Important Notes

- *ALL measurements MUST be bracket to bracket. Fabric sizes will not be accepted. Factory will make all deductions needed.
 - *Shades will be fabricated vertically or horizontally (railroaded) at factory's discretion. Please specify preference at the time of order or quote.
 - *Shades wider and longer than the fabric's roll width will have one or more seams. If a specific seam height is required, please specify the location from the bottom of the shade up. Allow +/- 1"
 - *Size of shade will determine clutch and tube used, upgrades can be made upon request (surcharges may apply). Please refer to the "Clutch Selection Guide" at the back of the price list.
 - *Reverse roll option is not available with fascia and cassette.
 - *Shades that are larger than a 3:1 ratio (height to width = height is three times longer than the width) may be susceptible to telescoping.
 - *Need something not in our price list, please contact GG Royal for additional fabric selections.
- **Motorization** – GG Royal Roller Shades are now powered by Somfy. Please contact our offices for more details.
