FOR GLASS TOP	\$1369.00
COVEB – 4VH	BOX 4 FOR GLASS TOP – HARDWIRED	\$1369.00
	Mounts beneath table surface; contains four angled simplex outlets, one angled side and three bottom faceplates. Also includes two USB (2.1) charging outlets. Box is steel. 9' cord with 15 amp plug. Access door is framed, wing shape, flush-fit aluminum available in 21 COLORA colors. Frame (with brushline): 14" x 6". Faceplates extra (see page 32).	
	ADD FOR BRUSHED OR POLISHED FINISH LID	\$501.00
	ADD FOR VENEER OR PAINTED BACK GLASS LID	\$1444.00
	ADD FOR STONE LID	TBA

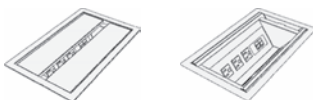

COVEB – 2	BOX 2 (Available Black or White)	\$880.00
COVEB – 2H	BOX 2 HARDWIRED	\$880.00
COVEB – 2S	BOX 2 FOR STONE TOP	\$1171.00
COVEB – 2SH	BOX 2 FOR STONE TOP – HARDWIRED	\$1171.00
COVEB – 2V	BOX 2 FOR GLASS TOP	\$1171.00
COVEB – 2VH	BOX 2 FOR GLASS TOP – HARDWIRED	\$1171.00
	Mounts beneath table surface; contains two angled simplex outlets and two bottom faceplates. Also includes two USB (2.1) charging outlets. Box is steel. 9' cord with 15 amp plug. Access door is framed, wing shape, flush-fit aluminum available in 21 COLORA colors. Frame (with brushline): 8" x 6". Faceplates extra (see page 32).	
	ADD FOR BRUSHED OR POLISHED FINISH LID	\$414.00
	ADD FOR VENEER OR PAINTED BACK GLASS LID	\$1390.00
	ADD FOR STONE LID	TBA

INT	INTERACT	\$444.00
INT – H	INTERACT HARDWIRED	\$444.00
INT – S	INTERACT FOR STONE TOP	\$735.00
INT – SH	INTERACT FOR STONE TOP – HARDWIRED	\$735.00
	Recessed power/communication unit with two angled simplex outlets and one angled side faceplate with a simplex outlet under box for daisy chaining. Two pre-punched inserts below simplex allow up to four added RJ45 or RJ11. Lid flush notched. Black and silver finish only with 9' cord with 15 amp plug. 8 1/2" x 5". Faceplates extra (see page 32).	

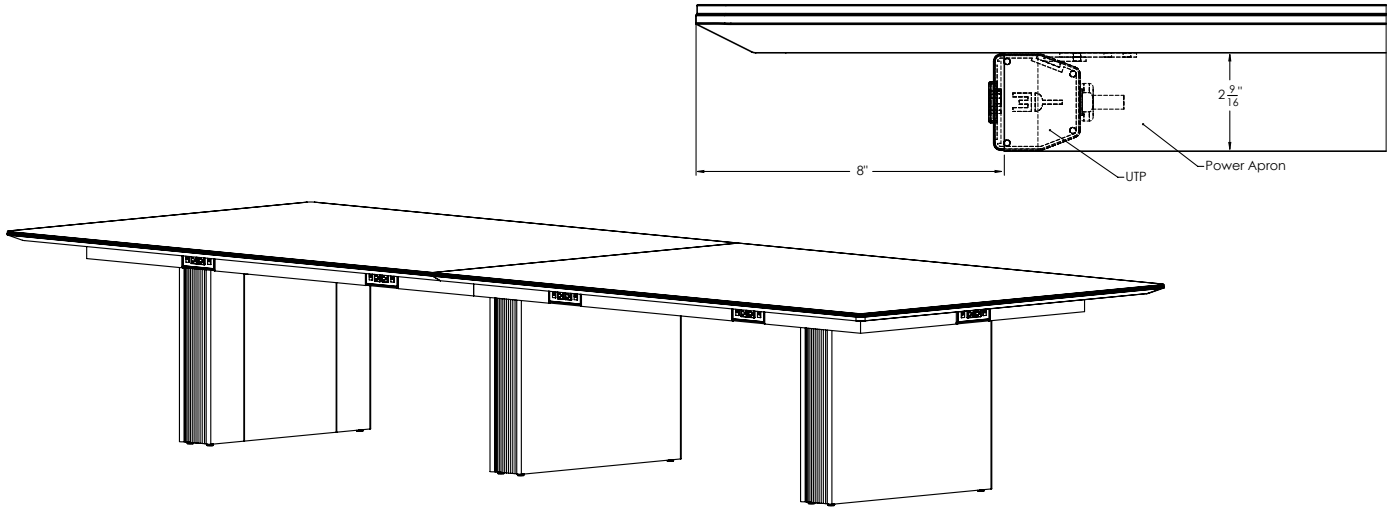

INTP	PRESET SMALL INTERACT	\$555.00
INTP – H	PRESET SMALL INTERACT HARDWIRED	\$555.00
INTP – S	PRESET SMALL INTERACT FOR STONE TOP	\$832.00
INTP – SH	PRESET SMALL INTERACT FOR STONE TOP – HARDWIRED	\$832.00
INTP – V	PRESET SMALL INTERACT FOR GLASS TOP	\$832.00
INTP – VH	PRESET SMALL INTERACT FOR GLASS TOP – HARDWIRED	\$832.00
	Preset recessed power/communication box with two simplex outlets and two RJ45 cat 6 data jacks located on flat bottom of unit. One additional simplex unit under box provides cord daisy chaining option. Flush Notched access lid includes brushline. Black and silver lid color options with 6' cord with 15 amp plug. 8 3/4" x 3 1/2".	

RETRACT	POWER/COMM RETRACT	\$2142.00
RETRACT – H	POWER/COMM HARDWIRED	\$2142.00
RETRACT – S	POWER/COMM FOR STONE TOP	\$2387.00
RETRACT – SH	POWER/COMM FOR STONE TOP – HARDWIRED	\$2387.00
RETRACT – V	POWER/COMM FOR GLASS TOP	\$2540.00
RETRACT – VH	POWER/COMM FOR GLASS TOP – HARDWIRED	\$2540.00
	Recessed power/communication unit mounts beneath table surface. Contains six angled simplex outlets and two angled side faceplates. Box is steel with 9' cord and 15 amp plug. Integral twin aluminum doors retract/telescope within the unit providing optimum access. Black painted and natural silver pearl aluminum door color options: 15" x 9". Faceplates extra (see page 32).	

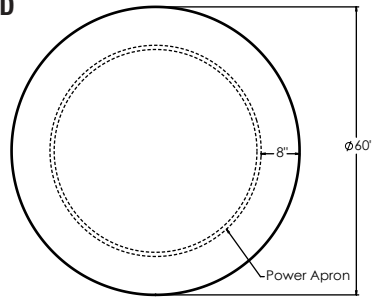

UNDERTOP POWER/COMMUNICATION APRON and UTP UNITS

As an option to recessed surface units, power and communications can be located anywhere along a perimeter undertop apron. Apron is MDF construction attached to subtop. Finish is standard colors of textured colors. UTP power units are flush mounted to apron, quantity and spacing based as specifications.

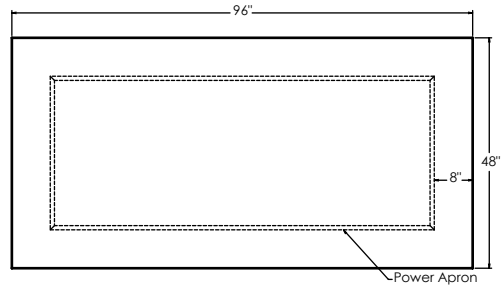

LIST PRICES ARE FOR CONTINUOUS, 3”H PERIMETER APRON RECESSED 8” FROM TABLE EDGE. PRICES DO NOT INCLUDE UTP UNITS.

- Adjustable Glides in COLORA colors: add \$189.00
- 48" Round and Square table bases do not have removable side panel

PANEL LR BASE TABLES • LAMINATE and VENEER TOPS

All table tops, except for veneer with wood edge feature inlays between top surface and edge in matching color to either top or edge unless specified otherwise. Standard base finish is COLORA; trim and side panels can be specified in different colors. Veneer side panels upcharge is shown below. Tables are 29" high.
Specify: model number – top finish – edge profile and finish – inlay color (if applicable and in contrast color)
– base trim and side panel finishes – power and comm. options.

BROOKLYN BASE COMMUNITY TABLES

With a variety of surface finishes available the Brooklyn series utilizes an internal welded steel rail system to maximize stability. Internal continuous top corner rail provides added support with connection point for assembly occurring at mid-span seam. Corner profile - 45° mitre.

3 1/2" construction thickness allows for power unit location along entire top surface or upper section of either end panel.

Undertop wireway covers shield wiring across table to the point of access doors.

For all laminate and all veneer items recessed INF, INFJ and COVE power units can be placed at any position along the centerline of the table top.

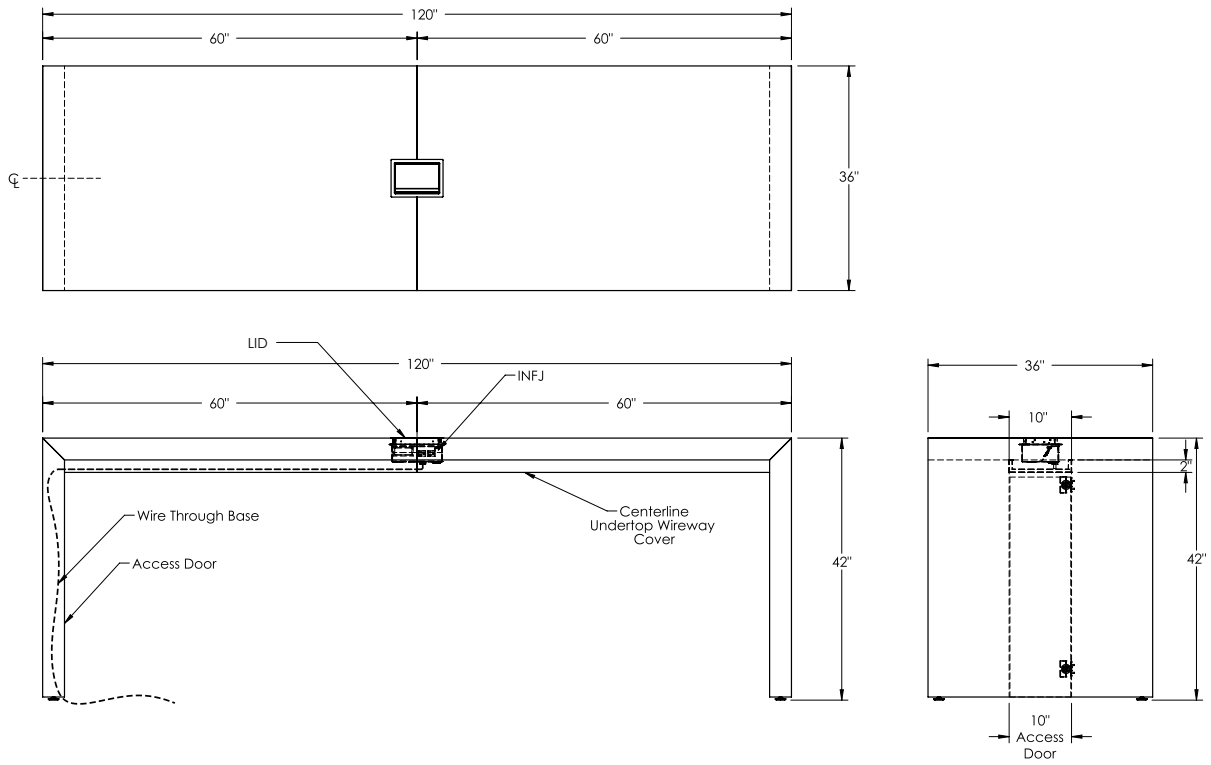

For glass and stone top items options are: a) undertop IT apron which locates power units 8" from table edge; or b) recessed UTP and COVE units located in end panels.

REV 03.20.15

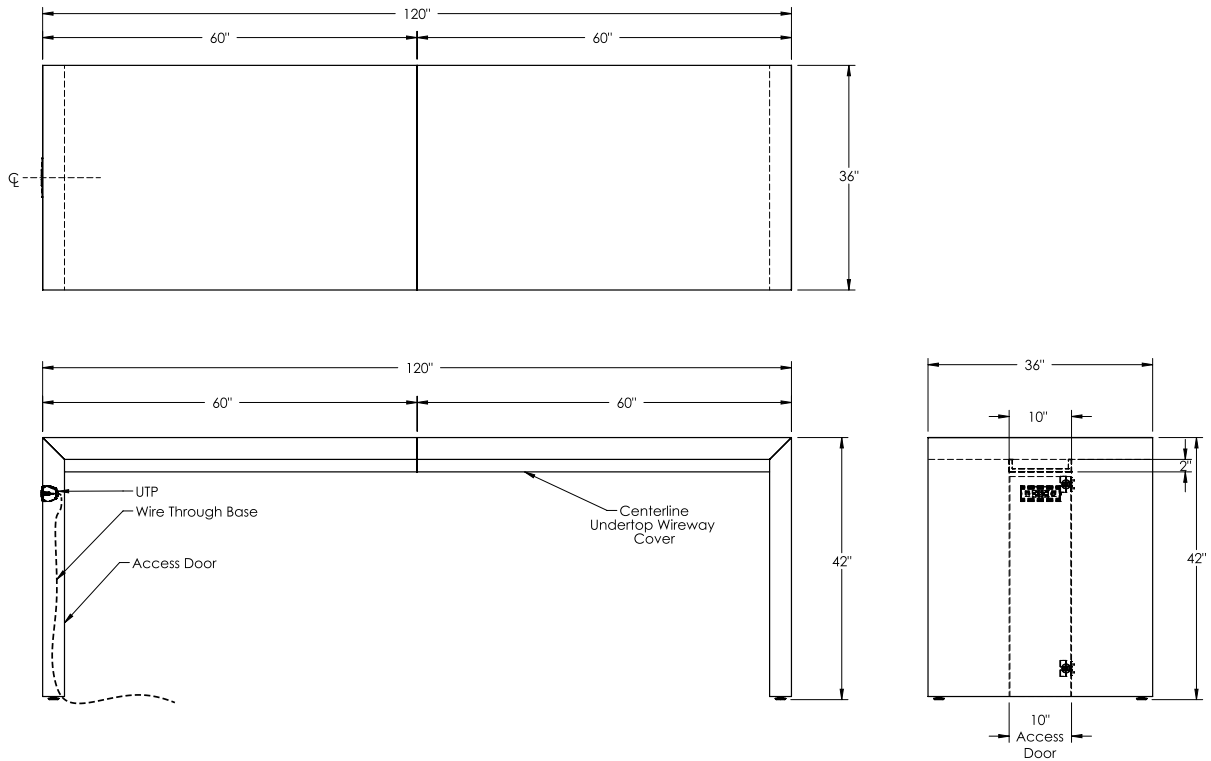

KEY DETAILS INCL. INFJ CENTER SURFACE RECESSED POWER COMMUNICATION UNIT - FULLY LAMINATE AND VENEER ITEMS ONLY.

REV 03.20.15

KEY DETAILS INCL. SIDE PANEL UTP POWER COMMUNICATION UNIT (OPTION-COVE UNITS) - ALL TABLE ITEMS.

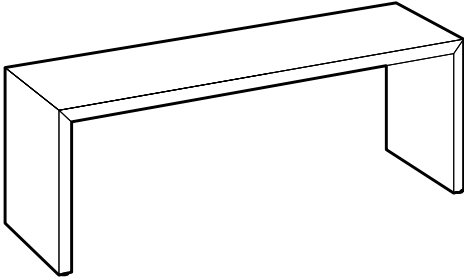

REV 03.20.15

BROOKLYN BASE COMMUNITY TABLES • LAMINATE and VENEER TOPS

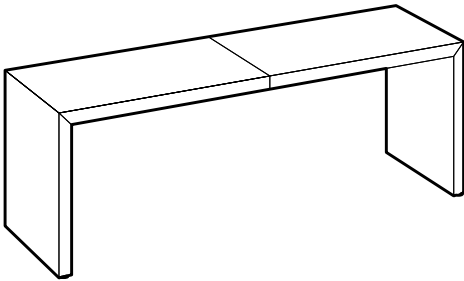

All tables with mitred corners for all surface materials. Connection and assembly at tabletop center not at corner. Recessed surface power units may be located on centerline only or upper location on end panels. Optional undertop apron with power units available. **Only one access door per table.**

CABINET UNITS

FEATURES AND OPTIONS

> Cabinets are designed to match or compliment all Prismatic meeting and training room tables. Cabinet tops can be specified in same finish and edge profile as the selected table series. Storage components are modular and available in two, three, four or five door configurations. Typical conference and training room accessories and electronic equipment can be housed in wire-managed storage cabinets.

> Storage units are constructed with 3/4" thick medium or high density particleboard and finished in COLORA colors or in wood veneers. Cabinet interiors and backs are fully finished to match the exterior surfaces. Veneer doors and drawers are equipped with European hinges and full-extension slides and are book matched across their width.

> Each storage section is equipped with one adjustable shelf.

Metal Base Trim

Cabinets are equipped with tubular steel base trim finished in COLORA colors or optional Pol. or Satin Chrome, or Veneers.

Levelling Glides

Cabinets can be levelled from inside with an L key (supplied).

Door and Drawer Pulls

Drawers are equipped with Flap or Bar Pulls. Doors are touch latch but can be specified with Flap or Bar Pulls at an upcharge.

Flap Pull

	Colora	\$24.00
	Pol. Chrome	\$24.00
	Satin Chrome	\$35.00

Bar Pull

	Colora	\$52.00
	Brushed Aluminum	\$52.00

Cantilever Pull

	Colora	\$52.00
	Brushed Aluminum	\$52.00
	Polished Aluminum	\$52.00

DOOR and DRAWER PULL CONFIGURATIONS

Flap Pull

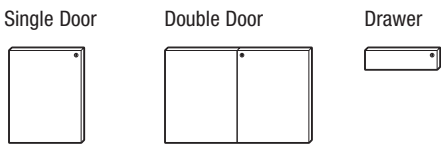

Bar Pull

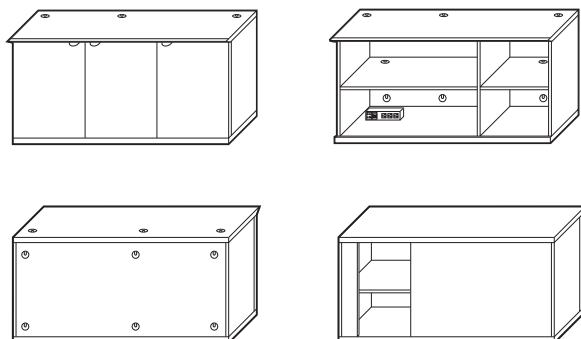

LOCKS

Locks are optional; single or double door or drawer lock are \$126.00 each. Polished Chrome only.

WIRING OPTIONS

Cabinet wiring

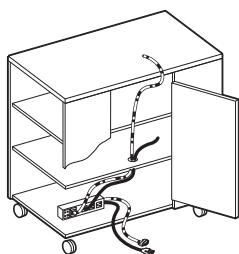

Wood or Stone Top Cabinets, Two to Five-Door Units with or without drawers are optionally equipped with grommets and cut-out backs to accommodate all media equipment and wire management. TV or computer monitors, laptops, overhead projectors, VCR and DVD players and other electronic equipment can be housed on top and interior surfaces. Optional UTP Power/Communication Unit or a six-outlet Power Bar.

Back Panel Knockouts Cutouts can be located at any location on cabinet rear panel. Standard 8" x 8" opening is located at floor for \$93.00 each. Custom sizes are available.

CABINET ELECTRONIC SUPPORT RACKS

SER	SLIDING EQUIPMENT RACK UNIT Nominal 22" W x 19" D x 24" H insert. Black steel, ball bearing slides, capacity 150 lbs. Includes cabinet rear cutout.	\$1803.00 each
FER	FIXED EQUIPMENT RACK UNIT as above without slides	\$818.00 each
AFT	AIR CIRCULATION FAN AND THERMOSTAT UNIT	\$681.00 each

AV and Computer cart wiring

AV and Computer carts accommodate TV or computer monitors, laptops, overhead projectors, VCR and DVD players on top and interior surfaces. Vertical and horizontal grommets, and hinged access door provide easy connections. Optional UTP Power/Communication Unit or a six-outlet Power Bar.

Lectern wiring

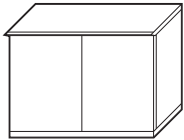

Laptop computer and customer supplied microphone mounted on an aluminum plate are accommodated on straight top surface of lectern. Angle-adjustable work surface and adjustable shelves or cabinet feature grommets for wire management. Optional Reading Light is slim florescent with switch and 6' cord managed through the unit. Optional UTP Power/Presentation Unit.

CABINET UNITS • LAMINATE and VENEER TOPS

See selection of top, edge and case finishes. Drawers are equipped with Pulls; optional for touch-latch doors.

Standard base trim is COLORA; chrome and veneer are upcharged.

Specify: model number - top finish and edge profile - cabinet finish - base color - drawer and (optional) door pull style and finish - optional base finishes, locks, extra shelves, etc.

POWER AND COMMUNICATION MODULES • CABLE MANAGEMENT COMPONENTS

Training and Modular Tables in fix or folding base and flip top configurations offer convenient access to power, voice and data outlets and incorporate vertical and horizontal wire management components. Cables are accommodated within the base cavities, removable plastic cover strips allow access to wireways. Small and Large Wire Managers and J Modesty/Wire bin provide horizontal wire routing. Daisychaining available with most factory installed surface power/communication units reduce the need for multiple core drills.

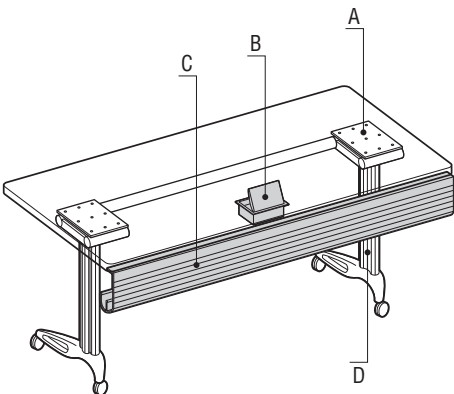

T Base • Fixed

- A Top Support Rail (when required)
- B Surface Power Unit
- C J Modesty/Wire Bin
- D Removable Base Cover Strip

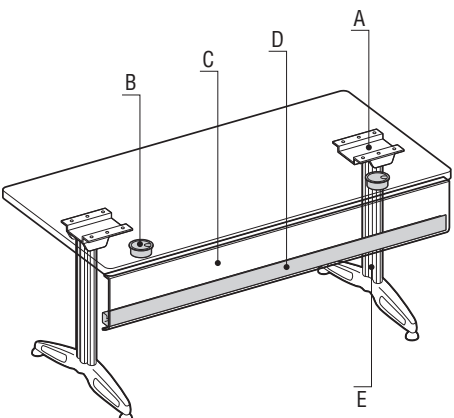

C Base • Fixed

- A Top Support Rail (when required)
- B Large Wire Manager
- C Removable Base Cover Strip

C Base • Flip Top

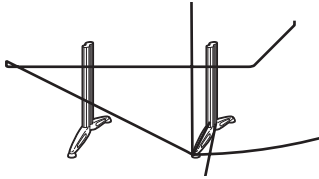

- A Flip Top Mechanism
- B Surface Power Unit
- C J Modesty/Wire Bin
- D Removable Base Cover Strip

T Base • Folding Base

- A Folding Base Mechanism
- B Grommet
- C Flat Folding Modesty with:
D Horizontal Wire Manager
- E Removable Base Cover Strip

Surface power units in various positions and cabling components are illustrated for various modular shapes.

Training Tables featuring power units and leg wire management require single or multiple floor plugs depending on extent of daisy chaining.

TABLE TOP POWER AND GROMMET LOCATION GUIDE

To specify power/communication units and/or grommets on table tops, simply indicate illustration code and number of units. Alternate locations are available. All units are factory installed.

- Table Cart: See page 9.

FINISHES - TABLE TOPS

Colora

COLORA is a textured polyurethane material applied to MDF board in two steps. It is scratch-resistant and stain proof. Although highly durable, COLORA surfaces are not as hard as laminates. It is applied to table tops and edges. COLORA is available in 15 standard colors. Custom color charge is \$289.00 NET per color mix.

Wood Veneers, Wood Edges

Veneer tops and hardwood edges are flat cut species of Maple, Cherry and Walnut offered in numerous stains. Custom stain charge is \$208.00 NET for set-up and \$46.00 NET per unit. Prismatic offers all regular and premium veneers which are readily available – please inquire for pricing. Veneered surfaces are semi-open and finished in a low-medium sheen and clear catalyzed lacquer.

Glass

Light scratches, waves or tiny bubbles are inherent to glass fabrication and to be expected. Prismatic offers 1/2” or 3/4” thick glass tops which are clear or sandblasted. Also painted back glass (PBG) consisting of 1/4” starphire glass silicone adhered to 1” thick MDF subtop. Available with clear and matte glass types.

Stone

See standard marble and granite varieties. Prismatic will make available most stones specified by customer, often at no up-charge. Stone surfaces vary greatly in color, texture, pattern and quality. Marble in particular is seldom free of fine cracks or other imperfections. All stone surfaces have natural polish.

FINISHES - BASE METAL PRODUCTS

Occasional table bases and metal drums are made of high grade steel, buffed and plated or sprayed in COLORA colors.

Plated finishes include polished or satin chrome.

Metal cube tables are stainless steel sheets applied to wood cores. Metal drums are available in stainless steel for quantity orders.

Custom COLORA charge is NET \$289 per match.

TABLE TOP - EDGE CONFIGURATIONS

COLORA and Wood Veneer Tops , 3/4” Thick

3/4” SQUARE EDGE (SE)
 • COLORA Top and Edge
 • Veneer Top and Edge
