ONE SOURCE FOR MATS

## The Andersen Company Logo Mat Program

**Overview:** The Andersen Company offers 14 different types of logo mats. Each of these logo mat processes result in high quality products your customers will be very proud to use. Pricing is calculated by each individual design number and quantity. Different size logo mats and standard mats may not be combined for quantity discount.

**Classic Impressions Product #70** logo mats are manufactured using our original state-of-the-art digital printer. We start with a white 100% static dissipative nylon carpet and digitally dye your choice of 26 standard colors into carpet. With this manufacturing process "phase-in" colors and shaded areas are possible helping to create 3-D designs. Logos with intricate details or small text are possible with Classic Impressions.

**Classic Impressions HD Custom Shape Logo Mats Product #733** logo mats are manufactured using our newest state-of-the-art four color process digital printer. Almost 10 times the resolution as our original high resolution printer, 5776 dots per inch versus 625 dots per inch. This 4 color process with 150 color options create photographic quality images on a heavy nitrile rubber backing. Logos with intricate details and unique shapes are possible with Classics Impressions HD Custom Shape Logo Mats.

**Classic Impressions HD Product #73** logo mats are manufactured using our newest state-of-the-art four color process digital printer. Almost 10 times the resolution as our original high resolution printer, 5776 dots per inch versus 625 dots per inch. This 4 color process with 150 color options create photographic quality images. The standard backing is SBR rubber. A vinyl backing is also available.

**Grand Impressions HD Product #64** logo mats are manufactured identical to our Classic Impressions HD with the exception of the backing. These mats are produced with a recycled crumb rubber backing, with a serged border.

**ColorStar Computuft Product #33 and #333** logo mats are produced using a computerized tufting machine. 23 colors of anti-static, solution dyed nylon are available for designing your logo. Up to 6 colors may be chosen for a single design. ColorStar Computuft mats have excellent colorfastness and should be chosen when the mat placement area is exposed to direct sunlight.

**Waterhog Inlay Product #234 and #235** logo mats are produced by cutting your design out of fabric with a computerized cutting machine and then piecing the design back together like a puzzle. 19 colors of anti-static, polypropylene fabric are available for your designing needs. There is no limit to the number of colors which may be used in a single design.

**Waterhog Eco Elite Roll Goods Inlay Product #2268** logo mats are produced by cutting the design out of fabric and then piecing the design together like a puzzle. This product is designed to install like carpeting or may be loose laid as a mat. Available with 8 background colors and 17 logo colors for your design needs.

**Waterhog Sculptures Product #350 and #355** logo mats are produced by permanently molding the logo into a Waterhog mat. The attractive monotone sculpted logo design provides subtle elegance for indoor or outdoor placements. Available in 18 colors of anti-static, polypropylene fabric for your design needs.

**Waterhog Signature #3667 and #3668** logo mats are created by molding a 7" x 13.5" digitally printed thermo-plastic material of your Company's logo into the rubber of our Waterhog Classic mat. This 4 color process with 150 color options create photo realistic images with unparalleled detail and clarity of your logo. Images are UV resistant and perform well in all types of environments. The polypropylene face fabric of the mat is stain resistant and available in twelve fashionable Waterhog colors with your choice of rubber or fabric border.

**Berber Roll Goods Inlay Product #2283** logo mats are designed for large entrance area installations and custom size applications. Fabric is 52 oz. heavy needle punch polypropylene. Designs are cut out of fabric and pieced together like a puzzle. Available in 17 colors for your design needs.

**SuperScrape Impressions Product #3559** logo mats are created by molding a digitally printed polymeric material into durable nitrile rubber to create stunning multi-color images. This 4 color process with 150 color options create photographic quality images. These mats are UV resistant and are ideal for use as outside scraper mats.

**SuperScrape Molded Product #2556** logo mats are manufactured by permanently molding your logo into a 100% nitrile rubber mat. The durable construction of these mats resists breakdown from grease and petroleum products. These mats are an economical choice when large quantities of the same logo mat are needed.

**Hog Heaven Impressions Product #3422** logo mats allow you to promote your company while enjoying the traditional anti-fatigue benefits of the Hog Heaven™ mat. Multi-color images are created by molding a digitally printed polymeric material into durable nitrile rubber surface. This 4 color process with 150 color options create photographic quality images.

**SuperScrape Signature Product #3669** mats are created by molding a 7" x 13.5" digitally printed thermo-plastic material of your Company's logo into a durable nitrile rubber mat. This 4 color process with 150 color options produce photo realistic images with unparalleled detail and clarity. Images are UV resistant and perform well in all types of environments. These mats may be used inside or out and are ideal for facilities that need scraping performance while promoting their company image.

### Ordering Logo Mats is As Easy AS 1-2-3:

- 1) Visit [www.andersenco.com](http://www.andersenco.com) and log into Your Account.
- 2) Choose Submit Design.
- 3) Follow steps listed. Make certain to attach your electronic file.

Once your proof arrives by email, please take the following simple steps:

- 1) Approve or make necessary changes to the proof.
- 2) Return the art proof to [artwork@andersenco.com](mailto:artwork@andersenco.com), with your purchase order and quantity of mats desired.

**Faxed copies distort artwork and therefore cannot be used.** Below is a list of different types of artwork (if you do not have access to a vector based high resolution logo file). Each is classified as acceptable, unacceptable or marginal. If we are unable to use marginal artwork, we will advise the person who placed the order to supply us with different materials. Please try to provide the best possible artwork on the initial order, as this will expedite the process.

Acceptable	Unacceptable	Marginal
Vector Graphic Files:	Faxes	Color Prints*
AI, EPS, PDF, CDR, SVG	Emblems	Newspaper Ads
Image Files:	Copies of Emblems	Yellow Pages Ads
TIFF (600 DPI/PPI)	Banners	Business Cards
JPG (600 DPI/PPI)	Flags	
PNG (600 DPI/PPI)	Full Size Mats	
Black/White Ad Slicks	Badges	
Letterhead	Shirts	
Brochures	Hats	
Business Literature		

\*Color prints, if available may be submitted to show color placement for a design.

**Art Proofs:** Art Proofs are available for approval of your designs. Art Proofs first and second versions on a single design are provided at no charge. Additional art proof versions of the same design will cost \$25.00 each. Art proof charges will not be refunded if the design is subsequently ordered.
