WHITNEY BROTHERS

THE WELL-EDUCATED CHOICE

THE MORE YOU KNOW about Whitney Brothers, the more you'll come to realize that our commitment to building the finest educational furniture is more than just a goal. It's an ongoing tradition. For five generations, our dedicated New England craftsmen have produced safe, sturdy and innovatively designed toys, furniture and storage systems that have withstood the test of time. Today, you'll find Whitney Brothers products in schools, child care centers, Head Start facilities, libraries, museums and residential homes throughout North America, Europe and the UK. By using only high quality materials, classic cabinet making techniques and all-American craftsmanship, we've created a brand that embodies uncompromising quality and value. You simply cannot make a smarter choice.

AN A+ FOR STRENGTH AND SAFETY

Long before Congress passed the Consumer Product Safety Improvement Act (CPSIA) and established new standards for children's products, we at Whitney Brothers developed our own set of strict safety guidelines. We're not simply a business; we're also parents and grandparents whose love of children demands uncompromising attention to all aspects of safety. The smooth, rounded edges of our hardwoods and veneers employ the strongest woodworking joints and are finished by hand. We also design extra-wide spaces between doors and frames and use full-length continuous hinges to prevent little fingers from getting pinched. Special care is also given to ensure that all small parts such as knobs, handles, hooks, magnets, and moving parts are smooth, rounded and firmly attached to prevent breaking free under rigorous use. Our state-of-the-art finishes are made right here in the USA and meet the most stringent safety requirements. And we're proud to say that our products have received the prestigious GREENGUARD GOLDSM Certification. Before any of our products are delivered to customers, each one must pass our own 45-point safety inspection that far exceeds CPSIA standards. Our philosophy is simple: We set continuously higher standards of safety and quality, because we believe our products should last for generations. That's why we back every product with a Lifetime Warranty. To learn more about us and our products, please call or visit us at www.whitneybros.com.
