Community Environmental Mission

Our vision and goal is a sustaining supplier, manufacturer and customer for the long term protection and preservation of our environment for future generations.

MISSION

To achieve this vision, we are dedicated to ensuring the health and well-being of all of our partners, reducing negative impact on the environment, and maintaining price structure by increasing efficiencies and reducing consumption.

The Jasper Group family of brands, including JSI, is an international manufacturer that has been an environmentally conscious organization for more than 80 years.

We are proud to use wood as our primary sustainable material resource and all corporate policies and procedures support the efforts to “recover, recycle, reuse, repurpose, reduce, refuse, and re-engineer”. In doing this, we are committed to the conservation of the environment and its natural resources as well as encouraging our suppliers and customers to do the same. A goal of a “Sustainable Partnership”, supplier, manufacturer and customer, is essential for the long term protection preservation and sustainability of our environment for future generations.

LOCATION

Our manufacturing facilities are located in Southern Indiana. With our diverse product offering and manufacturing capabilities, we provide a single source for all of your project needs allowing you to conserve our fossil fuels and reduce greenhouse gases.

PACKAGING

We place emphasis on the minimal use of disposable packaging while still providing adequate protection to the finished product. Our corrugated packaging is recyclable, reusable, and up to 100% recycled content. We reuse or recycle more than 125 tons of corrugated material annually.

REGULATORY

All of our manufacturing facilities are in compliance with applicable OSHA regulations and meet or exceed all applicable DEM and EPA regulations for air emissions, storm water, and hazardous waste disposal.

MANUFACTURING FACILITIES

Our manufacturing facilities are geared toward eco-efficiency and are encouraged to continually improve and conserve. Solid wood not used in the direct manufacturing process is recovered for the operation of our dry kilns, thus reducing greenhouse gases, the use of fossil fuels, and the burden of waste placed on landfills. Composite panels not used in the direct manufacturing process are ground and sold for use as animal bedding. In addition to other energy savings techniques, our manufacturing facilities use high efficient lighting, make use of power factor capacitors, and encourage all to conserve and reduce energy consumption and water usage. Condensation pumps are used to aid in water conservation as well as extending boiler life.

MANUFACTURING PROCESSES

Our finish processes utilize efficient spray guns and proper spray techniques to reduce wasted material. Excess finish material, solvents, and waste are recycled. Many of the assembly processes use water based glues that contain no hazardous ingredients.

TEXTILES

Many of our fabric options utilize up to 100% recycled content. Our leather alternative program includes selections that contain no toxic materials, plasticizers, heavy metals, or formaldehyde and have a 100% biodegradable back cloth. Some of the available panel fabric used, if discarded is a biological nutrient for the soil. Most of the components (foam, batting, and polycord) used in upholstered products are recyclable and contain various percentages of recycled content. Excess fabrics and leathers not utilized in the upholstery process go to recyclers and local charities for additional use.

WOOD

Wood is the most diverse, most process friendly, and most widely utilized natural resource in mankind’s history. No other natural resource can match the environmental advantages of wood, including being renewable, recyclable, natural, carbon negative, and biodegradable. Utilizing the sun’s energy, trees grow and remove carbon dioxide from the air while giving off oxygen to benefit the entire planet. Approximately 49% of wood’s dry weight is carbon and harvesting mature trees in a sustainable forest, which has slowed in the absorption of carbon dioxide, allows the photosynthetic cycle to continue at full optimization and allow for the carbon to remain sequestered. We are proud to use wood as our primary “sustainable” renewable resource.

WOOD OPTIONS

Many environmentally friendly solid wood and engineered wood options are available for quote, including: Lyptus®, Plyboo®, reclaimed woods, agricultural and post-consumer waste fiber products, soy-based resin bi-composites, etc.

INDOOR AIR QUALITY

Our goal is to reduce the impact our products will have on the indoor air quality. We practice the latest technologies and utilize a third party to assure we meet this goal. GreenGuard, one of the leaders in IAQ certification, continues to certify our product offering, awarding us the UL2818 - GreenGuard Indoor Air Quality standard.

Terms and Conditions

Warranty

Community warrants to the original purchaser that each piece of furniture will be free from defects in workmanship given normal use for a period of fifteen (15) years of single shift service. Products used in multiple shift applications including but not limited to restaurants, casinos, nightclubs, etc. are warranted for five (5) years. Casters are warranted to be free from defects in materials and workmanship for a period of five (5) years. Fabric manufacturers warranty will apply. Electrical items not manufactured by Community are covered for a period of one year. Community, at its option, will repair or replace any defective furniture within the terms of the warranty. This warranty does not apply to damage resulting from accident, alteration, or misuse. Goods other than furniture are sold by Community to customer without warranty.

Pricing

All prices are list and FOB destination. This catalog supersedes all prices previously quoted and is subject to change. Possession of this price list does not constitute an offer to sell. Orders can only be received from authorized Community dealers.

Acceptance, Modification, Assignment

By placing this order for furniture, material or other products (sometimes collectively referred to as "goods"), customer (as identified on the reverse side hereof or the invoice) agrees to these terms and conditions which shall prevail over inconsistent provisions in any other form or document of customer. No change or modification shall be applicable unless set forth in writing and signed by company. Neither this order nor any interest therein shall be assigned by customer except with the prior written consent of company.

Payment

Customer agrees to pay deposit or down payment as required by company. Customer agrees to pay to company the amount indicated on the invoice, 1% 15 days, net 30 days from date of invoice (U.S. funds only), for goods ordered. **Interest will be charged after 30 days from the date of invoice at the rate of one and a half percent (1.5%) per month.** International sales will require additional payment arrangements. No goods shall be sold on consignment or conditional sales basis. Payment for the goods delivered hereunder shall constitute acceptance thereof.

Delivery

All shipments are FOB point of shipment, freight prepaid and allowed to the 48 contiguous states. All other shipments are freight prepaid and allowed to port of exit. Community reserves the right to select the appropriate carrier. Special requests including, but not limited to, inside delivery and installation, are not included in the price. Any charges arising from failure to meet shipment, rerouting while in transit, or carrier storage charges are the responsibility of the customer. **Orders of less than \$1,000 net will be assessed a handling charge of \$75 net per order (waived for items shipped via UPS).** Certain chairs from Community are UPS shippable and are noted as such by the following symbol: . There will be a \$12 list per chair charge for UPS packaging. Any additional costs incurred packaging the goods as a result of request by customer will be at customer's cost. If the goods are not accompanied by a bill of lading, company's invoice shall be conclusive. Community reserves the right to add a fuel surcharge when necessary.

Claims

All shipments are delivered to the carrier in good condition and company's liability ceases after acceptance by carrier. If shipment arrives short or damaged, the customer must file a claim immediately with the carrier. In the event of concealed damage, notify carrier and request an immediate inspection. Keep all cartons and packing material. Failure to file claim within 15 days after receipt of goods constitutes acceptance and a waiver of any such claims.

Attorneys' Fees

Customer shall be responsible for all expenses and costs in connection with the enforcement by company of these terms and conditions and the costs of collection (including the fees of any collection agencies to whom the customer's account may be referred), plus reasonable attorneys' fees (which attorneys' fees shall not be less than 25% of the amount due, unless a lower amount is specified by applicable law).

Disclaimer of Warranties

The express warranties above are the company's sole warranties of its goods, there are no understandings, agreements, representations, or warranties, express or implied (including any regarding the merchantability or fitness for a particular purpose), not specified herein, respecting the goods. Except for those obligations of the company identified in these terms and conditions, all risks related to the quality and performance of the goods and responsibility for repair or service costs rests solely on the customer. Company reserves the right to limit the applicable warranty to the goods depending upon the division or catalogue through which said goods were sold. Some states do not allow limitations on implied warranties, limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations may not apply to all customers. This warranty gives the customer specific legal rights, and each customer may also have other rights which vary from state to state.

Cancellation

All cancellations must be made in writing. Administrative and/or labor charges may be incurred by the customer depending upon the production stage of the order. Orders specifying special finish cannot be cancelled once finishing has begun. Cancellations cannot be accepted once final production has begun.

Order Changes

All changes to an order must be made in writing and are subject to company's ability to conform. Administrative and/or labor charges may be incurred by the customer depending upon the production stage of the order. Once final production has begun, no changes can be accepted.

Remedies

The remedies herein reserved shall be cumulative and additional to any other or further remedies provided in law or equity. No waiver of a breach of any provision of these terms and conditions shall constitute waiver of any other breach or of such provision.

Insolvency

Company may forthwith cancel this order in the event of the happening of any of the following or any other comparable event: insolvency of the customer, the filing of a voluntary petition in bankruptcy, the filing of any involuntary petition to have customer declared bankrupt provided it is not vacated within thirty (30) days from the date of filing, the appointment of a receiver or trustee for customer provided such appointment is not vacated within thirty (30) days from the date of such appointment, or the execution by customer of an assignment for the benefit of creditors.

Terms and Conditions

Limited Liability

The company shall not under any circumstances be liable to the customer, owner of the goods or any third party for special, indirect, incidental, or consequential damages, including, without limitation, loss of profits or revenues, loss or damage to other property or equipment, cost of capital or of purchased or replacement goods, or expense, delay or inconvenience caused by or arising from the purchase, sale, use, repair or inability to use the goods or by any performance or non-performance under, or breach of these terms and conditions. The company's sole liability for any defective goods shall be its repair or its replacement pursuant to the express warranties set forth above, or if amended, as applicable at the time of manufacture or repair of the goods. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to all customers. Any action resulting from any breach on the part of company as to the goods or services delivered hereunder must be commenced within one year after the cause of action has occurred.

Security Agreement

The company may require and customer shall grant a security interest in goods sold pursuant to any credit the company may extend to the customer.

Allowances

Reasonable touch-up and deluxing is the dealer's responsibility. The company will not make allowances for trip or delivery charges, but will only make allowance for actual work performed to correct manufacturing defects. Allowances may be authorized only by a company officer.

Repairs

Community will not issue credit allowance for any type of repairs without prior written consent. Sales order, product model numbers, and reason for repair will be expected in order to process the repair request. A digital photo will help to expedite the request. JSI reserves the right to recommend solutions for repair.

Returns

No merchandise may be returned to Community without a signed Return Good Authorization (RGA) form issued by our Customer Service Department. Any authorized return not due to damage or defect will be assessed a 45% restocking fee and all return freight charges must be prepaid. Additional restocking fees may apply for any modification, special or custom built product.

Liability for defective merchandise shall be limited to replacement or repair.

Under no circumstance can we accept COD (Cash on Delivery) returns. Any such shipment will be refused.

Replacement Parts

Prices for replacement parts can be obtained by calling our customer service department. Please have the model number available when ordering replacement parts.

Governing Law

All disputes between the parties, whether or not arising out of these terms and conditions, will be governed by the laws of the state of Indiana. Customer agrees to submit to the jurisdiction of and agrees all lawsuits relating to any disputes between the customer and the company will be brought only in a state court located in Dubois County, Indiana or the United States District Court for the Southern District of Indiana. The customer hereby waives the right to a trial by jury in any action, proceeding, claim, or counterclaim whether in contract or tort, at law or in equity, arising out of or relating in any way to these terms and conditions and all other disputes between the parties.

Mitigation

If the company repossesses the goods prior to payment by the customer of all amounts due hereunder, the company may sell the goods, as is, where is, free and clear of all rights of the customer at either public or private sale, and apply the list proceeds (after deducting expenses of repossession and sale) to the obligation of customer hereunder. The customer shall remain liable for any deficiency. The company may dispose of the goods in any commercially reasonable place and manner and the customer waives any notice of time, place and manner of sale.

Integration

This order for goods, including these terms and conditions, along with any credit application, invoice, statement, dealer contract, acknowledgement, bill of lading (and any exhibits, addenda or amendments thereto) of which this order may be a part, constitutes the sole and complete agreement between the company and the customer with respect to the purchase of the goods.

Dimensions, Specifications and Finishes

All dimensions are approximate and may vary due to the upholstery technique of each craftsman. If exact dimensions are required, it is necessary for the customer to state such specifications with the order. Detailed specification sheets are available for each series of goods, and customer should consult the company's customer service department for these specification sheets. Company reserves the right to make changes in dimensions, style, or specifications if company believes these changes will improve the goods' quality or appearance. Company reserves the right to substitute hardwoods due to availability at production. Due to the natural characteristics of wood, environmental effects, and material upgrades, the company cannot guarantee exact finish matches on existing goods previously ordered from company. If an exact match to customer's existing goods are required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. Company will accept no liability for the finish if this procedure is not followed. Company reserves the right to make changes in a finish formula if company believes the change will improve the quality or appearance of company's goods.

Product Modifications

While we offer a wide range of products to accommodate many possible solutions, we also recognize the needs for our products to be modified from our standard offering. In the series introduction section of each product, we address modification options for that series.

To see if the desired modification is possible, please contact our Customer Service Department for a quote. Note that order quantities and material availability can affect the quote. Additional information may be requested to fully quote modifications.

Acknowledgement

All orders will be acknowledged promptly, showing how the order was entered, the approximate shipping time and other pertinent information. It is the customer's obligation to examine this acknowledgement carefully and notify company immediately of any discrepancies. Every reasonable effort is made to ship as acknowledged, however, the acknowledged ship date is approximate. Company will generally ship within five (5) working days of the acknowledged ship date. If a firm ship date is necessary, customer must inform company at time of order and company will make all reasonable efforts to meet each customer's request. Acknowledged shipping dates are contingent upon the force majeure conditions contained in these terms and conditions.

Terms and Conditions

Company's Performance of Its Obligations

The production and delivery of the goods to the extent delayed or hindered or prevented from the performance by reason of natural disasters, acts of God, strikes, lockouts, labor troubles, inability to procure materials, casualties, failure of power, restrictive governmental laws or regulations, riots, insurrection, acts of terrorism, war or other reason of a like nature not the fault of the company shall excuse, for the period of the delay, the company's performance and the period for the performance shall be extended for a period equivalent to the period of such delay.

Care and Maintenance

To maintain your Community product for years of use, please follow these care guidelines: Wood Finishes: To clean, do not use household abrasive solvents. To repair scratches, use a wax repair stick. Surface water spills should be wiped up immediately. Metal Finishes: Wipe smooth powder coat finishes and textured metals with a damp cloth. For stubborn stains and grease marks, use soap and water. Brush textured metals with a soft dry brush to remove dirt. Textiles: Cleanability will vary based on fabric type. For best results, a professional service is recommended. Dirt and crumbs may be gently brushed or vacuumed off. Spill should be wiped up immediately with a cloth. If upholstery has been protected with Scotchgard or Zepel, the coating should be reapplied yearly. Vinyl textiles can be cleaned with warm soapy water and then wiped down with a warm damp cloth. Laminate Finishes: Apply a self-cleaning wax. To remove stains, wipe surface with a damp cloth using soap water. Remove stubborn stains with a baking soda paste, leaving on for one minute and then blotting away. Do not use abrasive cleaners. Acid based spilled products should be immediately wiped up and then rinsed with warm water.

Finish Information

DuraTex Low-Emission Finish

To reduce hazardous formaldehyde emissions, we use a proprietary, specially designed top coat that offers exceptional hardness, abrasion and impact resistance while removing hazardous or harmful gases.

Safety - DuraTex significantly reduces hazardous formaldehyde emissions which helps to improve the quality of the indoor air we breathe.

Quality - DuraTex was developed to be tough and durable with special attention to appearance. Our highest priority seeking a safe solution was to provide a finish that preserves the natural beauty of wood that our customers have come to expect

Durability - DuraTex was designed to meet a wide range of demanding performance and environmental standards to withstand even the heaviest wear and tear. It's no coincidence that we find 'durability' in DuraTex.

Natural Wood Finishes

Every tree has unique and defining characteristics, similar to fingerprints. These characteristics include differences in color, grain configurations, and texture. When specifying natural or light finishes, these natural markings are not masked and are easily detected. With this in mind, we hope you enjoy and appreciate the beauty of each tree's fingerprints.

Due to the natural characteristics of wood, environmental effects, and material upgrades, we cannot guarantee exact finish matches on existing furniture previously ordered from Community. If an exact match to existing furniture is required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. Community will accept no liability for the finish if this procedure is not followed.

We reserve the right to make changes in a finish formula if we believe the change will improve the quality or appearance of our furniture.

Wood finishes are represented in individual samples of cherry, maple, oak, walnut or color stain options. Contact Community customer service for ordering information.

Community reserves the right to decline any request for a custom finish if we feel that we will be unable to match it due to limitations of the wood species or of the sample provided to us. Because of the natural variations of wood, minor differences in color may occur. When specifying paint finishes please be aware the flush joint may be more visible.

Textile Carded Programs

Community is proud to partner with Maharam, Momentum, Ultraleather and Wollsdorf Leather. Please refer to the respective pages in this pricer for each of these partners. Scan the QR codes on the back of the swatch card for latest grades and other information.

Textile Grade-In Programs

For the convenience of our specifiers, we have graded in the following suppliers:

Arc Com	Pallas
Designtex	Stinson
Maharam	Ultrafabrics
Mayer	Wollsdorf Leather
Momentum	

Please contact Customer Service for pricing grades on textiles and leathers not listed.

Indicate on purchase order if Community is to order the fabric.

For samples, contact Fabric Manufacturer.

Grades and availability of fabric are subject to change without notice. Changes could include but are not limited to price increase, discontinued patterns, discontinued colors, etc. See communityfurniture.com▲ for up to date information.

Many textiles have repeats and the additional yardage required has been factored in for textiles ordered through the Community Carded and Grade-In Programs. We reserve the right not to match textiles with a horizontal or vertical repeat greater than 17". Additional charges may apply for textile being applied with special instructions.

COM Policy

Refer to the COM price column for list prices.

All yardage requirements listed in the price list are based upon 54" plain non-directional material. The textile on most products is cut "up the roll"; refer to the check list pages for each individual series for further information.

Additional yardage may be required. Contact Customer Service for any of the following conditions to assure proper yardage:

- + horizontal repeats or vertical repeats greater than 3"
- + textile less than 54" wide off the roll
- + patterned textile to be applied a special way

To assure quick turn around and accurate calculation of yardage, please supply the following information:

- + supplier's name
- + pattern name and color name
- + the Community model numbers and the order quantity
- + any special direction and/or special instructions

We cannot assume responsibility for defective COM delivery to us or for the tailoring quality issues some textiles may create. Bulky textiles, thin weight textiles or fiber content may not tailor well on some models.

The percentage represents the additional fabric yardage that needs to be added to the COM yardage. Contact Customer Service for repeats greater than 50".

Large Repeats and Striped Fabrics

Community does not recommend large fabric repeats or striped fabrics on large curved lounge sections. The geometry prevents matching the patterns at the seams.

Contact Customer Service with questions or for suggestions on how to achieve the aesthetics you desire.

*Tips: use contrasting fabric
request fabric pattern not be matched
run fabric railroad*

COL Policy

Refer to the COL price column for list prices.

Customer's own leather requirements are based on an average hide of 50 square feet.

Contact Customer Service for requirements on any other sizes.

All square footage requirements are based upon usable footage. The shape of the hide and the usable footage may make it necessary for us to request additional leather.

Placing Orders with COM or COL

- COM & COL orders must include the following:
- + model number where the COM or COL will be applied
 - + textile/leather supplier's name
 - + sample of the textile/leather attached to order
 - + special application instructions

Ship COM/COL prepaid to the following:

Community
Attn: COM Dept
932 Mill Street
Jasper, IN 47546

Make sure the supplier tags the shipment with the customer purchase order number and sales order numbers if available.

All COM/COL orders will ship at standard lead time from the delivery of the COM/COL, except for orders requiring special custom matched finishes or special application of the COM/COL.

Fire Retardancy

At a minimum standard, all Community upholstered products are manufactured to comply with Bureau of Electronics, Appliance Repair, Home Furnishings and Thermal Insulation-Technical Bulletin 117-2013 issued by State of California Department of Consumer Affairs. With a January 1, 2015 effective date, this standard was passed and requires upholstered furniture to be safer from the hazards associated with smolder ignition in all four (4) categories of materials, as applicable.

Compliance with more stringent codes may require special manufacturing considerations and upcharges.

California Technical Bulletin 133 (CAL 133)

Community uses a barrier material between the foam cushioning and the upholstery cover in order to comply with CAL 133. The standard upcharge on products specified to comply with CAL 133 is **\$58 list per yard** of textile.

Community has performed a series of full scale fire tests on samples - representing a variety of product styles and worst case scenarios of upholstery covers - to comply with the requirements of the state of California Technical Bulletin 133 (CAL 133). Products in compliance will be labeled that they have been manufactured to meet the CAL 133 standard.

Some product designs and fabric cannot be combined to comply with CAL 133. Because of this, we reserve the right to reject any request for an upholstery cover, including COM, or product style that we feel may compromise the integrity or safety of a product specified to comply with CAL 133.

Contact Customer Service for a quote if you require laboratory certification that a specific product and upholstery combination WILL PASS CAL 133. The quotation will include testing, video, and transportation charges plus the list cost of the sample.

Our standard lead time will apply to products that do not require certification. Allow an additional six weeks over the standard lead time for products that need actual laboratory certification.

The end user, specifier and/or dealer have the responsibility to make sure all products specified will meet the flammability and safety codes of the jurisdiction where the products will be located and used.

Planning For Kids

Suggested table and chair heights.

Kindergarten (ages 4-7)

Seat Height: 12"

Table Height: 20"-22" (not available as a standard)

K-3 (ages 7-9)

Seat Height: 14"

Table Height: 25"

Grade 4-8 (ages 9-12)

Seat Height: 16"

Table Height: 27"

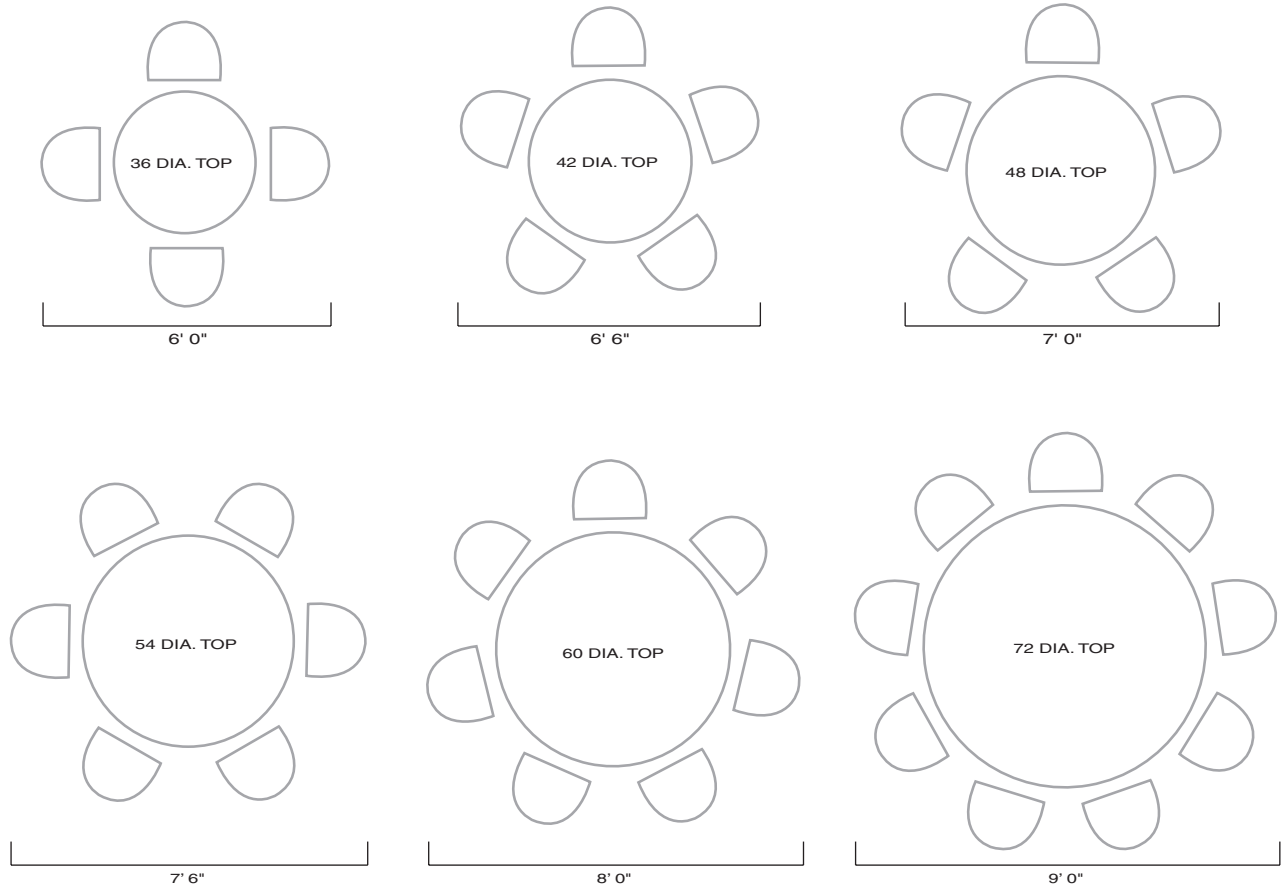

Planning With Tables

Some General Tips

1. 14 sq. ft. per person for spacious dining - allows for table, chair and aisle.
2. 12 sq. ft. per person for cafeteria or restaurant.
3. 10 sq. ft. per person for banquet, institutional or close seating.
4. Allow 18" for person seated from edge of table to back of chair.

Round Tables

Planning With Tables

Diagonal and Square Table Planning Tips

1. Diagonal seating saves floor space - Deuce tables and wall spacing saves the most space.
2. Allow 42" between squared tables for chairs back to back leaves 6" to push out.
3. Allow 60" between squared tables for chairs back to back leaves 26" service aisle.
4. Allow 24" between corners of diagonal tables for customer access - no aisle.
5. Allow 30" between corners of diagonal tables for customer access - narrow aisle.

Order Check List

Community products are manufactured to order and provide a multitude of options to address your individual customer needs. As you process your order do not forget to include all the necessary information to allow the order entry process to be completed. Please see the order checklist at the beginning of every series.

Community customer service edits every order for complete information. If details are not included with the purchase order, customer service will contact you to answer these questions. If information is not completed in a timely manner it will delay the entry process and could effect your product delivery date. To avoid delay in order entry and potential delay in delivery of your order, please double check the line items to insure all selections have been completed.

To insure complete Community details on your purchase order, electronic catalogs and specification tools have been developed to aid in the process. These electronic tools include:

20-20 GIZA Studio and **20-20 CAP Studio** software offers state-of-the-art design, specification, photo-realistic rendering and three-dimensional visualization capabilities for configurable products in the commercial interior design markets. 20-20 GIZA Studio and 20-20 CAP Studio are available for all Community Casegood and Seating products, in 2D and 3D graphics and the Specifier Catalog. Updates are made monthly reflecting any changes that occurred. To be sure the most up to date information is provided on orders, users of this software program are responsible to update their catalogs.

ProjectMatrix, Inc offers a full software solution for the contract furniture industry. Their software can help you create space plans to specifications for ease of specifying our Community Casegood and Seating product lines. Updates are made monthly reflecting any changes that occurred. To be sure the most up to date information is provided on orders, users of this software program are responsible to update their catalogs.

GSAdvantage is a Federal Government electronic catalog site offered to assist GSA customers in specifying and pricing Community product. Listed at this site are all contract items and prices under GSA Contract # GS-28F-0030U.

Our Community web site www.communityfurniture.com provides many tools to assist in the design and order selection. Included in the site are downloadable images, brochures, contact information, price lists, sales representative locations, literature order form, warranty and environmental information.

Care and Maintenance

Care of Upholstery Surfaces

Cleanability will vary based on the fabric type. For best results, a professional service is recommended. Dirt and crumbs may be gently brushed or vacuumed off. Spills should be wiped up immediately with a cloth. Vinyl textiles can be cleaned with warm soapy water and then wiped down with a warm damp cloth. For more details on any Community carded fabrics and vinyls, please visit our website at www.communityfurniture.com or consult the back of the appropriate swatch card for cleaning codes and any specific instructions. For COM materials, consult with the individual textile manufacturer for cleaning codes and any specific instructions pertaining to your particular fabric.

Maintenance of Mechanical Parts

Clean any lint or debris from the moving parts of the base mechanisms. Mechanisms have been designed and tested to not require lubrication under normal conditions however lubricant can be used if needed.

Wood Edges and Veneer Surfaces

Clean all surfaces frequently with water dampened soft cloth, moving the cloth with the grain direction. Immediately remove any liquids that come in contact with wood surfaces with a blotting action to absorb liquid. Buff dry. Lift objects to move them, never pull them across the finished surface. For an additional safeguard, use a protective surface pad. This will ensure a lasting finish by protecting your furniture from possible damage caused by pens, cups and sharp objects.

Avoid exposure of furniture to extremes of heat and cold, or to wide humidity variances. Avoid exposure of furniture to strong sunlight. Avoid exposure of furniture to harsh solvents such as nail polish remover, acetates, etc., as it will cause finish deterioration. If using a protective glass top, place spacer pads under the glass top to allow the wood to breath.

Metal finishes

Wipe smooth powder coat finishes and textured metals with a damp cloth. For stubborn stains and grease marks, use soap and water. Lightly brush textiles metals with a soft, dry brush to remove dirt.

Notification Regarding Registration in SAMS Database

Name: Jasper Seating Company, Inc.
Cage code: 31881

Acceptance, Modification, Assignment

By placing this order for furniture, material or other products (sometimes collectively referred to as "goods"), customer agrees to these terms and conditions which shall prevail over inconsistent provisions in any other form or document of customer. No change or modification shall be applicable unless set forth in writing and signed by company. Neither this order nor any interest therein shall be assigned by customer except with the prior written consent of company.

Payment

Customer agrees to pay to company the amount indicated on the invoice, 1% 15 days, net 30 days from date of invoice (U.S.funds only), for goods ordered. Interest will be charged after 30 days from the date of invoice at the rate of one and a half percent (1.5%) per month. International sales will require additional payment arrangements. No goods shall be sold on consignment or conditional sales basis. Payment for the goods delivered hereunder shall constitute acceptance thereof.

Attorneys' Fees

Customer shall be responsible for all expenses and cost in connection with the enforcement by company of these terms and conditions and the cost of collection (including the fees of any collection agencies to whom the customer's account may be referred), plus reasonable attorneys' fees (which attorneys' fees shall not be less than 25% of the amount due, unless a lower amount is specified by applicable law).

Remedies

The remedies herein reserved shall be cumulative, and additional to any other or further remedies provided in law or equity. No waiver of a breach of any provision of these terms and conditions shall constitute waiver of any other breach or of such provision.

Insolvency

Company may forthwith cancel this order in the event of the happening of any of the following or any other comparable event: insolvency of the customer, the filing of a voluntary petition in bankruptcy, the filing of any involuntary petition to have customer declared bankrupt provided it is not vacated within thirty (30) days from the date of filing, the appointment of a receiver or trustee for customer provided such appointment is not vacated within thirty (30) days from the date of such appointment, or the execution by customer of an assignment for the benefit of creditors.

Limitation of Liability

The Company shall not under any circumstances be liable to the customer, owner of the goods or any third party for special, indirect, incidental, or consequential damages, including, without limitation, loss of profits or revenues, loss or damage to other property or equipment, cost of capital or of purchased or replacement goods, or expense, delay, or inconvenience cause by or arising from the purchase, sale, use, repair or inability to use the goods or by any performance or non-performance under, or breach of, these terms and conditions. The Company's sole liability for any defective goods shall be its repair or its replacement pursuant to the express warranties set forth above, or if amended, as applicable at the time of manufacture or repair of the goods. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to all customers. Any action resulting from any breach on the part of company as to the goods or services delivered here under must be commenced within one year after the cause of action has occurred.

Returns and Allowances

Reasonable touch-up and deluxing is the dealer's responsibility. The Company will not make allowances for trip or delivery charges, but will only make allowance for actual work performed to correct manufacturing defects. Allowances maybe authorized only by a company officer. It is the responsibility of the field sales representative to inspect any defective merchandise and make suggestions and recommendations as to the proper disposition. Field personnel cannot obligate or bind the company by definite agreement, without final authorization by a company officer. Company will not accept automatic charge backs which do not have prior authorization. All defects must be called to the company's attention upon arrival at the customer's "ship to" destination. To initiate any type of claim or request for parts, it is imperative to have the model number or fabric number, which may be located on the tag attached to the frame of the unit. Authorization for return to the company via a return goods authorization. Company will not issue credit allowances for any repairs without company's prior consent. Under no circumstances shall the company accept COD (cash on delivery) returns, and any such shipment will be refused.

GSA Terms and Conditions

Security Agreement

The Company may require and customer shall grant a security interest in goods sold pursuant to any credit the company may extend to the customer.

Governing Law

All disputes between the parties, whether or not arising out of these terms and conditions, will be governed by the laws of the state of Indiana. Customer agrees to submit to the jurisdiction of and agrees all lawsuits relating to any disputes between the customer and the company will be brought only in a state court located in Dubois County, Indiana or the United States District Court for the Southern District of Indiana. The customer hereby waives the right to a trial by jury in any action, proceeding, claim, or counterclaim whether in contract or tort, at law or in equity, arising out of or relating in any way to these terms and conditions and all other disputes between the parties.

Mitigation

If the company repossesses the goods prior to payment by the customer of all amounts due hereunder, the company may sell the goods, as is, where is, free and clear of all rights of the customer at either public or private sales, and apply the net proceeds (after deducting expenses of repossession and sale) to the obligation of customer hereunder. The customer may dispose of the goods in any commercially reasonable place and manner and the customer waives any notice of time, place and manner of sale.

Integration

This order for goods, including these terms and conditions, along with any credit application, invoice, statement, dealer contract, acknowledgment, bill of lading (and any exhibits, addenda or amendments thereto) of which this order may be a part, constitutes the sole and complete agreement between the company and the customer with respect to the purchase of the goods.

Dimensions/Specifications/Finishes

All dimensions are approximate and may vary due to the upholstery technique of each craftsman. If exact dimensions are required, it is necessary for the customer to state such specifications with the order. Detailed specifications sheets are available for each series of goods, and customer should consult the company's customer service department for these specification sheets. Company reserves the right to make changes in dimensions, style, or specifications if company believes these changes will improve the goods' quality or appearance. Company reserves the right to substitute hardwoods due to availability at production. Due to the natural characteristics of wood, environmental effects, and material upgrades, the company cannot guarantee exact finish matches on existing goods previously ordered from company. If an exact match to customer's existing goods is required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. Company will accept no liability for the finish if this procedure isn't followed. Company reserves the right to make changes in a finish formula if company believes the change will improve the quality or appearance of company's goods.

Company's Performance of Its Obligation

The production and delivery of the goods to the extent delayed or hindered or prevented from the performance by reason of natural disasters, acts of god, strikes, lockouts, labor troubles, inability to procure materials, casualties, failure of power, restrictive governmental laws or regulations, riots, insurrections, acts of terrorism, war or other reason of a like nature not the fault of the company shall excuse for the period of the delay the company's performance and the period for the performance shall be extended for a period equivalent to the period of such delay.

When specifying contrasting upholstery, indicate clearly which upholstery is to be applied to the seat, back and arms. Use higher grade pricing.

- Indicate direction of fabric - Railroaded or Up the Roll
- Please provide illustration, if available

All COM orders must include the following:

- Vendor's name, pattern name and color
- Sample of the fabric attached to order
- Model numbers of items for fabric application
- Special application instructions (e.g., all stripes will be applied front to back unless specified otherwise)
- Customer and purchase order number

Ship prepaid COM material to:

4. Fabric Selection - Please supply the following:

- Fabric vendor
- Pattern name
- Pattern color

When specifying contrasting upholstery, indicate clearly which upholstery is to be applied to the seat and back. Use higher grade pricing.

- Indicate direction of fabric - Railroaded or Up the Roll
- Please provide illustration, if available

All COM orders must include the following:

- Vendor's name, pattern name and color
- Sample of the fabric attached to order
- Model numbers of items for fabric application
- Special application instructions (e.g., all stripes will be applied front to back unless specified otherwise)
- Customer and purchase order number

Ship prepaid COM material to:
Community
Attn: COM Dept
932 Mill Street
Jasper, IN 47546

Application of fabric:
Railroaded Up the Roll

All COM orders will ship at standard lead time from receipt of COM except for orders requiring special custom matched finishes.

TABLES

Custom Laminate Imaging:

Size Restrictions:

- Round - Up to 60"
- Rectangle - Up to 36" x 72"

Pricing is based on info below:

- Quantity
- Table top size
- Color

We recommend a matte finish for more durability and scratch resistance.

Quantities under five - add \$327 list set up fee.

Contact customer service for additional information.

Artwork Formatting Guidelines:

- Best type of file for custom laminate is a **vector based file**. This is due to the fact that resolution is not a concern with vector based files and therefore we can enlarge an image as much as we need to without a problem with clarity.
- **Very important: On all vector based files, convert all fonts to outlines** (or paths). This is the **ONLY** way to ensure that we will be able to print the fonts you want.
- Also, specify colors as Pantones in the file. When specifying Pantone colors please use UNCOATED colors. If Pantone colors are not available, please send a hard copy showing the colors you are needing.

For vector based files we prefer the following file formats:

Adobe Illustrator: Save using an .ai or .eps extension.
(Examples: table_top_design.ai or table_top_design.eps)

Freehand: Version 9 and before. You can also export as an EPS file. **Make sure all imported files are embedded.**

Photoshop: Version CS or before. Save files as .tif or .psd files. If your artwork is in layers in Photoshop, please send the files to us in layers. Also, for color matching purposes we will need a hard copy of the colors you want to see. If the file originated in Illustrator or Freehand please send us the original file instead of a Photoshop file.

Corel Draw: We are able to read files Version 8.0 or earlier for PC. If you have a Mac-based Corel file you need to export the file as an EPS file. For extra insurance, have the file exported as an Illustrator file. (.ai) also. **Corel files cannot be used for the graphic process.** We will have to convert the file to an EPS format. Therefore, keep the file size as small as possible. Corel tends to expand rapidly when converted to EPS files.

Do not send a PageMaker file or a QuarkXPress file.

We can read a 100 MB zip disk, a 250 MB zip disk, or a CD.

We can also accept files via the Internet. We have a file size limitation of 10 MB, however larger files can be accessed. Please contact customer service for assistance.

Space Planning Guidelines

Follow these easy steps to create an adaptable, mobile learning environment.

1. The first step, initial requirements

- A) Determine room configuration which will best fit your needs
- B) Determine seating capacity requirements

2. Determine the Top Shapes and Sizes, as well as the number of tops needed for the chosen table configuration.
(See page 269 for seating capacity options.)

A) Table Placement Guidelines

- 24"–30" per person
- 48" for aisles
- 48" from side walls
- 96"–120" for presenter between front wall and first row
- 48" between rows
- 84" from back wall
- 72" between round or square tables

B) ADA Guidelines

- 34"–36" per wheelchair table space
- 24" minimum table depth
- 60"–72" between rows for wheelchairs to be placed back-to-back
- 36" minimum for wheelchair single passage
- 60" minimum for wheelchair double passage
- 60" minimum diameter to turn wheelchair
- 29" height accommodates newer wheelchairs; however, some wheelchairs require 32" height.

3. Select Base Color, Top Material and Edge Color

A) Base Color

- BSX - Black Sandtex
- STS - Stardust Silver

B) Top Material

- LS - Laminate with standard PVC eased edge (For standard laminate list, see page 274)
- LP - Laminate with premium edge

C) Edge Color

Standard Colors

- ALB Alabaster
- AUT Autumn
- BLK Black
- BBN Bourbon (Natural Cherry)
- BZW Brazilwood
- DWH Designer White
- DOV Dove Grey
- FWH Frosty White
- PLT Platinum
- SHD Shadow

TABLES

Power Kits

Full power and data packages with numerous interface options allow for Prep tables to be rolled out, plugged in, and reconfigured.

Grommet

Figure 1

Prep's electrical package (EP) offers single and double circuit capability. Data ports for easy internet access and equipment charging are also available.

Figure 2
With optional quick disconnect wall outlet.

Prep's power kit accommodates classroom or training room requirements with single or double circuit options, indicated by series of colored wires.

Included in the power kit:

- Power box with grommet
 - One box for 42", 48" rectangle tops, trapezoid, half round and AV
 - Two boxes for the 60" & 72" rectangle tops.
- Cables
 - One power box kit - Two cables are included; one for each end of the power box
 - Two power box kits - Three cables are included; one for each end of the table and one to connect the two boxes
- Wire Cable Clamps - to secure your wires to the underside of the table top
- Safety linking plate - screws the underside of the table top to secure the tables from being pulled apart accidentally and damaging electrical cables
- Black plastic electrical cover with wire management.

Single and Double Circuit Guide

Single Circuit

- For smaller rooms with limited electrical needs
- Each table's electrical components can be connected with cables and secured with safety linking brackets (linking brackets included, field installation required).
- Wedge and Quarter Rounds Linking Tables require jumper cables (EKJ-12) ordered separately, (U brackets included, field installation required).
- When connecting to building power; options include:
 - 1) Quick disconnect wall outlet - must have MP72 infeed
 - 2) 6' cable with standard 3-prong plug
 - 3) Hard wired into wall with cable extended from wall

Double Circuit

- For larger rooms with greater electrical needs
- Double circuit use requires a table grid with circuits assigned to alternating tables (see page 272)
(Example: Table 1 = circuit 1, Table 2 = circuit 2, Table 3 = circuit 1)
- When connecting to building power; options include:
 - 1) Quick disconnect wall outlet - must have MP72 infeed
 - 2) Hard wired into wall with cable extended from wall

Single and Double Circuit* Guide

- Each table's electrical components can be connected in the field with cables, and secured with safety linking brackets (linking brackets included, field installation required).
- Wedge and Quarter Round Linking Tables require jumper cables (EKJ-12) ordered separately, (linking brackets included, field installation required).
- When connecting to building power; options include:
 - 1) Quick disconnect wall outlet - must have MP72 infeed*
 - 2) 6' cable with standard 3-prong plug - single circuit only; cannot be used with double circuit
 - 3) Hard wired into wall with cable extended from wall*

Single Circuit

- Use allows maximum flexibility for smaller rooms with limited electrical needs
- Up to 8 duplex units can be linked on a single circuit system

Double Circuit

- Use for larger rooms with greater electrical needs
- Up to 16 duplex units can be linked on a double circuit grid
- Double circuit use requires a table grid with circuits assigned to alternating tables, as shown

*NOTE: Double circuit building power source options must be wired to support double circuit configurations.

Non-Directional and Non-Sequential Electrical System

Prep's non-directional, non-sequential electrical package allows virtually any configuration. In addition, table order is not limited by single or double circuit systems. Simply disconnect each table from the connecting table or wall outlet, change the configuration, and reconnect the tables to one another or to the wall. It's that simple!

Non-Directional

- Wall power in-feed cables can be attached to either end of the table configuration

Non-Sequential

Ex. 1

Ex. 2

- Table order isn't a concern with Prep's electrical system

Single and Double Circuit Options

- Quick disconnect wall outlet - must have MP72 infeed
- Hard wiring with cable extended from wall
- Building power source must be wired to support double circuit configurations

Double Circuit

- The electrical system is a four wire system consisting of two individual circuits. Each circuit is rated at 20 amps/120 volts maximum.
- Circuit 1 (black), and Circuit 2 (red) are served by a system neutral (white) and an equipment ground (green). Check with local codes before connecting to building.

Linking Kit

- Easy to install
- All table tops are pre-bored with inserts to accept field installed linking kit except round and square tops
- 4 black low profile knobs (2 for each table) with quick release flat plate
- 11" gauge steel
- Standard on Wedge and Quarter Round table tops

Wedge and Quarter Rounds linking tops are available. (See page 270) All linking tables include linking kits.

Training Tables Overview

Cruz Training Tables 289

Prep Training Tables 303

Overview

Cruz brings adaptable mobility to learning environments with a functional offering of basic table and linking top shapes, plus a full range of training components.

Laminate Construction

Top construction is 1 1/8" thick particle board. The laminate face is horizontal grade high pressure laminate (HPL). A backer is bonded to the bottom side to ensure balanced construction.

Single user paddle release

How to Specify Cruz Pre-Configured Training Tables

(Table configuration includes top, modesty panel, and tilt top bases with casters)

Follow these easy steps to create an adaptable, mobile learning environment.

1. The first step, initial requirements

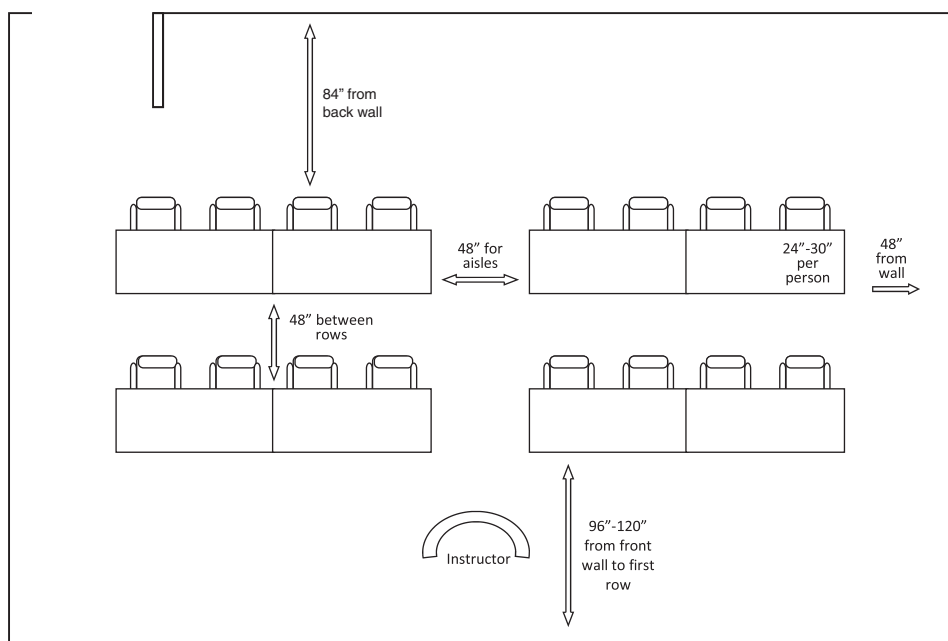

- A) Determine room configuration which will best fit your needs
- B) Determine seating capacity requirements

2. Determine the Top Shapes and Sizes, as well as the number of tops needed for the chosen table configuration.

(See page 292 for seating capacity options.)

A) Table Placement Guidelines

- 24"-30" per person
- 48" for aisles
- 48" from side walls
- 96"-120" for presenter between front wall and first row
- 48" between rows
- 84" from back wall

B) ADA Guidelines

- 34"-36" per wheelchair table space
- 24" minimum table depth
- 60"-72" between rows for wheelchairs to be placed back-to-back
- 36" minimum for wheelchair single passage
- 60" minimum for wheelchair double passage
- 60" minimum diameter to turn wheelchair
- 29" height accommodates newer wheelchairs; however, some wheelchairs require 32" height.

3. Select Base Color, Top Material and Edge Color

A) Base Color

- BSX - Black Sandtex
- STS - Stardust Silver

B) Top Material

- LS - Laminate with standard 3mm PVC eased edge (For standard laminate list, see page 297)
- LP - Laminate with premium metallic 2mm PVC eased edge

C) Edge Color

<u>Standard Colors</u>		<u>Premium Colors</u>

FWH	Frosty White		
PLT	Platinum		
SHD	Shadow		
SHE	Shea (Kensington Maple)		
SLG	Slate Grey		
VIN	Vintage		

4. Table Options

A) Linking Kits

- All table tops are pre-bored with inserts for linking tops end to end.

B) Power Kit Options

- Table size will determine your standard power and grommet location.
- Single or double circuit available
- Optional data ports

Community offers single or double circuit electrical units to meet classroom technology demands. See Power and Data pages 294-296. Please contact our customer service department for assistance at 800-622-5661.

Seating Capacity Options

For other seating requirements, select different configurations that are compatible with classroom size and capacity.

Power Kits

Full power and data packages with numerous interface options allow for Cruz tables to be rolled out, plugged in, and reconfigured.

Grommet

Figure 1

Optional data cut outs
(DJ-45 see page 302)

Cruz's electrical package (EP) offers single and double circuit capability. Data ports for easy internet access and equipment charging are also available.

Figure 2

With optional quick disconnect wall outlet.

Cruz's power kit accommodates classroom or training room requirements with single or double circuit options, indicated by series of colored wires.

Included in the power kit:

- Power box with grommet
 - One box for 42", 48" rectangle tops, trapezoid, half round and AV
 - Two boxes for the 60" & 72" rectangle tops.
- Cables
 - One power box kit - Two cables are included; one for each end of the power box
 - Two power box kits - Three cables are included; one for each end of the table and one to connect the two boxes
- Wire Cable Clamps - to secure your wires to the underside of the table top
- Safety linking plate - screws the underside of the table top to secure the tables from being pulled apart accidentally and damaging electrical cables
- Black plastic electrical cover with wire management.

Single and Double Circuit Guide

Single Circuit

- For smaller rooms with limited electrical needs
- Each table's electrical components can be connected with cables and secured with safety linking brackets (linking brackets included, field installation required).
- Wedge and Quarter Rounds Linking Tables require jumper cables (EKJ-12) ordered separately, (U brackets included, field installation required).
- When connecting to building power; options include:
 - 1) Quick disconnect wall outlet
 - 2) 6' cable with standard 3-prong plug
 - 3) Hard wired into wall with cable extended from wall

Double Circuit

- For larger rooms with greater electrical needs
- Double circuit use requires a table grid with circuits assigned to alternating tables (see page 295)
(Example: Table 1 = circuit 1, Table 2 = circuit 2, Table 3 = circuit 1)
- When connecting to building power; options include:
 - 1) Quick disconnect wall outlet
 - 2) Hard wired into wall with cable extended from wall

Single and Double Circuit* Guide

- Each table's electrical components can be connected in the field with cables, and secured with safety linking brackets (linking brackets included, field installation required).
- Wedge and Quarter Round Linking Tables require jumper cables (EKJ-12) ordered separately, (U brackets included, field installation required).
- When connecting to building power; options include:
 - 1) Quick disconnect wall outlet*
 - 2) 6' cable with standard 3-prong plug - single circuit only; cannot be used with double circuit
 - 3) Hard wired into wall with cable extended from wall*

Single Circuit

- Use allows maximum flexibility for smaller rooms with limited electrical needs
- Up to 8 electrical units can be linked on a single circuit grid

Ex. 1

Double Circuit

- Use for larger rooms with greater electrical needs
- Up to 10 duplex units can be linked on a double circuit grid
- Double circuit use requires a table grid with circuits assigned to alternating tables, as shown

*NOTE: Double circuit building power source options must be wired to support double circuit configurations.

Non-Directional and Non-Sequential Electrical System

Cruz's non-directional, non-sequential electrical package allows virtually any configuration. In addition, table order is not limited by single or double circuit systems. Simply disconnect each table from the connecting table or wall outlet, change the configuration, and reconnect the tables to one another or to the wall. It's that simple!

Non-Directional

- Wall power in-feed cables can be attached to either end of the table configuration

Non-Sequential

- Table order isn't a concern with Cruz's electrical system

Single and Double Circuit Options

- Quick disconnect wall outlet
- Hard wiring with cable extended from wall
- Building power source must be wired to support double circuit configurations

Double Circuit

- The electrical system is a four wire system consisting of two individual circuits. Each circuit is rated at 20 amps/120 volts maximum.
- Circuit 1 (black), and Circuit 2 (red) are served by a system neutral (white) and an equipment ground (green). Check with local codes before connecting to building.

Linking Kit

- Easy to install
- All table tops are pre-bored with inserts to accept field installed linking kit
- 4 black low profile knobs (2 for each table) with quick release flat plate
- 11 gauge steel
- Standard on Wedge and Quarter Round table tops

Wedge and Quarter Rounds linking tops are available in ten sizes. (See page 293) All linking tables include linking kits.

TABLES

The Prep Training Tables Collection offers rectangular tops with cantilevered tilt bases and fixed metal modesty panels. To help complete your configuration quarter round and wedge linking tops are available.

Training Table
Includes tilt top, modesty panel, two cantilevered tilt bases with casters.

Vertical wire management attaches to the leg.
See page 283 for pricing.

Space Planning Guidelines

(Table configuration includes top, modesty panel, and tilt top bases with casters)

Follow these easy steps to create an adaptable, mobile learning environment.

1. The first step, initial requirements

- A) Determine room configuration which will best fit your needs
- B) Determine seating capacity requirements

2. Determine the Top Shapes and Sizes, as well as the number of tops needed for the chosen table configuration.

(See page 306 for seating capacity options.)

A) Table Placement Guidelines

- 24"-30" per person
- 48" for aisles
- 48" from side walls
- 96"-120" for presenter between front wall and first row
- 48" between rows
- 84" from back wall
- 72" between round or square tables

B) ADA Guidelines

- 34"-36" per wheelchair table space
- 24" minimum table depth
- 60"-72" between rows for wheelchairs to be placed back-to-back
- 36" minimum for wheelchair single passage
- 60" minimum for wheelchair double passage
- 60" minimum diameter to turn wheelchair
- 29" height accommodates newer wheelchairs; however, some wheelchairs require 32" height.

3. Select Base Color, Top Material and Edge Color

A) Base Color

- BSX - Black Sandtex
- STS - Stardust Silver

B) Top Material

- LS - Laminate with standard 3mm PVC eased edge (For standard laminate list, see page 311)
- LP - Laminate with premium metallic 2mm PVC eased edge

C) Edge Color

4. Table Options

A) Linking Kits

- All table tops are pre-bored with inserts for linking tops.

B) Power Kit Options

- Table size will determine your standard power and grommet location.
- Single or double circuit available
- Optional data ports

NOTE: Training Tables includes tilt top, modesty panel, two bases with casters

Community offers single or double circuit electrical units to meet classroom technology demands. See Power and Data pages 308-310. Please contact our customer service department for assistance at 800-622-5661.

Power Kits

Full power and data packages with numerous interface options allow for Prep tables to be rolled out, plugged in, and reconfigured.

Grommet

Figure 1

Optional data cut outs
(DJ-45 see page 314)

Prep's electrical package (EP) offers single and double circuit capability. Data ports for easy internet access and equipment charging are also available.

Figure 2

With optional quick disconnect wall outlet.

Prep's power kit accommodates classroom or training room requirements with single or double circuit options, indicated by series of colored wires.

Included in the power kit:

- Power box with grommet
 - One box for 42", 48" rectangle tops, trapezoid, half round and AV
 - Two boxes for the 60" & 72" rectangle tops.
- Cables
 - One power box kit - Two cables are included; one for each end of the power box
 - Two power box kits - Three cables are included; one for each end of the table and one to connect the two boxes
- Wire Cable Clamps - to secure your wires to the underside of the table top
- Safety linking plate - screws the underside of the table top to secure the tables from being pulled apart accidentally and damaging electrical cables
- Black plastic electrical cover with wire management.

Single and Double Circuit Guide

Single Circuit

- For smaller rooms with limited electrical needs
- Each table's electrical components can be connected with cables and secured with safety linking brackets (linking brackets included, field installation required).
- Wedge and Quarter Rounds Linking Tables require jumper cables (EKJ-12) ordered separately, (U brackets included, field installation required).
- When connecting to building power; options include:
 - 1) Quick disconnect wall outlet
 - 2) 6' cable with standard 3-prong plug
 - 3) Hard wired into wall with cable extended from wall

Double Circuit

- For larger rooms with greater electrical needs
- Double circuit use requires a table grid with circuits assigned to alternating tables (see page 309)
(Example: Table 1 = circuit 1, Table 2 = circuit 2, Table 3 = circuit 1)
- When connecting to building power; options include:
 - 1) Quick disconnect wall outlet
 - 2) Hard wired into wall with cable extended from wall

Single and Double Circuit* Guide

- Each table's electrical components can be connected in the field with cables, and secured with safety linking brackets (linking brackets included, field installation required).
- Wedge and Quarter Round Linking Tables require jumper cables (EKJ-12) ordered separately, (U brackets included, field installation required).
- When connecting to building power; options include:
 - 1) Quick disconnect wall outlet - must have MP72 infeed*
 - 2) 6' cable with standard 3-prong plug - single circuit only; cannot be used with double circuit
 - 3) Hard wired into wall with cable extended from wall*

Single Circuit

- Use allows maximum flexibility for smaller rooms with limited electrical needs
- Up to 8 duplex units can be linked on a single circuit system

Double Circuit

- Use for larger rooms with greater electrical needs
- Up to 16 duplex units can be linked on a 20 amp double circuit grid
- Double circuit use requires a table grid with circuits assigned to alternating tables, as shown

*NOTE: Double circuit building power source options must be wired to support double circuit configurations.

Non-Directional and Non-Sequential Electrical System

Prep's non-directional, non-sequential electrical package allows virtually any configuration. In addition, table order is not limited by single or double circuit grids. Simply disconnect each table from the connecting table or wall outlet, change the configuration, and reconnect the tables to one another or to the wall. It's that simple!

Non-Directional

- Wall power in-feed cables can be attached to either end of the table configuration

Non-Sequential

- Table order isn't a concern with Prep's electrical system

Single and Double Circuit Options

- Quick disconnect wall outlet - must have MP72 infeed
- Hard wiring with cable extended from wall
- Building power source must be wired to support double circuit configurations

Double Circuit

- The electrical system is a four wire system consisting of two individual circuits. Each circuit is rated at 20 amps/120 volts maximum.
- Circuit 1 (black), and Circuit 2 (red) are served by a system neutral (white) and an equipment ground (green). Check with local codes before connecting to building.

Linking Kit

- Easy to install
- All table tops are pre-bored with inserts to accept field installed linking kit
- 4 black low profile knobs (2 for each table) with quick release flat plate
- 11 gauge steel
- Standard on Wedge and Quarter Round table tops

Wedge and Quarter Rounds linking tops are available. (See page 307.) All linking tables include linking kits.
